Imagining Histories of Colonial Latin America

Colonial Latin America

A Symposium at Dumbarton Oaks, 2nd Through 4th October 1992

Contributing to the historiography of transnational and global transmission of ideas, *Connections after Colonialism* examines relations between Europe and Latin America during the tumultuous 1820s. In the Atlantic World, the 1820s was a decade marked by the rupture of colonial relations, the independence of Latin America, and the ever-widening chasm between the Old World and the New. *Connections after Colonialism*, edited by Matthew Brown and Gabriel

## File Type PDF Colonial Latin America

Paquette, builds upon recent advances in the history of colonialism and imperialism by studying former colonies and metropolises through the same analytical lens, as part of an attempt to understand the complex connections—political, economic, intellectual, and cultural—between Europe and Latin America that survived the demise of empire. Historians are increasingly aware of the persistence of robust links between Europe and the new Latin American nations. This book focuses on connections both during the events culminating with independence and in subsequent years, a period strangely neglected in European and Latin American scholarship. Bringing together distinguished historians of both Europe and America, the volume reveals a new cast of characters and

## File Type PDF Colonial Latin America

relationships ranging from unrepentant American monarchists, compromise seeking liberals in Lisbon and Madrid who envisioned transatlantic federations, and British merchants in the River Plate who saw opportunity where others saw risk to public moralists whose audiences spanned from Paris to Santiago de Chile and plantation owners in eastern Cuba who feared that slave rebellions elsewhere in the Caribbean would spread to their island. Contributors Matthew Brown / Will Fowler / Josep M. Fradera / Carrie Gibson / Brian Hamnett / Maurizio Isabella / Iona Macintyre / Scarlett O'Phelan Godoy / Gabriel Paquette / David Rock / Christopher Schmidt-Nowara / Jay Sexton / Reuben Zahler

Imagining Histories of Colonial Latin America teaches imaginative and

## File Type PDF Colonial Latin America

distinctive approaches to the practice of history through a series of essays on colonial Latin America. It demonstrates ways of making sense of the past through approaches that aggregate more than they dissect and suggest more than they conclude. Sidestepping more conventional approaches that divide content by subject, source, or historiographical “turn,” the editors seek to take readers beyond these divisions and deep into the process of historical interpretation. The essays in this volume focus on what questions to ask, what sources can reveal, what stories historians can tell, and how a single source can be interpreted in many ways. A highly readable survey of women's experiences in Latin America from the late fifteenth to the early nineteenth centuries.

Colonial Latin America Oxford University Press, USA

Essays in the Intellectual History of Colonial Latin America is a collection of eleven essays that have been adapted from Benjamin Keen's writings about Bartolomé de Las Casas and related topics in the intellectual history of colonial Latin America. It is an accessible introduction to colonial history and a critical guide to the literature in the field. In these essays, some of which have been updated and revised, Keen explores the literature and thought regarding Spain's influence on the New World. Some of his articles are themselves of historiographic significance because of their role in shaping current perceptions of colonial history, while others are distinguished for their bibliographic charting of recent debates on selected issues. Essays in the Intellectual History of Colonial Latin America will be a valuable

### **The Colonial Period in Latin American History**

Colonial Latin America: A Documentary History is a sourcebook of primary texts and images intended for students and teachers as well as for scholars and general readers. The book centers upon people-people from different parts of the world who came together to form societies by chance and by design in the years after 1492. This text is designed to encourage a detailed exploration of the cultural development of colonial Latin America through a wide variety of documents and visual materials, most of which have been translated and presented originally for this collection. Colonial Latin

## File Type PDF Colonial Latin America

America: A Documentary History is a revision of SR Books' popular Colonial Spanish America. The new edition welcomes a third co-editor and, most significantly, embraces Portuguese and Brazilian materials. Other fundamental changes include new documents from Spanish South America, the addition of some key color images, plus six reference maps, and a decision to concentrate entirely upon primary sources. The book is meant to enrich, not repeat, the work of existing texts on this period, and its use of primary sources to focus upon people makes it stand out from other books that have concentrated on the political and economic aspects. The book's

## File Type PDF Colonial Latin America

illustrations and documents are accompanied by introductions which provide context and invite discussion. These sources feature social changes, puzzling developments, and the experience of living in Spanish and Portuguese American colonial societies. Religion and society are the integral themes of Colonial Latin America. Religion becomes the nexus for much of what has been treated as political, social, economic, and cultural history during this period. Society is just as inclusive, allowing students to meet a variety of individuals-not faceless social groups. While some familiar names and voices are included-conquerors, chroniclers, sculptors,

## File Type PDF Colonial Latin America

and preachers-other, far less familiar points of view complement and complicate the better-known narratives of this history. In treating Iberia and America, before as well as after their meeting, apparent contradictions emerge as opportunities for understanding; different perspectives become prompts for wider discussion. Other themes include exploration and contact; religious and cultural change; slavery and society, miscegenation, and the formation, consolidation, reform, and collapse of colonial institutions of government and the Church, as well as accompanying changes in economies and labor. This sourcebook allows students and

## File Type PDF Colonial Latin America

teachers to consider the thoughts and actions of a wide range of people who were making choices and decisions, pursuing ideals, misperceiving each other, experiencing disenchantment, absorbing new pressures, breaking rules as well as following them, and employing strategies of survival which might involve both reconciliation and opposition.

Colonial Latin America: A Documentary History has been assembled with teaching and class discussion in mind. The book will be an excellent tool for Latin American history survey courses and for seminars on the colonial period.

Sexuality and the Unnatural in

## File Type PDF Colonial Latin America

Colonial Latin America brings together a broad community of scholars to explore the history of illicit and alternative sexualities in Latin America's colonial and early national periods. Together the essays examine how "the unnatural" came to inscribe certain sexual acts and desires as criminal and sinful, including acts officially deemed to be "against nature"—sodomy, bestiality, and masturbation—along with others that approximated the unnatural—hermaphroditism, incest, sex with the devil, solicitation in the confessional, erotic religious visions, and the desecration of holy images. In doing so, this anthology makes important and necessary

## File Type PDF Colonial Latin America

contributions to the historiography of gender and sexuality. Amid the growing politicized interest in broader LGBTQ movements in Latin America, the essays also show how these legal codes endured to make their way into post-independence Latin America.

2017 marked the 250-year anniversary of the expulsion of the Jesuits from Spanish territories.

The Jesuits made major contributions to the cultural and intellectual life of Latin America.

When they were expelled in 1767 the Jesuits were administering over 250,000 Indians in over 200 missions. The Jesuits pioneered interest in indigenous languages and cultures, compiling dictionaries

## File Type PDF Colonial Latin America

and writing some of the earliest ethnographies of the region. They also explored the region's natural history and made significant contributions to the development of science and medicine. On their estates and in the missions they introduced new plants, livestock, and agricultural techniques, such as irrigation. In addition, they left a lasting legacy on the region's architecture, art, and music. The volume demonstrates the diversity of Jesuit contributions to Latin American culture. Published works often focus on one theme or region that is approached from a particular disciplinary perspective. This volume is therefore unusual in considering not only the range of

## File Type PDF Colonial Latin America

Jesuit activities but also the diversity of perspectives from which they may be approached. It includes papers from scholars of history, linguistics, religion, art, architecture, cartography, music, medicine and science.

Ranging geographically from Tierra del Fuego to California and the Caribbean, and historically from early European sightings and the utopian projects of would-be colonizers to the present-day cultural politics of migrant communities and international relations, this volume presents a rich variety of case studies and scholarly perspectives on the interplay of diverse cultures in the Americas since the European

## File Type PDF Colonial Latin America

conquest. Subjects covered include documentary and archaeological evidence of cultural interaction, the collection of native artifacts and the role of museums in the interpretation of indigenous traditions, the cultural impact of Christian missions and the representation of indigenous cultures in writings addressed to European readers, the development of Latin American artistic traditions and the incorporation of motifs from European classical antiquity into modern popular culture, the contribution of Afro-descendants to the cultural mix of Latin America and the erasure of the Hispanic heritage from cultural perceptions

## File Type PDF Colonial Latin America

of California since the nineteenth century. By offering accessible and well-illustrated accounts of a wide range of particular cases, the volume aims to stimulate thinking about historical and methodological issues, which can be exploited in a teaching context as well as in the furtherance of research projects in a comparative and transnational framework.

Beyond Black and Red is the first book to deal primarily and specifically with relations between Africans and native peoples in colonial Latin America. Matthew Restall has collected nine essays that represent contributions to the larger fields of colonial Latin American history, African diaspora studies, and ethnohistory. Among the subjects addressed are marriage and miscegenation, identity and nomenclature, cultural exchanges, labor, and cooperation in resisting colonialism versus collaboration. The authors examine

## File Type PDF Colonial Latin America

core areas such as Mesoamerica, the Andes, and Brazil, and peripheral ones such as Florida, Colombia, and the Orinoco basin. The contributors find that relations between black and native peoples were sometimes harmonious, sometimes hostile, depending on local dynamics and individual agendas. Native and black soldiers fought sometimes as comrades, sometimes as adversaries, and couples in mixed marriages might identify as Indian or as black depending on where the advantage lay in a given society.

A brief general history of Latin America in the period between the European conquest and the independence of the Spanish American countries and Brazil serves as an introduction to this

## File Type PDF Colonial Latin America

quickly changing field of study. This book offers an examination of everyday life in the Iberian colonies of Central and South America—the indigenous peoples, their Spanish and Portuguese colonizers, and the Africans brought over as slaves. • Chronology of key developments in Latin American history, from the European arrival in 1492 to the independence period in the early 19th century • A glossary of roughly 50 terms, mostly Spanish or Portuguese, that are key to understanding daily life in the colonial era

What did it mean to be a man in colonial Latin America? More specifically, what did indigenous and Iberian groups think of men who had sexual relations with other men? Providing comprehensive

# File Type PDF Colonial Latin America

analyses of how male  
homosexualities were represented  
in areas under Portuguese and  
Spanish control, *Infamous Desire* is  
the first book-length attempt to  
answer such questions. In a study  
that will be indispensable for  
anyone studying sexuality and  
gender in colonial Latin America, an
