*I'd always been different. I saw objects in the night where others saw emptiness. Large, human shaped shadows, fierce yet beautiful, melting into the darkness. I collected secrets like other women collected bells; afraid to fully trust lest my oddities be exposed. Until I saw him. He'd been gliding down the street, unshakable confidence in every step. It wasn't just that he was breathtakingly handsome with perfect features. Something about him drew me. Sucked my focus to him and then tugged at my body. As his eyes met mine, I was entrapped. No one had noticed him. He'd been right there, just beyond the light, but only I had perceived. I had to know if he was real. Or maybe I really was crazy. And even when my secret box was blasted wide open, dangers hurled at me like throwing knives, I couldn't stop until I unraveled his true identity. I just had to know.*

*"Now within sobriety, I felt I had created such a mess with my life that any love others held for me must surely be gone. Looking for love from someone, from anyone, I became convinced it no longer existed. How do you get over that?"*

*Although Sheila Raye Charles was surrounded by people, she was overwhelmed with loneliness. Those she should have been able to trust had failed her; life itself seemed to mock her attempts to overcome not only her own past but also the choices of those who had lived before her. Sometimes it seemed there was no hope beyond these shadows she could never seem to escape... "Listen to Sheila Raye; she knows what she's talking about." -John Legend, Nine-time Grammy Award winner and recipient of Starlight Award from the Songwriters Hall of Fame "Sheila's journey and testimony will certainly bless you and those who read about the amazing grace of our Lord and Savior." -Milliea Taylor McKinney, Award-winning Songwriter and CEO of Conscious Music Entertainment "Ms. Charles has an amazing story of hope to share that will inspire and motivate everyone she meets. She has touched my life, and I am proud to know her and call her friend." -Josie Passantino, Host of The Josie Show, [www.josieshow.com](http://www.josieshow.com) "I'll need to buy another copy of this book. The one I have is pretty messed up from all the tears...thank you for that." - Pat Melfi, Founder and CEO of MuzArt World Foundation*

*This volume is part of the definitive edition of letters written by and to Charles Darwin, the most celebrated naturalist of the nineteenth century. Notes and appendixes put these fascinating and wide-ranging letters in context, making the letters accessible to both scholars and general readers. Darwin depended on correspondence to collect data from all over the world, and to discuss his emerging ideas with scientific colleagues, many of whom he never met in person. The letters are published chronologically. In 1880, Darwin published *On The Power of Movement in Plants*, and began writing his final book, *The Formation of Vegetable Mould through the Action of Worms*. He was engaged in controversy with Samuel Butler, following publication of his last book, *Erasmus Darwin*. At the end of the year, he succeeded in raising support for a*

**A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER •** From one of our most iconic and influential writers, the award-winning author of *The Year of Magical Thinking*: a timeless collection of mostly early pieces that reveal what would become Joan Didion's subjects, including the press, politics, California robber barons, women, and her own self-doubt. With a forward by Hilton Als, these twelve pieces from 1968 to 2000, never before gathered together, offer an illuminating glimpse into the mind and process of a legendary figure. They showcase Joan Didion's incisive reporting, her empathetic gaze, and her role as "an articulate witness to the most stubborn and intractable truths of our time" (*The New York Times Book Review*). Here, Didion touches on topics ranging from newspapers ("the problem is not so much whether one trusts the news as to whether one finds it"), to the fantasy of San Simeon, to not getting into Stanford. In "Why I Write," Didion ponders the act of writing: "I write entirely to find out what I'm thinking, what I'm looking at, what I see and what it means." From her admiration for Hemingway's sentences to her acknowledgment that Martha Stewart's story is one "that has historically encouraged women in this country, even as it has threatened men," these essays are acutely and brilliantly observed. Each piece is classic Didion: incisive, bemused, and stunningly prescient.

**"I loved the darkness, but I also craved the light. The night called to my magic, the day to my spirit."**

**\* \* \* Sasha has always known she was different, but now she also knows that the shadow men she's seen all her life, are real. With a life goal of fitting in, Sasha hopes her strange abilities will finally make true friendship a possibility. Unfortunately, her magic doesn't function like everyone else's. What she thought would make her belong, sets her apart now more than ever. Stefan, all but promised to a different woman, has tried to keep his mind on his duties instead of the irresistible and free-spirited human. But when she is threatened, he can't keep his distance anymore. He'll stop at nothing to keep her safe, and more importantly, make her his. Just when one thing clicks into place, another spirals out of control. Stefan's clan isn't the only group that would benefit from an extremely rare type of magic. And their enemies will stop at nothing to get what they want.**

**With Sasha as the proclaimed Mage of high ranking power, she can't just slip under the carpet to a peaceful existence. Instead, she must present herself to the Council, a group of white mages who reside over the magical community, governing Stefan's people. There she must prove she has what it takes to be the mage of Stefan's clan, not something easily done. Stefan, too, has been noticed by the large faction of rulers. An alpha leader with a firm hold over his people, he has outgrown in his position, and it shows. Ties to a human mage with a vast well of power, though, has made him a target. Sasha is sought after, and those who want to harness her power will take her by force if necessary. With Dominicus' and Toa's help, Sasha and Stefan must face the trials coming up.**

New York Times Bestseller Winner of the Women's Prize for Fiction World Fantasy Awards Finalist From the New York Times bestselling author of Jonathan Strange & Mr Norrell, an intoxicating, hypnotic new novel set in a dreamlike alternative reality. Piranesi's house is no ordinary building: its rooms are infinite, its corridors endless, its walls are lined with thousands upon thousands of statues, each one different from all the others. Within the labyrinth of halls an ocean is imprisoned; waves thunder up staircases, rooms are flooded in an instant. But Piranesi is not afraid; he understands the tides as he understands the pattern of the labyrinth itself. He lives to explore the house. There is one other person in the house—a man called The Other, who visits Piranesi twice a week and asks for help with research into A Great and Secret Knowledge. But as Piranesi explores, evidence emerges of another person, and a terrible truth begins to unravel, revealing a world beyond the one Piranesi has always known. For readers of Neil Gaiman's *The Ocean at the End of the Lane* and fans of Madeline Miller's *Circe*, Piranesi introduces an astonishing new world, an infinite labyrinth, full of startling images and surreal beauty, haunted by the tides and the clouds. From the author of previous military and action adventure novels like "THE 100TH KILL," "DETACHMENT DELTA" series and "THE RETURN" comes Charles W. Sasser's latest speculative political action-adventure thriller ripped from today's headlines and based on actual current events. Police Detective James Nail is wounded and his daughter murdered in an attack that also kills "right-wing" TV personality Jerry Baer. As Nail and Baer's producer, Sharon Lowenthal, team up to track down the shooters, they discover a conspiracy that leads to an international cartel of "One Worlders" and may implicate the President of the United States. Falsely accused of terrorism, they must keep one step ahead of Homeland Security to stay alive, bring down the traitors, and save the nation. What they're saying about Charles W. *In this poignant and disturbing memoir of lost innocence, coercion, survival, and healing, Dianne Lake chronicles her years with Charles Manson, revealing for the first time how she became the youngest member of his Family and offering new insights into one of the twentieth century's most notorious criminals and life as one of his "girls." At age fourteen Dianne Lake—with little more than a note in her pocket from her hippie parents granting her permission to leave them—became one of "Charlie's girls," a devoted acolyte of cult leader Charles Manson. Over the course of two years, the impressionable teenager endured manipulation, psychological control, and physical abuse as the harsh realities and looming darkness of Charles Manson's true nature revealed itself. From Spahn ranch and the group acid trips, to the Beatles' White Album and Manson's dangerous messiah-complex, Dianne tells the riveting story of the group's descent into madness as she lived it. Though she never participated in any of the group's gruesome crimes and was purposely insulated from them, Dianne was arrested with the rest of the Manson Family, and eventually learned enough to join the prosecution's case against them. With the help of good Samaritans, including the cop who first arrested her and later adopted her, the courageous young woman eventually found redemption and grew up to lead an ordinary life. While much has been written about Charles Manson, this riveting account from an actual Family member is a chilling portrait that recreates in vivid detail one of the most horrifying and fascinating chapters in modern American history. Member of the Family includes 16 pages of photographs. The Charles F. Jonas isn't the kind of guy to submit to the expectations of others, even when his life is on the line. So when he wakes up in the cell of a dungeon with torture devices hanging on the wall, he can only think one thing: this should be fun. What he didn't expect, however, is the beautiful but broken female pitting herself against his resolve. For once, the pain of his past is shallow in comparison to another, and he wants nothing more than to extinguish her pain. When Sasha realizes one of her own has been taken, the gloves come off. Using her ever-expanding resources of both human and non-human magic workers, she sets out to battle the most advanced, most experienced magic worker in the world. Regardless of being completely outmatched, Sasha and Stefan rush to Jonas' aid.

#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the “vast and sweeping” (The Washington Post) new novel in the epic Outlander series. War leaves nobody alone. Neither the past, the present, nor the future offers true safety, and the only refuge is what you can protect: your family, your friends, your home. Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years of loss and heartbreak to find each other again. Now it's 1779, and Claire and Jamie are finally reunited with their daughter, Brianna, her husband, Roger, and their children, and are rebuilding their home on Fraser's Ridge—a fortress that may shelter them against the winds of war as well as weather. But tensions in the Colonies are great: Battles rage from New York to Georgia and, even in the mountains of the backcountry, feelings run hot enough to boil Hell's teakettle. Jamie knows that loyalties among his tenants are split and it won't be long before the war is on his doorstep. Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is coming to terms with the mysteries of his identity, his future, and the family he's never known. His erstwhile father, Lord John Grey, has reconciliations to make and dangers to meet on his son's behalf and on his own, and far to the north, Young Ian Murray fights his own battle between past and future, and the two women he's loved. Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. Jamie sharpens his sword, while Claire whets her surgeon's blade: It is a time for steel.

Social Identity and Literary Form in the Victorian Novel

Shadows of Ecstasy

The Correspondence of Charles Darwin: Volume 28, 1880

S-Zypaeus. 1878

Heart of Darkness is a short novel by Polish novelist Joseph Conrad, written as a frame narrative, about Charles Marlow's life as an ivory transporter down the Congo River in Central Africa. The river is "a mighty big river, that you could see on the map, resembling an immense snake uncoiled, with its head in the sea, its body at rest curving afar over a vast country, and its tail lost in the depths of the land." In the course of his travel in central Africa, Marlow becomes obsessed with Mr. Kurtz. The story is a complex exploration of the attitudes people hold on what constitutes a barbarian versus a civilized society and the attitudes on colonialism and racism that were part and parcel of European imperialism. Originally published as a three-part serial story, in Blackwood's Magazine, the novella Heart of Darkness has been variously published and translated into many languages. In 1998, the Modern Library ranked Heart of Darkness one of the hundred best novels in English of the twentieth century.

In the wake of ridding their territory of a menace, Sasha has only one pressing duty left: find

more human magic workers. And while it is undoubtedly important on some grand scale, the task is, in itself, surprisingly uneventful. That is, until a strange predator takes an interest in her and Charles on their trek home one evening. In the space of twenty-four hours Sasha's life goes from mundane to being stalked and threatened. A new shifter has moved into town, and if the whispered rumors are to be believed, something even more sinister is lurking behind, watching and waiting for the right moment to spring. But that isn't the only element that turns Sasha's life upside down. She has one hell of a secret that will change her and Stefan's life forever. Enormous social changes during the Victorian era inspired some of the finest novels in the English language. In the final decades of the century, rigid application of gender rules and class hierarchies began to relax. Consciousness of the injustice of class- and gender-based discrimination was growing. Meanwhile, bias against nonwhite peoples was worsening. The British used scientific racism to justify their relentless expansion in Africa and Asia. Viewing Victorian literature through the lens of these social changes gives the modern reader a fresh way to interpret the novels and to appreciate their relevance to contemporary issues. Nineteenth-century novelists deployed realism, satire, and the bildungsroman to resist or support leading ideologies of their time, including the separate spheres doctrine and British supremacism. Each chapter is an elaboration of the author's university lectures about Victorian classics. The tone is scholarly yet conversational, directed to the undergraduate student as well as the general reader or Victoriophile. The text presents concepts in interdisciplinary cultural studies, discusses the uses of genre for rhetorical and social purposes, and exposes paradoxes of the era. The coherent style, abundant examples, discussion questions, and literary glossary make this book a valuable supplement for readers of the Victorian novel.
