

Criminological Theory 6th Edition

This book provides step-by-step procedures to help police administrators execute their duties and fulfill their responsibilities more effectively, efficiently and productively. Divided into sections-behavioral aspects of police management, functional aspects of police management, and modern police management: major issues-it introduces the reader to a broad range of topics with which all police managers should be familiar.

Concise, current, and completely affordable, best-selling CRIMINOLOGY: THE CORE, International Edition delivers cutting-edge coverage, captivating real-life stories, and powerful learning tools in a succinct, student-friendly paperback.

Criminological Theory Pearson

Comprehensive and balanced, THE COLOR OF JUSTICE: RACE, ETHNICITY, AND CRIME IN AMERICA is the definitive introduction to current research and theories of racial and ethnic discrimination within America's criminal justice system. The sixth edition covers the best and the most recent research on patterns of criminal behavior and victimization, immigration and crime, drug use, police practices, court processing and sentencing, unconscious bias, the death penalty, and correctional programs, giving students the facts and theoretical foundation they need to make their own informed decisions about discrimination within the system. Uniquely unbiased, THE COLOR OF JUSTICE makes every effort to incorporate discussion of all major race groups found in the United States. Criminological Theory 6th Edition

The seventh edition of Criminological Theory: Context and Consequences builds on its prior success with updated coverage of criminological theory and a fresh look at policy implications. The new edition continues to offer a rich introduction to how scholars analyze crime in a clear, accessible text which moves readers beyond commonsense knowledge of crime to a deeper understanding of the importance of theory in shaping crime control policies. This thoroughly revised edition covers traditional and contemporary theory within a larger sociological and historical context, and offers diverse coverage of major criminological theories includes perspectives ranging from biosocial theories to cultural criminology. The development of theories is covered within a broader sociological and historical context. The authors explore policy implications and applications. Chapter-opening photos of key theorists help motivate the discussions that follow, while a unique chapter on white collar crime is indicative of the comprehensive theory coverage offered in this book.

Criminological Theory: The Essentials, Fourth Edition offers students a brief yet comprehensive overview of classic and contemporary criminologists and their theories. Putting criminological theory in context, acclaimed authors Stephen G. Tibbetts and Alex R. Piquero examine policy implications brought about by theoretical perspectives

to demonstrate to students the practical application of theories to contemporary social problems. The new edition has been thoroughly updated with the latest theoretical extensions and empirical research and links have been made to specific theories and recent events, including the killing of George Floyd in Minneapolis as well as the coronavirus pandemic.

This comprehensive text introduces the basic aspects of modern criminology, emphasizing the importance of historical, feminist, and comparative perspectives on crime and offering a critical sociological perspective on the relationship between crime and structured social inequality. The authors explore what crime is and why it occurs by examining the four major forms of social inequality in the U.S.--class, gender, race, and age--and their influence on patterns of crime and victimization.

Criminological Theory: Past to Present--Essential Readings is a comprehensive reader that exposes students to both classic and contemporary theories of crime. Editors Francis T. Cullen, Robert Agnew, and Pamela Wilcox provide accessible yet detailed introductions, preparing students for what they are about to read and placing each selection in context.

criminological theories. It incorporates current examples of deterrence research regarding crimes such as domestic violence, drunk driving, and capital punishment. The book features thought-provoking discussion of the relativity of crime. The authors explore the crime problem, its context, and the causes of crime. Extensive discussion of evolutionary theory is included, and while the prevalence of the scientific method in the field of criminology is highlighted, the impact of ideology on explanations of crime is the cornerstone of the book. This new edition includes extensive revision of Chapter 6, now titled "Biological Theories of Crime," retaining much of the thoughtful historical discussion of earlier editions, but incorporating a substantial expansion of current biological research, which is integrated with both social and biological variables. In addition, Chapter 10, "Recent Developments in Criminological Theory," offers an expanded treatment of life-course criminology.

Downes and Rock's popular textbook, *Understanding Deviance* provides the reader with an indispensable guide to criminological theory. It sympathetically outlines the principal theories of crime and rule-breaking, discussing them chronologically, and placing them in their European and North American contexts, confronting major criticisms that have been voiced against them, and constructing defences where appropriate. The book has been thoroughly revised and brought up to date to include new issues of crime, theory, and theory in the early twenty-first century, and includes summaries of cultural

criminology and the work of Laub and Sampson, and Gottfredson and Hirschi, on theory.

This sixth volume of *Advances in Criminological Theory* is testimony to a resurgence of interest in anomie-strain theory, which began in the mid- 1980s and continues to this day. Contributors focus on the new body of empirical research and theorizing that has been added to the anomie tradition that extends from Durkheim to Merton. The first chapter is a major, 75-page statement by Robert K. Merton, examining the development of the anomie-and-opportunity-structure paradigm and its significance to criminology. The second chapter, *Legacy of Anomie Theory* assesses the theory's continuing usefulness, explains the relevance of Merton's concept of goals/means disparity as a psychological mechanism in the explanation of delinquency, and compares strain theory with social control theory. The third macro-sociological theoretical formulation is used to explain the association between societal development and crime rates. In other chapters, anomie is used to explain white-collar crime and to explore the symbiotic relationship between Chinese gangs and other criminal organizations within the cultural, economic, and political context of the American-Chinese community.

Criminology in Canada highlights the dynamism and diversity in the field of criminology, making the field come alive to students. The experienced author team of Larry J. Siegel and Chris McCormick have provided a fair and unbiased introduction

Theories and Applications

Introduction and Evaluation

Criminological Theory

Crime & Criminology

In Criminological Theories, the noted criminologist Ronald Akers provides thorough

description, discussion, and appraisal of the leading theories of crime/delinquent behavior and law/criminal justice - the origin and history of each theory and its contemporary developments and adherents. Akers offers a clear explanation of each theory (the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity). Researchers and librarians, as well as general readers, will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts.

From a look at classics like Psycho and Double Indemnity to recent films like Traffic and Thelma & Louise, Nicole Rafter and Michelle Brown show that criminological theory is produced not only in the academy, through scholarly research, but also in popular culture, through film. Criminology Goes to the Movies connects with ways in which students are already thinking criminologically through engagements with popular culture, encouraging them to use the everyday world as a vehicle for theorizing and understanding both crime and perceptions of criminality. The first work to bring a systematic and sophisticated criminological perspective to bear on crime films, Rafter and Brown's book provides a fresh way of looking at cinema, using the concepts and analytical tools of criminology to uncover previously unnoticed meanings in film, ultimately making the study of criminological theory more engaging and effective for students while simultaneously demonstrating how theories of crime circulate in our mass-

mediated worlds. The result is an illuminating new way of seeing movies and a delightful way of learning about criminology. Instructor's Guide

Vold's Theoretical Criminology, first published in 1958, was the first book of its kind and is considered "the" standard text in criminological theory. "Vold" is a household name among criminologists because of this book, which many of them used as students and continue to use as professors. Each theory is presented accurately and comprehensively within its historical context. Relevant empirical research is reviewed and assessed, and research issues related to theory testing are also discussed.

Criminal Justice: An Introduction offers a current, lively and thorough introduction to criminal justice. Students are easily drawn to the intriguing field with coverage of past developments, contemporary issues, and tomorrow's challenges. This edition offers new material on diversity in the Criminal Justice System to help students better understand the system from the perspective of women and minorities. Manageable in terms of size and price, Criminal Justice: An Introduction offers a concise and affordable option to your Criminal Justice course.

Criminal Justice: An Introduction

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. The authoritative resource for concise, chronological coverage of all the major sociological criminological theories This book provides all of the key principles of the most researched theories in the field of criminology in a concise, clearly written, and economical format. For over 30 years Williams and McShane's Criminological Theory has been one of the most well-respected resources for undergraduate and graduate students nationwide, much appreciated for its strong research orientation and detailed research bibliographies that show the relationship between theory, research, and policy. Chapters are logically arranged with the social, cultural, and political context necessary to maximize understanding of the times that generated and supported the various theories presented. The book provides a chronological map tracing the development of each theory in relation to its predecessors and its role in the evolution of future theories. Each chapter ties into the preceding and subsequent chapter, making the theories that are meaningful to criminology today more cohesive. As a result, by understanding the relationship between early and present theory, students see the role played by the theorist more realistically, and can see

themselves participating in theory as others before them have done. With contributions from leading academics, The Oxford Handbook of Criminology provides an authoritative collection of chapters covering the topics studied on criminology courses. Each chapter details relevant theory, recent research, policy developments, and current debates, and includes extensive references to aid further research.

Based on Earl Babbie's best-selling text, THE PRACTICE OF SOCIAL RESEARCH, this text combines the key strengths of Babbie's text (accessibility; a conversational, "friendly" writing style; and great examples) with Michael G. Maxfield's expertise in criminology and criminal justice for a text that addresses the specific methods used in criminal justice research. The new edition of this market-leader includes changes in its coverage of ethics, causation, validity, and research design, as well as updated coverage and statistics, and expanded examples, especially in the discussion of field research. A running case study on the dropping crime rate in New York City a study to which co-author Maxfield has close links further demonstrates the important role of research methods in our evolving understanding of crime and society.

Criminology is known for its lucid style, student-oriented approach, and interdisciplinary perspective. This text discusses criminological problems,

Edition of Introduction to Criminology: Theories, Methods, and Criminal Behavior is a comprehensive introduction to the study of criminology, with a chapter devoted to the criminal justice system. Valued and admired for the author's easy-to-read writing style and the text's overall accessibility, this book concentrates on the vital core of criminological theory-theory, method, and criminal behavior-and successfully avoids an overly legal or crime control orientation. Updated throughout and with a visually engaging new two-color design, the Sixth Edition investigates all major forms of criminal activity, including organized crime, white collar crime, political crime, and environmental crime. Author Frank E. Hagan explains the methods of operation, the effects on society, and how various theories account for criminal behavior. New to the Sixth Edition Offers expanded treatment of theory: An additional theory chapter (Chapter 5) explores psychological and biological theories, and the author has provided additional coverage of Developmental/Life Course theory in Chapter 6. Presents expanded detail on many types of crime: The book features comprehensive treatment of all crime typologies. Provides broader coverage of crime in its various forms: With major coverage of white collar, political, and organized crime, the text fully addresses topics such as Warez software piracy, spies, assassins, new organized crime groups, and major corporate scandals. Incorporates updated and new "Crime Files" and "In the News" boxes: New captivating examples include the Virginia Tech shootings; the BTK killer; Washington, DC snipers; Red Lake Massacre; and the Hanssen Spy case. Includes a new final chapter on the

The Core

The new sixth edition of Criminology provides students with a comprehensive analysis of the major criminological theories. Drawing on a wide range of research in order to consider both sociological and psychological explanations of criminal behaviour, Jones poses the important questions, inviting readers to critically engage with the subject. Thoroughly referenced and written in a clear and accessible style, this book provides the firm foundation of knowledge that students need to develop a strong and secure understanding of criminological theory. For courses in Criminology This text is part of the Justice Series Brief. Affordable. Visual. Criminology, Third Edition provides an affordable, thought-provoking look at criminology that uses clear writing and eye-catching visuals to get your students straight to the important concepts. By focusing on these core concepts, students will gain true understanding of

the material, without becoming overwhelmed with unnecessary information. With an approach that focuses on social problems versus social responsibility, students will learn to think critically about the causes of crime and see the link between crime theories and crime policies. The book's conversation-starting pedagogy encourages active participation in learning, moving students beyond memorization by engaging them in the latest research findings and current events shaping the field. A flexible and cost-effective alternative to larger, overwhelming texts, *Criminal Justice: The Essentials, Third Edition*, covers all the fundamental issues faced by law enforcement, the courts, corrections, and juvenile justice, leaving detailed specifics and tangential topics to the discretion of instructors to cover in class.

Illuminating Social Life has enjoyed increasing popularity with each edition. It is the only book designed for undergraduate teaching that shows today's students how classical and contemporary social theories can be used to shed new light on such topics as the internet, the world of work, fast food

restaurants, shopping malls, alcohol use, body building, sales and service, and new religious movements. A perfect complement for the sociological theory course, it offers 13 original essays by leading scholars in the field who are also experienced undergraduate theory teachers. Substantial introductions by the editor link the applied essays to a complete review of the classical and modern social theories used in the book.

Classical and Contemporary Theory Revisited

With a focus on empirical evaluation and practical application, Criminological Theories: Introduction, Evaluation, and Application, Sixth Edition, helps students draw connections between criminological theory and practical applications. In clear, engaging language, authors Ronald L. Akers and Christine S. Sellers explore

*each principal criminological theory using a three-part analysis: * An Introduction presents a succinct exposition of the theory's central concepts, assertions, and hypotheses. * Next, an Evaluation provides a detailed critique of the theory, with an emphasis on empirical validity. * Finally, an Application extends the evaluation to determine each theory's relevance, as well as its potential for controlling and preventing crime and delinquency.*

This comprehensive reader exposes students to both the classic and contemporary theories of crime. Editors Francis T. Cullen, Robert Agnew, and Pamela Wilcox provide brief yet detailed introductions, preparing students for what they are about to read and placing each reading in context. This book provides the best of both worlds-- authored text sections with carefully selected accompanying readings covering criminological theory from past to present and beyond. The articles, from leading journals in criminology and criminal justice, reflect both classic studies and

state-of-the-art research. Key Features " Begins with an introductory chapter that presents a succinct overview of criminological theory, and briefly describes the organization and content of the book " Features 'How to Read a Research Article'--a perfect introduction to understanding how real-world research is organized and delivered in the journal literature " Includes a 'mini-chapter' for each Section, with figures and tables that present basic concepts and provide a background for the Readings that follow " Provides key terms, web resources, and thought-provoking discussion questions for each Section, along with questions for each Reading to help students develop their critical thinking skills " Instructor Resources on CD include a test bank, PowerPoint slides for each section, classroom activities, and more. " A Student study site provides additional articles, self-study quizzes, e-flashcards, and more. Crime and Everyday Life offers a bold approach to crime theory and crime reduction. Using a clear, engaging, and

streamlined writing style, the Sixth Edition illuminates the causes of criminal behavior, showing how crime can affect everyone in both small and large ways. Renowned authors Marcus Felson and Mary Eckert then offer realistic ways to reduce or eliminate crime and criminal behavior in specific settings by removing the opportunity to complete the act. Most importantly, this book teaches students how to think about crime, and then do something about it.

This text offers an engaging and wide-ranging account of crime and criminology. It provides a clear and comprehensive consideration of the theoretical, practical, and political aspects of the subject, including the influence of physical, biological, psychological, and social factors on criminality.

This first Canadian edition of Crime and Criminology: An Introduction combines Canadian empirical research, policy, and legal issues to create a thoroughly Canadian text. Ideal for university and college students enrolled in introductory criminological theory courses, the book offers a solid foundation to criminology which unites traditional theories of crime with contemporary approaches and perspectives. By relating theory to everyday Canadian examples and events, students gain a solid grounding in the major theoretical considerations of the nature and causes of criminal behaviour. New discussion on ecology and environmental theories are unique to this edition. Updated references reflect recent research in emerging fields of criminology.
