Americans seek information. We research major purchases. We check news and sports. We visit government Web sites for public information and turn to friends for advice about our everyday lives. Although the Internet influences our information-seeking behavior, we gather information from many sources: family and friends,

television and radio, books and magazines, experts and community leaders. Patterns of information seeking have evolved throughout American history and are shaped by a number of forces, including war, modern media, the state of the economy, and government regulation. This book examines the evolution of
