

Chagall The Lithographs The Sorlier Collection A Catalogue Raisonne

The classic reference for this noted artist's life and works. Maxfield Parrish produced imaginative and beautiful book illustrations, magazine covers and landscapes calendars in the early 20th century which have become famous. His unique style of painting is explained step-by-step and is shown in photographs. His glazing technique and the use of photography in his work is examined. A newly revised independent value guide for the pictures is included.

A comprehensive overview of Warhol's extensive portraits. To the general public, Andy Warhol is known as a painter of famous faces, from Liz and Marilyn and Jackie and Marlon to his own ever-changing self-portrait. Less known are the portraits he made throughout his career of socialites, art dealers, collectors, politicians, and a variety of contemporary cult figures, mostly commissioned work that helped finance Warhol's many other artistic activities. Now available in paperback, this book is the first to provide a comprehensive overview of Warhol's many portraits, including well-known icons as well as many works largely unknown even by avid Warhol followers.
