Presented in Large Print Format for easy reading this is Little Dorrit Book 2 Volume I The air there was charged with the scent of gathered grapes. Baskets, troughs, and tubs of grapes stood in the dim village doorways, stopped the steep and narrow village streets, and had been carrying all day along the roads and lanes. Grapes, split and crushed under foot, lay about everywhere. The child carried in a sling by the laden peasant woman toiling home, was quieted with picked-up grapes; the idiot sunning his big goitre under the leaves of the wooden chalet by the way to the Waterfall, sat Munching grapes; the breath of the cows and goats was redolent of leaves and stalks of grapes; the company in every little cabaret were eating, drinking, talking grapes; a pity that no ripe touch of this generous abundance could be given to the thin, hard, stony wine, which after all was made from the grapes!

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human nature."
1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How could a young man have done this? The unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, John Krakauer, and his belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being obsessed. McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.
