Equal Shares tells a fascinating story--the history of a group of dynamic tapestry workers who changed the economic life of their community. The authors examine a key community-based cooperative in

Botswana that was launched in the early 1970s, and is hailed as a model for development and social change. With little formal education, virtually no job experience, still working their own agricultural lands, and many as single mothers, the co-op workers have

maintained their business for over twenty-five years. Equal Shares is written in different voices, and tells the story of the defining moments in the lives of the Oodi Weavers. As the workers weave their village stories into the tapestries, the book weaves a story that depicts
