Drawing on the professional literature of many fields, this book provides an interpretation of the available research on motivation and describes instructional approaches in classroom contexts. The book aims to help teacher educators, researchers, and graduate students understand the research literature in motivation and use in their efforts to enhance children's literacy development. After an introduction, "Reading Engagement: A Rationale for Theory and Teaching" (John T. Guthrie and Allan Wigfield), chapters in the book are: (1) "Children's Motivations for Reading and Reading Engagement" (Allan Wigfield); (2) Developing Self-Efficacious Readers and Writers: The Role of Social and Self-Regulatory Processes" (Dale H. Schunk and Barry J. Zimmerman); (3) "Motivation, Volition, and Collaborative Innovation in Classroom Literacy" (Lyn Corno and Judi Randi); (4) "The Pull of the Text and the Process of Involvement in Reading" (Diane Lemonnier Schallert and JoyLynn Hailey Reed); (5) "Teacher Perceptions of Student Motivation and Their Relation to Literacy Learning" (Anne P. Sweet); (6) "The Role of Responsive Teaching in Focusing Reader Intention and Developing Reader Motivation" (Robert B. Ruddell and Norman J. Unrau); (7) "Characteristics of Classrooms That Promote Motivations and Strategies for Learning" (John T. Guthrie and Ann Dacey McCann); (8) "Integrating Science and Literacy Experiences to Motivate Student Learning" (Roger Bruning and Barbara M. Schweiger); (9) "Ownership, Literacy Achievement, and Students of Diverse Cultural Backgrounds" (Kathryn H. Au); (10) "Starting Right: Strategies for Engaging Young Literacy Learners" (Julianne C. Turner); (11) "Incentives and Intrinsic Motivation to Read" (Linda B. Gambrell and Barbara Ann Marinak); and (12) "School Change and Literacy Engagement: Preparing Teaching and Learning Environments" (Carol Minnick Santa). (RS)

When Judy Moody gets serious about protecting the environment, her little brother Stink thinks she's overdoing it, but she manages to inspire her third grade class to undertake an award-winning, environment-saving project.

The Kamishibai man used to ride his bicycle into town where he would tell stories to the children and sell them candy, but gradually, fewer and fewer children came running at the sound of his clappers. They were all watching their new televisions instead. Finally, only one boy remained, and he had no money for candy. Years later, the Kamishibai man and his wife made another batch of candy, and he pedaled into town to tell one more story—his own. When he comes out of the reverie of his memories, he looks around to see he is surrounded by familiar faces—the children he used to entertain have returned, all grown up and more eager than ever to listen to his delightful tales. Using two very different yet remarkable styles of art, Allen Say tells a tale within a tale, transporting readers seamlessly to the Japan of his memories.

A NOW READ THIS PBS NewsHour and New York Times Book Review selection From the New York Times best-selling author of How Children Succeed comes an essential handbook of successful strategies to help kids overcome issues, learn, and thrive in today ' s chaotic learning environments. In How Children Succeed, Paul Tough introduced us to research showing that personal qualities like perseverance, self-control, and conscientiousness play a critical role in children ' s success. Now, in Helping Children Succeed, Tough takes on a new set of pressing questions: What does growing up with economic and other stresses do to children ' s mental and physical development? How does adversity at home affect their success in the classroom, from preschool to high school? And what practical steps can the adults who are responsible for them take to improve their chances for a positive future? Tough once again encourages us to think in a new way about the challenges of childhood. Mining the latest research in psychology and neuroscience, he provides us with insights and strategies for a new approach to childhood adversity, one designed to help many more children succeed.

Destiny's Gift

Originally published in hardcover in 1972, A Day No Pigs Would Die was one of the first young adult books, along with titles like The Outsiders and The Chocolate War. In it, author Robert Newton Peck weaves a story of a Vermont boyhood that is part fiction, part memoir. The result is a moving coming-of-age story that still resonates with teens today.

I was the 35th President of the United States. I am John F. Kennedy.When I was young, people called me courageous and competitive. I used those qualities to serve as a commander in the U.S. Navy. The leadership skills I learned in combat helped earn me a place first as a congressman in the U.S. House of Representatives, and later as a U.S. senator-but that was just the beginning. I became another kind of commander, the commander in chief of the U.S. armed forces, when I was elected president. I was the youngest man to ever hold the office, and my youth affected the progressive decisions I made and the laws I passed. Though I accomplished a great deal in my short life, I was assassinated at the age of forty-six. Still, my brave choices changed the lives of generations to come. I am John F. Kennedy. Featuring full-color illustrated covers, beautiful interior illustrations, a detailed timeline, introductions to other notable people from the story, and simple maps, this is more than your average biography.

Capturing such quintessentially American pastimes as baseball and road trips in one fascinating work, this updated and expanded guide chronicles more than 500 important events in baseball history with detailed descriptions of the event and information on each location. Packed with historical data, trivia, photographs, and baseball lore, entries include the birthplaces of baseball legends, ballparks, museums and halls of fame, final resting places, and many locations that are no longer standing. From out-of-the-way spots to the most popular stadiums in the U.S. and Canada, no site is too small or insignificant to be included in this comprehensive directory. Entries include the Buckminster Hotel in Boston, where the Black Sox planned their fix of the 1919 World Series; the original little league field and museum in Williamsport, Pennsylvania; the birthplace of Jackie Robinson; the place where Mickey Mantle was discovered by a scout from the New York Yankees; and the site of the original Wrigley Field, erected in Los Angeles in 1925.

On an island called Puerto Rico, there lived a little boy who wanted only to play baseball. Although he had no money, Roberto Clemente practiced and practiced until--eventually--he made it to the Major Leagues. America! As a right-fielder for the Pittsburgh Pirates, he fought tough opponents--and even tougher racism--but with his unreal catches and swift feet, he earned his nickname, "The Great One." He led the Pirates to two World Series, hit 3,000 hits, and was the

first Latino to be inducted into the Hall of Fame. But it wasn't just baseball that made Clemente legendary--he was also a humanitarian dedicated to improving the lives of others.

How did Thomas Edison grow up to be America's greatest inventor? Michael Dooling explores the beginnings of Edison's genius as a young scientist to the man everyone called "The Wizard."

From the best-selling author of The Wind-Up Bird Chronicle and After Dark, a rich and revelatory memoir about writing and running, and the integral impact both have made on his life. In 1982, having sold his jazz bar to devote himself to writing, Haruki Murakami began running to keep fit. A year later, he'd completed a solo course from Athens to Marathon, and now, after dozens of such races, not to mention triathlons and a slew of critically acclaimed books, he reflects upon the influence the sport has had on his life and--even more important--on his writing. Equal parts training log, travelogue, and reminiscence, this revealing memoir covers his four-month preparation for the 2005 New York City Marathon and includes settings ranging from Tokyo's Jingu Gaien gardens, where he once shared the course with an Olympian, to the Charles River in Boston among young women who outpace him. Through this marvellous lens of sport emerges a cornucopia of memories and insights: the eureka moment when he decided to become a writer, his greatest triumphs and disappointments, his passion for vintage LPs, and the experience, after the age of fifty, of seeing his race times improve and then fall back. By turns funny and sobering, playful and philosophical, What I Talk About When I Talk About Running is both for fans of this masterful yet guardedly private writer and for the exploding population of athletes who find similar satisfaction in distance running.

The Golden Gate Bridge. The impossible bridge, some call it. They say it can't be built. But Robert's father is building it. He's a skywalker--a brave, high-climbing ironworker. Robert is convinced his pop has the most important job on the crew . . . until a frightening event makes him see that it takes an entire team to accomplish the impossible. When it was completed in 1937, San Francisco's Golden Gate Bridge was hailed as an international marvel. Eve Bunting's riveting story salutes the ingenuity and courage of every person who helped raise this majestic American icon. Includes an author's note about the construction of the Golden Gate Bridge.
