Winner of the Pulitzer Prize and the National Book Award, this novel about a resilient and courageous woman has become a Broadway show and a cultural phenomenon. A PBS Great American Read Top 100 Pick Celie has grown up poor in rural Georgia, despised by the society around her and abused by her own family. She strives to protect her sister, Nettie, from a similar fate, and while Nettie escapes to a new life as a missionary in Africa, Celie is left behind without her best friend and confidante, married off to an older suitor, and sentenced to a life alone with a harsh and brutal husband. In an attempt to transcend a life that often seems too much to bear, Celie begins writing letters directly to God. The letters, spanning twenty years, record a journey of self-discovery and empowerment guided by the light of a few strong women. She meets Shug Avery, her husband's mistress and a jazz singer with a zest for life, and her stepson's wife, Sophia, who challenges her to fight for independence. And though the many letters from Celie's sister are hidden by her husband, Nettie's unwavering support will prove to be the most breathtaking of all. The Color Purple has sold more than five million copies, inspired an Academy Award-nominated film starring Oprah Winfrey and directed by Steven Spielberg, and been adapted into a Tony-nominated Broadway musical. Lauded as a literary masterpiece, this is the groundbreaking novel that placed Walker "in the company of Faulkner" (The Nation), and remains a wrenching—yet intensely uplifting—experience for new generations of readers. This ebook features a new introduction written by the author on the twenty-fifth anniversary of publication, and an illustrated biography of Alice Walker including rare photos from the author's personal collection. The Color Purple is the 1st book in the Color Purple Collection, which also includes The Temple of My Familiar and Possessing the Secret of Joy. Readers are treated to a detailed introduction to Michael and his many appearances. "Langer, by the force of scholarship and literary precision rather than dogmatic affirmation and pathos, is one of the few writers, with the exception of significant poets and novelists, who unsettles both our customary language and conceptual instruments. His book is a moral as well as an intellectual act of a very high order." –Geoffrey Hartman, author of *The Longest Shadow*

*In this new volume, Langer—one of the most distinguished scholars writing on Holocaust literature and representation—assesses various literary efforts to establish a place in modern consciousness for the ordeal of those victimized by Nazi Germany's crimes against humanity. Essays discuss the film *Life Is Beautiful*, the uncritical acclaim of *Fragments*, the fake memoir by Benjamin Wilkomirski, reasons for the exaggerated importance still given to Anne Frank's *Diary*, and a recent cycle of paintings on the Old Testament by Holocaust artist Samuel Bak.*

Forgiving the Unforgivable

Raising her family in the turbulent '60s in a segregated rural Alabama town, Katie Parker understood the ugliness of racism and Jim Crow all too well. Her farm, which she shared with her activist husband, became her oasis, her retreat. Here, she had control. Here, she could witness God's handiwork in the beauty of the

land. Here, she was at peace. But it was a peace soon to be shattered. After a devastating and horrible event, Katie moves with three of her four children to a relative's house in a majority-white suburb of Los Angeles. Settling in, she was confident she had escaped the horrors of her hometown. But the memory of that horrible event, and the animosity and hatred it stirred in her, were not easily shaken. Though she escaped a segregated Southern town, racism and intolerance were not easily left behind. Oddly enough, it was her granddaughter's addiction to drugs that led Katie on a path causing her to confront her fears and prejudices and face head-on the past that she thought she had left behind. Katie's journey will introduce this generation to the ugly racism of the sixties and confront the racial realities that exist in the church today. The Color of Redemption will show readers how to break down these walls that separate Christians and deal with racial prejudice, not from a civil rights perspective, but a Christian world view dictated by the Bible.

The Christian life, says Richard Dahlstrom, should be guided by the intentional goal of blessing the lives of the friends, loved ones, and strangers in our midst. We are called to impact a culture that, for all the rhetoric about hope, is overwhelmingly preoccupied with personal peace, prosperity, protection, and survival. Christians should be artists who paint with the colors of hope in a broken world, embodying Christ's redemptive presence in our personal lives, our work, and our relationships. This inspiring and practical book offers tools for living out this vision in daily life, with special attention given to the challenges we face in staying focused on the mission of imparting hope to others even while dealing with our own personal issues. Anyone who wishes they could have an impact on the world will cherish this unique book.

Conventional approaches to Hinduism typically stress its classical religious tradition with an emphasis on the Brahmin texts and practices. Frequently neglected are the practices of lower caste Indians, the role of women in the culture, the religious life of village folk, devotion to the deity Rama, and the Sant tradition of North India. *The Many Colors of Hinduism* is the first introductory text to provide a balanced view of this rich religious tradition, acknowledging the full range of its many competing and even

contradictory aspects. Utilizing a thematic-historical approach, Carl Olson draws on a wide array of textual evidence, the fieldwork of anthropologists in close contact with insiders, and voices of thinkers ranging from Indologist Alf Hiltebeitel to Cambridge scholar Julius Lipner. The result is a narrative approach that offers a view of Hinduism that emulates the storytelling nature of the religion itself. Covering ancient times to the present and explaining important cultural metaphors, symbols, and narratives not generally found in other introductory textbooks, Olson offers students a new perspective of a religion that is more varied than most Westerners realize. *The Many Colors of Hinduism* will be essential reading for undergraduate courses in world or Asian religions.

"'No! Not another book on leadership!' That was my first reaction as I received the manuscript of this book. Upon careful reading, I came to realize that Dr. Enlow has artistically captured the essence of leading by influence and has presented it in a clear and colorful way. As a veteran leader, Dr. Enlow speaks from vast experience, but it is not merely subjective anecdotal experience. The book is firmly rooted in serious and current research. As I meet leaders from all over the globe, I am no longer hesitant what to recommend them to read." --Riad Kassis, director of Langham Scholars Ministry; international director of the International Council for Evangelical Theological Education

"This book under-promises and over-delivers with a powerful palette of leadership wisdom. But drop everything--right now--and read the warning in the last chapter on doxological leadership. ... It's that important." --John Pearson, consultant (www.johnpearsonassociates.com) and author of *Mastering the Management Buckets*

Skin Color: The Shame of Silence is a powerful and unapologetic indictment of our so-called post-racial moment and the hypocritical, bad faith, and myth-making discourses that underwrite it. Through a bold theorization of a radical form of Bildung or Paideia that refuses to settle for cognitive shallowness, epistemological fixity, and moral bankruptcy, Pritcher has crafted a herteroglossic and interdisciplinary text that is written with existential urgency through the recognition that bodies of color continue to suffer with great pain, angst, and alienation under the terror and gravity of white supremacy. *Skin Color* is nothing short of a clarion call for collective liberation of those whites, "those recovering racists," who are willing to take risks, to exercise vulnerability, and to be moved and ethically quickened by the ontological presence of those who have historically been, and continue to be, denied their humanity; it is a text that is unafraid to mark blind spots and critique our collective educational failures at challenging and possibly eradicating the color-line that continues to haunt us into the 21st century. --George Yancy, Professor of Philosophy Duquesne University George Yancy is

The Colors of Love is a collection of short stories that bring out the ugly side of Facebook by highlighting the tragedies, mysteries and lunacy people face in social media.

The Pulitzer Prize-winning author of The Color Purple weaves a "glorious and iridescent" tapestry of interrelated lives in this New York Times bestseller (Library Journal). In The Temple of My Familiar, Celie and Shug from The Color Purple subtly shadow the lives of dozens of characters, all dealing in some way with the legacy of the African experience in America. From recent African immigrants, to a woman who grew up in the mixed-race rainforest communities of South America, to Celie's own granddaughter living in modern-day San Francisco, all must come to understand the brutal stories of their ancestors to come to terms with their own troubled lives. As Walker follows these astonishing characters, she weaves a new mythology from old fables and history, a profoundly spiritual explanation for centuries of shared African-American experience. This ebook features an illustrated biography of Alice Walker including rare photos from the author's personal collection. The Temple of My Familiar is the 2nd book in the Color Purple Collection, which also includes The Color Purple and Possessing the Secret of Joy. From Character to Color was written to explore Critical Race Theory from logical, moral, and educational standpoints, as these relate to history, people and racial groups. This book is also written to explain reasons why it is a bad choice to allow the Critical Race Theory to grow unabated and continue to infect the nation.
