Using imaginative examples from literature and music to illustrate criminal law issues (e.g., examining insanity with Edgar Allen Poe's *The Tell-Tale Heart* and homicide with Willa Cather's *O Pioneers!*), the casebook allows law students to confront some of the Big Questions with which philosophers, theologians, scientists, poets, and lawyers have grappled for centuries.

Criminal Justice Procedure gives clear guidance on the most common questions faced by today's law enforcement, offering fresh look at 21st century pre-trial protocol. Unlike other case books, this newly revised edition eschews legal theory in favor of the practical know-how needed to not to parse, but apply criminal law. Emphasis has been placed on just exactly how practitioners should conduct hot-button procedures such as airport and border searches. Moreover, the book also addresses the often dire implications of deviating from proper practice - how a false step can translate into a violation of individual rights, or the inability to successfully prosecute the guilty. This edition has been specifically designed for CJ undergraduate programs (rather than higher-level law schools) and completely reorganized for a more logical flow of topics. Moreover, it is newly focused on the most crucial practical applications of the law in the CJ context. There is also added emphasis on the Fourth, Fifth, and Sixth Amendments.

Rule of law has vanished in America's criminal justice system. Prosecutors decide whom to punish; most accused never face a jury; policing is inconsistent; plea bargaining is rampant; and draconian sentencing fills prisons with mostly minority defendants. A leading criminal law scholar looks to history for the roots of these problems—and solutions.
