

Clear Speech Pronunciation And Listening Comprehension In

Suggests 101 activities and games for ESL students of all ages, covering family, school, holidays, daily activities, sports, travel, and other topics.

An intelligibility-based approach to teaching that presents pronunciation as critical, yet neglected, in communicative language teaching.

Clara Sverdlow has been stalked by her high-school lover for almost 20 years. A recently sober alcoholic in her mid-thirties, she has found happiness in a tenuous new marriage to Mark. Yet the past lurks over them like a great shadow, always encroaching on their happiness. With a miracle baby, they are trying to forget the past and learn to live normally in the world. But Clara's stalker secretly insinuates himself upon their life, with disastrous consequences. Clara and Mark's only hope is to address the past and confront the present before it's too late.

Clear English Pronunciation provides students with the tools to effectively communicate in English without centring solely on native-speaker pronunciation models. The focus of the book is on individual pronunciation targets rather than a one-size-fits-all approach. Divided into four sections, each featuring detailed articulatory explanations, sample sentences, and recordings to help learners improve their pronunciation, this book: introduces the phenomenon of pronunciation as part of a broader communicative realm; explains and demonstrates the melody and rhythm of understandable and natural English pronunciation; supports students in identifying and practicing their own pronunciation issues. Supported by an interactive companion website which features recordings and expanded explanations of key topics, Clear English Pronunciation is an essential textbook for international learners of English who want to improve their pronunciation skills in diverse social settings. <https://www.universiteitleiden.nl/clearenglishpronunciation>

CD contains: selection of listening tasks from the class audio program.

Passages, Third Edition, is a two-level, multi-skills course that will quickly and effectively move adult and young-adult learners of English from high-intermediate to the advanced level. The Passages, Third Edition, Student's Books have been updated to offer fresh, contemporary content, relevant speaking and listening activities, comprehensive grammar and vocabulary support, enhanced reading skills development, and a step-by-step academic writing strand. Students will progressively elevate their language ability in both formal and informal communication through a variety of real-world contexts.

Frequent communication reviews will systematically consolidate learning, while the popular Grammar Plus and new Vocabulary Plus sections in the back of the Student's Book provide additional skills support.

Provides students with practice in pronunciation and listening comprehension from individual sounds to stretches of continuous speech. Gives a practical approach to the intonation, stress, and rhythm of North American English.

Face the Issues is an exciting and highly successful approach to listening comprehension and discussion for intermediate and high-intermediate students. Each of the twelve units is based on an authentic radio broadcast taken from National Public Radio's "All Things Considered" and "Morning Edition." Students are presented with interesting and relevant content in unedited everyday speech including hesitations, redundancies, and various dialectical patterns. Phonology for Listening brings listening in English Language Teaching into the 21st century. Learners have problems decoding fast spontaneous speech, and Phonology for Listening - using many recorded examples - provides teachers of English with new concepts, fresh thinking and innovative practical ideas to help students decode the realities of spontaneous speech. It is written for teachers of English worldwide. There are four parts, each with five

chapters. The window on speech framework introduces the framework which is used for the analysis and presentation of recorded examples and for teaching listening. Describing spontaneous speech examines what happens to words when they are subjected to the speeds, rhythms and stresses of spontaneous speech. Accents identity and emotion in speech describes accents of Britain and Ireland, North America and of Global English. Identity, prejudice and emotion are also covered. Teaching listening describes practical activities - both low-tech and hi-tech - for improving the teaching of listening in the classroom. make small talk with recruiters at a job fair or when invited to dinner at their advisor's house. The text provides language to use for a variety of functions as they might related to life on a university campus: offering greetings and goodbyes, making introductions, giving opinions, agreeing and disagreeing, using the phone, offering assistance, asking for advice, accepting and declining invitations, giving and receiving compliments, complaining, giving congratulations, expressing condolences, and making small talk. Users are also taught to think beyond the words and to interpret intonation and stress (how things sound). Each of the 10 units includes discussion prompts, language lessons, practice activities, get acquainted tasks (interacting with native speakers), and analysis opportunities (what did they discover and what can they apply?).

"This course offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides: - an overview of teaching issues from the perspective of different methodologies and second language acquisition research - innovative teaching techniques - a thorough grounding in the sound system of North American English - insight into how this sound system intersects with spelling, morphology, listening, and discourse - diagnostic tools and assessment measures - suggestions for syllabus design. Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"--Publishers's website.

Clear Speech from the Start gives beginning students immediate help in mastering the crucial elements of English pronunciation. The Student's Book concentrates on features that will have the most significant impact on a student's ability to understand and communicate with others such as stress, rhythm and intonation. It also focuses on speech sounds that carry specific grammatical meaning, such as the plural "s" and the past tense "ed" ending. The text presents these features through kinesthetic exercises and visual and auditory modeling, thus making them accessible even to beginners.

The Well Said series is designed to improve the pronunciation and communication skills of beginner to advanced students from all language backgrounds. It offers a clear course plan covering the essential areas of pronunciation, including stress, rhythm, and intonation--features that research shows help students the most. Additionally, there are over fifty pages of supplemental activities focusing on consonant and vowel sounds. This level of Well Said introduces the most important pronunciation features at an intermediate to advanced level. A free Website for teachers and students includes the full audio program. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Segmented chapters with alphabetical headings help students navigate the text and provide flexibility for instructors who need to omit or repeat exercises to meet classroom needs.
