Veteran journalist and author Sherry Robinson presents readers with the first full biography of New

Mexico's first territorial governor, James Silas Calhoun. Robinson explores Calhoun's early life in Georgia and his military service in the Mexican War and how they led him west. Through exhaustive research

Acces PDF Collections Abc Abc Brevet

Robinson shares Calhoun's story of arriving in New Mexico in 1849—a turbulent time in the region—to serve as its first Indian agent. Inhabitants were struggling to determine where their allegiances lay; they had

Acces PDF Collections Abc Abc Brevet

historic and cultural ties with Mexico, but the United States offered an abundance of possibilities. An accomplished attorney, judge, legislator, and businessman and an experienced speaker and

Acces PDF Collections Abc Abc Brevet

negotiator who spoke Spanish, Calhoun was uniquely qualified to serve as the first territorial governor only eighteen months into his service. While his time on the New Mexico political scene was

Acces PDF Collections Abc Abc Brevet

brief, he served with passion, intelligence, and goodwill, making him one of the most intriguing political figures in the history of New Mexico. Between 1817 and 1864, sixteen officers were

Acces PDF Collections Abc Abc Brevet

assigned as Commandants of Cadets at the U.S. Military Academy. They played an important role in training the officers who would serve on both sides of the Civil War. Historians criticize the program as antiquated

Acces PDF Collections Abc Abc Brevet

for its time: A course in Napoleonic strategy and tactics that did not account for rifled weapons or the particularities of terrain. Yet these commandants made changes to the program, developed new textbooks and

Acces PDF Collections Abc Abc Brevet

instructed cadets who became field generals. The biographies of the commandants are presented along with their contributions to the Academy, notable graduates and other military service.

Aesthetics and Political Economy from Kant to Althusser

More than 1900 alphabetically arranged entries survey every aspect of Poe's life and work.

Challenging prevailing assumptions about the relationship between

Acces PDF Collections Abc Abc Brevet

language and politics, this book offers a compelling new account of aesthetic and economic thought since the eighteenth century. Mieszkowski explores the doctrines of productivity and interest in Romanticism and classical political economy, arguing that the critical force of any historical model

Acces PDF Collections Abc Abc Brevet

of literature depends on its understanding of the distinction between intellectual and material labor. This provocative contribution to contemporary debates about culture and ideology will be important for scholars of literature, history, and political theory.

Supplément I

During the nineteenth century, something vital went missing: the human being. In *Unsuspecting Souls*, Barry Sanders examines modern society's indifference to the

Acces PDF Collections Abc Abc Brevet

individual. From the Industrial Revolution, where the disappearance of care for human beings begins slowly, to our own age, where societal events require less person-to-person interaction, Sanders laments that

Acces PDF Collections Abc Abc Brevet

what makes us most human is slowly dying. Our days are filled with little but a continuous bombardment of "information," demands on our attention, that brings us out of our world and into one of inhumanity and

Acces PDF Collections Abc Abc Brevet

abstraction. We are losing entirely any palpable attachment to our physical reality. And we've also lost the original sense of a collective consciousness. This loss has been fomenting for two centuries now, dating back to the

Acces PDF Collections Abc Abc Brevet

rise of European powers and worldwide colonization. This has led to the notion that we need to define what is torture, an idea that not long ago would have seemed absurd, and need to pick our poisons among several

forms of radical
fundamentalisms, each one not
only a threat to the other but a
