The philosophy professor behind *Breaking the Spell* and *Consciousness Explained* offers exercises and tools to stretch the mind, offering new ways to consider, discuss and argue positions on dangerous subject matter including evolution, the meaning of life and free will.

This book assesses the pivotal role played by the concept of beauty in Italian literature and language in the construction of the Italian national identity.

“Riveting” —People From Alison Espach, author of the New York Times Editor’s Choice novel *The Adults*, comes a dazzlingly unconventional love story for readers of *Ask Again, Yes* and *Tell the Wolves I’m Home*. For much of her life, Sally Holt has been mystified by the things her older sister, Kathy, seems to have been born knowing. Kathy has answers for all of Sally’s questions about life, about love, and about Billy Barnes, a rising senior and local basketball star who mans the concession stand at the town pool. The girls have been fascinated by Billy ever since he jumped off the roof in elementary school, but Billy has never shown much interest in them until the summer before Sally begins eighth grade. By then, their mutual infatuation with Billy is one of the few things the increasingly different sisters have in common. Sally spends much of that summer at the pool, watching in confusion and excitement as her sister falls deeper in love with Billy—until a tragedy leaves Sally’s life forever intertwined with his. Opening in the early nineties and charting almost two decades of shared history and missed connections, *Notes on Your Sudden Disappearance* is both a breathtaking love story about two broken people who are unexplainably, inconveniently drawn to each other and a wryly astute coming-of-age tale brimming with unexpected moments of joy.

This is a guide to the main developments in the history of British and Irish literature, charting some of the main features of literary language development and highlighting key language topics.

Terttu Nevalainen helps students to place the language of the period 1500-1700 in its historical context, whilst showing its regional and social variations. He focuses on the structure of the 'general dialect' and its spelling, vocabulary, grammar and pronunciation, as well as its dialectal origins.

Based on the Tavistock Lectures of 1930, one of Jung's most accessible introductions to his work.

Beneath the nonstop cacophony of voices across social media, online forums, and news outlets lie the stubborn facts at the heart of the everyday struggles of women today: more than a third of single moms live in poverty; the United States sees more maternal deaths than anywhere else in the developed world; one in five women will be raped in her lifetime; and women still make eighty cents for every dollar earned by a man. Between these brutal statistics and the ill-informed, often contentious public debate stand millions of women who feel alienated, disaffected, or just plain worn out. In the era of #MeToo, Trump, and online harassment, innovative progressive feminist voices are more essential than ever. With her latest book, Deborah Cameron considers feminism from all sides--as an idea, as a theoretical approach, and as a political movement. Written in the succinct, sharp style that has made Cameron's feminist linguistics blog so popular, this short book lays out past and present debates on seven key topics: domination, rights, work, femininity, sex, culture, and the future. Feminism emphasizes the diversity of feminist thought, including queer, women-of-color, and trans perspectives. Cameron's clear and incisive account untangles the often confusing strands of one of history's most important intellectual and political movements. Broad in scope but refreshingly concise, this book is perfect for anyone who needs a straightforward primer on the complex history of feminism, a nuanced explanation of key issues and debates, or strategic thinking about the questions facing activists today.

Zweig devoted ten years of research and writing to Balzac, which he regarded as his crowning achievement. This late work reads like a picaresque novel, with Balzac's quest for "a woman with a fortune" and recurrent episodes of the author chasing an elusive pot of gold driving the story. This biography of one classic author by another is filled with Zweig's characteristic psychological insights. He portrays the energy and "exuberance of imagination" that produced some two thousand characters in La comédie humaine, as well as the daily details of the coffee-chugging writer's life, his manic writing schedule, method of correcting proofs, dealing with publishers and reviewers, signing contracts, doing marketing and publicity. Balzac blends biography and literary history in a highly readable volume that will teach you French cultural history as you laugh out loud.

"[Balzac] is sure to entertain, instruct and charm ... It is a work of art, ... alive with the teeming life of its model ... It is true both to facts and to the more elusive psychological and spiritual truth of a man who ... has remained one of the most mysterious of great creators." – Henri Peyre, Sterling professor of French Literature, Yale University, The New York Times

The Psychic Powers of Shamans and Sorcerers

Dynamics of Desacralization

Balzac

Squatting in Europe

Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971

This stunning novel combines fiction with astonishing fact to tell the story of history's most famous conjoined twins. Born in Siam in 1811—on a squalid houseboat on the Mekong River—Chang and Eng Bunker were international celebrities before the age of twenty. Touring the world's stages as a circus act, they settled in the American South just prior to the Civil War. They eventually married two sisters from North Carolina, fathering twenty-one children between them, and lived for more than six decades never more than seven inches apart, attached at the chest by a small band of skin and cartilage. Woven from the fabric of fact, myth, and imagination, Strauss's narrative gives poignant, articulate voice to these legendary brothers, and humanizes the freakish legend that grew up around them. Sweeping from the Far East and the court of the King of Siam to the shared intimacy of their lives in America, Chang and Eng rescues one of the nineteenth century's most fabled human oddities from the sideshow of history, drawing from their extraordinary lives a novel of exceptional power and beauty.

Explains how companies must pinpoint business strategies to a few critically important choices, identifying common blunders while outlining simple exercises and questions that can guide day-to-day and long-term decisions.

A landmark biography of the most famous Italian journalist of the twentieth century, an inspiring and often controversial woman who defied the codes of reportage. Oriana Fallaci is known for her uncompromising vision. To retrace Fallaci's life is to retrace the course of history from World War II to 9/11. As a child, Fallaci enlisted in the Italian Resistance alongside her father, and her hatred of fascism and authoritarian regimes remained strong throughout her life. Covering the entertainment industry early in her career, she created an original, abrasive interview style, focusing on her subjects' emotions, contradictions, and facial expressions more than their words. When she grew bored with movie stars and directors, she turned her attention to the international political figures of the time—Khomeini, Gaddafi, Indira Gandhi, Kissinger—always placing herself front and center in the story. Also a war reporter working wherever there was conflict, she would provoke controversies that became news themselves. With unprecedented access to personal records, Cristina De Stefano brings to life this remarkable woman whose groundbreaking work and torrid love affairs are not easily forgotten. Oriana Fallaci allows a new generation to discover her story and witness the passionate, unstinting journalism so urgently needed in these times of upheaval and uncertainty.

"For many, Thomas Carlyle's put-down of economics as "the dismal science" rings true - especially in the aftermath of the crash of 2008. But Diane Coyle argues that economics today is more soulful than dismal, a more practical and human science than ever before. The Soulful Science describes the remarkable creative renaissance in economics, how economic thinking is being applied to the paradoxes of everyday life." "This revised edition incorporates the latest developments in the field, including the rise of behavioral finance, the failure of carbon trading, and the growing trend of government bailouts. She also discusses such major debates as the relationship between economic statistics and presidential elections, the boundary between private choice and public action, and who is to blame for today's banking crisis." --Book Jacket.

Agile Estimating and Planning

Half a Life

The Routledge History of Literature in English

In this powerful, unforgettable memoir, acclaimed novelist Darin Strauss examines the far-reaching consequences of the tragic moment that has shadowed his whole life. In his last month of high school, he was behind the wheel of his dad's Oldsmobile, driving with friends, heading off to play mini-golf. Then: a classmate swerved in front of his car. The collision resulted in her death. With piercing insight and stark prose, Darin Strauss leads us on a deeply personal, immediate, and emotional journey—graduating high school, going away to college, starting his writing career, falling in love with his future wife, becoming a father. Along the way, he takes a hard look at loss and guilt, maturity and accountability, hope and, at last, acceptance. The result is a staggering, uplifting tour de force. Look for special features inside, including an interview with Colum McCann.

Whilst maintaining the accessibility for the beginner, the level of this second edition has been raised by the addition of much more detail, a greater focus on theories and controversies, and a clearer route to key works in the field. History of English: examines the history of the English language in order to explain the English that is used today introduces key linguistic concepts provides 'discussion points' to generate debate involves readers in collecting and analyzing their own data contains a 'mini-corpus' of texts, used for exercises and to illustrate points raised in the commentary. Revised throughout, this updated edition contains a new internet resource section and an updated further reading section, to help readers take their study further.

Witold Gombrowicz (1904-1969), novelist, essayist, and playwright, was one of the most important Polish writers of the twentieth century. A candidate for the Nobel Prize in Literature in 1968, he was described by Milan Kundera as “one of the great novelists of our century” and by John Updike as “one of the profoundest of the late moderns.” Gombrowicz’s works were considered scandalous and subversive by the ruling powers in Poland and were banned for nearly forty years. He spent his last years in France teaching philosophy; this book is a series of reflections based on his lectures. Gombrowicz discusses Kant, Hegel, Schopenhauer, Kierkegaard, Sartre, and Heidegger in six “one-hour” essays and addresses Marxism in a shorter “fifteen-minute” piece. The text—a small literary gem full of sardonic wit, brilliant insights, and provocative criticism—constructs the philosophical lineage of his work.

The beloved story collection from the New York Times-bestselling author of *The Vacationers*, *All Adults Here* and *This Time Tomorrow In Other People We Married*, Straub creates characters as recognizable as a best friend, and follows them through moments of triumph and transformation with wit, vulnerability, and dazzling insight. In “Some People Must Really Fall in Love,” an assistant professor takes halting steps into the awkward world of office politics while harboring feelings for a

freshman student. Two sisters struggle with old assumptions about each other as they stumble to build a new relationship in “A Map of Modern Palm Springs.” In “Puttanesca,” two widows move tentatively forward, still surrounded by ghosts and disappointments from the past. These twelve stories, filled with sharp humor, emotional acuity, and joyful language, announce the arrival of a major new talent.

How Strategy Really Works

Gli strumenti del Web 2.0 al servizio di chi scrive

A Companion to Religious Minorities in Early Modern Rome

Squatting offers a radical but simple solution to the crises of housing, homelessness, and the lack of social space that mark contemporary society: occupying empty buildings and rebuilding lives and communities in the process. Squatting has a long and complex history, interwoven with the changing and contested nature of urban politics over the last forty years. Squatting can be an individual strategy for shelter or a collective experiment in communal living. Squatted and self-managed social centres have contributed to the renewal of urban struggles across Europe and intersect with larger political projects. However, not all squatters share the same goals, resources, backgrounds or desire for visibility. Squatting in Europe aims to move beyond the conventional understandings of squatting, investigating its history in Europe over the past four decades. Historical comparisons and analysis blend together in these inquiries into squatting in the Netherlands, Italy, Spain, France, Germany and England. In it members of SqEK (Squatting Europe Kollektive) explore the diverse, radical, and often controversial nature of squatting as a form of militant research and self-managed knowledge production. Essays by Miguel Martínez, Gianni Piazza, Hans Pruijt, Pierpaolo Mudu, Claudio Cattaneo, Andre Holm, Armin Kuhn, Linus Owens, Florence Boullon, and Thomas Aguilera.

Now available in paperback, “Tom Perrotta meets Curtis Sittenfeld in this razor-sharp debut by Alison Espach, who weaves a wry, devastatingly perceptive coming-of-age tale set in Connecticut’s affluent suburbs” (Marie Claire). In her ruefully funny and wickedly perceptive debut novel, Alison Espach deftly dissects matters of the heart and captures the lives of children and adults as they come to terms with life, death, and love. At the center of this affluent suburban universe is Emily Vidal, a smart and snarky teenager, who gets involved in a suspect relationship with one of the adults after witnessing a suicide in her neighborhood. Among the cast of unforgettable characters is Emily’s father, whose fiftieth birthday party has the adults descending upon the Vidal’s patio; her mother, who has orchestrated the elaborate party even though she and her husband are getting a divorce; and an assortment of eccentric neighbors, high school teachers, and teenagers who teem with anxiety and sexuality and an unbridled desire to be noticed, and ultimately loved. An irresistible chronicle of a modern young woman’s struggle to grow up, *The Adults* lays bare—in perfect pitch—a world where an adult and a child can so dangerously be mistaken for the same exact thing.

A Brief History of American Literature offers students and general readers a concise and up-to-date history of the full range of American writing from its origins until the present day. Represents the only up-to-date concise history of American literature Covers fiction, poetry, drama and non-fiction, as well as looking at other forms of literature including folktales, spirituals, the detective story, the thriller and science fiction Considers how our understanding of American literature has changed over the past twenty years Offers students an abridged version of History of American Literature, a book widely considered the standard survey text Provides an invaluable introduction to the subject for students of American literature, American studies and all those interested in the literature and culture of the United States

In a time when millions travel around the planet; some by choice, some driven by economic or political exile, translation of the written and spoken word is of ever increasing importance. This guide presents readers with an accessible and engaging introduction to the valuable position translation holds within literature and society. Leading translation theorist, Susan Bassnett traces the history of translation, examining the ways translation is currently utilised as a burgeoning interdisciplinary activity and considers more recent research into developing technologies and new media forms. Translation displays the importance of translation across disciplines, and is essential reading for students and scholars of translation, literary studies, globalisation studies, and ancient and modern languages.

What Economists Really Do and Why It Matters

Goodnight, Mister Lenin

A Journey Through the End of the Soviet Empire

Poet Sophie Hannah is a disarmingly witty but sharp-eyed chronicler of everyday life and its peculiarities. This book collects all of her previous collections of verse and also includes new and uncollected poems.

An examination of groups and individuals in Rome who were not Roman Catholic, or not born so. It demonstrates how other religions had a lasting impact on early modern Catholic institutions in Rome.

In this witty and entertaining collection of travel tales, an acclaimed journalist explores his obsession with trains--and what his rail journeys have taught him about culture and identity. "I've gone around the world in installments. Every trip has been a revelation. I've watched regions, nations, and continents change moods and I've met more people on trains than in forty years of airplane flights. Every train trip has been a

spectacle. Trains are stages, cafés, bazaars. The only talk show that will never go off the air..." Beppe Severgnini has spent his life traveling the world, and not just because he's a journalist; he's a passionate, unflagging train buff. *Off the Rails* recounts some of his favorite trips across Europe, Australia, Asia, and the United States, each journey bringing readers not only to a different place but to a different time, from his honeymoon on the Trans-Siberian Express (in a four-person compartment!), to a winding journey from Russia to Turkey during the last summer of communism, to a recent coast-to-coast trip with his son from Washington, D.C., to Washington State. *Off the Rails* is the perfect getaway for anyone with a touch of wanderlust, who dreams of escape or just likes to laugh. Filled with memorable characters and perceptive observations, it demonstrates--hilariously--what unites us. With the world in chaos and life in perpetual fast-forward, it's always the right time to hop on board with Beppe Severgnini and meet your charming, hapless, quarrelsome, romantic, shifty, quirky, endearing neighbors.

Scrivere 2.0 significa scrivere utilizzando strumenti propri del web di ultima generazione, sapendo quale scegliere a seconda delle circostanze. Per cogliere appieno queste nuove opportunità, dovremo forse rinunciare ad alcune abitudini, ma sarà per introdurne di nuove, decisamente più proficue.

Questo libro illustra tutti i servizi online di ultima generazione utili a chi scrive per passione o per professione. Non è un manuale su come scrivere per il Web, bensì un manuale su come utilizzare il Web per scrivere. Obiettivo del testo è di aiutare a trovare e usare gli strumenti che il Web 2.0 mette a disposizione per migliorare il proprio lavoro di scrittura, rendendolo più produttivo, più efficiente e

più veloce. Si imparerà così a ricorrere a servizi online specifici non solo in fase di pubblicazione, ma anche in quella di organizzazione del lavoro, di ricerca, di elaborazione dei documenti e, se prevista, di collaborazione sui testi. L'ultima parte, dedicata agli ebook e alla diffusione online dei contenuti, aiuta a comprendere i meccanismi attuali della distribuzione editoriale, del web marketing dei testi e offre una guida puntuale per promuovere se stessi e i propri libri grazie al Web sociale.

Alison Espach, acclaimed author of *The Adults*, brings her razor sharp insight and storytelling magic to bear in this entrancing tale.

In Cory Doctorow's wildly successful *Little Brother*, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, *Homeland* is every bit the equal of *Little Brother*—a paean to activism, to courage, to the drive to make the world a better place. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Agile Estimating and Planning is the definitive, practical guide to estimating and planning agile projects. In this book, Agile Alliance cofounder Mike Cohn discusses the philosophy of agile estimating and planning and shows you exactly how to get the job done, with real-world examples and case studies. Concepts are clearly illustrated and readers are guided, step by step, toward how to answer the following questions: What will we build? How big will it be? When must it be done? How

much can I really complete by then? You will first learn what makes a good plan-and then what makes it agile. Using the techniques in Agile Estimating and Planning , you can stay agile from start to finish, saving time, conserving resources, and accomplishing more. Highlights include: Why conventional prescriptive planning fails and why agile planning works How to estimate feature size using story points and ideal days-and when to use each How and when to re-estimate How to prioritize features using both financial and nonfinancial approaches How to split large features into smaller, more manageable ones How to plan iterations and predict your team's initial rate of progress How to schedule projects that have unusually high uncertainty or schedule-related risk How to estimate projects that will be worked on by multiple teams Agile Estimating and Planning supports any agile, semiagile, or iterative process, including Scrum, XP, Feature-Driven Development, Crystal, Adaptive Software Development, DSDM, Unified Process, and many more. It will be an indispensable resource for every development manager, team leader, and team member.

This historical introduction to the civil law tradition considers the political and cultural context of Europe's legal history from its Roman roots. Political, diplomatic and constitutional developments are discussed, and the impacts of major cultural movements, such as scholasticism, humanism, the Enlightenment and Romanticism, on law and jurisprudence are highlighted.

The idea of desacralization has become almost commonplace, attributing to the word the rejection of what is sacred. One might think that it is strictly connected to theology and its system, or suppose that it implies the relationship human beings have with anything that can express a denial of the spiritual part of life. The concept of desacralization has numerous meanings, either from a philosophical or a literary viewpoint. The scholars' investigation of Dynamics of Desacralization has made this collection of essays rich and varied, revealing new worlds the different authors have created. What they do is to narrate various types of desacralization interrogating the nature of novels, poems or works of art; certain aspects of being are revealed through various expressions, engaging the multiple levels and the meaning of desacralization

providing an articulation and interpretation of it.

Describes societies where magic is a way of life, where sorcerers, shamans, diviners and fire-walkers form powerful bonds with the psychic realities of nature. This is a thorough study that is both scholarly and readable.

Set in 1968 Leipzig, Christoph Hein's novel is the story of Dallow, an apolitical academic who has just returned to civilian life after serving twenty-one months in prison. His crime: he was the substitute piano player in a student cabaret in which seditious verses were sung. Dallow returns to a life in of loveless sex, police harassment, and brutality, revealing how a corrupt system perverts all human interaction, and how lives are ruined by malicious caprice.

"Il buono amore è di bellezza disio"

"This book provides an inoculation against the misinformation epidemic by cultivating scientific habits of mind. From dissolving our fear of numbers and demystifying graphs, to elucidating the key concepts of probability and the use of precise language and logic, Helfand supplies an essential set of apps for the pre-frontal cortex while making science both accessible and entertaining."--Publisher marketing. Sweeping across two millennia and every literary genre, acclaimed scholar and biographer Jonathan Bate provides a dazzling introduction to English Literature. The focus is wide, shifting from the birth of the novel and the brilliance of English comedy to the deep Englishness of landscape poetry and the ethnic diversity of Britain's Nobel literature laureates. It goes on to provide a more in-depth analysis, with close readings from an extraordinary scene in King Lear to a war poem by Carol Ann Duffy, and a series of striking examples of how literary texts change as they are transmitted from writer to reader. The narrative embraces not only the major literary movements such as Romanticism and Modernism, together with the most influential authors including Chaucer, Donne, Johnson, Wordsworth, Austen, Dickens and Woolf, but also little-known stories such as the identity of the first English woman poet to be honoured with a collected edition of her works. Written with the flair and passion for which Jonathan Bate has become renowned, this book is the perfect Very Short Introduction for all readers and students of the incomparable literary heritage of these islands. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.
