A Memoir of Food and Family

A story of adventure, survival, courage, and hope, set in the vivid Himalayan landscape of Tibet and India. Tash lives in Tibet, where as a practicing Buddhist she must follow many rules to avoid the wrath of the occupying Chinese soldiers. Life remains peaceful as long as Tash, her family, and their community hide their religion and don't mention its leader, the Dalai Lama. The quiet is ruptured when a man publicly sets himself on fire to protest the occupation. In the crackdown that follows, soldiers break into Tash's house and seize her parents. Tash barely escapes, and soon she and her best friend, Sam, along with two borrowed yaks, flee across the mountains, where they face blizzards, hunger, a treacherous landscape, and the constant threat of capture. It's a long, dangerous trip to the Indian border and safety—and not all will make it there. This action-packed novel tells a story of courage, hope, and the powerful will to survive, even in the most desperate circumstances.

The Compassionate Samurai will show you the way to produce extraordinary results in a dog-eat-dog world and still maintain the highest levels of ethics. You'll learn:

- How to always be satisfied and motivated regardless of your circumstances
- Why all people have freedom but very few have liberty
- What competing commitments are and how they prevent you from having what you want in life
- The secret to operating optimally in an untrustworthy environment
- How to make the shift from scarcity to abundance even if you're knee deep in debt . . .and much, much more!

Katie's Cabbage is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words, she shares the story of the little cabbage seedling and the big ideas of generosity and service that motivated her to turn it into Katie's Krops, a national youth movement aimed at ending hunger one vegetable garden at a time. Katie's Cabbage tells us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with family, friends, and community, can help make a powerful difference in the lives of so many. Katie's Cabbage was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. Assistance was provided by Michelle H. Martin, a dedicated gardener and the Augusta Baker Chair in Childhood Literacy at the University of South Carolina School of Library and Information Science. Taking an unconventional approach to autobiographical writing, this work serves as a double memoir, told in dialogue between a mother and a daughter. The conversation takes place in a medieval town high up in the Italian mountains, as the author, a Canadian writer, draws out her mother's childhood memories of life in southern Italy at the beginning of the 20th century. As they re-create that vanished world, the pair also finds greater understanding of the tumultuous relationships that sometimes exist between immigrant mothers and their children.

"Poems . . . like folk tales told by a child with an impishly surrealistic streak" from the Pulitzer Prize-winning author of *The World Doesn't End* (*Library Journal*). In this volume, "Simic writes so simply that his words fall like drops of water, but they ripple outward to evoke an ominous and numinous world" (*The Washington Post Book World*). He fills the wee hours of his poetry with angels and pigs, riddles and cemeteries. With empty offices and dolls that smile. With the sound of bare feet upstairs and a single kiss before the shadows converge. His is a rich, haunted world of East European memory and American present—a world of his own creation, one always full of luminous surprise. "The poems . . . come from a vision of the world that, once experienced, prevents us from ever dozing again, that prevents us, for that matter, from feeling confidently awake." —*Los Angeles Times* "One of the most original poets writing today, Simic has a gift for startling juxtapositions . . . Homely images, in Simic's hands, take on an eerie combination of the marvelous and the absurd . . . There are few poets writing today whose sense of wonder is so palpable." —*Library Journal* Praise for Charles Simic "Few contemporary poets have been as influential—or as inimitable—as Charles Simic." —*The New York Times Book Review* "He has infused American poetry with the freshest and most original style and imagery since e.e. cummings." —*St. Louis Post-Dispatch* "His poems are crowded with uncanny presence, which he challenges with flirtatious directness." —*The New Yorker*

Matti Lives in Finland

How many men does it take to find true love? When Delilah Darling reads a survey revealing that most people have 10.5 sexual partners in their lifetime, she begins to feel like a tramp. She's slept with nineteen men so far—almost twice the national average. During a self-help moment, she vows to cap her “number” at twenty, swearing she'll save her last spot for the right guy. But after losing her job and having a wild night on the town, she falls into bed with Mr. Wrong. Unwilling to up her number, but also unable to imagine a life of celibacy, Delilah does the only thing a girl in her situation can do: she tracks down every man she's ever slept with in a last-ditch effort to make it work with one of them. A hilarious romp through Delilah's past loves, *What's Your Number?* shines a spotlight on every woman's dirty little secret and proves that, when it comes to matters of the heart, sometimes numbers tell only a fraction of the story.

Pontius Pilate is one of the most enigmatic figures in Christian theology. The only non-Christian to be named in the Nicene Creed, he is presented as a cruel colonial overseer in secular accounts, as a conflicted judge convinced of Jesus's innocence in the Gospels, and as either a pious Christian or a virtual demon in later Christian writings. This book takes Pilate's role in the trial of Jesus as a starting point for investigating the function of legal judgment in Western society and the ways that such judgment requires us to adjudicate the competing claims of the eternal and the historical. Coming just as Agamben is bringing his decades-long *Homo Sacer* project to an end, *Pilate and Jesus* sheds considerable light on what is at stake in that series as a whole. At the same time, it stands on its own, perhaps more than any of the author's recent works. It thus serves as a perfect starting place for readers who are curious about Agamben's approach but do not know where to begin.

A brand new series of sound-button board books which combines gorgeous illustrations with six high-quality sounds.

After World War II, a powerful conviction took hold among American intellectuals and policymakers: that the United States could profoundly accelerate and ultimately direct the development of the decolonizing world, serving as a modernizing force around the globe. By accelerating economic growth, promoting agricultural expansion, and encouraging the rise of enlightened elites, they hoped to link development with security, preventing revolutions and rapidly creating liberal, capitalist states. In *The Right Kind of Revolution*, Michael E. Latham explores the role of modernization and development in U.S. foreign policy from the early Cold War through the present. The modernization project rarely went as its architects anticipated. Nationalist leaders in postcolonial states such as India, Ghana, and Egypt pursued their own independent visions of development. Attempts to promote technological solutions to development problems also created unintended consequences by increasing inequality, damaging the environment, and supporting coercive social policies. In countries such as Guatemala, South Vietnam, and Iran, U.S. officials and policymakers turned to modernization as a means of counterinsurgency and control, ultimately shoring up dictatorial regimes and exacerbating the very revolutionary dangers they wished to resolve. Those failures contributed to a growing challenge to modernization theory in the late 1960s and 1970s. Since the end of the Cold War the faith in modernization as a panacea has reemerged. The idea of a global New Deal, however, has been replaced by a neoliberal emphasis on the power of markets to shape developing nations in benevolent ways. U.S. policymakers have continued to insist that history has a clear, universal direction, but events in Iraq and Afghanistan give the lie to modernization's false hopes and appealing promises.

An intranet portal project may well be the first and last project in your organisation that truly touches everyone, from the of

the newest recruit. It may well be the most significant investment that you ever make in your people, their processes and the power and potential to transform your organisation. However, it can be a tough project to deliver, bringing great exposure to participants. All your customers will be only a small march away down the corridor and will all know where you live! Considering the billion market for intranet portal technology worldwide, there are surprisingly few books on the topic (and those typically either very practical or very theoretical). The Intranet Portal Guide is a deliberately practical handbook for the stressed middle manager, seeking to make things happen in their organisation. The book is divided into three sections (before, during and after) and 31 chapters, addressing every key issue of how to make the business case through to ongoing performance enhancement and benefit realisation. It is packed with templates, plans and processes for successful delivery - based on real life experience of implementation at two major UK companies.

Flying Creatures of Fra Angelico

Hypochondria, insomnia, restlessness, and yearning are the lame muses of these brief pages. I would have liked to call them Extravaganzas . . . because many of them wander about in a strange outside that has no inside, like drifting splinters. . . . Alien to any orbit, I have the impression they navigate in familiar spaces whose geometry nevertheless remains a mystery; let ' s say domestic thickets: the interstitial zones of our daily having to be, or bumps on the surface of existence . . . In them, in the form of quasi-stories, are the murmurings and mutterings that have accompanied and still accompany me: outbursts, moods, little ecstasies, real or presumed emotions, grudges, and regrets. —Antonio Tabucchi on The Flying Creatures of Fra Angelico From the Trade Paperback edition.
