The Cambridge Companion to Chaucer is an extensively revised version of the first edition, which has become a classic in the field. This new volume responds to the success of the first edition and to recent debates in Chaucer Studies. Important material has been updated, and new contributions have been commissioned to take into account recent trends in literary theory as well as in studies of Chaucer's works. New chapters cover the literary inheritance traceable in his works to French and Italian sources, his style, as well as new approaches to his work. Other topics covered include the social and literary scene in England in Chaucer's time, and comedy, pathos and romance in the Canterbury Tales. The volume now offers a useful chronology, and the bibliography has been entirely updated to provide an indispensable guide for today's student of Chaucer.

to plan their pilgrimage to Becket's tomb at Canterbury. To kill time during their journey a story-telling contest is created. Each pilgrim has to tell a story and the winner of the best story will get a free supper. The Canterbury Tales are structured as a frame narrative. The General Prologue mainly builds the frame where all the characters are introduced and the story-telling competition was invented. Its structure is very simple. After an introduction in lines 1-34, the narrator begins the series of portraits (lines 35-719). Afterwards the Host suggests the tale-telling contest which is then accepted by the pilgrims (lines 720-821). In the following the pilgrims gather and decide that the Knight should tell the first story. The frame in which the story is embedded has a long tradition. Boccaccio's "Decamerone" was for example written in this style and Chaucer read it when visiting Italy. Originally Chaucer wanted each of the pilgrims to tell two stories on the way to Canterbury and two on the way back. This would have led to 120 single stories, but he never finished this enormous work. In fact there are only 23 tales, some of which are even incomplete.
