Working together...and sleeping together? Piers's relationship with Georgia was strictly business—pure and simple. This should have made their living under the same roof a relatively straightforward affair. But, somehow, Piers couldn't stop her from stealing into his thoughts. He wasn't a man to act on impulse. He had managed to resist her—so far! And then one intimate night, business became steamy pleasure....

Bronagh Murphy has been through a lot over the past few years, a hell of a lot, so when her 21st birthday rolls around all she wants to do is relax and spend the day with her family. Quietly. Her boyfriend, Dominic Slater, doesn't do relaxed or quiet. He never has, and he never will. He plans out a day for Bronagh that is both romantic, and exciting. However, Dominic's version of exciting is very different to Bronagh's as she will soon find out. When things take a turn for the worst, and a bad altercation leaves Dominic once again fighting for his girl, Bronagh will have to decide once and for all if she will fight in Dominic's corner or walk away and never look back. Bronagh loves Dominic, and what Bronagh loves, Bronagh protects.

Loyalty. Respect. Wit. Aggression. Heart. Each word describes the Slater brothers and how they were moulded into the men they are today ... but what did it take to get them where they are? Pain. Disregard. Fear. Anger. Love. Peeling back each layer to find the brothers' core means looking at their past to see how they got their future. From overcoming family feuds and breaking a warlord's hold on them to moving to another country and finding women who make their world spin. The Slater brothers idolise their women, and what the Slater brothers idolise, the Slater brothers guard.

2014 Locus Awards Finalist, Nonfiction Category In this hip, accessible primer to the music, literature, and art of Afrofuturism, author Ytasha Womack introduces readers to the burgeoning community of artists creating Afrofuturist works, the innovators from the past, and the wide range of subjects they explore. From the sci-fi literature of Samuel Delany, Octavia Butler, and N. K. Jemisin to the musical cosmos of Sun Ra, George Clinton, and the Black Eyed Peas' will.i.am, to the visual and multimedia artists inspired by African Dogon myths and Egyptian deities, the book's topics range from the "alien" experience of blacks in America to the "wake up" cry that peppers sci-fi literature, sermons, and activism. With a twofold aim to entertain and enlighten, Afrofuturists strive to break down racial, ethnic, and social limitations to empower and free individuals to be themselves.

The Fractured Heart

There are five stages of grief, and I clung to my anger like it was a lifeline. I used it as a tether to the world, defying all odds just so I could feel something. They wanted me dead. Now, I'm gunning for them. The rage inside me won't be quenched until everyone from that night has paid. Someone should have warned them: if you fuck with a Carter, they'll fuck you over ten times harder. I've been given a second chance at life, and I'll be using it wisely, even if it means my own death sentence. This time, I'll be ready. This time, I'll be waiting.There's just one thing I must do before exacting my revenge: earn the forgiveness of Paisley Hayes. And with eight brothers standing behind her, it will be the most gruelling fight I've ever had to face. But for her, I'll do it.She owns me.

They are the Nightwalkers, mysterious beings who dwell in the shadows of our world, and Damien, the Vampire Prince, is among the most powerful of them all. But one woman will tempt him with a desire unlike anything he has known, and together they will face a terrifying relentless foe . . . As reigning Vampire Prince, Damien has tasted every pleasure the world has to offer - consorting with kings and queens and delighting in sensual adventure. Now, tired of such pursuits, he devotes his energies to protecting his people. The war between human necromancers and Nightwalkers has escalated, and when the enemy makes a daring move, kidnapping Syreena, a Lycanthrope Princess, Damien boldly follows. He succeeds in rescuing her, but is unprepared for the erotic longing her lush sensuality awakens in him.

The first time I met Lilly Carter, I thought she was an angel. I'm still convinced she is. She was pure.She was kind. She was Lily. Everything about her captivated me. She called to my soul. Being with her broke an unspoken rule between the Hayes' and the Carter's. But they broke it first when one of them started

dating my sister. Now, all bets are off. Lilly may be fragile, but she's not broken, and it's time people stopped treating her like she is.I'm making Lilly mine, and there's only one thing that can stop me: Death. And I wouldn't put it past a Carter to go to those lengths. I'm willing to pay that price. Because without

her, without that piece of my soul I know she holds, I'm dead inside. ***Soul of my Soul is a spin off series from the The Next Generation Carter Brother series and begins with Lilly Carter and Jaxon Hayes.You don't need to read the Next Generation series to read this one, although I would advise it if you like to get to know the characters more.

Alannah Ryan had always suffered in silence, until that silence became so deafening she spilled secrets that she never intended to. At one point in her life, she yearned for adventure, a nail biting journey . . . something other than the mundane life she led. Her pleas were answered in the form of a tall, handsome heart breaker with a mop of white hair. Alannah's dreams for an exciting twist in her life were shattered because of a teenage mistake. One that has haunted her for over five years, and left her in pieces. Damien Slater was the reason for every bad thing in the lives of those he loved most. A decision he made when he was just fifteen destroyed his brothers' lives, and there was nothing he could do to change the things they had endured. Ruining them hurt, but ruining the only woman who wanted him for more than one night hurt a hell of a lot more. Running away helped Damien heal, and returning to Ireland only caused Alannah more pain. Pain he intended to eradicate and replace with the passion he knew they both shared. Breaking down her walls was not the only challenge Damien faced. Another had plans of his own, and his intentions weren't for physical vengeance, but something far worse. Damien values Alannah above all else, and what Damien values, Damien fights for.

The guides for this trip didn't just watch the life of this legendary band—they lived it. Soulsby interviewed over 150 musicians from bands that played and toured with Nirvana, including well-known alternative and grunge bands like Dinosaur Jr., The Dead Kennedys, and Butthole Surfers, as well as scores of smaller, but no less fascinating bands. In this groundbreaking look at a legendary band, readers will see a more personal history of Nirvana than ever before, including Nirvana's consideration of nearly a dozen previously unmentioned candidates for drummer before settling on David Grohl, a recounting of Nirvana's famously disastrous South American shows from never-before-heard sources on Brazilian and Argentine sides, and the man who hosted the first ever Nirvana gig's recollections of jamming with the band at that inaugural event. I Found My Friends relives Nirvana's meteoric rise from the days before the legend to through their increasingly damaged superstardom. More than twenty years after Kurt Cobain's tragic death, Nick Soulsby removes the posthumous halo from the brow of Kurt Cobain and travels back through time to observe one of rock and roll's most critical bands as no one has ever seen them before.
