Ten year old Edwin is surprised to learn that he will be travelling to America on the famous new Titanic. Even more shocking is that he will be going with grandparents he has never known. Why does his mother want to send him away? Edwin explores the ship, meeting men such as Thomas Andrews, Bruce Ismay, and Captain Smith. Along the way, he also learns secrets about his own family's past. When the ship sinks and Edwin ends up in a lifeboat separated from everyone he knows, he wonders if he has survived the worst only to be abandoned in the middle of the Atlantic.

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooley Alerts! Watch for Hooley Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA ***** The Simple Board Member Orientation Process Using This Book: 1.Your board members read Chapters 1-9 of the book, which will provide them with insights regarding the key elements of nonprofit board service. 2.You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3.You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!

Three college roommates try to live and enjoy their student lives while caught up in the frenzy of casual drug use, recreational sex, lacrosse, rock and roll music, political activism, riots, and race relations during the tumultuous 1969-70 school year in the unique student community of Isla Vista.

So You Think You're Smart is an eclectic collection of word games, riddles and logic puzzles to tantalize, tease and boggle the brains of readers of all ages and educational levels. The brain teasers are about ordinary words and things that everybody knows about so only common sense and a bit of resourcefulness are needed to solve them. The book is in its 17th printing and has appeared on Saturday Night Live.

The original 1818 text of Mary Shelley's classic novel, with annotations and essays highlighting its scientific, ethical, and cautionary aspects. Mary Shelley's Frankenstein has endured in the popular imagination for two hundred years. Begun as a ghost story by an intellectually and socially precocious eighteen-year-old author during a cold and rainy summer on the shores of Lake Geneva, the dramatic tale of Victor Frankenstein and his stitched-together creature can be read as the ultimate parable of scientific hubris. Victor, "the modern Prometheus," tried to do what he perhaps should have left to Nature: create life. Although the novel is most of ten discussed in literary-historical terms—as a seminal example of romanticism or as a groundbreaking early work of science fiction—Mary Shelley was keenly aware of contemporary scientific developments and incorporated them into her story. In our era of synthetic biology, artificial intelligence, robotics, and climate engineering, this edition of Frankenstein will resonate forcefully for readers with a background or interest in science and engineering, and anyone intrigued by the fundamental questions of creativity and responsibility. This edition of Frankenstein pairs the original 1818

version of the manuscript—meticulously line-edited and amended by Charles E. Robinson, one of the world's preeminent authorities on the text—with annotations and essays by leading scholars exploring the social and ethical aspects of scientific creativity raised by this remarkable story. The result is a unique and accessible edition of one of the most thought-provoking and influential novels ever written. Essays by

Elizabeth Bear, Cory Doctorow, Heather E. Douglas, Josephine Johnston, Kate MacCord, Jane Maienschein, Anne K. Mellor, Alfred Nordmann

There are arch angels, and there are fallen ones. One managed to have human like children that served special purposes. The book is a thriller for me, and a crime novel to others. The effects of this book depends on the reader's level and maturity. Nevertheless, events of those days are accurate.

Unlike traditional grammar books that emphasize sentence analysis, this workbook asks students to imitate the sentence styles of professional writers, making the sentence composing process enjoyable and challenging.

Provides exercises designed to stimulate vocabulary growth, offers specially designed sections to build skills required for standardized tests, and introduces three hundred new words.

Growing up Hippie is a personal memoir of a young girl named Anastasia who was born and raised during the early hippie era. Packed full of fascinating and unusual childhood events, her story very candidly portrays the unconventional and controversial lifestyle of the early hippie culture. Anastasia gives a voice to a generation who are the offspring from the first wave of hippies. A tell-all story of what life was like being a hippie kid. From living

in communes to experiencing the spiritual New Age, her story will captivate you. Aside from personal experiences, this book sheds light on the hippie culture itself. Based on her own interpretation, Anastasia weaves a colorful narration of her take on hippie life and the foundation of the hippie culture.

No one is born with good writing skills. It takes time to learn proper writing techniques and a great deal of practice to improve your skills. Our exercises allow you to improve writing and grammar skills while rewriting real world English passages. The English passages included in this book are mostly workplace oriented. Therefore they are more suitable for working adults. Rewrite the passages as directed. One suggested answer is provided for each passage. As there is no 'best' way to write and rewrite (to be honest, there's simply no particular way), it is recommended that you try your best and rephrase or restructure the sentences as needed. You may write several different versions and then decide which one operates best for your purposes. We assume that your basic grammar is accurate and that you have a minimal level of skills writing and going into detail. You should be able to read and write basic information, and use individual words and phrases in familiar situations.

One day two teens, Aidan and Jessica, discover and get in possession an advanced scientific device, an anti-gravity belt, created by Jessica's father who is a electronics engineer. This device has the potential of great benefits to society as well as destructive possibilities. This attracts the attention of many government agencies who want to get their hands on it at all costs.

Lucy Colkins and her colleagues at the Reading and Writing Project have helped thousands of educators design their own pathways to the Common Core. Now, with Pathways to the Common Core, they are ready to help you find your way. Designed for teachers, school leaders, and professional learning communities looking to navigate the gap between their current literacy practices and the ideals of the Common Core, Pathways to the Common Core will help you: understand what the standards say, suggest, and what they don't say; recognize the guiding principles that underpin the reading and writing standards; identify how the Common Core's infrastructure supports a spiraling K-12 literacy curriculum; and scrutinize the context in which the CCSS were written and are being unrolled. In addition to offering an analytical study of the standards, this guide will also help you and your colleagues implement the standards in ways that lift the level of teaching and learning throughout your school.

Are you very talented and creative but cannot find the willpower, drive and motivation to achieve your dreams? Procrastination is the problem. This book is your answer. There is nothing that depresses productivity and stunts personal development more than procrastination. Yet, procrastination creeps slowly and meekly into our lives through the very same shortcuts that we engaged to allow us comfort and convenience - bad habits. This book, "Procrastination: Overcome the bad habits of procrastination and laziness and become more productive" has been specifically written to enable you kick out procrastination, regain your productivity and achieve your full potential. The book starts by introducing you to what procrastination really is and provides you with telling signs of procrastination, some of them often hidden and uneasy to detect. It further cautions you on the pitfalls you are likely to fall into should you not be careful and the negative effects of procrastination. Most people never realize that they are procrastinators. Never assume you are not one unless you prove it. A simple, yet powerful self-diagnosis procrastination test kit has been devised for you. Should you find yourself not a procrastinator, that would be great for you. However, it does not end there. You can use the same kit to help your family, friends and loved ones who could be suffering from procrastination without knowing it. Discovery is the best way to finding a lasting solution. The best way to confront a disease it to go beyond its symptoms and attack its root causes. Some of the root causes may be common to all procrastinators while others could be unique to each procrastinator. Nonetheless, this book provides all likely causes of procrastination so that you can review and evaluate your very own condition and determine the most likely causes of your procrastination. Once you determine the root causes of your procrastination, the next obvious step is to heal it. This book provides you with the most elaborate, powerful and effective ways to overcome procrastination. Procrastination is an aggregate collection of bad habits which results into you delaying your decision or action without prudence. Like all bad habits, the best way to overcome procrastination is to engender good daily habits that will help you to prevent, avoid or nullify bad habits. Powerful and effective daily habits have been prescribed, which, if you diligently employ, will permanently keep off procrastination from your life. Lastly, but not least, every endeavor has a reward. The rewards of overcoming procrastination are immense and unlimited. Yet, this book provides you with the most obvious rewards that you will gain in the most prominent facets of your life - health, relationships and money. Enjoy reading.

"International Taxation in America" presents the most complete and indispensable guide to international taxation available in today's market. Author Brian Dooley, CPA, is a seasoned tax researcher and specialist in international tax and is among the very few experts who have experienced hundreds of international tax audits without a loss. Covering international taxation for businesses, the taxation of shareholders of foreign corporations, foreign tax credits, cross-border estate planning, and much more, Dooley offers meticulous research and clear explanations of hundreds of international tax-related issues. Whether the subject is tax haven corporations and trusts, reducing taxes through tax treaties, learning how Americans are taxed abroad, or estate planning for multi-national families, Dooley explains the subject in thorough and clear language. "International Taxation in America" provides valuable lessons for your enrichment, including useful links to help guide you online. You'll receive the level of information and expertise required to avoid mistakes and IRS scrutiny.

When a little chick leaves the flock, he stumbles on to an adventure that will change him forever. This charming bilingual Spanish-English picture book is a cute read for little explorers.

The non-fiction Common Core aligned readings and primary source Document Pamphlet series: Discovering America is designed to help students read for information and think critically while forming their own ideas. Students and adults alike will discover history by looking at artifacts constructed by the people who shaped the United States of America. Perfect for any classroom, from Fifth Grade to college, this series engages students and prompts them to think for themselves, question, reflect and gain a deeper understanding of history. In this edition, students discover the prolific Patrick Henry -- who some historians credit as firing the first figurative shot of the Revolution in his fiery 'Give Me Liberty or Give Me Death' speech. Read select letters written by Henry, engage in his oratory, learn about his life and decide for yourself the impetus behind a man called one of the greatest Patriots in the history of America.
