Then what you need is the magic of Merlin's world of guitar playing. Children learn step by step in the cheerful company of the Sorcerer's Apprentice Merlin and his friend, Wise Owl. These two offer all sorts of valuable advice, and teach the young learners the essentials of the technique of classical guitar playing, based on centuries of tradition. Children will learn to play the melody and the bass line, two-part playing, and playing in different positions. But playing the classical guitar doesn't just mean playing classical music. It means following a tradition that has been developed and refined over the course of centuries by the best guitarists in the world. The 95 pieces of music have been deliberately chosen and composed to reflect various musical
