This new, thoroughly updated edition of Bradt's Senegal continues to offer far and away the greatest depth of coverage for this increasingly popular part of West Africa. With over 350 pages of detailed description and 40 maps, this remains the definitive source of information to a country that is often described as the whole of West Africa in microcosm. This new edition includes details of the rapidly changing transport situation, notably the opening of the new international airport and the first bridge to span the Gambia River. All regions of the country are covered, including detailed information on access to Senegal's national parks, with detailed maps, itineraries, and practical information on transport, accommodation and eating for each region. Senegal boasts a variety of landscapes and cultures that belie its compact size. Northern desert wilds give way to the rain-soaked Casamance, fringed by hundreds of kilometres of pristine beaches and the fantastically frenetic capital city, Dakar, surrounded by ocean and proudly perched at the westernmost point on the African continent. This smorgasbord of landscapes is all accessible within a day's travel, making Senegal the perfect choice for anyone looking to sink their teeth into West Africa, for the first time or the hundredth. Natural assets aside, Senegal is home to a world of man-made delectations: Dakar's nightclubs throb well into the morning hours and offer a rare chance to dance yourself silly with superstar musicians on their home turf. With one of Africa's most prolific arts scenes, Senegal attracts numerous visitors for its cultural attractions, and this book provides a thorough and accessible introduction to the music, art, film, and literature of this most creative of countries. Beyond the capital, Saint-Louis' charm is an enchanting throwback to the colonial glamour of the 19th century, and sleepy Ile de Gorée is a haunting testament to colonial horror, as visitors peer through the door of no return, where thousands destined for the Americas glimpsed their homes for the final time. With all new first-hand research, Bradt's Senegal is the only guide ready to take you to all corners of this enchanting land.

Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

Me, My Bike and a Street Dog Called Lucy

Erie Uprising

Bulletin

This new title from Bradt tells the inspiring and emotional story of Ishbel Holmes, also known as 'World Bike Girl', a Scottish-Iranian woman who became a champion racing cyclist in spite of having been abandoned by her family, and who set off on the adventure of a lifetime despite her lack of experience, money or equipment. Ishbel Holmes was determined to cycle the world but her journey took a completely unexpected turn when, despite her initial instincts not to, she rescued a street dog in Turkey. Ishbel was lost and alone when she started on her epic trip, but in Lucy found a companionship never previously known. Between the two there formed a deep bond and their relationship was followed and supported by thousands of readers online, before becoming a media sensation overnight when Ishbel put out a plea for help to transport Lucy to an animal shelter three hundred miles away. This heart-rending tale is about more than just the relationship between a woman and her dog. It is a testimony to the human spirit, overcoming present-day challenges and churning up long-buried and painful memories from Ishbel's earlier life. It is also a tale of adventure, one person's determination to cross an unfamiliar country by bike and the unforgettable scenes that greet her on the Turkey-Syria border and into Syria itself. And it is a loving portrait of Lucy, the street dog that was determined not to let Ishbel go and whose dogged persistence helped to break down the barriers around her heart and in so doing change her life in ways she had never imagined. Ultimately, this is a tale of love and healing, a modern fable that touches the soul and reminds us all of the need to belong.

This book tells the story of the author's life, work, travel and experiences. The book also deals with the geopolitical circumstances of the world specifically of Asia and South Asia during his life time and provides some dream-like options for future. The book also vividly describes some conflicts - economic, social, political and familial- that the author experiences at personal, national, regional levels. It is a real life captivating story.

*Bradt's is the most up-to-date and informative guide to Oman, the Arabian peninsula's most welcoming destination, fully revised and updated by an author who has been living in Oman and Arabia since 1986. Oman is finally reaping the economic benefit of its location between Europe, Africa and Asia with substantial investment in major shipping ports and significant expansion of the national airline with new routes to Western Europe and East Asia. Despite being at the crossroads of great trade routes and empires, Oman has remained an independent country through much of its long history, and today tourism and travel are a major focus for Oman's government. This new edition covers the recent substantial investment in new airport facilities and upmarket accommodation and also features the historic UNESCO towns of Samharam and Al Balid. If you want to live like a local, the guide also tells you how to slow cook the traditional spiced meat shuwa and how to be a perfect guest if invited into an Omani home. Oman is not merely a desert. While it has the classic sand seas - Wihibah Sands - home to the nomadic Bedouin and their camels, this sultanate also boasts lush monsoon-soaked valleys near Salalah, mountain villages surrounded by green terraced fields of fruit trees and rose bushes, and the reef-fringed Ad Dimaniyyat Islands. With such a varied wilderness there is huge scope for adventure. Oman is increasingly perceived as a high-end cultural destination. The new Opera House has opened, directly supported by the Sultan, with top-notch international performers like Placido Domingo. The guide includes advice on property buying, since Omani law changed to allow expatriates to buy, explaining the rules and regulations. There is also a detailed overview of language schools teaching Arabic, not found in other guides. With advice on cultural etiquette, basic Arabic phrases and political history - as well as full practical information on where to stay and eat, and what to see and do - this fully updated edition remains the essential guide for travellers looking to discover the real Oman.*

*The Pillars of Destiny is an action packed slicky crafted thriller with a stunning climax. It is a gripping sequel to In the Shadows of Destiny where Durga emerges as prime minister of India, following the biggest terror strike the world has ever seen. Widespread skepticism of Durgas ascension seems justified as India reels under blows from Chinas Peoples Liberation Army and Pakistans Inter-Services Intelligence. The Indian aircraft carrier Vikramaditya is crippled by a highly innovative strike by Major Dingbang even as Chinese and Pakistan instigated insurgent attacks overwhelm India. The top Indian military leadership is killed by a cruise missile attack and the narrow Siliguri Corridor is almost severed by a PLA attack. Durga takes tough decisions to fan Uyghur resistance in Xinjiang, orders launch of a armor strike against terror bases in Pakistan, gets a giant Chinese oil tanker captured by Somali pirates and authorizes a Special Forces drop to cut the Western Highway joining Tibet and Xinjiang. As the conflict escalates a high tech Indian air attack against a tunnel in the perma frost zone cripples the Lhasa-Golmud high altitude railway line. In sync with instigating widespread internal sabotage and communal riots in India, also abetted by Pakistan, China launches an offensive to cut off north east India through Bhutan.*

*'Seymour produces the most intelligent writing in the thriller genre' Financial Times \*\*\* He had been to the limit. Then they sent him further. Gary - 'Gaz' - Baldwin is a watcher, not a killer. Operating with a special forces unit deep in Syria, he is to sit in a hide, observe a village, report back and leave. But the appalling atrocity he witnesses will change his life forever. Before long, he is living as a handyman on the Orkney islands, far from Syria, far from the army, not far enough from the memories that have all but destroyed him. 'Knacker' is one of the last old-school operators at the modern M16 fortress on the Thames. He presides over the Round Table, a little group who meet in a pub and yearn for simpler, less bureaucratic times. When news reaches Knacker that the Russian officer responsible for the Syrian incident may be in Murmansk, northern Russia, he sets in motion a plan to kill him. It will involve a sleeper cell, a marksman and other resources - all unlikely to be sanctioned by the M16 top brass, so it must be done off the books. But first, he will need a sure identification. And for that, he needs a watcher... Full of surprise, suspense and betrayal, Beyond Recall is a searching novel of moral complexity and a story of desperate survival.*

This new, thoroughly updated third edition of Bradt's Sierra Leone remains the only English-language guide dedicated to this unique West African destination, one of only three countries where the über-elusive pygmy hippo can be found and where coastal mountains and sheltered stuff of daydreams and postcards. With Bradt's Sierra Leone you can explore the infamous diamond mines and rainforest-covered mountains; go in search of pygmy hippos or relax on the country's beaches and islands. Offering significantly more coverage than any other guide, it's the perfect companion for tourists, volunteers and international workers alike, and also covers newly declared eco-tourist sites as well as the trans-boundary 'peace park' of Gola Forest National Park, shared with neighbouring Liberia. This new edition also covers Freetown's new beach music scene and details of everything from where to visit rescued chimpanzees to touring the traditional wooden-board homes of the Krio people, descendants of repatriated slaves from the Americas and Europe. Sierra Leone continues to be one of the best beach destinations in West Africa, and has a reputation for being one of the region's best trekking destinations, given the varied topography and the presence of Mount Bintumani, West Africa's highest peak. The country has seen a heartening recovery since emerging from civil war a decade ago and the Bradt guide is the first to take stock of the country's current situation. Sierra Leone is proudly back on the tourism map for the adventurous, beach-loving, jungle-exploring, mountain-scaling and curious of heart traveller.

There is much to see in Malta beyond the beach. With Bradt's Malta visitors will discover this island's history, archaeology and birds alongside eating and sleeping options of character and interest.

The Unofficial Guide to Mall of America is the first of its kind. Never before has a guidebook been written about the Mall of America. The Unofficial Guide to Mall of America enhances visitors' experiences by assisting them through the entire process, from finding the right hotel to a rental car, whether or not to rent a car or use the hotel shuttle. The various attractions are laid out and analyzed so that Mall of America-goers can decide what activities will enhance their experiences and which are simply tourist traps. In addition to ranking and describing the stores and services at the Mall of America, by Beth Blair, offers insight and tips that will make the visit fun for those looking for a general Mall of America experience but also highlight things for people with special interests.

This stunningly gorgeous, seriously remote Arctic archipelago is about as far from civilization as you can get in Europe. Permafrost freezes the ground up to half a kilometre in depth, while winter temperatures can drop to over 40 below zero. But Svalbard's glorious mountains, majestic fjords and sprawling valleys are the perfect setting for adventurous journeys out to the back of beyond - by snowmobile, snowshoe or Siberian husky. Much of David Attenborough's BBC documentary Frozen Planet was shot on and around Svalbard. This new edition includes extensive information on the history, wildlife and landscape of this unique destination with detailed information on national parks and areas of exploration unavailable in other books. It is essential reading for visitors to the region and serves as an introduction to scientists, journalists, politicians and polar enthusiasts.

This new sixth edition of Bradt's Georgia, the only dedicated guide to the country, has been thoroughly updated throughout to include all the most recent developments, ranging from greatly expanded coverage of Batumi, Adjara and Svaneti to the addition of new maps for Tbilisi, Mestia and Telavi. Tourism is booming in Georgia: the number of guesthouses has mushroomed, Tbilisi airport has just opened a second terminal and a new terminal and rail link are under construction at Kutaisi airport. New low-cost flights are now available and visa-free travel is the norm for most. With Bradt's Georgia discover both the old and the new. The capital, Tbilisi, has seen huge changes in the past decade with some conspicuous new projects such as the Peace Bridge, the Opera House and the Presidential Palace, as well as excellent new restaurants and bars. Much of the country can be reached in day-trips from the luxury hotels of Tbilisi and Batumi, and the remotest areas such as Svaneti and the Pankisi Valley can also now be visited. In addition, Mestia, the capital of Svaneti, now has an airport and two ski resorts. Also new for this edition is expanded information on Tusheti and the Trans Caucasian Trail, a volunteer-led project to create two long-distance hiking routes, east-west and north-south, linking the Black Sea with the Caspian, the Greater Caucasus with the Lower Caucasus and Georgia with Armenia and Azerbaijan. The Georgian wine industry is covered, with particular emphasis on natural qvevri wines, and so too are skiing, rugby, the World Heritage sites of Mtskheta and Gelati, Georgian food, 5th-century churches, cave cities, and Georgian polyphonic singing. Bradt's unique guide to Georgia is the ideal companion for all travellers, from serious hikers to wine buffs, high-end culture lovers to backpackers of all ages.

Airports, hotels, bars, and restaurants all present opportunities for hospitality to touch the life of a stranger. In our increasingly data-driven world, we've created systems to quantify, digitize, and calculate how to get the most out of these moments of interaction, but is data really the only way to know if we're truly being of service? Smart hoteliers and restaurateurs understand the power of personal interactions, and as the drive to digital speeds up, the ability to craft a meaningful human interaction will be a big differentiator in the market battle for guest satisfaction and retention. Using examples from over thirty years of international travel and experience in the hospitality industry, Kirsten and Paul Moxness explore key elements of creating personal experiences for guests, including:
- Making genuine gratitude a natural and contagious habit
- Respecting upgrades and freebies, and handling necessary downgrades
- Encouraging supportive teams and empowering each employee to provide exceptional experiences
- Taking a compassionate and proactive approach to safety and crisis management and resolving problems
Digital cannot replace human interaction, and hospitality is all about making memorable moments of personal experience. Spin the Bottle Service is here to show you that making the most of the touchpoints beyond digital can be as easy as a twist of the wrist.
