

## *Complete Ielts Bands 4 5 Workbook With Answers With Audio Cd*

This edited collection is about the application of English grammar and specialises in 'functional' and 'corpus' approaches, approaches which are increasingly recognised as providing significant insights into English language in action. It aims to stimulate interest and understanding of grammar as an applied tool not just for grammarians or language learners, but for all those interested in how language is organized to shape our view of events in the world. As the chapters in this book show, functional and corpus approaches allow us to make observations that would not be amenable through more traditional forms of grammatical analysis. They also illustrate how researchers can fruitfully bring together corpus and functional approaches to reveal how grammar and lexis create and transmit values, identities and ideologies. Research in Critical Discourse Analysis (CDA) has a long tradition of drawing on functional grammar but has only relatively recently begun to draw on corpus linguistics. As such, the book is unusual in presenting work on CDA which draws on corpus linguistics. But not only that, it is also unique in presenting work in CDA which brings together the methodologies of corpus linguistics and functional grammar, demonstrating their combined potential for illuminating ideological perspectives, particularly in media texts. Given this focus and given the increasing value of empirical data, the book will be of interest to those in a range of disciplines including the humanities and media and cultural studies. Chapters comprise both newly commissioned and previously published works that illustrate the two methodological approaches to grammatical analysis and how they can be applied to deepen our understanding of language.

Objective IELTS is a 2-level IELTS preparation course providing comprehensive training for both the Academic and General Training modules. The course is uniquely informed by the Cambridge Learner Corpus, using analysis of real IELTS candidate papers. The 2 levels of Objective IELTS can be used on their own or consecutively, so that lower-level students requiring a high band score can start preparing early. Each level offers 60-80 hours of study, which can be extended using the Workbook and CD-ROM.

"These Practice Materials are intended to give IELTS candidates an idea of what the test is like. They also give candidates the opportunity to test themselves to see whether their English is at the level required to take IELTS. These practice materials are approved by the British Council, Cambridge ESOL and IDP: IELTS Australia" --  
Introd.

Corpus and Functional Approaches

And How to Avoid Them

This volume reports research that informs the development of reading and listening assessment in IELTS. This volume brings together a set of eight IELTS-related research studies - four on reading and four on listening - conducted between 2005 and 2010. Findings from these studies provide valuable evidence on the validity, reliability, impact and practicality of the IELTS test; they are also instrumental in highlighting aspects needing attention, and thus directly inform the continuing evolution of the IELTS reading and listening tests. The volume reviews and comments on the specific contribution of each study to the ongoing process of IELTS reading and listening test design and development.
