

Compact Reader Kaba

Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933.

“The queer memoir you’ve been waiting for”–Carmen Maria Machado Grace Lavery is a reformed druggie, an unreformed omnisexual chaos Muppet, and 100 percent, all-natural, synthetic female hormone monster. As soon as she solves her “penis problem,” she begins receiving anonymous letters, seemingly sent by a cult of sinister clowns, and sets out on a magical mystery tour to find the source of these surreal missives. Misadventures abound: Grace performs in a David Lynch remake of Sunset Boulevard and is reprogrammed as a sixties femmebot; she writes a Juggalo Ghostbusters prequel and a socialist manifesto disguised as a porn parody of a quiz show. Or is it vice versa? As Grace fumbles toward a new trans identity, she tries on dozens of different voices, creating a coat of many colors. With more dick jokes than a transsexual should be able to pull off, Please Miss gives us what we came for, then slaps us in the face and orders us to come again.

The Koren Siddur, originally published in 1981, has been completely re-typeset for maximum clarity and legibility. Teams of rabbis, scholars, and designers from Israel, North America, and Britain have worked for nearly three years updating and researching every subtlety of the Hebrew text. Rabbinic experts and gabbaim have reviewed all the halachic issues and nuances that distinguish prayer in Israel from prayer in the Diaspora. Proudly reflecting the centrality of Israel, the siddur contains prayers for the Jewish state, its soldiers, and holidays. With a poetic English translation and illuminating commentary by the outstanding teacher of English-speaking Jewry, Chief Rabbi Sir Jonathan Sacks, this siddur will inspire prayerful devotion. Compact size is ideal for students, travel, and in talit and tefilin bags, covered in dark slate Skivertex soft cover binding.

A Novel

A manifesto from one of America’s most influential activists which disrupts political, economic, and social norms by reimagining the Black Radical Tradition. Drawing on Black intellectual and grassroots organizing traditions, including the Haitian Revolution, the US civil rights movement, and LGBTQ rights and feminist movements, Unapologetic challenges all of us engaged in the social justice struggle to make the movement for Black liberation more radical, more queer, and more feminist. This book provides a vision for how social justice movements can become sharper and more effective through principled struggle, healing justice, and leadership development. It also offers a flexible model of what deeply effective organizing can be, anchored in the Chicago model of activism, which features long-term commitment, cultural sensitivity, creative strategizing, and multiple cross-group alliances. And Unapologetic provides a clear framework for activists committed to building transformative power, encouraging young people to see themselves as visionaries and leaders.

First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Discussions surrounding inclusivity have grown exponentially in recent years. In today’s world where diversity, equity, and inclusion are the hot topics in all aspects of society, it is more important than ever to define what it means to be an inclusive society, as well as challenges and potential growth. Those with physical and intellectual disabilities, including vision and hearing impairment, Down syndrome, locomotor disability, and more continue to face challenges of accessibility in their daily lives, especially when facing an increasingly digitalized society. It is crucial that research is brought up to date on the latest assistive technologies, educational practices, work assistance, and online support that can be provided to those classified with a disability. The Research Anthology on Physical and Intellectual Disabilities in an Inclusive Society provides a comprehensive guide of a range of topics relating to myriad aspects, difficulties, and opportunities of becoming a more inclusive society toward those with physical or intellectual disabilities. Covering everything from disabilities in education, sports, marriages, and more, it is essential for psychologists, psychiatrists, pediatricians, psychiatric nurses, clinicians, special education teachers, social workers, hospital administrators, mental health specialists, managers, academicians, rehabilitation centers, researchers, and students who wish to learn more about what it means to be an inclusive society and best practices in order to get there.

How do we effectively confront racial injustice? We need to move beyond talking about racism and start equipping ourselves to fight against it. In this follow-up to the New York Times Bestseller the Color of Compromise, Jemar Tisby offers an array of actionable items to confront racism. How to Fight Racism introduces a simple framework—the A.R.C. Of Racial Justice—that teaches readers to consistently interrogate their own actions and maintain a consistent posture of anti-racist behavior. The A.R.C. Of Racial Justice is a clear model for how to think about race in productive ways: Awareness: educate yourself by studying history, exploring your personal narrative, and grasping what God says about the dignity of the human person. Relationships: understand the spiritual dimension of race relations and how authentic connections make reconciliation real and motivate you to act. Commitment: consistently fight systemic racism and work for racial justice by orienting your life to it. Tisby offers practical tools for following this model and suggests that by applying these principles, we can help dismantle a social hierarchy long stratified by skin color. He encourages rejection passivity and active participation in the struggle for human dignity. There is hope for transforming our nation and the world, and you can be part of the solution.

A RADIO 4 BOOK OF THE WEEK ‘An affectionate and revealing account ... Funny, sad, real, rueful.’ The Times ‘Warm, rambling and self-aware’ Guardian The long-awaited, rambling, tender, and very funny memoir from Adam Buxton By the author of Foreskin’s Lament, a novel of identity, tribalism, and mothers. Seventh Seltzer has done everything he can to break from the past, but in his overbearing, narcissistic mother’s last moments he is drawn back into the life he left behind. At her deathbed, she whispers in his ear the two words he always knew she would: "Eat me." This is not unusual, as the Seltzers are Cannibal-Americans, a once proud and thriving ethnic group, but for Seventh, it raises some serious questions, both practical and emotional. Of practical concern, his dead mother is six-foot-two and weighs about four hundred and fifty pounds. Even divided up between Seventh and his eleven brothers, that’s a lot of red meat. Plus Second keeps kosher, Ninth is vegan, First hated her, and Sixth is dead. To make matters worse, even if he can wrangle his brothers together for a feast, the Can-Am people have assimilated, and the only living Cannibal who knows how to perform the ancient ritual is their Uncle Ishmael, whose erratic understanding of their traditions leads to conflict. Seventh struggles with his mother’s deathbed request. He never loved her, but the sense of guilt and responsibility he feels--to her and to his people and to his "unique cultural heritage"--is overwhelming. His mother always taught him he was a link in a chain, thousands of people long, stretching back hundreds of years. But, as his brother First says, he’s getting tired of chains. Irreverent and written with Auslander’s incomparable humor, Mother for Dinner is an exploration of legacy, assimilation, the things we owe our families, and the things we owe ourselves.

This Encyclopedia Forteana anthologizes the cult hero ’s four classic works on the strange, the unexplained, and the just plain weird: The Book of the Damned, Lo!, Wild Talents, and New Lands. It features Fort ’s complete, unabridged text and a subject index. Here are the four books that invented our understanding of the paranormal. These are cult hero Charles Fort ’s defining records of bizarre, haunting, strange, and inexplicable " facts " for which science cannot account: Frogs falling from the skies. Mysterious airships in an age before flight. Monsters. Poltergeists. Floating islands. Teleportation (a term Fort invented). These are the works that moved novelist Theodore Dreiser to write: " To me no one in the world has suggested the underlying depths and mysteries and possibilities as has Fort. To me he is simply stupendous. " Now, Fort ’s classic investigations are newly collected with a preface by biographer Jim Steinmeyer. Complete with a full subject index, here is the definitive Fort anthology for our times.

Courageous Christianity and the Journey Toward Racial Justice

The Brothers Karamazov

A Black, Queer, and Feminist Mandate for Radical Movements

A personal and critical work that celebrates the pleasure of books and reading. Largely unknown to readers today, Sir Philip Sidney’s sixteenth-century pastoral romance Arcadia was long considered one of the finest works of prose fiction in the English language. Shakespeare borrowed an episode from it for King Lear; Virginia Woolf saw it as [some luminous globe] wherein [all] the seeds of English fiction lie latent. In Gallery of Clouds, the Renaissance scholar Rachel Eisendrath has written an extraordinary homage to Arcadia in the form of a book-length essay divided into passing clouds: “[The clouds in my Arcadia, the one I found and the one I made, hold light and color. They take on the forms of other things: a cat, the sea, my grandmother, the gesture of a teacher I loved, a friend, a girlfriend, a ship at sail, my mother. These clouds stay still only as long as I look at them, and then they change.” Gallery of Clouds opens in New York City with a dream, or a vision, of meeting Virginia Woolf in the afterlife. Eisendrath holds out her manuscriptian infinite moment passesand Woolf takes it and begins to read. From here, in this act of magical reading, the book scrolls out in a series of reflective pieces linked through metaphors and ideas. Golden threadlines tie each part to the next: a rupture of time in a Pisanello painting; Montaigne’s practice of revision in his essays; a segue through Vivian Gordon Harsh, the first African American head librarian in the Chicago public library system; a brief history of prose style; a meditation on the active versus the contemplative life; the story of Sarapion, a fifth-century monk; the persistence of the pastoral; image-making and thought; reading Willa Cather to her grandmother in her Chicago apartment; the deviations of Walter Benjamin’s [scholarly romance.] The Arcades Project. Eisendrath’s wondrously woven hybrid work extols the materiality of reading, its pleasures and delights, with wild leaps and abounding grace.

The authoritative account of the infamous runaway MP, by his daughter. 'A compelling account of an extraordinary political scandal, written from inside the Stonehouse family'. Martin Bell On 20 November 1974, British Labour MP and Privy Counsellor John Stonehouse faked his death in Miami and, using a forged identity, entered Australia hoping to escape his old life and start anew. One month later his identity was uncovered and he was cautioned; the start of years of legal proceedings. In a tale that involves spies from the communist Czechoslovak secret service, a three-way love affair and the Old Bailey, John's daughter examines previously unseen evidence, telling the dramatic true story for the first time, disputing allegations and upturning common misconceptions which are still in circulation. The story was never far from the front pages of the press in the mid-70s, and yet so much of the truth is still unknown. A close look at the political dynamics of the time; paced like a thriller, it's time for the world to know the real John Stonehouse.

In a vast and all-embracing study of Africa, from the origins of mankind to the AIDS epidemic, John Iliffe refocuses its history on the peopling of an environmentally hostile continent. Africans have been pioneers struggling against disease and nature, and their social, economic and political institutions have been designed to ensure their survival. In the context of medical progress and other twentieth-century innovations, however, the same institutions have bred the most rapid population growth the world has ever seen. Africans: The History of a Continent is thus a single story binding living Africans to their earliest human ancestors.

Etymological and Pronouncing Dictionary of the English Language

The Compact Bible Dictionary

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort’s Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

The Encyclopedia of Security Management is a valuable guide for all security professionals, and an essential resource for those who need a reference work to support their continuing education. In keeping with the excellent standard set by the First Edition, the Second Edition is completely updated. The Second Edition also emphasizes topics not covered in the First Edition, particularly those relating to homeland security, terrorism, threats to national infrastructures (e.g., transportation, energy and agriculture) risk assessment, disaster mitigation and remediation, and weapons of mass destruction (chemical, biological, radiological, nuclear and explosives). Fay also maintains a strong focus on security measures required at special sites such as electric power, nuclear, gas and chemical plants; petroleum production and refining facilities; oil and gas pipelines; water treatment and distribution systems; bulk storage facilities; entertainment venues; apartment complexes and hotels; schools; hospitals; government buildings; and financial centers. The articles included in this edition also address protection of air, marine, rail, trucking and metropolitan transit systems. Completely updated to include new information concerning homeland security and disaster management Convenient new organization groups related articles for ease of use Brings together the work of more than sixty of the world's top security experts

How to Fight Racism

Traditional Storytelling Today

This Bible dictionary is a readable fact and picture-filled guide to the arts, cultures, geography, geology, theologies, philosophies and life styles of Biblical times. It also vividly illuminates and enriches individual understanding of the greatest stories ever told. Both theoretical and pragmatic, this refreshingly savvy book charts a course for the Black Lives Matter generation. In the United States, both struggles against oppression and the gains made by various movements for equality have often been led by Black people. Still, though progress has regularly been fueled by radical Black efforts, liberal politics are based on ideas and practices that impede the continued progress of Black America. Building on their original essay “The Anarchism of Blackness,” Samudzi and Anderson show the centrality of anti-Blackness to the foundational violence of the United States and to the racial structures upon which it is based as a nation. Racism is not, they say, simply a product of capitalism. Rather, we must understand how anti-Blackness shaped the contours and logics of European colonialism and its many legacies, to the extent that “Blackness” and “citizenship” are exclusive categories. As Black As Resistance makes the case for a new program of self-defense and transformative politics for Black Americans, one rooted in an anarchistic framework that the authors liken to the Black experience itself. This book argues against compromise and negotiation with intolerance. It is a manifesto for everyone who is ready to continue progressing towards liberation. “As Black as Resistance is an urgently needed book . . . a call to action through an embrace of the anarchy of blackness as a recognition and a refusal of the deathly logics of liberalism and consumption. In the face of the ever expanding carceral state, levels of inequality, environmental degradation, and resurgent fascism, this book offers a map to imagining the liberated futures that we can and must and do make.” —Christina Sharpe, author of In the Wake: On Blackness and Being #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME’S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH’S “BOOKS THAT HELP ME THROUGH” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America’s racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bracingly confronting our present, and offers a transcendent vision for a way forward.

The Message

A Heartbreaking Work of Staggering Penis

The History of a Continent

"Written by an ex-con. Endorsed by PhD's, school principals and judges. Awesome book with an inspiring message: You are loved and you will get through this." -BERT BURYKILL, Vice Magazine There are nearly three million adults in the U.S. alone that are in prison or jail. Many of these being parents that leave behind unanswered questions with their children: What is jail? Why did this happen? Is it my fault? Is my daddy (or mommy) bad? Do they love me? My Daddy's in Jail is a story of two bears who have a father in prison. The book is narrated by a very odd cockroach.

'Gripping' Economist 'Jaw-dropping' Sunday Times 'Riveting' Financial Times 'Fascinating' Reuters We are entering an age of energy crises and food shortages. This book reveals why. Meet the swashbuckling traders who supply the world with energy, food and metal. Their goal: To make billions by buying and selling raw materials - flogging Russian gas to Europe, Saudi oil to America and Congolese metals to Silicon Valley. Their methods: Whatever it takes - whether funnelling cash to Vladimir Putin's sanction-stricken Kremlin, schmoozing Russian metal oligarchs after the collapse of the Soviet Union, or striking deals with the Libyan rebels at the height of the Arab Spring. These are the commodity traders. You've probably never heard of them. But, like it or not, you're one of their customers. *Financial Times and Economist Book of the Year* *Shortlisted for the Financial Times & McKinsey Business Book of the Year Award* 'Shows how much money and global influence is concentrated in the hands of a tiny group . . . Remarkable . . . As the authors roam from oilfield to wheatfield, they reveal information so staggering you almost gasp' Sunday Times 'A globe-spanning corporate thriller, full of intrigue and double dealing . . . Changes how we see the world, often in horrifying ways' Spectator 'A rich archive of ripping yarns . . . The high level narrative is gripping enough. But it is the details of what these free-wheeling companies actually got up to that give the book a thriller-like quality' Financial Times 'Some of the stories could be straight out of John le Carré. The difference is they're true' Andrew Neil

Mutual aid is the radical act of caring for each other while working to change the world. Around the globe, people are faced with a spiralling succession of crises, from the Covid-19 pandemic and climate change-induced fires, floods, and storms to the ongoing horrors of mass incarceration, racist policing, brutal immigration enforcement, endemic gender violence, and severe wealth inequality. As governments fail to respond to—or actively engineer—each crisis, ordinary people are finding bold and innovative ways to share resources and support the vulnerable. Survival work, when done alongside social movement demands for transformative change, is called mutual aid. This book is about mutual aid: why it is so important, what it looks like, and how to do it. It provides a grassroots theory of mutual aid, describes how mutual aid is a crucial part of powerful movements for social justice, and offers concrete tools for organizing, such as how to work in groups, how to foster a collective decision-making process, how to prevent and address conflict, and how to deal with burnout. Writing for those new to activism as well as those who have been in social movements for a long time, Dean Spade draws on years of organizing to offer a radical vision of community mobilization, social transformation, compassionate activism, and solidarity.

Africans

The Compact Edition of the Oxford English Dictionary: Complete Text Reproduced Micrographically: P-Z, Supplement and bibliography

Three brothers and their relations in 19th century Russia provide the base for a sweeping epic overview of human striving, folly and hope. First published in 1880, The Brothers Karamazov is a landmark work in every respect. Revolving around shiftless father Fyodor Pavlovich Karamazov are the fates of his three sons, each of whom has fortunes entwined with the others. The eldest son, Dimitri, seeks an inheritance from his father and becomes his rival in love. Ivan, the second son, is so at odds with the world that he is driven near to madness, while the youngest, Alexi, is a man of faith and a natural optimist. These personalities are drawn out and tested in a crucible of conflict and emotion as the author forces upon them fundamental questions of morality, faith, reason and responsibility. This charged situation is pushed to its limit by the addition of the unthinkable, murder and possible patricide. Using shifting viewpoints and delving into the minds of his characters, Dostoevsky adopted fresh techniques to tell his wide-reaching story with power and startling effectiveness. The Brothers Karamazov remains one of the most respected and celebrated novels in all literature and continues to reward readers beyond expectation. With an eye-catching new cover, and professionally typeset manuscript, this edition of The Brothers Karamazov is both modern and readable.
