A collection of cross-denominational hymns spanning several centuries, emphasizing original texts and verses. Long hours, low wages, and unsafe workplaces characterized sweatshops a hundred years ago. These same conditions plague American trucking today. Sweatshops on Wheels: Winners and Losers in Trucking Deregulation exposes the dark side of government deregulation in America's interstate trucking industry. In the years since deregulation in 1980, median earnings have dropped 30% and most long-haul truckers earn less

than half of pre-regulation wages. Work weeks average more than sixty hours. Today, America's long-haul truckers are working harder and earning less than at any time during the last four decades. Written by a former long-haul trucker who now teaches industrial relations at Wayne State University, *Sweatshops on Wheels* raises crucial questions about the legacy of trucking deregulation in America and casts provocative new light on the issue of government deregulation in general.

To most people, princes, princesses, counts and dukes are found only in the pages of the most famous of fairytales. Crowns, priceless jewels and gilded thrones belong only in childhood dreams. But for some, these frivolous fancies are truth. For some, they are real life. On Manhattan's Upper East Side, people have always treated me as someone special. All because of my ancestral name and legacy. All because of a connection I share to our home country's most important family of all. I am Caresa Acardi, the Duchessa di Parma. A blue blood of Italy. I was born to marry well. And now the marriage date is set. I am to marry into House Savona. The family that would have been the royals had Italy not abolished the monarchy in

In our tight-knit world of money, status and masked balls, they are everything and more. And I am soon to become one of them. I am soon to become Prince Zeno Savona's wife..... or at least I was, until I met Achille. And everything changed. The Way Smart Money Preserves Wealth Today
