The Absent Father Effect on Daughters investigates the impact of absent - physically or emotionally - and inadequate fathers on the lives and psyches of their daughters through the perspective of Jungian analytical psychology. This book tells the stories of daughters who describe the insecurity of self, the splintering and disintegration of the personality, and the silencing of voice. Issues of fathers and daughters reach

historical experiences and cultural features that they can fruitfully be viewed as a regional unit for research and analysis. Native Peoples of the Gulf Coast of Mexico is the first book to argue that the people of this region constitute a culture area distinct from other parts of Mexico. A pioneering effort by a team of international scholars who summarize hundreds of years of history, this encyclopedic work chronicles the prehistory, ethnohistory, and contemporary issues

Sylvia Plath, published in their entirety for the first time. Sylvia Plath's journals were originally published in 1982 in a heavily abridged version authorized by Plath's husband, Ted Hughes. This new edition is an exact and complete transcription of the diaries Plath kept during the last twelve years of her life. Sixty percent of the book is material that has never before been made public, more fully revealing the intensity of the poet's personal and literary struggles, and providing

beauty, strength, and emotional intensity. This gorgeous book unfolds the story of an artistic master of the highest order, revealing the ways she expanded abstract painting and illuminating the transatlantic contexts that shaped her. Lavish illustrations cover the full arc of her artistic practice, from her exceptional New York paintings of the early 1950s to the majestic multipanel compositions she made in France later in her career. Signature works are represented here along with rarely seen paintings, works on paper, artist's sketchbooks, and photographs of Mitchell's life, social circle, and surroundings.

Featuring scholarly texts, in-depth essays, and artistic and literary responses, this book is organized in ten chronological chapters. Each chapter centers on a closely related suite of paintings, illuminating a shifting inner landscape colored by experience, sensation, memory, and a deep sense of place. Presenting groundbreaking research and a variety of perspectives on her art, life, and connections to poetry and music, this unprecedented volume is an essential reference for Mitchell's admirers and those just discovering her work.

The pursuit of Lakshmi, the fickle goddess of prosperity and good fortune, is a metaphor for the aspirations of the state and people of independent India. In the latest of their distinguished contributions to South Asian studies, scholars Lloyd I. Rudolph and Susanne Hoeber Rudolph focus on this modern-day pursuit by offering a comprehensive analysis of India's political economy. India occupies a paradoxical plane among nation states: it is both developed and underdeveloped, rich and poor, strong and weak. These contrasts locate India in the international order. The Rudolphs' theory of demand and command politics provides a general framework for explaining the special circumstances of the Indian

experience. Contrary to what one might expect in a country with great disparities of wealth, no national party, right or left, pursues the politics of class. Instead, the Rudolphs argue, private capital and organized labor in India face a "third actor"—the state. Because of the dominance of the state makes class politics marginal, the state is itself an element in the creation of the centrist-oriented social pluralism that has characterized Indian politics since independence. In analyzing the relationship between India's politics and its economy, the Rudolphs maintain that India's economic performance has been only marginally affected by the type of regime in power—authoritarian or democratic. More important, they show that

rising levels of social mobilization and personalistic rule have contributed to declining state capacity and autonomy. At the same time, social mobilization has led to a more equitable distribution of economic benefits and political power, which has enhanced the state's legitimacy among its citizens. The scope and explanatory power of In Pursuit of Lakshmi will make it essential for all those interested in political economy, comparative politics, Asian studies and India.
