

## Chemistry Edexcel As Level Revision Guide

Target success in Edexcel International GCSE Biology with this proven formula for effective, structured revision; key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. - Plan and manage a successful revision programme using the topic-by-topic planner - Consolidate subject knowledge by working through clear and focused content coverage - Test understanding and identify areas for improvement with regular 'Now Test Yourself' tasks and answers - Improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid - Get exam ready with extra quick quizzes and answers to the practice questions available online

Drawing on exam data from Edexcel's Results Plus service, this book offers tailored support for the 2008 specification. It includes: exam-style questions, worked examples, guidance on practical assessment, case studies and investigations, Thinking tasks, quick questions and checklists help students track their progress.

This revision and practice book is a useful way for students to prepare effectively for their AS Economics exams. It covers every Unit from the AQA, Edexcel and OCR courses, with clear, concise explanations and examples that make the subject easy to understand. There are also practice questions and exam-style questions for every topic (with outline answers at the back), plus advice for getting top marks in the AS exams.

Cambridge IGCSE® Chemistry Revision Guide

Year 1 and AS Edexcel Specification

Edexcel A-level Year 2 Chemistry Student Guide: Topics 11-15

**NEW COLOURED EDITION! These concise revision notes (flashcards) contain all the necessary exam knowledge in a short, easy to memorize form. Each page covers the key facts, such as definitions, of a single topic, without the distraction of unnecessary information. Created with great care, they include important information specific to exam questions.**

**Exam Board: Edexcel Level: A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2017 Reinforce students' understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades. Written by experienced examiner George Facer, our Student Guides are divided into two key sections, content guidance and sample questions and answers. Content guidance will: - Develop students' understanding of key concepts and terminology; this guide covers topics 11 - 15: equilibrium II; acid-base equilibria; energetics II; redox II; transition metals. - Consolidate students' knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build students' understanding of the different question types, so they can approach questions from topics 11 - 15 with confidence. - Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded.**

**This outstanding book has been fully revised to features: - additional information on topics such as clinical trials, B and T lymphocytes, infertility, performance-enhancing hormones, fluoridation of water supplies, impact of hunting and over-fishing, global warming, biofuels and global travel and disease - a new chapter on Applied Genetics, drawing together and expanding the information on selective breeding, genetic engineering, cloning, genetic fingerprinting and the Human Genome Project.**

The Cambridge IGCSE Chemistry Revision Guide supports students through their course, containing specifically designed features to help students apply their knowledge as they prepare for assessment. This Revision Guide offers support for students as they prepare for their Cambridge IGCSE Chemistry (0620) exams. Containing up to date material that matches the syllabus for examination from 2016 and packed full of guidance such as Worked Examples, Tips and Progress Check questions throughout to help students to hone their revision and exam technique and avoid common mistakes. These features have been specifically designed to help students apply their knowledge in exams. Written in a clear and straightforward tone, this Revision Guide is perfect for international learners.

Tired of writing your own revision notes? Unsure what to put in and what to leave out? Use professional ones! These condensed revision notes (flashcards) are designed to facilitate memorization. They have been created by a very experienced, professional Chemistry tutor. Dr C. Boes has successfully taught over sixty A-level students in the last ten years. Many of these have achieved excellent grades in their exams and went on to study medicine. These notes contain all the necessary exam knowledge in a short, easy to memorize form. Each page covers the key facts, such as definitions or equations, of a single topic, without the distraction of unnecessary information. Knowing them by heart makes it easy to get top grades. Tried, tested and proven by past tuition students, they are an effective and successful tool to ace your exams. They have been adapted to the new Edexcel Chemistry A-level Year 2 syllabus (from Sept 15).This book is organized in chapters according to the syllabus and allows natural progression in sync with your school work. Created with great care, it includes important information specific to exam questions. This small book will save you hours of painstaking note writing. It is less messy than loose paper sheets and easy to carry around. Memorize on the bus or while you wait. Try it now! Supplement this black and white edition with the coloured Kindle eBook.

A revision guide tailored to the AS and A Level Chemistry syllabus (9701) for first examination in 2016.

*Analytical Methods for Pesticides and Plant Growth Regulators, Volume XIV: Modern Analytical Techniques covers an updated treatment of the most frequently used techniques for pesticide analysis, i.e., thin-layer chromatography, gas chromatography (packed and capillary columns), high-performance liquid chromatography, and mass spectrometry. People involved in the analysis of pesticides will find the book useful.*

*This is the Paperback Edition; our original Printed Revision Cards and a Kindle version are also available. Learning the right facts for your exams is key to obtaining top grades, and a few reactions or definitions can make the difference between grades in an exam. Revision Cards are a great way to ensure that you learn all of the key facts that you need to know, and we honestly believe that these Revision Cards are the most concise and precise that you will find. These Revision Cards are for the new exams (for courses starting in 2015 or later), and are designed specifically for the Edexcel Chemistry A Level (Year 1) and AS Level. They include 47 cards covering the key Reactions, Definitions, Equations and Reaction Mechanisms that you need to know for your exams (plus a few other important bits). Each Revision Card covers a single topic and gives only the facts that you need to learn off-by-heart for your exams. They have been carefully written to ensure that they do not contain any waffle - just the key facts that you need to learn. These cards were written by a group of experienced teachers, tutors and examiners, who have decades of combined teaching experience, thousands of hours of tuition experience and have marked thousands of exam papers as examiners/team leaders. They have painstakingly trawled through module specifications, textbooks and exam mark schemes to produce a set of Revision Cards which cover the key facts required for the Edexcel exams. They focus specifically on areas where students tend to perform badly in exams.*

*Revise for AS & A2 Biology with confidence! Providing complete study support throughout the two A Level years, this Edexcel Chemistry study guide matches the curriculum content and provides in-depth course coverage. Written by experienced AS and A2 examiners this book includes invaluable advice on how to get the best results in the exams. Providing plenty of exam practice and frequent progress checks and questions to consolidate learning, this AS & A2 Edexcel Chemistry study guide contains invaluable advice and preparation for the exam. Extensive coverage of the Edexcel course: \* AS & A2 specification checklists to organise your studies \* tick boxes to record your progress and plan your revision \* in-depth coverage of core AS & A2 topics Also included in this book: \* examiner's tips that reveal how to achieve higher marks \* exam board labels that allow students to identify content relevant to their course \* topics subdivided into short, manageable sections \* highlighted key points and terminology, and examiner's hints to offer guidance \* progress check questions to test recall and understanding \* sample questions and model answers that reveal what examiners are looking for \* exam-style questions and answers that provide crucial exam practice*
