conference's most inspiring and thought-provoking papers from the next generation of First World War scholars. In its varied yet thematically-related chapters, the book aims to examine new chronologies of the Great War and bring together its military and social history. Its cohesive theme creates opportunities to find common ground and connections between these sub-disciplines of history, and prompts students and academics alike to

El tema también se convirtió en un eje de la agenda de Estados Unidos con la región. El régimen internacional de prohibición de drogas y la lucha contra el narcotráfico se han caracterizado por un enfoque punitivo y de coerción, una política que ha mostrado ser inefectiva y cuyos efectos han sido contraproducentes, generando incluso más daños que el problema que busca combatir.
