prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

A History of Multicultural America

Things Fall Apart

Glencoe Science

Once upon a time, Baghdad was home to a flourishing Jewish community. More than a third of the city's people were Jews, and Jewish customs and holidays helped set the pattern of Baghdad's cultural and commercial life.

On the city's streets and in the bazaars, Jews, Muslims, and Christians—all native-born Iraqis—intermingled, speaking virtually the same colloquial Arabic and sharing a common sense of national identity. And then, almost overnight it seemed, the state of Israel was born, and lines were drawn between Jews and Arabs.

Over the next couple of years, nearly the entire Jewish population of Baghdad fled their Iraqi homeland, never to return. In this beautifully written memoir, Nissim Rejwan recalls the lost Jewish community of Baghdad, in which he was a child and young man from the 1920s through 1951. He paints a minutely detailed picture of growing up in a barely middle-class family, dealing with a motley assortment of neighbors and landlords, struggling through the local schools, and finally discovering the pleasures of self-education and sexual awakening.

Rejwan intertwines his personal story with the story of the cultural renaissance that was flowering in Baghdad during the years of his young manhood, describing how his work as a bookshop manager and a staff writer for the Iraq Times brought him friendships with many of the country's leading intellectual and literary figures. He

rounds off his story by remembering how the political and cultural upheavals that accompanied the founding of Israel, as well as broad hints sent back by the first arrivals in the new state, left him with a deep ambivalence as he bid a last farewell to a homeland that had become hostile to its native Jews.

But now? They're broke, single, and do the only thing that makes sense—move in together, just like they talked about when they were teenagers. Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

Told in lively and affectionate prose, this treasure trove of information for a student, librarian, parent, or anyone wondering about the post-Harry Potter children's book biz brings contemporary illumination to the warm-and-fuzzy bunny world we think we know. From the acclaimed author of the classics Shiloh and Other Stories and In Country comes a beautifully crafted and profoundly moving novel which follows a woman as she looks back over her life and her first love. Ann Workman is smart but naïve, a misfit who's traveled from rural Kentucky to graduate school in the transformative years of the late 1960s. While Ann fervently seeks higher learning, she wants what all girls yearn for—a boyfriend. But not any boy. She wants the “Real Thing,” to be in love with someone who loves her equally. Then Jimmy appears as if by magic. Although he comes from a very different place, upper-middle class suburban Chicago, he is a misfit too, a rebel who rejects his upbringing and questions everything. Ann and Jimmy bond through music and literature and their own quirkiness, diving headfirst into what seems to be a perfect relationship. But with the Vietnam War looming and the

country in turmoil, their future is uncertain. Many years later, Ann recalls this time of innocence—and her own obsession with Jimmy—as she faces another life crisis. Seeking escape from her problems, she tries to imagine where she might be if she had chosen differently all those years ago. What if she had gone to Stanford University, as her mentor had urged, instead of a small school on the East Coast? Would she have been caught up in the Summer of Love and its subsequent dark turns? Or would her own good sense have saved her from disaster? Beautifully written and expertly told, *Dear Ann* is the wrenching story of one woman's life and the choices she has made. Bobbie Ann Mason captures at once the excitement of youth and the nostalgia of age, and how consideration of the road not taken—the interplay of memory and imagination—can illuminate, and perhaps overtake, our present.

Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn't commit. ventures, had appeared in urban settings across the United States. The small, independent enterprises were often accused of teaching hate and were routinely harassed by authorities. Yet these institutions served as critical mechanisms for transmitting black consciousness. Founded by activist-intellectuals, the schools strove not simply to bolster the academic skills and self-esteem of inner-city African-American youth but also to decolonize minds and embody the principles of self-determination and African identity. In *We Are An African People*, historian Russell Rickford traces the brief lives of these autonomous black institutions created to claim some of the self-determination that the integrationist civil rights movement had failed to provide. Influenced by Third World theorists and anticolonial movements, organizers of the schools saw formal education as a means of creating a vanguard of young activists devoted to the struggle for black political sovereignty throughout the world. Most of the schools were short-lived, but their stories have much to tell us about Pan Africanism as a social and intellectual movement and as a key part of an indigenous black nationalism. A former journalist, Rickford uses a virtually unknown movement to explore black nationhood and a particularly fertile period of political, cultural, and social revitalization that envisioned an alternate society.

A Different Mirror for Young People

A Long Walk to Water

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons.

"Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*.

Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its

license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. As seen on the Today Show: This true story of an unforgettable mother, her devoted daughter, and their life in the Detroit numbers of the 1960s and 1970s highlights "the outstanding humanity of black

America" (James McBride). In 1958, the very same year that an unknown songwriter named Berry Gordy borrowed \$800 to found Motown Records, a pretty young mother from Nashville, Tennessee, borrowed \$100 from her brother to run a numbers racket out of her home. That woman was Fannie Davis, Bridgett M. Davis's mother. Part bookie, part banker, mother, wife, and granddaughter of slaves, Fannie ran her numbers business for thirty-four years, doing what it took to survive in a legitimate business that just happened to be illegal. She created a loving, joyful home, sent her children to the best schools, bought them the best clothes, mothered them to the highest standard, and when the tragedy of urban life struck, soldiered on with her stated belief: "Dying is easy. Living takes guts." A daughter's moving homage to an extraordinary parent, The World According to Fannie Davis is also the suspenseful, unforgettable story about the lengths to which a mother will go to "make a way out of no way" and provide a prosperous life for her family -- and how those sacrifices resonate over time.

The first full and authoritative biography of an American—indeed a world-wide—musical and cultural legend “No one worked harder than B.B. No one inspired more up-and-coming artists. No one did more to spread the gospel of the blues.”—President Barack Obama “He is without a doubt the most important artist the blues has ever produced.”—Eric Clapton Riley “Blues Boy” King (1925-2015) was born into deep poverty in Jim Crow Mississippi.

Wrenched away from his sharecropper father, B.B. lost his mother at age ten, leaving him more or less alone. Music became his emancipation from exhausting toil in the fields. Inspired by a local minister's guitar and by the records of Blind Lemon Jefferson and T-Bone Walker, encouraged by his cousin, the established blues man Bukka White, B.B. taught his guitar to sing in the unique solo style that, along with his relentless work ethic and humanity, became his trademark. In turn, generations of artists claimed him as inspiration, from Jimi Hendrix and Eric Clapton to Carlos Santana and the Edge. King of the Blues presents the vibrant life and times of a trailblazing giant. Witness to dark prejudice and lynching in his youth, B.B. performed incessantly (some 15,000 concerts in 90 countries over nearly 60 years)—in some real way his means of escaping his past. Several of his concerts, including his landmark gig at Chicago's Cook County Jail, endure in legend to this day. His career roller-coasted between adulation and relegation, but he always rose back up. At the same time, his story reveals the many ways record companies took advantage of artists, especially those of color. Daniel de Visé has interviewed almost every surviving member of B.B. King's inner circle—family, band members, retainers, managers, and more—and their voices and memories enrich and enliven the life of this Mississippi blues titan, whom his contemporary Bobby "Blue" Bland simply called "the man." Okonkwo is the greatest warrior alive, famous

throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease.
