Contract Law Concentrate Law Revision and Study Guide Oxford University Press

The Optimize series is designed to show you how to apply your knowledge in assessment. These concise revision guides cover the most commonly taught topics, and provide you with the tools to: Understand the law and remember the details using diagrams and tables throughout to demonstrate how the law fits together Contextualise your knowledge identifying and explaining how to apply legal principles for important cases providing cross-references and further reading to help you aim higher in essays and exams Avoid common misunderstandings and errors identifying common pitfalls students encounter in class and in assessment Reflect critically on the law identifying contentious areas that are up for debate and on which you will need to form an opinion Apply what you have learned in assessment presenting learning objectives that reflect typical assessment criteria providing sample essay and exam questions, supported by end-of chapter feedback The series is also supported by comprehensive online resources that allow you to track your progress during the run-up to exams. This second edition has been fully amended to reflect the latest cases and developments in the Law, as well as new and improved diagrams throughout

About the series: The bestselling Elliott and Quinn series of law textbooks include reliable and concise texts on Criminal Law, Contract Law, Tort Law and English Legal System. The authors draw on their extensive experience to bring an unbeatable combination of authority, readability and clarity to this series of student friendly texts. Written in a lively and engaging style, each book: -explains the relevant law logically and clearly. -helps students to succeed in assessments and improve their legal skills. -looks at the context of law-making and its future direction. Provides the ideal introduction to Contract Law Review of previous edition - Student Law Journal, February 2006 It is often essential for students on commercial and law courses to have a clear understanding of contract law, yet the new student can find the subject difficult to grasp. This book clarifies the essential concepts behind the law, making it easier for students to understand and apply the legal rules. Each chapter also includes discussion of problems with the current law, helping the student to develop a critical and analytical approach. The book also considers the forces affecting contract law today, such as the increase of e-commerce and the growing impact of Europe, and how the law may need to reform to meet modern needs. Now in its sixth edition, Contract Law explores some of the recent developments in the subject, such as: * The legal status of pre-nuptial agreements * Discussion of the growing impact of Europe upon contract law * Examination of the recently issued Law Commission Report, Unfair Terms in Contracts (2005) * The House of Lords' decision of Jackson v Royal Bank of Scotland (2005) on contractual remedies About the authors Catherine Elliott is a qualified Barrister and Senior Lecturer in Law at City University. She has extensive experience of teaching law. Frances Quinn is an award-winning journalist, with a particular interest and experience in law. www.pearsoned.co.uk/elliottquinn. This text is supported by a companion website: For students: regular case and legislation updates, web-links, interactive self-test questions, key term flashcards and a glossary. For lecturers: a testbank of a multiple choice questions which can be used to assess students' progress. Case Navigator powered by LexisNexis Visit www.pearsoned.co.uk/casenavigator for unique online support that helps improve case reading and analysis skills in Contract Law. The LexisNexis element of Case Navigator is only available to those who currently subscribe to LexisNexis Butterworths services. The Publishers are endeavouring to make Case Navigator available from early Summer 2007.

Take the mumbo jumbo out of contract law and ace your contracts course Contract law deals with the promises and agreements that law will enforce.

Understanding contract law is vital for all aspiring lawyers and paralegals, and contracts courses are foundational courses within all law schools. Contract Law For Dummies tracks to a typical contracts course and assists you in understanding the foundational legal rules controlling voluntary agreements people enter into while conducting their personal and business affairs. Suitable as a supplement to introductory and advanced courses in contract law, Contract Law For Dummies gives you plain-English explanations of confusing terminology and aids in the reading and analysis of cases and statutes. Contract Law For Dummies gives you coverage

of everything you need to know to score your highest in a typical contracts course. You'll get coverage of contract formation; contract defenses; contract theory and legality; agreement, consideration, restitution, and promissory estoppel; fraud and remedies; performance and breach; electronic contracts and signatures; and much more. Tracks to a typical contracts course Plain-English explanations demystify intimidating information Clear, practical information helps you interpret and understand cases and statutes If you're enrolled in a contracts course or work in a profession that requires you to be up-to-speed on the subject, Contract Law For Dummies has you covered.

'Concentrate' revision guides are packed with essential information, key cases, revision tips, exam Q&As, and more. 'Contract Law Concentrate' contains a wealth of information on the field of contract law to aid with revision and understanding the elements of the contract law syllabus.

From the creators of the UK's bestselling Law Express revision series. Maximise your marks for every answer you write with Law Express Question and Answer. This series is designed to help you understand what examiners are looking for, focus on the question being asked and make even a strong answer stand out.

This student-friendly study guide offers a clear, concise and complete explanation of contract law through skillful use of multiple-choice questions. Addressing all topics covered in standard first-year contract courses, it provides an expository review of key points of law and illustrative scenarios, followed by probing multiple-choice questions. All possible answers are deconstructed through careful explanation and analysis, leading the student through the logic of why the correct answer was correct and, importantly, why the others were not. Important test-taking techniques and tactics receive thorough coverage throughout the text, making The Glannon Guide to Contracts an invaluable aid for first-year students trying to navigate the complexities of contract law. Distinguishing features of The Glannon Guide to Contracts: Highly accessible, user-friendly style that immediately engages students. Comprehensive coverage of all first-year law contract course material. A thorough, expository review of the key points of law precede all

questions and prepares students to answer and learn from the multiple choice questions it incorporates. Skillfully crafted multiple-choice questions are challenging but wholly answerable by one who has mastered the preceding text. All answers are deconstructed through clear, elaborate analyses showing why the right answer is right and the wrong answers are wrong. Provides tactics and strategies for converting substantive mastery to correct answers on multiple-choice questions. Invaluable exam-taking tactics and techniques set forth at various strategic points within the text. Flexible approach is equally useful to all students, whether their professors administer multiple-choice exams, essay exams, or both. Each chapter concludes with a "Closer," - a particularly challenging question that encourages students to push their mastery of the topic to a more sophisticated level. "Closing Closers" appear in the book's final chapter, cumulatively addressing all concepts covered in the text

If you're feeling overwhelmed by a sea of revision, let OUP's Questions and Answers series keep you afloat! Written by experienced examiners, the Q&As offer expert advice on what to expect from your exam, how best to prepare, and guidance on what examiners are really looking for. Revision isn't always plain sailing, but the Q&As will allow you to approach your exams with confidence. Q&As will help you succeed by: - identifying typical law exam questions - giving you model answers for up to 50 essay and problem-based questions - demonstrating how to structure a good answer - helping you to avoid common mistakes - advising you on how to make your answer stand out from the crowd - teaching you how to use your existing knowledge to convey exactly what the examiner is looking for - directing you to related further reading

This text provides a comprehensive guide to the principles of European contract law. They have been drawn up by an independent body of experts from each Member State of the EU, under a project supported by the European Commission and many other organizations. The principles are stated in the form of articles, with a detailed commentary explaining the purpose and operation of each article and its relation to the remainder. Each article also has extensive comparative notes surveying the national laws and other international provisions on the topic.

Law Express: Contract Law is designed to help you to relate all the reading and study throughout your course specifically to exam and assignment situations. Understand quickly what is required, organise your revision, and learn the key points with ease, to get the grades you need. Tested with examiners and students.

Introduction to Contract Law - Revision Guide

Revision Notes

Notes, Reviewer and Memory Aid

Law revision and study guide

This textbook covers the Contract Law option of the new A-level law syllabus, and provides at the same time an ideal introduction for anybody coming to the subject for the first time. The book covers all A-level syllabuses/specification requirements, and is written by the principal examiner in Contract Law for one of the major examination boards. It contains extensive case illustration, and a range of examination related questions and activities. There is a special focus on key skills, and on the new synoptic assessment syllabus requirements. This fully updated fourth edition builds upon the success of the first three editions, with new case law (especially on offer and acceptance, legal intent, terms, exemption clauses and misrepresentation remedies) and coverage of new statute law (especially Unfair Terms in Consumer Contracts Regulations).

Challenge exams? Tests? In contract law, these are no easy task. There are tons of materials to read regarding Canadian contract law. Worse that can happen is that on the day of the exams, one's mind just freezes and struggles to recall. In open book exams, it is tempting to open the

textbook -- but this is tricky because there is simply no time. After going through an accreditation process before the National Committee of Accreditation of the Federation of Law Societies of Canada, I understand the student's pain and joy. To help myself, I extracted the meat of a rule or principle from common law cases and jurisprudence, excerpting the text that will give the elements and exceptions. I created mnemonics to aid recall. This is my technique. It saved me time -- and it could save yours. In this edition, I added mindmaps to help organize thoughts. For the students out there who are taking contract law exams, good luck on your exams! Significantly streamlined and updated, the second edition of Andrews' Contract Law now provides a clear and succinct examination of all of the topics in the contract law curriculum. Chapters direct students to the most important decisions in case law and employ a two-level structure to integrate short judicial excerpts into detailed discussion and analysis. Exploration of the law's 'loose ends' strengthens students' ability to effectively analyse case law, and new end-of-chapter questions, which focus on both core aspects of the law and interesting legal loopholes, assist students in preparing for exams. Students are guided through chapter material by concise chapter overviews and a two-colour text design that highlights important chapter elements. Suggestions for further reading and a rich bibliography, which point readers to important pieces of contemporary literature and provide a springboard for deeper investigation of particular topics, lend further support for student learning.

Contract Law Concentrate is written and designed to help you succeed. Accurate and reliable, Concentrate guides go above and beyond, not only consolidating your learning but focusing your revision and maximising your potential.

Contract Law Revision Concentrate 2021 2 Volume Set

Contract Law Revision Concentrate Pack

Contract Law Directions

This book discusses the principles and rules of general contract law in England & Wales. It examines the key points and rules of contract law, starting with the formation of the contract and ending with the remedies for breach of contract. In this it follows the structure most used in contract law modules at universities. Please also note that this book takes into account developments of the law up until July 2021. Contract law is a core module in legal higher education in the UK. Contract law is also an important basis for many other law modules including maritime law, company law, commercial

law, and arbitration law. This book gives a clear oversight of the main issues of key contract law topics. It summarises the issues in a concise and precise manner and uses practical examples throughout to clarify how the law is applied. Key cases are used to explain and illustrate the principles of the law. This book is an ideal companion guide for exam revisions. The chapters follow a question-and-answer model that makes it easy to find information on a specific issue. The chapters end with a problem-solving scenario on key issues of the topic and a list with key cases which will be helpful in preparing for examinations. At the end of the book, you find a further reading list and a set of sample multiple-choice questions which can be used to help prepare for the first stage of the SQE examination that will be introduced in September 2021. “ Contract Law is generally taught as a first-year subject which could be a daunting subject. This book helps students to revise this subject effectively as it brings together all key areas of contract law that a student should be familiar with when preparing for examinations, drafting coursework, and preparing for seminars. It examines the key points and rules of contract law, starting with the formation of the contract and ending with the remedies for breach of contract. The book is written in plain language in the form of questions and answers. It is detailed without being too long, succinct but covers all key cases and developments in the area. The multiple-choice questions at the end of the book are very beneficial for students preparing for the SQE and exams that follow a similar format. I would recommend this book wholeheartedly. ” – Dr Aysem Diker Vanberg, Lecturer in Law, Goldsmiths, University of London

Contract Law Revision Notes 2019/2020 is an up-to-date text designed to give you an introduction to this area of law, along with exam guidance as to how topics might be assessed. It has a light and engaging conversational style, together with clear and logical presentation of materials, using paragraph numbers for easy reference. The book should be used to support your learning alongside other materials to help you achieve a better understanding of the subject. It covers all the main topics from contract law modules up-and-down the country, so coverage should be sufficient for your course, whether LLB, GDL, CiLEx, or LLM/MA Law Conversion modules. Equally, the text is suitable for anyone with a non-legal background wishing to gain an understanding of this interesting subject. The author has over 20 years' experience of teaching and examining contract law at undergraduate and postgraduate levels at various law schools in England and

Wales.

Foundational Principles of Contract Law not only sets out the principles and rules of contract law, it places more emphasis on what the principles and rules of contract law should be, based on policy, morality, and experience. A major premise of the book is that the best way to grasp contract law is to understand it from a critical perspective as an organic, dynamic subject. When contract law is approached in this way it is much easier to grasp and learn than when it is presented simply as a static collection of principles and rules. Professor Eisenberg covers almost all areas of contract law, including the enforceability of promises, remedies for breach of contract, problems of assent, form contracts, the effect of mistake and changed circumstances, interpretation, and problems of performance. Although the emphasis of the book is on the principles and rules of contract law, it also covers important theories in contract law, such as the theory of efficient breach, the theory of overreliance, the normative theory of contracts, formalism, and theories of contract interpretation.

These two revision and study guides have been packaged together to offer great value for students looking to get the most out of their revision. Contract Law Concentrate is the essential revision and study guide for law students looking to consolidate knowledge and achieve the best possible marks in their exams. Providing clear, succinct coverage of the key topics, it enables you to quickly grasp the fundamental principles of this area of law and excel in exams. Q&A Law of Contract offers expert advice on what to expect from your exam, how best to prepare, and guidance on what examiners are really looking for, including advice on structuring a first class answer, avoiding common exam mistakes and making your answer stand out from the crowd.

Introduction to Contract Law - REVISION GUIDE

The Glannon Guide To Contracts

Law Express: Contract Law (Revision Guide)

Law Express Question and Answer: Contract Law (Q&A revision guide) 3rd edition PDF eBook

Foundational Principles of Contract Law

In Problems in Contract Law: Cases and Materials, Ninth Edition, by Charles L. Knapp, Nathan M.

Crystal, and Harry G. Prince, a balance of traditional and contemporary cases reflect the development and complexity of contract law. Explanatory notes and text place classic and contemporary cases in their larger legal context, while questions and problem exercises bridge theory and practice. Adaptable for instructors with different teaching techniques, this successful book includes various perspectives and contractual settings, and offers a highly intelligent, contemporary treatment of contract law. It can easily be used in teaching by traditional case analysis, through problem-based instruction, or using theoretical inquiry. New to the Ninth Edition: Seven new cases that reflect advances in or improved statements of contract law Two restored cases (Kirksey v. Kirksey and Hill v. Jones) that provide valuable perspectives on fundamental areas of contract law Eight new problems (including seven net additions and one replacement) to provide more review options for teachers and students and to add contemporary fact patterns A new, two-color design featuring interesting photographs illustrating people and places discussed in some of the cases Editing of note and text material to reduce length without affecting coverage Reorganization of text and comment material to focus comments primarily on historical developments, allowing professors flexibility in assigning or deleting comments Student accessibility to deleted cases from prior editions through Connected Casebook, allowing professors the further flexibility of continuing to easily assign cases for which they have a particular preference Professors and students will benefit from: Flexible application for professors with various teaching methodologies: traditional, problem, theoretical, and practical A mixture of classic and contemporary cases The authors' emphasis on accessibility of the material—rejecting a hide-the-ball approach Review questions at the end of each chapter that are primarily designed for students to perform self-assessments of their grasp of the material. Answers with explanations are included in an appendix within the book. The purchase of this Kindle edition does not entitle you to receive access to the online e-book, practice questions from your favorite study aids, and outline tool available through CasebookConnect.
