

Crimes Against Logic Exposing The Bogus Arguments Of Politicians Priests Journalists And Other Serial Offenders

When a suspicious gas leak blows up his favorite doughnut shop, a retired American expat bumbles into a mystery in Mexico. He follows money flowing down from the States, cocoa beans going north, and finds some tasty foodie hangouts to help him start his days on the prowl. OAXACA CHOCOLATE is a cross-border mystery, a travel guide, an expat's struggle with multinational takeovers in a corrupt state, a scammer's lament, and a taste of the comida and mezcal in Mexico's most beautiful colonial city located high in its scenic, southern mountains. the perfect book for a Mexico visit to meet its gracious people and to explore warm-sun living with a helping of crime on the side. Kirkus Reviews chose OAXACA CHOCOLATE to be featured as one of Kirkus' Indie Books of the Month. "The city of Oaxaca, lively, dark and under threat, plays a starring role in this satisfying mystery." -- Kirkus Reviews "Kerns' second Santo Gordo mystery is even tastier than the first. It's a cup that runs over with Oaxaca's unique local color--I don't know anyone who captures the sights, sounds, smells and tastes of Oaxaca more vividly or insightfully than Kerns. Santo Gordo, gourmand, local hero and reluctant detective, is a shrewd observer of this exotic locale and its cast of characters." Robert Adler, co-author of the best-selling Oaxaca guidebook, Viva Oaxaca. Don't forget the other Santo Gordo mysteries--Santo Gordo: a Killing in Oaxaca and Restaurante Oaxaca.

Maybe you're a recent college graduate, looking for a successful start to your career. Or an experienced professional, feeling the need to try something new. Either way, a whole host of opportunities await you-but if you really hope to ace that interview and get the job you want, you'll need the right skills to get ahead. So when you're navigating the complex twists and turns of today's changing job market, let I'll Get That Job! serve as your road map and guide. Featuring advice from real HR professionals, headhunters, and team managers, this essential job-hunting companion will let you know exactly what you need to do to increase your chances, from social media presence to writing a great CV. While shedding light on the many myths and outdated "rules" that may actually bog you down in today's job-seeking experience, I'll Get That Job! serves as a source of motivation and encouragement for modern job hunters. After all, with hard work and the right mind-set, it really is possible for you to get that job you've always wanted-and become the most successful version of yourself along the way!

Synopsis Rest Stop is a 250 page realistic novel based on real characters I knew while I served my time in prison. It is about the convicts I lived with on a daily basis. The book starts off in prison and gives insight of the living conditions. It tells of the games that are needed in order to survive. It explains the brotherhood that forms between cell mates and the cliques you become part of, not by choice but out of necessity. Following a fight and a stabbing, the four inmates who are held responsible are being transported from a minimum security location to the main prison when they escape. The escape convicts come up with a plan to take over a rest-area on Interstate 15. It was just a few miles from Las Vegas. They figured that the people going to Vegas would have lots of cash on them. Their plan was to rob them and use the money to get out of the country. It is a long way from Oregon State Penitentiary to Las Vegas. A big part of the story takes place on the trip to get to the rest stop, with robbery, murder and rape along the way. The driving force behind the story is the dialog and vivid thought process, not only from the convicts but from the victims. Each chapter gives insight to the mind set and words of the escaped convicts, along with the Warden, the State Police and the Federal agent who is always just one step behind the inmates. The novel begins with a thrilling, fast paced opening. It holds the excited pace up to an unforgettably tense conclusion. Each chapter ends in a poem I wrote while in prison and coincides with the story. The epilogue leaves room for a sequel for a second book. Ron Lemco PO Box 63 Sumner, WA. 98390 253-2284544 rlemco@aol.com

What happens when Cooper, a newly adopted puppy, takes up residence in Henry's home? The little pooch sure is adorable, but who knew he had so much to learn! Love Me Gently is a kid's guide to man's best friend. It captures the everyday challenges of raising a pup through a child's eye. But who is teaching who? Henry may be coaching Cooper, but he is also discovering valuable lessons about responsibility, unconditional love, patience, and kindness along the way!

Esref, my best friend and hero, was ordered by a magistrate to live in an Istanbul children's home. His angry mother and deviant step-father are trying to stop him from changing the world. Will he remain a lonely and troubled little boy? Will Istanbul devour him or nurture him? Another small question that's been nagging me for the past fifty or so years... was my best friend a serial murderer? Come with me on a magical flying carpet ride over, in and under Istanbul as I try to discover Esref's fate. You believe in fate, don't you? Come with me and explore your deeper and darker self. Can you taste the vanilla in the air? Can you feel cinnamon? Esref, Tarsin and I promise you a magical adventure for the good of the rest of your life. You do believe in magic, don't you? And serial murder?

Dare County Sheriff Martin Tate and his ex-detective friend Paul Treadwell chase a vindictive serial killer menacing North Carolina's Outer Banks in this debut thriller. When authorities find the body of a woman in her ransacked home the crime scene looks like a robbery that went terrifyingly out of control. However, there are several items left behind in plain view that appear to be totally out of place to Marty Tate, a seasoned investigator. Tate decides that he'd like another opinion on the case, so he enlists advice from former Northeast Ohio detective, Paul Treadwell, now the owner of the Brown Pelican Restaurant in Duck. Two years ago, Paul and his wife, Megan, a former nurse, won a sizable fortune in the Ohio Lottery. After careful consideration, they decided to relocate and become permanent residents of the Outer Banks. When Paul finds another piece of unusual evidence at the ransacked cottage, Tate's original suspicions are confirmed. A homicide has been committed here disguised as a robbery gone horribly wrong. Together with other highly trained and motivated law enforcement personnel they forge ahead in order to identify and apprehend a deadly intruder to these shores who meticulously continues his killing spree as the tourist season rolls along. The good guys know that there is no such thing as a "perfect" homicide. Even the craftiest of killers makes a mistake or two. Nothing new there. The problem for the good guys is that their killer hasn't gotten the memo on that one. He's good. He's exceptionally good at killing people and getting away with it.

Surviving Cultural Free Fall

September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

In Why Debate: Transformed by Academic Discourse, Shawn F. Briscoe and a diverse group of individuals introduce readers to academic, competitive debate in our secondary schools and institutions of higher learning. Over the course of twenty chapters, eighteen authors address the role of academic debate on educational development, interpersonal relationships, career and professional lives, and society. Misunderstood or unknown by outsiders, academic debate has far reaching impacts upon our world. This collection of essays, highlights the significance the activity has, not just on those who engage in it, but upon people everywhere. Competitive debate serves as a foundation for growth as students learn to navigate through society, form relationships, and develop the skills they need to succeed in college and beyond. Those who participate in the activity develop skills and dispositions that help them succeed in their chosen professions. Ultimately, debate makes us aware of what needs changed in the world; and it gives us the ability to effect meaningful change.

When Joe sees his late wife on a street corner, he believes he's either seen a ghost, or is insane. Jen and he were indescribably in love, but she was tragically killed a year earlier, and he's since remarried. Jen wasn't killed. The report of her death was an appalling mistake. Shattered and almost destroyed in finding him married to someone else, she struggles to find sanity and a new life. A story of love and strife that poses many questions.

Reproduction of the original: Addresses by Henry Drummond

For years, south Dallas has been ruled by a corrupt caste of politicians who espouse populist rhetoric. Growing fat and rich while their constituents wallow in crime and poverty. Jebediah Shaw never wanted to make the city his home. It had never been more than a place to rest between wars. And now, working in that dark area between government and private business, he's given an impossible task. To keep a man alive that everyone, including himself, has a reason to want dead while choosing sides in a Civil War no one even knows is happening. At the beginning of the end of the American empire, at the edge of what was and what will be, he knows in the end all a man has, all he has any control over, is his word and his work. He will do whatever it takes to complete his mission. Dallas, may never be the same.

Cordosa, a small village in Brazil's most southern state of Rio Grande do Sul, is experiencing traumatic illness and loss of life from unknown causes. The population of landless farmers is slowly deteriorating. Jake Parker, ex U.S. Army Intelligence Officer, is assigned as a photojournalist to investigate the possible causes. What he soon discovers is that he will be watched, manipulated and harassed by high ranking United States government officials who will stop at nothing to gain revenge within their own ranks. With lives hanging in the balance, Jake finds himself in the middle of an undetected world of spiritual warfare and a congressional war filled with greed and corruption. As a beautiful young Deaf woman stumbles into the scandal, the hunt begins, and Jake Parker must figure out how to save her life as well as his own.

The aim of this book is to unleash the process of Print Book Publishing to those who are having interest. I will expose the secret of the Print Book Publishing world to you, so you can know and grab the opportunities and the benefits it has to offer. It is a step by step guideline to publish your Physical Hardcopy Book. The information here-in will aid you to start publishing your Print Books immediately (right away) in no time, with no delay. You will jump start unleashing hundreds of thousands of millions (if possible) of your own personal written books (Print Books) immediately across the globe. This Guide will give you step by step instructions to follow, and the best practices to observe. If you can follow strictly, every advice and step in this great and wonderful book, you are on your way to unleash and publish your very first successful book (Print Book) that will shake the entire world and publish (pronounce) your name globally. Not only that, you are just strictly on your way to becoming a Top Notch Author (Writer) on earth.

Ancient Enemies

On his first crossing through the warps, Seg discovers a world rich in vita - fuel to save his dying world. Cold, brilliant and desperate to prove himself as a Cultural Theorist, Seg breaks away from the recon squad sent to protect him, to scout out prime vita sources. But to find his prize he must face his biggest fear: water. Fiery and headstrong, Ama receives an ultimatum from her people's tyrannical overlords: betray her own kind or give up the boat she calls home, forever. When a wealthy traveler hires her as a guide, Ama thinks her prayers are answered - until a violent murder reveals Seg's true identity. On the run, over land and water, hunted by a ruthless and relentless tracker, and caught in the schemes of a political powerhouse, Seg and Ama will have to strike an uneasy truce to survive. The fate of two worlds is in their hands.

A lone sniper. Eight million targets. An entire city on edge... A mysterious sniper is killing random New York City citizens at the same time every day. Detective Joe Bannon and his partner Hannah Trimble follow the trail of clues down repeated blind alleys. With citizens fearing to venture outside, the streets of Manhattan have become nearly deserted. When the sniper begins escalating the profile of his targets, higher level government agencies are pulled in. But the shooter always seems to be one step ahead of the law and slips away whenever the authorities get close. As copycat killings begin spreading to other cities across the U.S., the President hatches a dangerous plan to trap the killer. Can Joe and Hannah catch the assassin before he executes the most closely guarded man in history? Catch the excitement - read the reader reviews: "The best thriller I've read in the last 12 months." "Gripping page turner." "Nonstop scary thrill ride." "Couldn't put it down." "The best of the best." "McLeay: A star is born." "A remarkable work." "You need to read this one." Get your pulse pounding today with this unputdownable thriller!

Millions of Americans are embroiled in the penal system - and tens of millions more are at risk of being sent to prison for crimes large and small. "Stay Out Of Prison: A Practical Guide to Avoiding Incarceration" is an in-depth look at criminal thinking and criminal behavior, the legal system, how crimes are investigated and prosecuted, and how you can minimize your chances of being imprisoned. An excellent book both for those who may be running the risk of incarceration, as well as those who worry about their family members or friends.

You've Got to Be Kidding!: How Jokes Can Help You Think is a thoughtful and accessible

analysis of the ways in which jokes illustrate how we think critically, and how the thinking process goes awry in everyday human situations Uses jokes to illustrate the various mistakes or fallacies that are typically identified and discussed in courses on critical reasoning Provides an effective way to learn critical thinking skills since jokes often describe real-life situations where it really matters whether a person thinks well or not Demonstrates how philosophy is actually very practical and clearly related to real-life human experiences Explains how developing good reasoning habits can make a real difference in all aspects of one's life

True Murder Stories and Accounts of Incredible Murder Mysteries from the Last Century

You've Got To Be Kidding!

Welcome to the Amazing World of Print Book Publishing

Don't Bother; You Wouldn't Understand: And You Can't Afford It Anyway!!!

Small Ball

This entertaining work, sprinkled with illustrative real-life anecdotes, is a comprehensive guide to the techniques, rhetorical devices and principles of successful argumentation. The author, a debater since age thirteen, has lectured widely. Publisher of the National Review, Rusher is also a television commentator and syndicated columnist. Originally published by Doubleday in 1981.

The story of "The Ancient" continues... Joseph Miller and Mike Samson are closing in on one of the Fallen on the busy streets of New York City, with the help of a young woman who just happens to grow fur and fangs. Little do they know someone from Miller's past is hunting them to settle a grudge over a thousand years old. Meanwhile, Lizzie Namgung is desperately searching for her missing friend Ann. Much to her surprise, so is the FBI. As a new evil spreads across the city of Newark, Lizzie finds herself caught in a web of murder, mayhem, and monsters. **Ancient Awakening** is a Horror/Action novel with just the right touch of comedy. **Ancient Enemies** is the second book in the series that follows the adventures of eccentric demon hunter Joseph Miller. His job is to defend the human race against seven mythical demons and their offspring. Unfortunately for us, he has been dead for the last hundred years. The series begins with **Ancient Awakening**, continues here with **Ancient Enemies**, and is followed by **Ancient Revelations**. The all-new second edition of **Ancient Enemies** is professionally edited and 55,700 words.

True Murder Stories And Accounts Of Incredible Murder Mysteries From The Last Century Unsolved Mysteries, a famous show which started airing in 1987, continue to feature many stories of unsolved cases from missing persons, murders, wanted fugitives, and paranormal phenomena. Each episode, featuring 4 to 5 real-life cases, is aimed on publicizing the stories so that witnesses could come forward and report what they knew. With the show's success and good intentions, it was only natural for the crew and staff to receive letters of admiration and gratitude. However, on December 1993, **Unsolved Mysteries** received a strange post card. The letter from an anonymous person went like this: "Forget Circleville, Ohio. If you come to Ohio, you el sickos will pay." In the end, it was signed, "The Circleville Writer." Despite the warning, the letter only seemed to have fueled the interest of **Unsolved Mysteries**, so they dug into what was really in Circleville and found out more than what they bargained for... Imagine if you had to wait decades for a crime to be solved: when the murderers are already dead and when the victim's loved ones have already lost so much, will there still be satisfaction? For the police, **Cold Cases** could be considered a failure, but for the families left by the victims, it's heartbreaking. They have to live their lives day in and day out knowing that something didn't add up. The cases in this book still perplex the minds of not just the police and the families, but also those who are familiar with the events...

Are you awed by the smell of flowers or the busy buzz of the bees? Are you awed by the all of the snow or the rustle of the trees? In **The Book of Awe**, readers are reminded to take a minute and see the beauty in the everyday things around them.

An odd welcome in Ravalli, Montana - a bar brawl, a jail cell and a murder charge. Eagle and two other prisoners escape the cell, steal three horses and disappear into the rugged mountains. A letter containing evidence of a string of baffling crimes is hidden in the saddlebags of one of the stolen horses, and the owner is frantic to have it back. Charges of murder, horse thievery, assaulting an officer of the law, aiding prisoners to escape - a mountain of trouble no innocent man should have to bear. Yet Eagle finds these troubles to be only the beginning.

An essential tool for our post-truth world: a witty primer on logic—and the dangers of illogical thinking—by a renowned Notre Dame professor Logic is synonymous with reason, judgment, sense, wisdom, and sanity. Being logical is the ability to create concise and reasoned arguments—arguments that build from given premises, using evidence, to a genuine conclusion. But mastering logical thinking also requires studying and understanding illogical thinking, both to sharpen one's own skills and to protect against incoherent, or deliberately misleading, reasoning. Elegant, pithy, and precise, **Being Logical** breaks logic down to its essentials through clear analysis, accessible examples, and focused insights. D. Q. McInerney covers the sources of illogical thinking, from naïve optimism to narrow-mindedness, before dissecting the various tactics—red herrings, diversions, and simplistic reasoning—the illogical use in place of effective reasoning. An indispensable guide to using logic to advantage in everyday life, this is a concise, crisply readable book. Written explicitly for the layperson, McInerney's **Being Logical** promises to take its place

beside Strunk and White's The Elements of Style as a classic of lucid, invaluable advice. Praise for Being Logical "Highly readable . . . D. Q. McInerney offers an introduction to symbolic logic in plain English, so you can finally be clear on what is deductive reasoning and what is inductive. And you'll see how deductive arguments are constructed."—Detroit Free Press "McInerney's explanatory outline of sound thinking will be eminently beneficial to expository writers, debaters, and public speakers."—Booklist "Given the shortage of logical thinking, And the fact that mankind is adrift, if not sinking, It is vital that all of us learn to think straight. And this small book by D.Q. McInerney is great. It follows therefore since we so badly need it, Everybody should not only but it, but read it."—Charles Osgood

This book contains the code to cracking one of 'Merika's most tragic cases concerning the Nefarious Actions performed over the course of several years by a Serial Killer Clown, by the name of Touchy, who's traveled the States (and left his calling card in all of them) and who—due to his work in Hollywood—has already been in YOUR living room and is probably running around in your subconscious as you read this very description...telling you not to waste your money on this trash so The Truth about his deed's never reaches The Light. You won't believe it; you won't even understand it, but most of all: You Won't Be Able To Put It Down!!!

A small town is haunted by a crime from 15 years ago. Not one suspect was ever brought to justice. But now, 15 years later, when likely suspects seem to be disappearing from tragic events, the town's down-and-out fire chief may know more than he's letting on. David, the alcoholic fire chief, has had too many things go wrong in his life and has nothing left to live for. Brian Grace lost his daughter 15 years ago and has looked for her ever since. His bodyguard, Jason, is a tough character that likes to control his surroundings and protect his employer. Kelly, the detective, is an attractive woman and finds herself getting more involved with the case than anyone could have predicted. And, there is Chad and his three friends; a tough and nasty group of old school mates that cause trouble wherever they turn up. What could possibly be happening in this small town, and is it even connected to a girl's disappearance 15 long years ago?

Crimes Against Logic: Exposing the Bogus Arguments of Politicians, Priests, Journalists, and Other Serial Offenders

A visual guide to the way the world really works Every day, every hour, every minute we are bombarded by information - from television, from newspapers, from the internet, we're steeped in it, maybe even lost in it. We need a new way to relate to it, to discover the beauty and the fun of information for information's sake. No dry facts, theories or statistics. Instead, Information is Beautiful contains visually stunning displays of information that blend the facts with their connections, their context and their relationships - making information meaningful, entertaining and beautiful. This is information like you have never seen it before - keeping text to a minimum and using unique visuals that offer a blueprint of modern life - a map of beautiful colour illustrations that are tactile to hold and easy to flick through but intriguing and engaging enough to study for hours.

On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes and atrocities of the past that had haunted her grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. She is retired from Union County Public Schools where she was an Administrative Assistant to the Assistant Superintendent. She has two daughters and four grandchildren who also reside in the Old North State.

In essence, this story is about how a certain person was searching his bookshelf for something to read and in the end found a book, which turned out to be the source, from which it is possible to obtain absolutely any kind of information about absolutely any person. Meaning, information to the smallest particulars and details about what his or her qualities of personality are, how he or she lives, what he or she really wants to achieve, what he or she hides, and much more. And, it does not matter, if the subject is some person, who lived in the distant past or lives in the present or someone, who will live in the future. Since, as it turned out later on, this literary monument is nothing other than the Catalog of human population. In other words, the encyclopedia of Homo sapiens; in essence, the same as encyclopedias, reference books for specialists, which contain complete information about representatives of a particular subspecies of animals, plants, etc. Although at some point, the course of this story turned banal: "bad guys" from security services, intelligence services, politics decided to not only use this source of knowledge for their dirty deeds, but also to appropriate it solely for their personal use. And, the way they tried to do this is also banal: by physically destroying the author of discovery of the Catalog of human population and all of his colleagues. However, the ending of this story makes it stand out from the category of ordinary spy stories. At least because the main characters of this story managed to survive not due to favorable concatenation of circumstances or someone's help, but thanks to that knowledge, which they discovered in the ancient text, which turned out to be the Catalog of human population. Of course, such an outcome upset and continues to upset not only the Russian special services, but also all those people in whose way

developers of the Catalog of human population got. And, in this civilization, there are countless numbers of such people: from psychologists (who become no longer needed by anyone) to organizers of this civilization themselves. Since from the standpoint of the Catalog of human population—technogenic civilization without a human, which they lovingly built for many centuries, is simply trash, to put it mildly, and beneath all criticism. And, they themselves are also trash. However, regular people, who (thanks to the scientific discovery made by Andrey Davydov) got the source with answers to all of their questions and individual recipes, now no longer need to pay "experts on the human soul" for being shamelessly fooled. Therefore, whoever tries to kill developers of the Catalog of human population in the future must know that it is no longer possible, as they already became part of history of humanity. After all, at the current stage of development, a Homo sapiens has only one possibility to continue to live after death, to live through the ages: in the product that he/she created. And, those, who tried and continue to try to kill them, were nobodies and will remain nobodies, who one day will cease to exist without leaving a trace. As for organizers of this "civilization"—maybe instead of trying to find new recipes to destroy "excess billions" and trying to examine human potential using Neanderthal methods, it would be more reasonable not only to find out the recipe of how to make Homo sapiens a 100% controllable producer and consumer from the source (which, by the way, seems to have been left to humanity by creators of nature and a human on this planet), but also how to build a civilization without quotes? After all, it only seems to them that they are the main deceivers, while in reality they were fooled, and fooled majorly.

Ran for seven years and 46 thrilling issues, showing the hard-fisted underworld and the brave lawmen who worked tirelessly and bravely to stop them. This comic was not afraid to scare the reader a little, to make him wince, to make him wonder if maybe this was the time the bad guy would win. The comic reprints from are reproduced from actual classic comics, and sometimes reflect the imperfection of books that are decades old. Many people enjoy these authentic characteristics

The Book of Awe

Umbrance Or

Redemption of a LAPD Rogue Cop

A Guide to Good Thinking

Unlucky Day

At the time, the 8th Day Era of America was seen as enlightened. It stood as a testament to scientific advancement and of man's triumph over nature and instinct. Violent crime was relegated to the history books. Viewed as nothing but a barbaric scourge of the past. Murder went extinct, it had been cured. Mickey Moore grew up in this sanitized version of America. He was a drifter and a small-time cheat. As Mickey matured, he sharpened his con-game, and got by on the misfortunes of others. But trickery and dumb-luck eventually betrayed Mickey, and he found himself broke and homeless as he approached middle age. Destitute and desperate, Mickey was hitching a ride across the New Mexico desert when fate shoved a new path before him. Under the bright rays of a dying sun, Mickey saw the impossible, he witnessed a murder. Shocked still in disbelief, he marveled at this primal display of man's feral past. The violence before him came at Mickey like a revelation. He was frightened, terrified in fact, but the con-man in him saw an opportunity. The sensation that Mickey felt was so strong, he felt as it awakened areas of his mind that the 8th Day Era's medicine had put to sleep. To package and sell such an experience was a million-dollar idea, and for the first time, Mickey actually believed in something. He would erect CrimeSpree, an amusement park, an interactive museum of man at his worst. Mickey's venture offered the American public the chance to participate in violence once again. At CrimeSpree, customers paid to play the parts of the victims of violent crime. It was all scary and lecherous fun, as a bored and uninspired public lined up to take part in the charade. But the fun and the games eventually put out the proverbial eye. The monster that Mickey created came to life and it dug human instinct out of the grave. The past was coming back around again. It was coming for America, and it was coming for Mickey.

In Alienation Nation, James LaFond, the author of over 10 books and 300 articles on urban survival, offers a guide to defining and surviving our dystopian now. As a committed Darwinist LaFond offers no societal solutions and advocates no political action, but rather offers a guide to living below the political and criminal horizon [which he insists are one in the same] and adopting a practical view of violence and society toward the end of developing sustainable countermeasures that will permit you to avoid and survive crime without falling into the clutches of the judicial system.

Uncover the truth under all the BS In the daily battle for our hearts and minds--not to mention our hard-earned cash--the truth is usually the first casualty. It's time we learned how to see through the rhetoric, faulty reasoning, and misinformation that we're subjected to from morning to night by talk-radio hosts, op-ed columnists, advertisers, self-help gurus, business "thinkers," and, of course, politicians. And no one is better equipped to show us how than award-winning philosopher Jamie Whyte. In Crimes Against Logic Whyte take us on a fast-paced, ruthlessly funny romp through the mulligan stew of can, folderol, and bogus logic served up in the media, at the office, and even in your own home. Applying his laserlike wit to dozens of timely examples, Whyte cuts through the haze of facts, figures, and double-talk and gets at the real truth behind what they're telling us. "An incisive philosopher." --Sunday Telegraph

Nonsense is the best compilation and study of verbal logical fallacies available anywhere. It is a handbook of the myriad ways we go about being illogical—how we deceive others and ourselves, how we think and argue in ways that are disorderly, disorganized, or irrelevant. Nonsense is also a short course in nonmathematical logical thinking, especially important for students of philosophy and economics. A book of remarkable scholarship, Nonsense is unexpectedly relaxed, informal, and accessible.

Ruben Palomares grew up on the mean streets of East L.A., in an abusive home, in a gang infested area, and heavily influenced by relatives who were gang members. However, he succeeded against many odds and excelled in school to become a Golden Gloves boxer and even a sparring partner with superstar boxing champions Oscar de la Hoya and Sugar Shane Mosley. Palomares then joined the Los Angeles Police Department (LAPD), where a shooting incident left him with Post Traumatic Stress Disorder (PTSD), which led to a downward spiral in his life. Angry at the world, he turned from being a model cop, to a life of crime, working for the Mexican Drug Cartel. Yet his most brutal battles would be against opponents he could not even see, who came from the demonic spirit world, who followed him from his dark life with the Mexican Drug Cartel and the witches who cursed him. This book is about Palomares' turbulent journey from fierce demonic paranormal attacks, to a road of deliverance and inner healing through a relationship with Jesus Christ. Rayford Johnson is a former Correctional Counselor and author of Thug Mentality Exposed, Demon Mentality Exposed and Greek Letter Exposed. He counsels and ministers healing and demon deliverance at correctional facilities, "the streets", online, YouTube, phone prayer-line, conferences, and residential settings. Johnson is the director and founder of ThugExposed.Org Ministries.

It is an adaptation of the age-old Biblical tale of David and Goliath and opens the door for discussions on self-confidence and faith in the face of great obstacles. It is also an excellent book for schools, day cares and Sunday Schools. It is simple, inviting story, and is widely available in print and e-book for easy access.

An Internal Affairs detective pursues the vigilante cops who murdered his brother. Will he choose a love that cannot be consummated? Or will he choose guilt, vengeance and his own brand of vigilante justice?

"Historical Dictionary of Logic contains a dictionary section of more than 300 entries on persons, concepts, theories, forms of logic, fields in which logic is used, and the many fallacies that can trap the unwary. It includes entries on historical periods and figures, including ancient logic, medieval logic, Buddhist logic, Aristotle, Ockham, Boole, Frege, Russell, Godel, and Quine. It also includes information on propositional logic, modal logic, deontic logic, temporal logic, set theory, many-valued logic, mereology, and para-consistent logic. A substantial chronology lists the main events in the history of logic, and an introduction sketches the central ideas and their evolution. The bibliography provides a broad range of additional reading."--BOOK JACKET.
