Criminal Justice Today

An Introductory Text for the 21st Century, Student Value Edition

A Brief Introduction, Student Value Edition Plus Revel -- Access Card Package

A 12-chapter, paperback brief text that is realistic, applied and practical. Criminal Justice: A Brief Introduction is a realistic, applied, and practical text, which introduces students to the real world of criminal justice. Fagin uses clear and simple examples drawn from decades of experience to bring criminal justice alive for students. With a clear and readable style, the author places the criminal justice system in the broader context of American government. James Fagin is a recognized educator in the administration of justice; an expert in areas of contemporary concern, such as transnational terrorism, computer crime, and computer technologies in criminal justice; and has hands-on experience in law enforcement.

We live in an era of mass mobility where governments remain committed to closing borders, engaging with securitisation discourses and restrictive immigration policies, which in turn nurture xenophobia and racism. It is within this wider context of social and political unrest that the contributors of this collection reflect on their experiences of conducting criminological research. This collection focuses on the challenges of doing research on the intersections between criminal justice and immigration control, choosing and changing methodologies while juggling the disciplinary and interdisciplinary requirements of the work's audience. From research design, to fieldwork to writing-up, this book captures every part of the research process, drawing on a range of topics such as migration control, immigrant detention and border policing. It also reflects on more neglected areas such as the interpersonal and institutional contexts of research and the ontological and epistemological assumptions embedded within data analysis methods. It makes a significant contribution to our understanding of the major developments in current research in this field, how and why they occur and with what consequences. This book seeks to shake off the phantom of undisturbed research settings by bringing to the fore the researchers' involvement in the research process and its products. An interdisciplinary collection, it can be used as a reference not just for those interested in the criminology of mobility but also as a learning tool for anyone conducting research on a highly charged topic in contemporary policy and politics.

Intended for an undergraduate criminal law course within a criminal justice program, A Brief Introduction to Criminal Law, Second Edition provides a gentle introduction to the subject ideal for students that do not intend to pursue law school. The principles of criminal law are explained step-by-step with a focus on the professional applications of legal principles within the criminal justice system. The second edition contains more and updated case studies, additional coverage of constitutional law and terrorism, and enhanced figures and tables. Written in a conversational tone, A Brief Introduction to Criminal Law, Second Edition is the ideal resource for undergraduate students taking a criminal law course.

Pearson now offers a MyLab for Criminal Justice. More than 10 million students used Pearson MyLabs in 2012, and the integrated use of these programs has been shown to provide measurable gains in student retention, success, work readiness and overall achievement. You may have already had a chance to see the current offering in MyCJLab, including simulations, pre/post tests, and an assignable media database, CJ Search. Summer 2013, MyCJLab will include Point/Counterpoint Videos. These are videos that present individuals discussing two opposing sides of controversial CJ topics. Both sides will be presented in 3-6 minutes of total video. With each argument a speaker presents, justification and/or research that backs up that argument will be presented. Students will hear a good explanation of WHY the speaker takes a certain stance. Included in MyCJLab will be 3-4 review questions (multiple choice) and 1 short answer questions related to the topic. We will have 15 topics for intro to CJ and 17 for intro to criminology. Point/Counterpoint Videos will be available within MyCJLab for the following titles only : v Schmallegger,

Criminal Justice Brief 10e v Fagin, CJ2013 v Schmallegger, Criminology Brief 2e

The criminal justice system is wide ranging: it covers crimes, policing, the sentencing of offenders, and prisons. This title draws upon the latest research and current practices from around the world. Focusing on the adversarial model of justice found in common law countries such as the US, UK, Canada, and Australia, it discusses topics such as the uses of imprisonment, the effects of capital punishment, and the purposes of sentencing. Considering the role of the victim, as well as public knowledge and attitudes towards criminal justice, it assesses the way in which the system functions.

SOU-CC1230 Introduction to the American Criminal Justice System

Criminal Justice + New MyCJLab

Criminal Justice Revel Access Code

Criminal Justice + MyCJLab With Pearson Etext Access Card

**Introduction to Criminal Justice: Systems, Diversity, and Change, Second Edition, offers students a brief, yet comprehensive, introduction to Criminal Justice with up-to-date coverage of all aspects of the criminal justice system in succinct and engaging chapters. Authors Callie Marie Rennison and Mary Dodge weave four true criminal case studies throughout the book, capturing students' attention with memorable stories that illustrate the real-life pathways and outcomes of criminal behavior and victimization. Designed to show the connectedness of the criminal justice system, each case study brings the chapter concepts to life. To further captivate and inform students, important and timely topics such as ethics, policy, gender, diversity, victimization, and white-collar crime are discussed throughout.**

**This book offers a short and accessible introduction to criminology. Written in a clear and direct style, criminological theories are made more accessible for undergraduates, and the workings of the criminal justice system are explained. Students will learn not only how the criminal justice system works, but also how it does not work. Beyond introducing students to the basics, the book provides a persuasive argument that the criminal justice system we have in the United States comes nowhere close to our ideals for justice, doing little good in terms of crime control, while doing great harm to minorities and the poor. Engaging and far-ranging, this text offers a condensed approach to the key themes and debates surrounding crime and justice, and covers definitions and measurements of crime, criminological theories, crime typologies, and contemporary issues in the criminal justice system. It includes chapters on: Criminological Methods and Data Biological, Psychological, and Classical Theories of Crime Sociological Theories of Crime Patterns of Crime The Police The Courts Corrections and the American Prison System Written by an experienced textbook author, this book offers a critical approach to the subjects discussed and draws on topical examples such as Black Lives Matter, the militarization of the police, plea bargaining and the War on Drugs. It is essential reading for Criminology courses within a Sociology**

**Major and will also be of interest to Criminal Justice majors, law students, policymakers, and informed citizens.**

**A practical and applied introduction to criminal justice Introduction to Criminal Justice: Practice and Process shows you how to think practically about the criminal justice system by offering you a proven, problem-based approach to learning. Bestselling authors Kenneth J. Peak and Tamara D. Madensen draw on their many years of combined practitioner and academic experience to explain the importance of criminal justice and show how key trends, emerging issues, historical background, and practical lessons can be applied in the field. New to the Third Edition: An emphasis on constitutional policing, legitimacy, and procedural justice stresses the importance for police to develop a "guardian" mindset over a "soldier" mindset. New discussions of contemporary criminological theories—such as social structure theories, social process theories, social conflict theories, feminist theories, and environmental criminology theories—provide you with a concise explanation on why people commit crimes and how to prevent them in the modern world. An in-depth view of three particularly challenging problems and policy issues—terrorism, the mentally ill population, and illegal immigration—demonstrate how today's society and the criminal justice system are affected by these issues and what can be done to address the problems. New examples and case studies of ethical dilemmas illustrate today's climate of distrust, dissension, and dysfunction to encourage you to think critically about what is considered "ethical". New video interviews with criminal justice professionals offer you career advice, provide you with insights into a variety of career paths, and discuss challenges and misconceptions of each profession.**

**An Introduction to Criminal Justice**

**A Brief Introduction. Student Study Guide**

**A Brief Edition**

**Introduction to Criminal Justice**

This book is concerned to explore the changing role of the Parole Board across the range of its responsibilities, including the prediction of risk and deciding on the release (or continued detention) of the growing number of recalled prisoners and of those subject to indeterminate sentences. In doing so it aims to rectify the lack of attention that has been given by lawyers, academics and practitioners to back door sentencing (where the real length of a sentence is decided by those who take the decision to release) compared to front door sentencing' (decisions taken by judges or magistrates in court). Particular attention is given in this book to the important changes made to the role and working of the Parole Board as a result of the impact of the early release scheme of the Criminal Justice Act 2005, with the Parole Board now deciding in Panels concerned with determinate sentence prisoners, lifers and recalled prisoners. A wide range of significant issues, and case law, has arisen as a result of these changes, which the contributors to this book, leading authorities in the field, aim to explore.

A contemporary guide to the criminal justice process, the broad scope of this book means it will be a trusted companion throughout a Criminology and/or Criminal Justice degree. The contents of An Introduction to Criminal Justice include: 23 chapters spanning all that's involved with, and fully contextualising, the criminal justice process: the agencies, institutions and processes and procedures that deal with victims, offenders and offending A detailed timeline of criminal justice since 1945 Consideration of victims and witnesses, complaints and misconduct A comprehensive review of policing, prosecution, the courts, imprisonment and community sanctions A focus on community safety, crime prevention and youth justice A review of the effectiveness of the criminal justice process Exploration of global and international dimensions as well as the futures of criminal justice Lots of helpful extras including further reading suggestions, case studies, self-study questions and a glossary of terms. The accompanying website to An Introduction to Criminal Justice has: A podcast interview with a police officer Practice essay questions Multiple choice questions Suggested website resources to explore Videos.
