

Comic Books And The Cold War 1946 1962 Essays On Graphic Treatment Of Communism The Code And Social Concerns

In this thorough history, the author demonstrates, via the popular literature (primarily pulp magazines and comic books) of the 1920s to about 1960, that the stories therein drew their definitions of heroism and villainy from an overarching, nativist fear of outsiders that had existed before World War I but intensified afterwards. These depictions were transferred to America's "new" enemies, both following U.S. entry into the Second World War and during the early stages of the Cold War. Anti-foreign narratives showed a growing emphasis on ideological, as opposed to racial or ethnic, differences—and early signs of the coming "multiculturalism"—indicating that pure racism was not the sole reason for nativist rhetoric in popular literature. The process of change in America's nativist sentiments, so virulent after the First World War, are revealed by the popular, inexpensive escapism of the time, pulp magazines and comic books.

Ages of Heroes, Eras of Men explores the changing depiction of superheroes from the comic books of the 1930s to the cinematic present. In this anthology, scholars from a variety of disciplines - including history, cultural studies, Latin American studies, film studies, and English - examine the superhero's cultural history in North America with attention to particular stories and to the historical contexts in which those narratives appeared. Enduring comic book characters from DC and Marvel Comics including Superman, Iron Man, Batman, Wonder Woman and the Avengers are examined, along with lesser-known Canadian, Latino, and African-American superheroes. With a sweep of characters ranging from the Pulp Era to recent cinematic adaptations, and employing a variety of analytical frameworks, this collection offers new insights for scholars, students, and fans of the superhero genre. The anthology comprises three chronologically-divided sections corresponding to the well-established distinction in comics of the Golden Age, Silver Age, and Modern Age. Section I, "Defending the American Way," connects the emergence of the new superhero genre to the social, political, and economic issues of the Progressive Era, the Great Depression, and World War II. Section II, "Crisis of Consensus," examines the rebirth and evolution of the superhero comic in the context of Cold War anxiety. Section III, "The Modern Age," explores the ongoing development of the superhero in the post-Cold War world, with a narrowed but more sophisticated comic book readership and ultimately an expanded new audience in other media.

He's been Bucky and Captain America - now, James Barnes returns to the role of the Winter Soldier! They're the super-spies of the Marvel Universe - and when ex-Russian sleeper agents awaken, Bucky and the Black Widow must go on the hunt for men trained by the Winter Soldier himself. But when the trail leads to Latveria, Bucky comes face-to-face with Dr. Doom! Can Bucky and the Widow prevent war with Latveria? Can Bucky stop the sleepers he himself trained? Eisner Award-winning writer Ed Brubaker and superstar artist Butch Guice kick off an explosive new era for Bucky Barnes! Collecting FEAR ITSELF #7.1: CAPTAIN AMERICA and WINTER SOLDIER #1-5.

The mind-bending conclusion to the exhilarating new series by JEFF LEMIRE and ANDREA SORRENTINO! Our animal astronauts make a final attempt to return to Earth as their allies on the ground fight desperately to guide them home.

Comic Books and the Cold War, 1946-1962

Spawn #119

Ripped out of retirement by an assassination attempt, the world's most deadly spy—Black Kaiser—is on a collision course with a stab-happy torture expert and a seductive but deadly redhead. His mission only ends if he dies or kills everyone out to get him, and he's not in the habit of dying. This webcomic hit has been rescripted for print! * A guns-blazing espionage action-adventure in the grand tradition of Jim Steranko and Frank Miller. * By Victor Santos (Mice Templar)! "A beautiful, if bloody, webcomic... an engaging experiment in color, style, and wordless storytelling."—CBR's Robot 6

He's been Bucky and Captain America - now, James Barnes returns to the role of the Winter Soldier! When ex-Russian sleeper agents awaken, the trail leads to Latveria... and Winter Soldier and the Black Widow come face-to-face with Dr. Doom! Can Marvel's super-spies prevent war with Latveria? Can Bucky stop the sleepers he himself trained? Old enemies resurface with new identities, and Winter Soldier and Black Widow's hunt gets personal in the aftermath of a savage murder. COLLECTING: FEAR ITSELF 7.1: CAPTAIN AMERICA, WINTER SOLDIER 1-14

In the 1940s and '50s, comic books were some of the most popular—and most unfiltered—entertainment in the United States. Publishers sold hundreds of millions of copies a year of violent, racist, and luridly sexual comics to Americans of all ages, until a 1954 Senate investigation led to a censorship code that nearly destroyed the industry. But this was far from the first time the US government actively involved itself with comics—it was simply the most dramatic manifestation of a long, strange relationship between high-level policy makers and a medium that even artists and writers often dismissed as a creative sewer. In Pulp Empire, Paul S. Hirsch uncovers the gripping untold story of how the US government both attacked and appropriated comic books to help wage World War II and the Cold War, promote official—and clandestine—foreign policy, and deflect global critiques of American racism. As Hirsch details, during World War II—and the concurrent golden age of comic books—government agencies worked directly with comic book publishers to stoke hatred for the Axis powers while simultaneously attempting to dispel racial tensions at home. Later, as the Cold War defense industry ballooned—and as comic book sales reached historic heights—the government again turned to the medium, this time trying to win hearts and minds in the decolonizing world through cartoon propaganda. Hirsch's groundbreaking research weaves together a wealth of previously classified material, including secret wartime records, official legislative documents, and caches of personal papers. His book explores the uneasy contradiction of how comics were both vital expressions of American freedom and unsettling glimpses into the national id—scourged and repressed on the one hand and deployed as official propaganda on the other.

Pulp Empire is a riveting illumination of underexplored chapters in the histories of comic books, foreign policy, and race.

"Paul Hirsch's revelatory book opens the archives to show the complex relationships between comic books and American foreign relations in the mid-twentieth century. Scourged and repressed on the one hand, yet co-opted and deployed as propaganda on the other, violent, sexist comic books were both vital expressions of American freedom and upsetting depictions of the American id. Hirsch draws on previously classified material and newly available personal records to weave together the perspectives of government officials, comic-book publishers and creators, and people in other countries who found themselves on the receiving end of American culture"--

OTH this story will be remembered for years to come.0 NComicosity COLD HEART. The wedding of the century is over. Batman took the long walk down the aisle for Catwomanand now his life has been shaken to its core. COLD FACTS. But this blow is just the beginning. Called to serve on the jury for the trial of Mr. Freeze, Bruce Wayne finds himself confronted with questions about his costumed alter ego0s excessive forceleaving him contemplating hanging up the cape and cowl for good. COLD BLOOD. With Bruce sidelined, Dick Grayson0Batman0s original sidekick and closest friend0puts aside his Nightwing role and assumes the mantle of the Dark Knight himself, putting him on the front linesand in great danger. COLD WAR. The Russian assassin called the KGBeast is back, and now this relic of geopolitical warfare is rampaging through Gotham City with an anonymous puppet master pulling his strings. Facing broken hearts, broken bodies and an identity crisis like no other, can Bruce and Dick stop a cold war before they catch their deaths? Critically acclaimed writer Tom King (Mister Miracle) continues his landmark run on one of comics0 most iconic heroes in Batman Vol. 8: Cold Days, featuring stunning work from superstar artists Lee Weeks (Batman/Elmer Fudd Special), Matt Wagner (Trinity) and Tony S. Daniel (Batman R.I.P.).

Now Netflix Movie with Mads Mikkelsen. A Cold War espionage agent with ice in his veins comes to the United States aiming to take out a political target, but the mission is never what it seems. The Black Kaiser, a name whispered in dark corners amongst power czars across the globe. A cold knife in the dark. A secret agent. Delve into the origin of the most feared assassin as his current mission lands him on American soil and in direct conflict with the nefarious agency known as the Damocles Initiative. New York Times Bestseller Victor Santos (Filthy Rich, Violent Love) takes you back to the beginning with the origin of his iconic character Black Kaiser! A violent and fast-paced thriller. Now a Major Motion Picture. Polar: The Origin of the Black Kaiser from Planeta-de-Agostini comics 2009

A dramatic new Alien novel, as Weyland-Yutani seeks to recover from the failure of Hadley's Hope, and successfully weaponize the Xenomorphs. With the failure of Hadley's Hope, Weyland-Yutani has suffered a devastating setback—the loss of the Aliens they aggressively sought to exploit. Yet there's a reason the Company has risen to the top of the food chain. True to form, they have a redundancy already in place... the facility known as The Cold Forge. Remote station RB-232 has become their greatest asset in weaponizing the Xenomorphs. However, when Dorian Sudler is sent to RB-232 to assess their progress, he discovers that there's a spy aboard—someone who doesn't necessarily act in the company's best interests. For Dorian, this is the most unforgivable of sins. When found, the perpetrator will be eliminated with extreme prejudice. If unmasked, though, this person may be forced to destroy the entire station... and everyone on board. That is, if the Xenomorphs don't do the job first...

Conventional wisdom holds that comic books of the post-World War II era are poorly drawn and poorly written publications, notable only for the furor they raised. Contributors to this thoughtful collection, however, demonstrate that these comics constitute complex cultural documents that create a dialogue between mainstream values and alternative beliefs that question or complicate the grand narratives of the era. Close analysis of individual titles, including EC comics, Superman, romance comics, and other, more obscure works, reveals the ways Cold War culture—from atomic anxieties and the nuclear family to communist hysteria and social inequalities—manifests itself in the comic books of the era. By illuminating the complexities of mid-century graphic novels, this study demonstrates that postwar popular culture was far from monolithic in its representation of American values and beliefs.

The Comics Stripped

Cornell City has been home to plenty of super-villains over the yearsEnough to keep even the Fastest Man Alive running ragged! But of all of the Flash0s notorious gallery of Rogues, none is cooler than the parka-clad, cold-ray-packing Leonard SnartN/a.k.a. Captain Cold! For more than six decades, this frosty felon has confronted every incarnation of the Scarlet Speedster0and resisted all attempts to curtail his frigid schemes. Now0finally!0Captain Cold0s chillest capers have been assembled into a single definitive volume, including tales such as 0The Coldest Man on Earth,0 0Occupain Cold0s Polar Perils,0 0Absoluate Zero,0 0Cold-Hearth0 and 0Best Served Cold0! Return to the Ice Age of Comics with Flash Rogues: Captain Cold, collecting a host of highlights from the Captain0s frostbitten careerNas freeze-framed by John Broome, Gardner Fox, Carmine Infantino, Geoff Johns, Scott Kolins, Francis Manapul and more!

Slex is a talking gargoyale on a cathedral in Scotland who moonlights as a detective, assisted by a team of Scottish street urchins who do the grunt work.

Back in the 1950s during the "Cold War" every new day beckoned the possibility of the end of the world. Kids grew up in the shadow of bomb shelters and were treated to daily lessons at school on what to do in the event of a nuclear attack. Americans were besieged by constant reminders to police our borders, to carefully watch out for "foreigners" who might be spies, and to be ever vigilant in preparing to combat the "red" menace of communism. Comic books of this era played on these fears with stories of atomic war and world war III. This new historic reprint looks back at those good ole days, which can be viewed in the perspective of today's political climate. This volume reprints the complete runs of Atomic War! and World War III and can be read merely as great action/adventure stories, classic "war" comics or as an eerie, unanticipated commentary on today's tribulations. SPECIAL NOTE: If these extremely rare books were purchased at your local comic shop they would cost well over \$1000 in low grade condition!

Comic Book Masculinities

HILARIOUS PARODIES OF CLASSIC LITERATURE REIMAGINED WITH CLASSIC COMICS Masterpiece Comics adapts a variety of classic literary works with the most iconic visual idioms of twentieth-century comics. Dense with exclamation marks and lurid colors, R. Sikoryak's parodies remind us of the sensational excesses of the canon, or, if you prefer, of the economical expressiveness of classic comics from Batman to Garfield. In "Blond Eve," Dagwood and Blondie are ejected from the Garden of Eden into their archetypal suburban home; Oscar Wilde's Dorian Gray is reimagined as a foppish Little Nemo; and Camus's Stranger becomes a brooding, chain-smoking Golden Age Superman. Other source material includes Dante, Shakespeare, Dostoyevsky, bubblegum wrappers, superhero comics, kid cartoons, and more. Sikoryak's classics have appeared in landmark anthologies such as RAW and Drawn & Quarterly, all of which are collected in Masterpiece Comics, along with brilliant new graphic literary satires. His drawings have appeared on The Daily Show with Jon Stewart, as well as in The New Yorker, The Onion, Mad, and Nickelodeon Magazine.

During the Golden Age of comics, publishers offered titles supporting the war effort -- presenting fighting men and their feminine counterparts -- babes in arms! Comic books during this period featured US service-women fighting all of the axis bad guys and gave several of the most noteworthy women artists of the era opportunities to create action-packed, adventure-filled, four-color stories. Now for the first time renowned pop-culture historian Trina Robbins assembles comic book stories by artists Barbara Hall, Jill Elgin, Lilly Renee, and Fran Hopper together with insightful commentary and loads of documentary extras to create the definitiive book chronicling the work of these important Golden Age artists. This magnificent art book offers page-after-page of good girl action!

Portrays the role of comic books in shaping American youth and pop culture, from Batman's struggles with corrupt politicians during the Depression to Iron Man's Cold War battles.

Winter comes for the White Widow and the Red Guardian! Russia is cleaning house -- and when the Red Guardian starts hunting down state secrets, he finds himself square in his country's crosshairs -- dragging the White Widow along with him. The motherland has new heroes now...and not even the Red Room could have prepared Alexei Shostakov and Yelena Belova for this terrible retribution. Now, it's a race across Russia as the Winter Guard rush to Red Guardian's hometown, in hopes of discovering the secrets of project Snowblind. But with the Crimson Dynamo in critical condition, can the Guard keep it together to uncover the truth before time runs out? Bold twists and bombastic action abound as Russia's mightiest protectors dig deep into their nation's dirtiest secrets! COLLECTING: Winter Guard (2021) 1-4

From Magdalene Visaggio, the Eisner and GLAAD Media Award-nominated writer of the breakout hit Kim & Kim and creator of SyFy Channel's Vagrant Queen, and Prometheus' Andrea Mutti comes this 1980s meta-horror homage focusing on how trauma affects victims of slashers and never leaves decades later. Years ago, Denise Stokes was the sole survivor of the brutal Winter Man massacre, in which several young adults were slaughtered during a powerful blizzard in Wisconsin. Now, in present day, Denise has tried to bury the past behind her, while the world around her has become obsessed with the murders through a popular film franchise called Snow Day. And as the anniversary of the killings approaches, Denise finds herself in a dark place as she begins to see the Winter Man show up again and the difference between what's real and what isn't begins to collapse around her.

Follows the trajectory of the breakdown of the Cold War civil consensus after 1960 through the lens of superhero comic books developed by Marvel. Simultaneous.

A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim.

Superheroes and the American Experience

Babes in Arms

"From the beginnings of the Cold War in the latter half of the 1940s through the mid-1960s, American comic books -- basically a form of children's popular literature -- reflected official government policy and public attitudes toward Communism, the U.S.S.R., and "Red" China. After the mid-1960s, the increasingly divisive war in Vietnam interacted with societal changes in the U.S. and a growing audience of adolescents and young adults to influence mainstream American comic books to become less ideologically homogeneous."--Abstract.

Comic Books Incorporated tells the story of the US comic book business, reframing the history of the medium through an industrial and transmedial lens. Comic books wielded their influence from the margins and in-between spaces of the entertainment business for half a century before moving to the center of mainstream film and television production. This extraordinary history begins at the medium's origin in the 1930s, when comics were a reviled, disorganized, and lowbrow mass medium, and surveys critical moments along the way--market crashes, corporate takeovers, upheavals in distribution, and financial transformations. Shawna Kidman concludes this revisionist history in the early 2000s, when Hollywood had fully incorporated comic book properties and strategies into its business models and transformed the medium into the heavily exploited, exceedingly corporate, and yet highly esteemed niche art form we know so well today.

The fascist Saurian soldiers of the Varanid Empire--part dinosaur, part man, all bad news--have seized control of the Lost Valley, and only the mysterious man known as Turok is willing to stand against them! But the all-new Turok only cares about one thing: he's on a quest to track down a missing girl -- and she might hold clues as to how the Lost Valley has changed so much! Now Turok must infiltrate a prison camp run by the Varanid Empire in order to get more information about her whereabouts -- and beware, any Varanid soldier who gets in his way -- because there's a reason they call him the Dinosaur Hunter!

The free online guide written by KaptainMyke has been released for the first time in print! Learn the hidden underground secrets of cleaning and pressing comic books. This book contains all of the vast information covered online at www.kaptainmyke.com and includes all new, never before seen material. Properly photograph and handle comic books to prevent damage. Obtain the highest grades possible when submitting to grading companies. Learn how to prescreen and inspect comic books with precision. Know the difference between pressable and unpressable defects. Learn about restoration detection and how you can avoid potential risks. Become informed on the dangers of bad pressing and what you can do to prevent damage to comic books. The cleaning and stain removal tips inside will provide extra value to your books. This book is filled with full color pages that include tips and real world examples for your review. Fix your mistakes and prevent future potential mistakes as you practice. Utilize and follow guidance from formula pages based off year and type of paperstock.

Inspection forms, a flow chart and pressing matrix diagram are included as brand new content to guide you along every step of the learning process. All pages are color coded and easy to understand for anyone who has never attempted cleaning or pressing comic books. Suppose you could tell if a graded comic book has been cleaned and pressed -- without ever having to open it? What if there were grading notes that could immediately give you clues for pressing potential? This book covers all of that and more! Everything included inside this book guarantees a clean blue universal graded label using no restoration techniques or tricks. You are guaranteed to improve the condition and grade of any comic book using the procedures outlined in this guide. If you collect comic books, this book is for you.

Originally published in the midst of the cold war, Is This Tomorrow is a classic example of red scare propaganda. The story envisions a scenario in which the Soviet Union orders American communists to overthrow the US Government. Charles Schulz contributed to the artwork throughout the issue. Reprinted here for the first time in 70 years.

AN OBSERVER BEST DEBUT NOVELIST OF 2021 "Seductive . . . Gorgeous" The Times "Gives voice to one of fiction's most conspicuously absent women." iWord has come. King Lear is dead. His three daughters too, broken in battle. But someone has survived: Lear's queen. Though her grief and rage threaten to crack the earth open, she knows she must seek answers. Why was she exiled? What has happened to Kent, her oldest friend? And what will become of her now? To find peace she must reckon with her past and make a terrible choice -- one upon which her destiny rests.

James "Bucky" Barnes lived to serve the United States right up to his untimely death at the close of WWII. Captain America presumed his young partner perished in a fiery act of self-sacrifice, but the Russians recovered his preserved body from the icy waters and made him a soulless Soviet operative. Bucky ultimately escaped that life, but the shadow of the Winter Soldier looms large. Now, Rick Remender and Roland Boschi revisit the height of the Cold War in Winter Soldier: The Bitter March.

Old foes with new agendas are tormenting Spawn, drawing him down a road he may not be prepared to travel. Only Spawn's one-time mentor, Cog, now dying, can offer insight into the complex web being woven. Will revisiting the mistakes he made as a man relieve the pain that haunts Spawn in death? Or are some wounds too deep to ever heal?
