

Celebrate Recovery Revised Participants Guide

You’ve undoubtedly heard the expression “time heals all wounds.” Unfortunately, it isn’t true. As many pastors and counselors know, people still carry hurts from thirty or forty years ago. The truth is, time often makes things worse. Wounds that are left untended fester and spread infection throughout your entire body. Time only extends the pain if the problem isn’t dealt with. Your First Step to Celebrate Recovery introduces you to a biblical and balanced program that has helped nearly a million people overcome their hurts, hang-ups, and habits. Based on the actual words of Jesus found in the Sermon on the Mount rather than psychological theory, the Celebrate Recovery program has helped people for over 20 years to grow toward full Christ-like maturity. Author and founder John Baker tells the true story of how Celebrate Recovery became one of the largest Christ-centered recovery programs in history. Baker will help you discover how God’s love, truth, grace and forgiveness can bring healing into your life.

The Celebrate Recovery Participant’s Guides are essential tools for the personal recovery journey. In the seven lessons in Guide 4: Growing in Christ While Helping Others, you will work through the final two principles on the road to recovery. More than just maintenance, these principles will help you prevent relapse and give you the necessary tools to help others in their recovery process. 8 Reserve a daily time with God for self-examination. Bible reading and prayer in order to know God and his will for my life and to gain the power to follow his will. 9 Yield myself to God to be used to bring this Good News to others, both by my example and by my words. "Happy are those who are persecuted because they do what God requires" (Matthew 5:10). By working through the lessons and exercises found in each of the four Participant’s Guides you will begin to experience the true peace and serenity you have been seeking, restore and develop stronger relationships with others and with God, and find freedom from life’s hurts, hang-ups, and habits. All the scriptures have been updated to the new NIV 2011 version.

Drawn from the Beatitudes, Celebrate Recovery helps people resolve painful problems in the context of the church as a whole. Rather than setting up an isolated recovery community, it helps participants and their churches come together and discover new levels of care, acceptance, trust, and grace.

The Celebrate Recovery Participant’s Guides are essential tools for the personal recovery journey. In the six lessons in Guide 1: Stepping Out of Denial Into God’s Grace, you will experience the first 3 of the 8 recovery principles: 1 Realize I’m not God. I admit that I am powerless to control my tendency to do the wrong thing and that my life is unmanageable. "Happy are those who know they are spiritually poor" (Matthew 5:3). 2 Earnestly believe that God exists, that I matter to him, and that he has the power to help me recover. "Happy are those who mourn, for they shall be comforted" (Matthew 5:4). 3 Consciously choose to commit all my life and will to Christ’s care and control. "Happy are the meek" (Matthew 5:5). By working through the lessons and exercises found in each of the four Participant’s Guides you will begin to experience the true peace and serenity you have been seeking, restore and develop stronger relationships with others and with God, and find freedom from life’s hurts, hang-ups, and habits. All the scriptures have been updated to the new NIV 2011 version.

The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book.
