I am a true Jade Falcon... The leader of Clan Jade Falcon, Khan Malvina Hazen, is known throughout human-occupied space as a merciless tyrant hell bent on shattering and reforging the entire Inner Sphere in her own bloodthirsty image. The next target for her scorched-earth, take-no-prisoners Mongol Doctrine is the Lyran Commonwealth world of Coventry: a persistent stain on the Jade Falcons' history, and a system defended by legendary Lyran heroes. But not all Falcons subscribe to Malvina's twisted cult of personality. Ordered to take Coventry at any cost, Galaxy Commander Stephanie Chistu has no choice but to follow her orders and conquer the planet in Malvina's name. Stephanie wishes to see her Clan victorious, but no victory is worth the Jade Falcons losing their very soul. To stand up to Malvina's tyranny and find an honorable path for her Clan's future, Stephanie must balance the razor's edge between duty and honor—or she will die trying.

THE GAUNTLET IS THROWN... Hanse Davion and Melissa Steiner have united two Great Houses of the Inner Sphere in a marriage that upsets the balance of power among the stars. Though some hope this may bring an end to centuries of war, Maximilian Liao of the Capellan Confederation has enlisted the aid of two highly placed Davion traitors to destroy Hanse Davion and the Federated Suns from both within and without. But in the distant star chambers of the Capellan March and Draconis Combine, the warlords of Maximilian Liao are honoring a different and more deadly vow: to wage an unholy war that threatens to rip apart the vulnerable worlds of the Federated Suns. As Davion 'Mech commander Andrew Redburn and his mercenaries streak into battle, an explosive clash of metal and men signals the return of a formidable foe. Interstellar legend Yorinaga Kurita has returned to stake his claim as the most bloodthirsty warrior of all. For both men, it is do-or-die combat that could ensure the triumph of a glorious new alliance—or result in total annihilation...

It is a time of trials for the Marik-Stewart Commonwealth. Besieged by enemies on all sides, their once-mighty forces are struggling to survive—as is their leader... Anson Marik is at his wit's end. His Lyran enemies—aided by the mercenary warriors of Clan Wolf—are pressing on the borders of the Commonwealth. His chief tactician has resigned in the midst of the chaos. And his abilities as a leader are failing him. He's unable to summon up his legendary rage to focus his mind, and the loss couldn't have happened at a worse time. For his enemies are already on the move, taking the Commonwealth planet by planet, forcing Marik to pull his forces back in a bravely-fought running retreat. And if Marik cannot gather his strength to stop the invasion, his people will be doomed...

BEHIND THE LINES! The Civil War rages on, with deposed Prince Victor Steiner-Davion's forces bloodied from the recent defeats inflicted by his sister, Katrina. Worse still, Clan Jade Falcon has seized the opportunity to launch a determined offensive into the Lyran Alliance, destroying forces on both sides of the conflict. But Prince Victor has formed a daring plan of his own—hold the Falcons in check on the worlds they have already conquered and unleash a massive force under Major General Archer Christifori deep inside Clan space with the mission to cut the Falcon offensive off at its core. To succeed, Victor and Archer must convince one of Katrina's most loyal warriors—Lieutenant General Adam Steiner—to join the fight. But how can either side trust the enemy they have sworn to kill?

SEMPER FIDELIS In the year 3060, the reborn Star League has destroyed Clan Smoke Jaguar, conquered their home world

Huntress, and scattered the few remaining Jaguar warriors to the winds. Now the League seeks to end the Clan invasion for good by using former Smoke Jaguars against their own people. Meanwhile, two bitter enemies seek to salvage a future for the last Jaguars in existence: Trent, who betrayed his wayward Clan to help them regain their honor, and Paul Moon, a disgraced warrior torn between his pledged loyalty to the Star League and a duty to the Smoke Jaguar civilization he was born to protect. But power-hungry predators lurk in Clan space, waiting for the right time to strike the vulnerable Star League forces. And to the victor will go the spoils: the priceless artifacts of a destroyed Clan and the sacred genetics of the final generation of Smoke Jaguar warriors. Trent and Paul Moon must fight tooth and nail against would-be conquerors to save the soul of the surviving Jaguar people before they are consigned to the annals of history. But will their divergent plans tear the survivors apart, or lead them toward freedom?

A COST IS ALWAYS PAID... Nikolai Reed is a trader on a Lyran JumpShip plying the space lanes... Chloe Mason is a hot-shot tech with the Hsien Hotheads mercenaries... Leaving the Northwind Highlanders, MechWarrior Ryana Nikol fills a billet with the Eridani Light Horse... Disparate lives, but a unified dream that will bring them all together on a fateful course that will span decades, cover hundreds of light years, and involve love, friendship, and loss across a dozen worlds. Each will pay a price along the way, as a cost always comes due. The Mercenary Life anthology is a compilation of stories written by Randall N. Bills. Including tales from several different characters as they cross paths, and the dream to found a new mercenary command is born. Their unique lives showcase the struggles and trials of the men and women who take up the mercenary mantle from a variety of angles, all bound around that central vision. The first eight stories of this anthology were originally posted for free alongside the release of MechWarrior 5: Mercenaries, acting as the origin stories for the mercenary command within that computer game. This is the first time they have been compiled into a single volume to allow for a Print on Demand physical copy. Additionally, an all-new ninth story has been added—The Sun Will Rise—along with postscripts for every story that gives the reader insight into how stories are crafted within a shared universe between tabletop, computer games, and fiction that spans more than thirty years and tens of millions of words.

BETRAYED BY THEIR OWN KIND... The mercenary code was broken by the Gray Death Legion during their desperate fighting on the planet Caledonia. At least, that is the ruling of the courts. And the judges decide to hit below the belt—Grayson Carlyle, revered

leader of the now outlawed mercenary band, is stripped of his title and holdings, and the legion is banished from Glengarry, the planet they've called home for years. AND ON A HUNT FOR JUSTICE... All seems lost, but Carlyle and his legendary troop of hardened warriors know they've been set up—and they have a trump card yet to play. Their dangerous scheme just might work, with the help of House Steiner—and enough guts and firepower to restore the name and the might Gray Death Legion to its rightful place of honor. But should they fail, they could lose a great deal more than their reputation...

This volume addresses virtual reality (VR) -- a tantalizing communication medium whose essence challenges our most deeply held notions of what communication is or can be. The editors have gathered an expert team of engineers, social scientists, and cultural theorists for the first extensive treatment of human communication in this exciting medium. The first part introduces the reader to VR's state-of-the-art as well as future trends. In the next section, leading research scientists discuss how knowledge of communication can be used to build more effective and exciting communication applications of virtual reality. Looking ahead, the authors explore pioneering approaches to VR narratives, interpersonal communication, the use of 3D sound, and the building of VR entertainment complexes. In the final section, the authors zoom out to view the big picture -- the psychological, social, and cultural implications of virtual reality. Thought-provoking discussions consider important communication issues such as: * How will virtual reality influence perception of reality? * What are the legal issues defining communication in virtual reality? * What kind of cultural trends will this technology encourage?

ALL OR NOTHING... It is 3071, and holy Jihad rages in the Inner Sphere. Safe on worlds claimed two decades earlier, Clan Jade Falcon watches its enemies tear themselves apart. But a new threat is bearing down on the Falcons. Clan Ice Hellion, another of Kerensky's Clans, has traveled the winding Exodus Road to attack its warrior brethren—for while the Clans hunger to conquer the Inner Sphere, they are warriors, and they have little qualm warring amongst themselves for advantage. Khan Connor Rood of the Ice Hellions knows his Clan is taking a desperate risk. Victory over the Jade Falcons will give the Hellions a place in the Inner Sphere, new worlds to conquer and exploit. It will place them among those rarified Clans who are not trapped in the distant Clan homeworlds. It is a bold plan. It could easily fail. For the Jade Falcons have been warned of the Ice Hellions' approach, and powerful and veteran Jade Falcon BattleMechs are turning to meet them. Can Rood and his Hellions defeat the forewarned Falcons? With Jihad raging in front of them and genocidal wars of reaving consuming the Clan homeworlds behind them, can the Hellions survive?

ON THE HUNT AGAIN... It is the Dark Age—3139—and the famed mercenary regiments of Wolf's Dragoons have returned to the employ of House Kurita after a century of bitter enmity. Somehow, mercenaries and Kuritans must find a way to work together in a combined invasion of the Dragon's oldest enemy, House Davion. Thrust into the middle of this new conflict, Colonel Henry Kincaid is surprised by the commonalities—duty, honor, expediency—the Wolves and Combine forces share. But as the Wolves' lightning tactics and unstoppable drive brings world after Davion world under the Dragon's banner, old hatreds arise anew, and with them come insidious plots engineered to cause the mercenaries' downfall. Throughout the campaign, Colonel Kincaid struggles to rectify what he thought he had always known about the Kuritans with the truth he discovers while actually working with them. But when his forces are trapped on a Davion world with no way to escape and the regiments of House Davion closing in, can he pull another bit of genius from his hat, or will the battalions of Wolf's Dragoons be destroyed?

A RISKY INFILTRATION... Possessing precious secret information that will lead them down the Exodus Road, the Inner Sphere Successor States can now meet the Clans on their own terms...and behind enemy lines. The Herculean task of amassing enough power means re-establishing the legendary Star League—a union of Successor States and their BattleMechs led by Victor Steiner-Davion.

MAY BE BETRAYED BEFORE IT CAN EVEN BEGIN... But with the deadly game of politics make the Successor Lords wary of alliance, and Victor's Machiavellian sister, Katrina Steiner, hatching more vicious plots to further her own agendas, the war against the Clans may only be a distraction from the real danger...

The field equipment of the German Army in World War II was closely related to that used throughout World War I and earlier, yet it was of relatively light weight, ruggedly constructed, well designed, functional, and generally of a high quality, though this deteriorated in the later war years. A high degree of design standardisation was maintained in most categories of equipment,

though materials and their colours often varied widely. There were also many different specialisations for the various arms of service as well as theatres of combat, such as the Afrikakorps in the Western Desert. This title investigates all manner of German combat equipments throughout World War II, from belt buckles to magazine pouches.

The Saga Continues! Knight Errant Alexi Holt is assigned to defend Wyatt for The Republic. But her greatest challenge is to protect Tucker Harwell—a genius possessing unmatched HPG skills—from the invaders who will certainly try to capture him for his knowledge. Both the Oriente Protectorate and Clan Spirit Cat have an interest in Wyatt; the first seeks to control the man who can fix an HPG, the other seeks a safe haven. Unsavory characters will also step forward: after all, though a reactivated HPG makes Wyatt a target, Tucker Harwell is the biggest prize of all.

In the chaos of the interstellar communications blackout, the Capellan Chancellor has sent operative Mai Wa to help freedom fighter Evan Kurst liberate his homeworld. But Mai has betrayed Kurst before, and Evan's biggest problem is knowing who to trust in a world where today's ally is tomorrow's enemy.

A RACE TO VICTORY... Terra. Birthplace of humankind. Cradle of the Inner Sphere. For centuries, it has been the Clans' ultimate prize. As prophesied by their founder, Nicholas Kerensky, the Clan that conquers Terra shall ascend above all others to become the ilClan, ruler over the rest of the Clans. And its leader shall become the ilKhan, and will lead the Inner Sphere into a new era. And now, nearly a century after the Clan Invasion, two Clans race to be the first to reach Terra and the ultimate prize. On one side is Alaric Ward, Khan of Clan Wolf, a brilliant warrior and complex mix of the best of the Clans and the Inner Sphere. He comes

to save the Inner Sphere from itself, intending to construct a new empire among the stars. His main adversary is Chingis Khan Malvina Hazen, the brutal, ruthless leader of Clan Jade Falcon. Forged in a tradition where only the strong survive, she leads her touman not to save the Inner Sphere, but to raze it to ashes and rebuild it according to her own twisted vision. All that stands between them and a decisive victory that will reshape the Inner Sphere forever is the impenetrable barrier shielding Terra from invasion, not to mention the forces of the once-mighty Republic, which has no plans to surrender without a vicious fight...the only question is, who will reach Terra first?

ONE WAR ENDS...AND ANOTHER BEGINS... For Ezra Payne and the Stealthy Tiger mercenaries, professionalism is everything. Hired to assist in the bitter, bloody fighting on the planet Hall, they quickly earn a decisive victory for their employer. They settle afterward in for a needed period of rebuilding, and a few months' peace before moving on to the next contract. But their respite does not last. More mercenaries, hired by the Allied Mercenary Command itself, land on Hall. They believe the Tigers' employer to be league with the Word of Blake, a shadowy interstellar organization that worships technology, and which has been building its own empire among the worlds around Terra. The Tigers want nothing of this battle, but war rages across the Inner Sphere. The hard-fought cease-fire cannot last, even on Hall, and when every faction is embittered and fueled by fervor, peace has no chance at all. As a new conflict erupts, will the Stealthy Tigers' BattleMechs be enough to save them? Or will the looming threat of renewed war engulf them in its fiery embrace?
