Poor Neighbours. By E. Smith
Originally published in London
in 1727, *The Compleat
Housewife* was the first
cookbook printed in the United
States. William Parks, a
Virginia printer, printed and
sold the cookbook believing
there would be a strong
market for it among Virginia
housewives who wanted to
keep up with the latest London
fashions—the book was a best-
seller there. Parks did make
some attempt to Americanize
it, deleting certain recipes “the
ingredients or material for
which are not to be had in this

country," but for the most part, the book was not adjusted to American kitchens. Even so, it became the first cookery best seller in the New World, and Parks's major book publication. Smith described her book on the title page as "Being a collection of several hundred approved receipts, in cookery, pastry, confectionery, preserving, pickles, cakes, creams, jellies, made wines, cordials. And also bills of fare for every month of the year. To which is added, a collection of nearly two hundred family receipts of medicines; viz. drinks, syrups,

salves, ointments, and many other things of sovereign and approved efficacy in most distempers, pains, aches, wounds, sores, etc. never before made publick in these parts; fit either for private families, or such public-spirited gentlewomen as would be beneficent to their poor neighbours." The recipes are easy to understand and cover everything from 50 recipes for pickling everything from nasturtium buds to pigeons to "lifting a swan, breaking a deer, and splating a pike," indicating the importance of understanding

how to prepare English game. The book also includes diagrams for positioning serving dishes to create an attractive table display. This edition of The Compleat Housewife was reproduced by permission from the volume in the collection of the American Antiquarian Society, Worcester, Massachusetts. Founded in 1812 by Isaiah Thomas, a Revolutionary War patriot and successful printer and publisher, the Society is a research library documenting the life of Americans from the colonial era through 1876. The Society collects, preserves,
