The second book in the Sisters Ever After series of fairy tale retellings from the point of view of the siblings in the background, this is the thrilling story of Cinderella's never-before-mentioned third "evil" step-sister, Tirza. Meet Cinderella's third "wicked" stepsister, Tirza. For years, Tirza has lived with the shame of what her family did to Cinderella. Against everyone's advice, Cinderella—now Queen Ella—took a chance on young Tirza. She gave Tirza a home in the castle instead of banishing her. The queen told everyone Tirza was good and kind, not cruel like her older sisters. But now Queen Ella's famous glass slippers are missing, and there's only one suspect. . . . Tirza may have tried them on . . . but she didn't steal them. Now she must find the true thief before she loses her royal home. But as Tirza gets closer to the truth, she finds herself getting closer to something else: her sisters, who might not be quite as evil as Cinderella claims.

An Instant New York Times Bestseller! "Lapvona flips all the conventions of familial and parental relations, putting hatred where love should be or a negotiation where grief should be . . . Through a mix of witchery, deception, murder, abuse, grand delusion, ludicrous conversations, and cringeworthy moments of bodily disgust, Moshfegh creates a world that you definitely don't want to live in, but from which you can't look away." —The Atlantic In a village in a medieval fiefdom buffeted by natural disasters, a motherless shepherd boy finds himself the unlikely pivot of a power struggle that puts all manner of faith to a savage test, in a spellbinding novel that represents Ottessa Moshfegh's most exciting leap yet Little Marek, the abused and delusional son of the village shepherd, never knew his mother; his father told him she died in childbirth. One of life's few consolations for Marek is his enduring bond with the blind village midwife, Ina, who suckled him when he was a baby, as she did so many of the village's children. Ina's gifts extend beyond childcare: she possesses a unique ability to communicate with the natural world. Her gift often brings her the transmission of sacred knowledge on levels far beyond those available to other villagers, however religious they might be. For some people, Ina's home in the woods outside of the village is a place to fear and to avoid, a godless place. Among their number is Father Barnabas, the town priest and lackey for the depraved lord and governor, Villiam, whose hilltop manor contains a secret embarrassment of riches. The people's desperate need to believe that there are powers that be who have their best interests at heart is put to a cruel test by Villiam and the priest, especially in this year of record drought and famine. But when fate brings Marek into violent proximity to the lord's family, new and occult forces upset the old order. By year's end, the veil between blindness and sight, life and death, the natural world and the spirit world, will prove to be very thin indeed.

Is there interaction between love and work? If so, in what ways does it appear? The main incentive for this research is the notable increase of American and Dutch people who wish to spend more and more of their time working and who feel useless and robbed of their identity when separated from their jobs. It seems that work is considered more fulfilling and satisfying than love, which can be undermined by failing relationships, tension, depression, violence, addiction, crime or angry and unmanageable children.

Whereas Proust described love in a milieu where most of the work was done by servants and artists, Freud was convinced that love and work were the two main pillars of society. This view has been echoed by psychologists, sociologists, philosophers and novelists. However, a new phenomenon is that men and women share love and work. Finding the right balance between the two is a hot topic in "how to" books, newspaper and magazine articles but the underlying connections have received little if any scrutiny. In fact it may well be a mission impossible since, as the Frankfurt School asserted, the capitalist powers, in search of profit, urge politicians to lure men, women and children onto the work floor by telling them work is a duty that not only will provide disposable income but also happiness and fulfillment in life. Hence people internalize this message without asking themselves why continuous consumption is more important than giving and receiving love, which they crave but seldom find. Although focusing on middle-class people between the ages of twenty five and forty who are travelling the "highway of life", have paid jobs, a relationship of at least three years and children, this study should be of interest to everyone.

Winner of the 2021 Duke University Juan Mendez Award Named one of The Progressive 's "Favorite Books of 2021" and one of the "Best of Books 2021" by Foreign Affairs The David and Goliath story of ordinary people in El Salvador who rallied together with international allies to prevent a global mining corporation from poisoning the country's main water source At a time when countless communities are resisting powerful corporations—from Flint, Michigan, to the Standing Rock Reservation, to Didipio in the Philippines, to the Gualcarque River in Honduras—The Water Defenders tells the inspirational story of a community that took on an international mining corporation at seemingly insurmountable odds and won not one but two historic victories. In the early 2000s, many people in El Salvador were at first excited by the prospect of jobs, progress, and prosperity that the Pacific Rim mining company promised. However, farmer Vidalina Morales, brothers Marcelo and Miguel Rivera, and others soon discovered that the river system supplying water to the majority of Salvadorans was in danger of catastrophic contamination. With a group of unlikely allies, local and global, they committed to stop the corporation and the destruction of their home. Based on over a decade of research and their own role as international allies of the community groups in El Salvador, Robin Broad and John Cavanagh unspool this untold story—a tale replete with corporate greed, a transnational lawsuit at a secretive World Bank tribunal in Washington, violent threats, murders, and—surprisingly—victory. The husband-and-wife duo immerses the reader in the lives of the Salvadoran villagers, the journeys of the local activists who sought the truth about the effects of gold mining on the environment, and the behind-the-scenes maneuverings of the corporate mining executives and their lawyers. The Water Defenders demands that we examine our assumptions about progress and prosperity, while providing valuable lessons for those fighting against destructive corporations in the United States and across the world.

Handsome princes, fancy castles, extravagant balls . . . in this girl-power fractured fairy tale, Cinderella learns that if it looks too good to be true, it probably is, and it's better to create your own happy ending. Cinderella is dying to go to the ball. She's seen pictures of the fancy castle and the handsome prince, she's heard the fairy tales about true love, she's found the perfect dress in Princess magazine and she's even found an ad for a Fairy Godmother. She's all set. Except the fairy godmother doesn't look like the one in the ad. And the castle doesn't look like the picture. And the prince . . . well, Cinderella decides her fairy-tale ending is going to look different--and be a whole lot more fun.

"Genre-bending and darkly comic, Grushin's fourth novel is a weird and wonderful triumph." – O, the Oprah Magazine Cinderella wants her Prince Charming dead in this sophisticated fairy-tale for the twenty-first century. Cinderella married the man of her dreams--the perfect ending she deserved after diligently following all the fairy-tale rules. Yet now, thirteen and a half years later, things have gone badly wrong and her life is far from perfect. One night, fed up and exhausted, she sneaks out of the palace to get help from the Witch who, for a price, offers love potions to disgruntled housewives. But as the old hag flings the last ingredients into the cauldron, Cinderella doesn't ask for a love spell to win back her Prince Charming. Instead, she wants him dead. Endlessly surprising, wildly inventive, and decidedly modern, The Charmed Wife weaves together time and place, fantasy and reality, to conjure a world unlike any other. Nothing in it is quite what it seems--the twists and turns of its magical, dark, and swiftly shifting

"This collection of fourteen new essays on Gilman's mixed legacy - her vision for a truly humane, egalitarian world alongside her persistent presentation of class, ethnic, and racial stereotypes - underscores the contemporary relevance of Charlotte Perkins Gilman (1860-1935). Gilman enjoyed a worldwide reputation as a writer, lecturer, and socialist, and her prodigious output (novels, stories, poetry, lectures, journalism, theoretical works) stands as a major contribution to modern feminist thought on important, contested economic and social issues. After her death in 1935, she was virtually forgotten. With the revival of the women's movement in the 1960s and 1970s, however, Gilman was "rediscovered," her arguments deemed prescient by late-twentieth-century feminists."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. In his latest book, fairy tales expert Jack Zipes explores the question of why some fairy tales "work" and others don't, why the fairy tale is uniquely capable of getting under the skin of culture and staying there. Why, in other words, fairy tales "stick." Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications, Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre. Why Fairy Tales Stick contains two chapters on the history and theory of the genre, followed by case studies of famous tales (including Cinderella, Snow White, and Bluebeard), followed by a summary chapter on the problematic nature of traditional storytelling in the twenty-first century.

Hace mucho tiempo—a long time ago—there lived a beautiful young woman named Adelita. So begins the age-old tale of a kindhearted young woman, her jealous stepmother, two hateful stepsisters, and a young man in search of a wife. The young man, Javier, falls madly in love with beautiful Adelita, but she disappears from his fiesta at midnight, leaving him with only one clue to her hidden identity: a beautiful rebozo—shawl. With the rebozo in place of a glass slipper, this favorite fairy tale takes a delightful twist. Tomie dePaola's exquisite paintings, filled with the folk art of Mexico, make this a Cinderella story like no other.

As plague ravages the overcrowded Earth, observed by a ruthless lunar people, Cinder, a gifted mechanic and cyborg, becomes involved with handsome Prince Kai and must uncover secrets about her past in order to protect the world in this futuristic take on the Cinderella story.

From Algonquin Indian folklore comes one of the most haunting, powerful versions of the Cinderella tale ever told. In a village by the shores of Lake Ontario lived an invisible being. All the young women wanted to marry him because he was rich, powerful, and supposedly very handsome. But to marry the invisible being the women had to prove to his sister that they had seen him. And none had been able to get past the sister's stern, all-knowing gaze. Then came the Rough-Face girl, scarred from working by the fire. Could she succeed where her beautiful, cruel sisters had failed?

From the author of critically acclaimed and bestselling memoir *Falling Leaves*, this is a poignant and moving true account of her childhood, growing up as an unloved daughter in 1940s China. A Chinese proverb says, "Falling leaves return to their roots." Adeline's affluent, powerful family considers her bad luck after her mother dies giving birth to her, and life does not get any easier when her father remarries. Adeline and her siblings are subjected to the disdain of her stepmother, while her stepbrother and stepsister are spoiled with gifts and attention. Although Adeline wins prizes at school, they are not enough to compensate for what she really yearns for -- the love and understanding of her family. Set in New York in the Depression, this is the story of Jim Braddock, who takes up boxing to make money to feed his family, and eventually goes up against champ Max Baer, notorious for having killed two men in the ring. James J. Braddock, born in New York City, was known locally for his thunderous right hand and successful amateur boxing career. After turning professional, he defeated foe after foe, and his rapid rise from obscurity earned him the nickname, the Cinderella Man. He was given a shot at the world light heavyweight title against champion Tommy Loughran in 1929, but lost in a 15-round decision. Following that defeat and the stock market crash of 1929, Jim Braddock struggled to win fights and provide for his young family. Eventually Jim's luck turned. In 1934 he had upset wins against Corn Griffin and John Henry Lewis. With these two wins, Braddock set himself up for another shot at the world

title – against heavyweight champion, Max Baer. On 13 June 1935, as a 10 to 1 underdog, Jim took the world title from Max Baer in what was described as, 'the greatest fistic upset since the defeat of John L. Sullivan by Jim Corbett'. Braddock would lose his heavyweight title two years later in an eight-round KO to 'The Brown Bomber', Joe Louis. Jim was inducted into the Ring Boxing Hall of Fame in 1964, the Hudson County Hall of Fame in 1991 and the International Boxing Hall of Fame in 2001.

*New York Times Bestseller: This true Depression-era story of a down-and-out fighter's dramatic comeback is "a delight" (David Halberstam). James J. Braddock was a once promising light heavyweight. But a string of losses in the ring and a broken right hand happened to coincide with the Great Crash of 1929—and Braddock was forced to labor on the docks of Hoboken. Only his manager, Joe Gould, still believed in him. Gould looked out for the burly, quiet Irishman, finding matches for Braddock to help him feed his wife and children. Together, they were about to stage the greatest comeback in fighting history. Within twelve months, Braddock went from being on the relief rolls to facing heavyweight champion Max Baer, renowned for having allegedly killed two men in the ring. A brash Jewish boxer from the West Coast, Baer was heavily favored—but Braddock carried the hopes and dreams of the working class on his shoulders, and when he emerged victorious against all odds, the shock was palpable—and the cheers were deafening. In the wake of his surprise win, Damon Runyon dubbed him "Cinderella Man." Against the gritty backdrop of the 1930s, Cinderella Man brings this dramatic all-American story to life, telling a classic David and Goliath tale that transcends the sport. "A punchy read with touches of humor." —The New York Times "A wonderful, thrilling boxing story, and simultaneously a meticulous look at Depression life." —Jimmy Breslin*

*From Plato to Freud to ecocriticism, the book illustrates dozens of stimulating-and sometimes notoriously complex-perspectives for approaching literature and film. The book offers authoritative, clear, and easy-to-follow explanations of theories that range from established classics to the controversies of current theory. Each chapter offers a conversational, step-by-step explanation of a single theory, critic, or issue, accompanied by concrete examples for applying the concepts and engaging suggestions for related literary readings. Following a section on the foundations of literary theory, the book is organized thematically, with an eye to the best way to develop a real, working understanding of the various theories. Cross-references are particularly important, since it's through the interaction of examples that readers most effectively advance from basic topics and arguments to some of the more specialized and complicated issues. Each chapter is designed to tell a complete story, yet also to reach out to other chapters for development and debate. Literary theorists are hardly unified in their views, and this book reflects the various traditions, agreements, influences, and squabbles that are a part of the field. Special features include hundreds of references to and quotations from novels, stories, plays, poems, movies, and other media. Online resources could also include video and music clips, as well as high-quality examples of visual art mentioned in the book. The book also includes periodic "running" references to selected key titles (such as Frankenstein) in order to illustrate the effect of different theories on a single work.*

*Simone de Beauvoir's 1949 book The Second Sex is a masterpiece of feminist criticism and philosophy. An incendiary*

take on the place of women in post-war French society, it helped define major trends in feminist thought for the rest of the 20th century, and its influence is still felt today. The book's success owes much to Beauvoir's brilliant writing style and passion, but both are rooted in the clarity of her critical thinking skills. She builds a strong argument against the silent assumptions that continually demoted (and still demote) women to "second place" in a society dominated by men. Beauvoir also demonstrates the central skills of reasoning at their best: presenting a persuasive case, organising her thoughts, and supporting her conclusions. Above all, though, *The Second Sex* is a masterclass in analysis. Treating the structures of contemporary society and culture as a series of arguments that tend continuously to demote women, Beauvoir is able to isolate and describe the implicit assumptions that underpin male domination. Her demolition of these assumptions provides the crucial ammunition for her argument that women are in no way the "second" sex, but are in every way the equal of men.

This book, first published in 1988, does not concern the theory of poetry so much as the poetry of theory: a poetry that theorizes, that has a "view" on things, that thinks. What or what things does poetry think about, and what do we mean by thinking? The author attempts to answer these questions by examining the work of three poets - Wallace Stevens, César Vallejo, and René Char - and reflects upon the poetry itself. This title will be of interest to students of literature and literary theory.
