*When it comes to breaking down barriers for women in the workplace, Ruth Bader Ginsburg's name speaks volumes for itself--but, as she clarifies in the foreword to this long-awaited book, there are too many trailblazing names we do not know. Herma Hill Kay, former Dean of UC Berkeley School of Law and Ginsburg's closest professional colleague, wrote Paving the Way to tell the stories of the first fourteen female law professors at ABA- and AALS-accredited law schools in the United*

## Online Library Currie Kay Kramer And Roosevelt's Conflict Of

*States. Kay, who became the fifteenth such professor, labored over the stories of these women in order to provide an essential history of their path for the more than 2,000 women working as law professors today and all of their feminist colleagues. Because Herma Hill Kay, who died in 2017, was able to obtain so much first-hand information about the fourteen women who preceded her, Paving the Way is filled with details, quiet and loud, of each of their lives and careers from their own perspectives. Kay wraps each story in rich historical context, lest we forget the extraordinarily difficult times in which these women lived. Paving the Way is not just a collection of individual stories of remarkable women but also a well-crafted interweaving of law and society during a historical period when women's voices were often not heard and sometimes actively muted. The final chapter connects these first fourteen women to the "second wave" of women law professors who achieved tenure-track appointments in the 1960s and 1970s, carrying on the torch and analogous challenges. This is a decidedly feminist project, one that Justice Ruth Bader Ginsburg advocated for tirelessly and admired publicly in the years before her death.*

## Online Library Currie Kay Kramer And Roosevelt's Conflict Of

*Theodore Roosevelt had been president for less than a year when on a tour in New England his horse-drawn carriage was broadsided by an electric trolley. TR was thrown clear but his Secret Service bodyguard was killed instantly. The trolley's motorman pleaded guilty to manslaughter and the matter was quietly put to rest. But was it an accident or an assassination attempt...and would there be another "accident" soon? The Attempted Murder of Teddy Roosevelt casts this event in a darker light. John Hay, the Secretary of State, finds himself in pursuit of a would-be assassin, investigating the motives of TR's many enemies, including political rivals and the industrial trusts. He crosses paths with luminaries of the day, such as best-pal Henry Adams, Emma Goldman, J.P. Morgan, Mark Hanna, and (as an investigatory sidekick) the infamous Nellie Bly, who will help Hay protect the man who wants to transform a nation. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.*

Gerichtsstandsvereinbarungen gewährleisten zustandigkeitsrechtliche Vorhersehbarkeit und Rechtssicherheit. Innerhalb der EU motivieren Gerichtsstandsvereinbarungen wie kein zweites Instrument des IZPR zu grenzüberschreitendem Handel und fordern so die europäische Integration. Zugleich wird unter Verweis auf die Errungenschaften des wechselseitigen Vertrauens und des Anerkennungsprinzips in der EU die zustandigkeitsrechtliche Nachprüfung von Urteilen, die auf Gerichtsstandsvereinbarungen beruhen, abgelehnt. Urteile des *forum derogatum* werden europaweit anerkannt. Niklas Bruggemann analysiert internationale Gerichtsstandsvereinbarungen umfassend aus zustandigkeitsrechtlicher, rechtsabhängigkeitsrechtlicher und anerkennungsrechtlicher Perspektive. Er zeigt auf systematischer, rechtspolitischer und rechtsvergleichender Grundlage, dass die Derogationswirkung internationaler Gerichtsstandsvereinbarungen *de lege ferenda* durch einen Anerkennungsversagungsgrund geschützt werden sollte.

This book focuses on the subject of choice

## Online Library Currie Kay Kramer And Roosevelt Conflict Of

of law as a whole and provides an analysis of its various rules, principles, doctrines and concepts. It offers a conceptual account of choice of law, called "choice equality foundation" (CEF) which aims to flesh out the normative basis of the subject. The author reveals that, despite the multiplicity of titles and labels within the myriad choice of law rules and practices of the U.S., Canadian, European, and other systems, many of them effectively confirm and crystallize CEF's vision of the subject. This alignment signifies the necessarily intimate relationship between theory and practice by which the normative underpinnings of CEF are deeply embedded and reflected in actual practical reality. Among other things, this book provides a justification of the nature and limits of such popular principles as party autonomy, most significant relationship, and closest connection. It also discusses such topics as the actual operation of public policy doctrine in domestic courts, and the relation between the notion of international human rights and international commercial dealings, and makes some suggestions about the ability of traditional rules to cope with the advancing challenges of the digital age.

The purpose of this book is to explore what role ethical discourse plays in public and private international law. The book seeks (1) to delineate the role of ethical investigation in creating, sustaining, challenging and changing international law and (2) to open up a conversation between two related disciplines - public and private international law - that frequently labor in different vineyards. By examining the role of ethical discourse in international law's public and private dimensions, this volume will hopefully open new avenues for cross-disciplinary exchange in these important fields and related disciplines. The chapters in this book show that there is a way to engage the ethical dimension of international law without seeking to use ethics as raw politics and the will to power.

Ein weltweites Ubereinkommen auf dem Gebiet des internationalen Zivilverfahrensrechts kann nur Erfolg haben, wenn der transatlantische Dialog verbessert wird. Ina Vedic widmet sich diesem Dialog und rückt die Lehren des U.S.-Amerikaners Arthur Taylor von Mehren (1922-2006) in den Mittelpunkt der transatlantischen Rechtsvergleichung. Sie untersucht Fragen der internationalen Zuständigkeit, der grenzüberschreitenden Verfahrenskoordinierung und der Urteilsanerkennung. Dazu werden Entscheidungen des U.S. Supreme Court wie *McIntyre v. Nicastro* (2011) und *Daimler v. Bauman* (2014) herangezogen und grundlegende europäische Konzeptionen wie das Prinzip des *actor sequitur forum rei* und die Prioritätsregel für Parallelverfahren den amerikanischen Lösungsansätzen gegenübergestellt. Abschliessend analysiert die Autorin den Einfluss von Mehrens auf die Arbeiten der Haager Konferenz für IPR vor dem Hintergrund des aktuellen *Judgments Project*.

The book deals with set-off in international arbitration proceedings. In these proceedings, set-off is frequently the tool relied upon to resist a claim. At the same time, the legal intricacies make

## Online Library Currie Kay Kramer And Roosevelt's Conflict Of

it hard to use. The first part of the book provides a survey of set-off, including its definition, significance and functions. The second part offers a thorough comparative analysis of selected European laws of set-off and reveals the dramatic differences between them. The third and last part of the book deals with the problematic consequences of these differences and shows the limits and the inadequacy of the traditional choice-of-law doctrines. While demonstrating how to overcome the practical hurdles of the present situation, the third part also offers normative alternatives that should provide significant help in the adjudication of commercial disputes.

## Online Library Currie Kay Kramer And Roosevelt's Conflict Of

conflicts, explaining all major choice-of-law approaches in simple and straightforward text. Separate chapters explore discrete conflicts issues, including personal jurisdiction, recognition of judgments, family law, and state-federal conflicts including Erie and preemption. Extensive description and analysis of leading cases make this book an excellent companion to a casebook as well as a resource for practitioners.

Now in its second edition, and with significant updates and new material, Gilles Cuniberti's innovative textbook offers a comparative treatment of private international law, a field of great importance in an increasingly globalized world. Written by a leading voice in the field, and using a text and cases approach, this text systematically presents and compares civil law and common law approaches to issues primarily within the United Kingdom, United States, France and the EU, as well as offering additional updated insights into rules applicable in other jurisdictions such as Japan, China and Germany.

Contemporary debates about the changing nature of law engage theories of legal pluralism, political economy, social systems, international relations (or regime theory), global constitutionalism, and public international law. Such debates reveal a variety of emerging responses to distributional issues which arise beyond the Western welfare state and new conceptions of private transnational authority. However, private international law tends to stand aloof, claiming process-based neutrality or the apolitical nature of private law technique and refusing to recognize frontiers beyond those of

**the nation-state. As a result, the discipline is paradoxically ill-equipped to deal with the most significant cross-border legal difficulties - from immigration to private financial regulation - which might have been expected to fall within its remit. Contributing little to the governance of transnational non-state power, it is largely complicit in its unhampered expansion. This is all the more a paradox given that the new thinking from other fields which seek to fill the void - theories of legal pluralism, peer networks, transnational substantive rules, privatized dispute resolution, and regime collision - have long been part of the daily fare of the conflict of laws. The crucial issue now is whether private international law can, or indeed should, survive as a discipline. This volume lays the foundations for a critical approach to private international law in the global era. While the governance of global issues such as health, climate, and finance clearly implicates the law, and particularly international law, its private law dimension is generally invisible. This book develops the idea that the liberal divide between public and private international law has enabled the unregulated expansion of transnational private power in these various fields. It explores the potential of private international law to reassert a significant governance function in respect of new forms of authority beyond the state. To do so, it must shed a number of assumptions entrenched in the culture of the nation-state, but this will permit the discipline to expand its potential to confront major issues in global governance.**

"Presidential darling, America's sweetheart, national rebel: Teddy Roosevelt's swashbuckling daughter Alice springs to life in this raucous anthem to a remarkable woman."--Kate Quinn, New York Times bestselling author of *The Alice Network* A sweeping novel from renowned author Stephanie Marie Thornton... Alice may be the president's daughter, but she's nobody's darling. As bold as her signature color Alice Blue, the gum-chewing, cigarette-smoking, poker-playing First Daughter discovers that the only way for a woman to stand out in Washington is to make

## Online Library Currie Kay Kramer And Roosevelt Conflict Of

waves--oceans of them. With the canny sophistication of the savviest politician on the Hill, Alice uses her celebrity to her advantage, testing the limits of her power and the seductive thrill of political entanglements. But Washington, DC is rife with heartaches and betrayals, and when Alice falls hard for a smooth-talking congressman it will take everything this rebel has to emerge triumphant and claim her place as an American icon. As Alice soldiers through the devastation of two world wars and brazens out a cutting feud with her famous Roosevelt cousins, it's no wonder everyone in the capital refers to her as the Other Washington Monument--and Alice intends to outlast them all.

This revised and updated second edition introduces students of violent conflict to a variety of prominent theoretical approaches, and examines the ontological stances and epistemological traditions underlying these approaches. *Theories of Violent Conflict* takes the centrality of the 'group' as an actor in contemporary conflict as a point of departure, leaving us with three main questions: • What makes a group? • Why and how does a group resort to violence? • Why and how do or don't they stop? The book examines and compares the ways by which these questions are addressed from a number of perspectives: primordialism/constructivism, social identity theory, critical political economy, human needs

## Online Library Currie Kay Kramer And Roosevelt Conflict Of

theory, relative deprivation theory, collective action theory and rational choice theory. The final chapter aims to synthesize structure and agency-based theories by proposing a critical discourse analysis of violent conflict. With new material on violence, religion, extremism and military urbanism, this book will be essential reading for students of war and conflict studies, peace studies, conflict analysis and conflict resolution, and ethnic conflict, as well as security studies and IR in general.

This book compares the two golden ages of private international law (PIL): the first is the era of Story and Savigny in the nineteenth century, while the second comprises the last fifty years. The period between 1970 and 2020 has been one of rapid changes and dense legislative responses, exemplified by the adoption of over one hundred national PIL codifications and almost as many international or regional conventions and regulations. These instruments provide a rich source for this book's incisive and instructive comparisons and a fertile ground for a reliable assessment of the progress of PIL as a discipline. This book skillfully uncovers and meticulously documents the gradual—and largely unnoticed—transition of PIL from the idealism of the nineteenth century to the pragmatic eclecticism and pluralism of the twenty-first century.

hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Ruth Bader Ginsburg's last book is a curation of her own legacy, tracing the long history of her work for gender

## Online Library Currie Kay Kramer And Roosevelt Conflict Of

equality and a “ more perfect Union. ” In the fall of 2019, Justice Ruth Bader Ginsburg visited the University of California, Berkeley School of Law to deliver the first annual Herma Hill Kay Memorial Lecture in honor of her friend, the late Herma Hill Kay, with whom Ginsburg had coauthored the very first casebook on sex-based discrimination in 1974. Justice, Justice Thou Shalt Pursue is the result of a period of collaboration between Ginsburg and Amanda L. Tyler, a Berkeley Law professor and former Ginsburg law clerk. During Justice Ginsburg's visit to Berkeley, she told her life story in conversation with Tyler. In this collection, the two bring together that conversation and other materials—many previously unpublished—that share details from Justice Ginsburg's family life and long career. These include notable briefs and oral arguments, some of Ginsburg's last speeches, and her favorite opinions that she wrote as a Supreme Court Justice (many in dissent), along with the statements that she read from the bench in those important cases. Each document was chosen by Ginsburg and Tyler to tell the story of the litigation strategy and optimistic vision that were at the heart of Ginsburg's unwavering commitment to the achievement of "a more perfect Union." In a decades-long career, Ruth Bader Ginsburg was an advocate and jurist for gender equality and for ensuring that the United States Constitution leaves no person behind. Her work transformed not just the American legal landscape, but American society more generally. Ginsburg labored tirelessly to promote a Constitution that is ever more inclusive and that allows every

## Online Library Currie Kay Kramer And Roosevelt Conflict Of

individual to achieve their full human potential. As revealed in these pages, in the area of gender rights, Ginsburg dismantled long-entrenched systems of discrimination based on outdated stereotypes by showing how such laws hold back both genders. And as also shown in the materials brought together here, Justice Ginsburg had a special ability to appreciate how the decisions of the high court impact the lived experiences of everyday Americans. The passing of Justice Ruth Bader Ginsburg in September 2020 as this book was heading into production was met with a public outpouring of grief. With her death, the country lost a hero and national treasure whose incredible life and legacy made the United States a more just society and one in which “ We the People, ” for whom the Constitution is written, includes everyone.

This is the fifth edition of the leading work on transnational and comparative commercial and financial law, covering a wide range of complex topics in the modern law of international commerce, finance and trade. As a guide for students and practitioners it has proven to be unrivalled. Since the fourth edition, the work has been divided into three volumes, each of which can be used independently or as part of the complete work. Volume one covers the roots and foundations of private law; the different orientations and structure of civil and common law; the concept, forces, and theoretical basis of the transnationalisation of the law in the professional sphere; the autonomous sources of the new law merchant or modern *lex mercatoria*, its largely finance-driven impulses; and its

## Online Library Currie Kay Kramer And Roosevelt's Conflict Of

relationship to domestic public policy and public order requirements. Volume two deals with transnational contract, movable and intangible property law. Volume three deals with financial products and financial services, with the structure and operation of modern commercial and investment banks, and with financial risk, stability and regulation, including the fall-out from the recent financial crisis and regulatory responses in the US and Europe. All three volumes may be purchased separately or as a single set. From the reviews of previous editions: "...synthesizes and integrates diverse bodies of law into a coherent and accessible account...remarkable in its scope and depth. It stands alone in its field not only due to its comprehensive coverage, but also its original methodology. Although it appears to be a weighty tome, in fact, in light of its scope, it is very concise. While providing a wealth of intensely practical information, its heart is highly conceptual and very ambitious...likely to become a classic text in its field." *American Journal of Comparative Law* "Dalhuisen's style is relaxed...what he writes convinces without the need for an excess of references to sources...a highly valuable contribution to the legal literature. It adopts a useful, modern approach to teaching the young generation of lawyers how to deal with the increasing internationalisation of law. It is also helpful to the practising lawyer and to legislators." *Uniform Law Review/Revue de Droit Uniforme* "this is a big book, with big themes and an author with the necessary experience to back them up. ... Full of insights as to the theories that underlie the rules governing

## Online Library Currie Kay Kramer And Roosevelt Conflict Of

contract, property and security, it is an important contribution to the law of international commerce and finance." Law Quarterly Review "...presents a very different case: that of a civilized and cultivated cosmopolitan legal scholar, with a keen sense of international commercial and financial practice, with an in-depth grounding in both comparative legal history and comparative law, combined with the ability to transcend conventional English black-letter law description with critical judgment towards institutional wisdom and intellectual fashions. ...a wide-ranging, historically and comparatively very deep and comprehensive commentary, but which is also very contemporary and forward-looking on many or most of the issues relevant in modern transnational commercial, contract and financial transactions..." International and Comparative Law Quarterly
