When one of the largest earthquakes in history hits Lisbon on All Saints' Day 1755, Cecília de Santa Rita e Durante’s life is turned upside down. With her family possibly dead, she must wade through the ruins that were once her home with the help of John Bates. The English Protestant represents everything she was taught to hate, but he is her only hope of making it through the newly destroyed Lisbon. Faced with both unspeakable tragedy and an unexpected miracle at home, Cecília leans on John for support. When he leaves, she is forced to reconcile her feelings for him with her long-held beliefs. Left carrying a torch for a man she never should have met, she’s cast into a web of deception, religious upheaval, and political intrigue that leaves her on even shakier ground. The Stars of Heaven explores a clash of cultures between the European Age of Enlightenment and the Portuguese Inquisition as Cecília navigates the uncharted waters of her new life.

Since her early youth at the glittering court of Dresden, Anna had been known as a difficult child and troublemaker. Servants complained about her violent outbursts, while courtiers bemoaned her general disregard for aristocratic female etiquette. Upon reaching her teenage years, the princess’ guardians decided that Saxony’s enfant terrible should leave home as quickly as possible by marrying a foreign suitor in a preferably far-away land. Enter William of Orange: handsome, charming, and heir to one of the Netherlands’ largest estates. The fact that he was also a profligate partier and lover of women was conveniently overlooked. Anna immediately fell for the Dutch bon vivant despite warnings from a few well-meaning relatives. For one, William was a Catholic, while Anna adhered to the Protestant teachings of Martin Luther, critical voices cautioned, correctly predicting future trouble for the princess in the Catholic Netherlands. Furthermore, the prince’s liege lord, the fanatical Philip II of Spain, very much disapproved of a match between his premier vassal and a “Lutheran heretic.” There was also the issue of plain Anna’s growing obsession with the roguish William, an obsession that was not reciprocated. In the end, the impetuous princess threw caution to the wind. No other than William would do for a husband, she insisted, while publicly announcing that “every vein in my body heartily loves him.”

This is the first full-scale study of the literary art of Anna Komnene’s Alexiad. Her history of her father’s reign is well-known and much used by Byzantinists and historians of the First Crusade, but the art with which it shapes its central character has not been fully examined or understood. This book argues that the work is both history and tragedy; the characterization of Alexios I Komnenos is cumulative; it develops; the models for his idealization change; much of the action takes place in his mind and the narrative relays and amplifies his thought while building a dense picture of the world in which he acts. Engaging critically and responsively with other texts, Komnene uses the full range of current literary genres to portray the ideal culture of his rule. She matches her art of literary control to his of government over the adverse forces of his time.

A major new history of the Crusades with an unprecedented wide scope, told in a tableau of portraits of people on all sides of the wars, from the author of Powers and Thrones. For more than one thousand years, Christians and Muslims lived side by side, sometimes at peace and sometimes at war. When Christian armies seized Jerusalem 1099, they began the most notorious period of conflict between the two religions. Depending on who you ask, the fall of the holy city was either an inspiring legend or the greatest of horrors. In Crusaders, Dan Jones interrogates the many sides of the larger story, charting a deeply human and avowedly pluralist path through the crusading era.

Expanding the usual timeframe, Jones looks to the roots of Christian-Muslim relations in the eighth century and tracks the influence of crusading to present day. He widens the geographical focus to far-flung regions home to so-called enemies of the Church, including Spain, North Africa, southern France, and the Baltic states. By telling intimate stories of individual journeys, Jones illuminates these centuries of war not only from the perspective of popes and kings, but from Arab-Sicilian poets, Byzantine princesses, Sunni scholars, Shi’ite viziers, Mamluk slave soldiers, Mongol chieftains, and barefoot friars. Crusading remains a rallying call to this day, but its role in the popular imagination ignores the cooperation and complicated coexistence that were just as much a feature of the period as warfare. The age-old relationships between faith, conquest, wealth, power, and trade meant that crusading was not only about fighting for the glory of God, but also, among other earthly reasons, about gold. In this dramatic narrative that gives voice to sources usually pushed to the margins, Dan Jones has written an authoritative survey of the holy wars with global scope and human focus.

"Anna Leonowens has been a historical puzzle. Susan Morgan establishes a solid ground for our understanding of this intriguing writer who became famous in our time thanks to a Broadway musical. Her life and contributions as a writer, a humanist, and a 19th century feminist were far richer beyond being the 'T with the King.'"
"Thongchai Winichakul, author of Siam Mapped: A History of the Geo-Body of a Nation "With extraordinary detective work, Susan Morgan uncovers the real tale of a brilliant and dynamic traveler who cut ties to her past history and fabricated the story of her life that has found its way into legend. In lovely and graceful prose, she uses this story to help us understand patterns of national and international life."
"Allan M. Winkler, author of Franklin D. Roosevelt and the Making of Modern America "With sensitive writing and meticulous research, Bombay Anna offers the first comprehensive biography of Anna Leonowens, the 'T in The King and I, which gave my father, Yul Brynner, his signature role. The details of her self-invention are only part of the revelation Susan Morgan provides; she also paints a masterful portrait of the Britain's Raj and its colonial hegemony in Southeast Asia. It is a fascinating read."

Michael Praetorius (1571–1621) was “one of the most versatile, wide-ranging, and prolific German composers of the seventeenth century,” “also important as a theorist,” and “the most often quoted and excerpted writer on performance practice.” 2021 marks the four hundredth anniversary of this Lutheran musician’s death and the four hundred and fiftieth anniversary of his birth. Yet until now, no biography of this multitalented and fascinating man has been made available in English. This translation of Siegfried Vogelsänger’s 2008 German biography of Praetorius will introduce you to Praetorius’s family and employers, his work as organist and court music director, his sacred and secular musical compositions, his historical and theoretical musical work, his grandiose goals and plans, and—most importantly—the man himself. Appendices provide new insights into Praetorius’s ancestry and life, as well as new translations of primary sources written by Praetorius and others. Richly furnished with pictures and illustrations and supplemented with a glossary, Heaven Is My Fatherland will transport you into Praetorius’s world and open up for you the convictions of his heart.

This book explores the unedited material contained in the Hawthornden manuscripts of William Fowler, a Scottish poet attached to the court of Queen Anna of Denmark between 1590 and 1612. The material is representative of Fowler’s ephemeral and occasional production, largely unknown to modern scholars. Through the lenses of the Hawthornden fragments, this book engages in the exploration of one of the "cultural places of the European Renaissance", represented by the extensive use of emblems and other literary devices, and by the use of manuscript copies to circulate them. The discourse mainly focuses on the Jacobean courtly establishment in the first decade of the seventeenth century, from the point of view of a Scottish insider. By focusing on the intellectual makeup of the court in the newly united Great Britain, this work aims at bridging manuscript scholarship and literary studies with a wider perspective on contemporary society, politics and culture.

What does the gift giver say about the gift He gave? This book will help you overcome the arguments, fears, and anxieties related to this gift. FEATURES AND BENEFITS Shares the author’s personal testimony and spiritual journey with speaking in tongues Examines the history of this gift in the church for the past two thousand years Interacts with those who have denied that

this gift is valid for today's church Speaks to the relationship between Spirit baptism, Spirit filling, and the gift of tongues Few other issues have separated the church more than the issue of tongues. Sam Storms focuses on this controversial subject with his signature insights to theology and the gifts of the spirit. What does the gift giver say about the gift He gave? Storms seeks to bring balance to this subject in The Language of Heaven as he wrestles with this sensitive issue experientially as well as theologically. He ultimately provides a platform to allow God to speak for Himself as he addresses every text of Scripture on the subject and engages with every theological issue that speaking in tongues provokes. As a pastor, Storms knows the questions that the typical churchgoer is asking and provides clear and accessible answers to them all, including: Is the gift of tongues for every Christian or only some? How does the gift of tongues operate in the life of the believer individually in private practice? How does the gift of tongues operate in the corporate assembly of God's church? How is the Christian edified and strengthened by praying in tongues? How do I pray for the gift and prepare my heart to receive it? You can overcome the arguments, fears, and anxieties related to this spiritual gift. Remember, God gives only good gifts, and it is His intention that His church utilize all that He has provided so that we might experience all that He is.

This is the first monograph to examine the complex life of the Reformed Philadelphian court preacher Conrad Bröske (1660-1713). Chapters consider his experiences as a student at Marburg University, as educational traveler, as proponent of a millenarian mindset and his conflicts with Johann Konrad Dippel and the Elberfeld Classis.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.
