

## David Bowie Is Leaving Hundreds Of Clues Postcard Collection

From noted author and journalist Spitz comes this work that chronicles David Bowie's life. Spitz presents a portrait not only of one of the most important rock musicians of the last century but also an examination of a truly fascinating man.

From his early rise to fame to battles with his health, this revelatory memoir by legendary guitarist Peter Frampton celebrates the life of a rock icon. *Do You Feel Like I Do?* is the incredible story of Peter Frampton's positively resilient life and career told in his own words for the first time. His monumental album *Frampton Comes Alive!* spawned three top-twenty singles and sold eight million copies the year it was released (more than seventeen million to date), and it was inducted into the Grammy Hall of Fame in January 2020. Frampton was on a path to stardom from an early age, first as the lead singer and guitarist of the Herd and then as cofounder—along with Steve Marriott—of one of the first supergroups, Humble Pie. Frampton was part of a tight-knit collective of British '60s musicians with close ties to the Rolling Stones, the Beatles, and the Who. This led to Frampton playing on George Harrison's solo debut, *All Things Must Pass*, as well as to Ringo Starr and Billy Preston appearing on Frampton's own solo debut. By age twenty-two, Frampton was touring incessantly and finding new sounds with the talk box, which would become his signature guitar effect. Frampton remembers his enduring friendship with David Bowie. Growing up as schoolmates, crossing paths throughout their careers, and playing together on the Glass Spider Tour, the two developed an unshakable bond. Frampton also shares fascinating stories of his collaborative work with Harry Nilsson, Stevie Wonder, B. B. King, and members of Pearl Jam. He reveals both the blessing and curse of *Frampton Comes Alive!*, opening up about becoming the cover boy he never wanted to be, his overcoming substance abuse, and how he has continued to play and pour his heart into his music despite an inflammatory muscle disease and his retirement from the road. Peppered throughout his narrative is the story of his favorite guitar, the Phenix, which he thought he'd lost in a fiery plane crash in 1980. But in 2011, it mysteriously showed up again—saved from the wreckage. Frampton tells of that unlikely reunion here in full for the first time, and why the miraculous reappearance is emblematic of his life and career as a quintessential artist.

CMJ New Music Report is the primary source for exclusive charts of non-commercial and college radio airplay and independent and trend-forward retail sales. CMJ's trade publication, compiles playlists for college and non-commercial stations; often a prelude to larger success.

Despite its disposable appearance, Glam Rock has survived and thrived for four decades and is now viewed as one of the best loved and most productive periods for pop music in the UK. *Children of the Revolution* is the definitive A to Z guide to the period, chronicling every band and artist who made a significant impression on the art form, both in its heyday and its later years. Provides a wealth of information of numerous much loved acts, including T.Rex, Wizzard, Slade, Bay City Rollers, Mud, Mott the Hoople, Sparks, Alvin Stardust and hundreds more.

David Bowie: I Was There

David Bowie is Leaving Hundreds of Clues. Postcard Collection

**"Ziggy Stardust," "Changes," Under Pressure," "Let's Dance," "Fame," "Heroes," and of course, "Starman." These are the classic songs of David Bowie, the artist whose personas are indelibly etched in our pop consciousness alongside his music. He wrote and recorded with everyone from Iggy Pop to Freddie Mercury to John Lennon, sold 136 million albums, has one of the truly great voices, and influenced bands as wide-ranging as Nirvana and Franz Ferdinand. Paul Trynka illuminates Bowie's seemingly contradictory life and his many reinventions as an artist, offering over 300 new interviews with everyone from classmates to managers to lovers. He reveals Bowie's broad influence on the entertainment world, from movie star to modern-day icon, trend-setter to musical innovator. This book will define Bowie for years to come.**

**Back in print due to popular demand; the David Bowie Black Book remains one of the most elegant books about the iconic superstar ever to have been published. Art directed by acclaimed graphic designer, Pierce Marchbank, and with text written by former NME journalist and cultural commentator, Barry Miles, the David Bowie Black Book contains photographs from every era of Bowie's genre-defining career and was for many years the world's best-selling Bowie book.**

**David Bowie: every single song. Everything you want to know, everything you didn't know. David Bowie remains mysterious and unknowable, despite 45 years of recording and performing. His legacy is roughly 600 songs, which range from psychedelia to glam rock to Philadelphia soul, from avant-garde instrumentals to global pop anthems. Rebel Rebel catalogs Bowie's songs from 1964 to 1976, examines them in the order of their composition and recording, and digs into what makes them work. Rebel Rebel is an in-depth look at Bowie's early singles and album tracks, unreleased demos, session outtakes and cover songs. The book traces Bowie's literary, film and musical influences and the evolution of his songwriting. It also shows how Bowie exploited studio innovations, and the roles of his producers and supporting musicians, especially major collaborators like Brian Eno, Iggy Pop and Mick Ronson. This book places Bowie's music in the context of its era. Readers will discover the links between Kubrick's 2001 and "Space Oddity"; how *A Clockwork Orange* inspired "Suffragette City". The pages are a trip through Bowie's various lives as a young man in Swinging London, a Tibetan Buddhist, a disillusioned hippie, a rock god, and a Hollywood recluse. With a cast of thousands, including John Lennon, William S. Burroughs, Andy Warhol and Cher.**

The biggest edition yet – expanded and updated with 35,000 words of new material Critically acclaimed in its previous editions, The Complete David Bowie is widely recognized as the foremost source of analysis and information on every facet of Bowie ' s career. The A-Z of songs and the day-by-day dateline are the most complete ever published. From the 11-year-old ' s skiffle performance at the 18th Bromley Scouts ' Summer Camp in 1958, to the emergence of the legendary lost album Toy in 2011, to his passing in January 2016, The Complete David Bowiediscusses and dissects every last development in rock ' s most fascinating career. \* The Albums – detailed production history and analysis of every album from 1967 to the present day. \* The Songs – hundreds of individual entries reveal the facts and anecdotes behind not just the famous recordings, but also the most obscure of unreleased rarities – from ' Absolute Beginners ' to ' Ziggy Stardust ' , from ' Abdulmajid ' to ' Zion ' . \* The Tours – set-lists and histories of every live show. \* The Actor – a complete guide to Bowie ' s career on stage and screen. \* Plus – the videos, the BBC radio sessions, the paintings, the Internet and much more.

Named one of Entertainment Weekly ' s 12 biggest music memoirs this fall. “ An artful and wildly enthralling path for Bowie fans in particular and book lovers in general. ” —Publishers Weekly (starred review) “ The only art I ' ll ever study is stuff that I can steal from. ” David Bowie Three years before David Bowie died, he shared a list of 100 books that changed his life. His choices span fiction and nonfiction, literary and irreverent, and include timeless classics alongside eyebrow-raising obscurities. In 100 short essays, music journalist John O ' Connell studies each book on Bowie ' s list and contextualizes it in the artist ' s life and work. How did the power imbued in a single suit of armor in The Iliad impact a man who loved costumes, shifting identity, and the siren song of the alter-ego? How did The Gnostic Gospels inform Bowie ' s own hazy personal cosmology? How did the poems of T.S. Eliot and Frank O ' Hara, the fiction of Vladimir Nabokov and Anthony Burgess, the comics of The Beano and The Viz, and the groundbreaking politics of James Baldwin influence Bowie ' s lyrics, his sound, his artistic outlook? How did the 100 books on this list influence one of the most influential artists of a generation? Heartfelt, analytical, and totally original, Bowie ' s Bookshelf is one part epic reading guide and one part biography of a music legend.

You cannot believe a word Mick Farren tells you! ” John Lydon A literary life railing against the machine, in the company of Johnny Cash, Frank Zappa, Chuck Berry and more. Mick Farren has spent more than 4 decades in the thick of the culture wars as a commentator, activist, essayist, poet, performer, and rebel with multiple causes. A founding figure of the 60s underground press, he careered on through the London birth pangs of punk, the intoxicated madness of Lower Manhattan under Ronald Reagan, earthquakes and urban insurrection in LA. Here you'll meet Frank Zappa, Johnny Cash, Chuck Berry and Gore Vidal, and steam open correspondence between the author and Pete Townshend.

Having outlasted the gag order that was part of their divorce agreement, Angela Bowie produced this memoir of her turbulent life with David.

**A Biography**

David Bowie: The Golden Years chronicles Bowie's creative life during the 1970s, the decade that defined his career. Looking at the superstar's life and work in a year by year, month by month, day by day format, and placing his works in their historical, personal and creative contexts. The Golden Years accounts for every live performance: when and where and who played with him. It details every known recording: session details, who played in the studio, who produced the song, and when and how it was released. It covers every collaboration, including production and guest appearances. It also highlights Bowie's film, stage and television appearances: Bowie brought his theatrical training into every performance and created a new form of rock spectacle. The book follows Bowie on his journeys across the countries that fired his imagination and inspired his greatest work, and includes a detailed discography documenting every Bowie recording during this period, including tracks he left in the vault. The Golden Years is an invaluable addition to the Digital shelves of any true Bowie fan.

The Doors, James Brown, the Grateful Dead, the Sir Douglas Quintet, David Bowie—the list goes on. . . . From 1967 to 1973, Michael Oberman interviewed more than three hundred top musical artists. Collected together for the first time, Fast Forward, Play and Rewind presents more than one hundred interviews Oberman conducted

with the most important musical artists of the day Along the way, Oberman touches on the influence of his brother, who interviewed the Beatles and other top artists from 1964 to 1967. He also recounts stories from his later career working for the major Warner-Elektra Atlantic recording company and producing concerts for Cellar Door Productions and managing recording artists. Want to know the true story of how David Bowie became Ziggy Stardust? That and dozens more true tales that might seem like fiction are waiting inside the pages of Fast Forward, Play and Rewind. Each short interview is an invitation for readers to relive (or live for the first time) one of the greatest periods in rock 'n' roll history.

David Bowie released an incredible 27 studio albums, beginning with his eponymous 1967 debut and ending with Blackstar, released just two days before his death in January 2016. Widely regarded as one of the most influential musicians and performers of the previous five decades, Bowie demolished what were thought to be the limitations of stagecraft in rock music, as well as proving it possible for an artist to constantly--and successfully--redefine himself. As a result, Bowie has been credited with inspiring genres as disparate as glam and punk rock. This sharply written and gorgeously designed retrospective follows Bowie's career from the folkie baroque rock of his debut, to his breakthrough single "Space Oddity," and on to his flamboyant glam rock alter ego, Ziggy Stardust. Author Pat Gilbert continues through Bowie's soul phase, his electronic Berlin trilogy, his massive pop success in the 1980s, and his turn to electronica in the 1990s, as well as subsequent tours, notable performances, collaborations, and accolades. Nearly every page is illustrated with stunning concert and candid offstage photography, including gig posters, 7-inch picture sleeves, concert ticket stubs, and more. The result is a fitting tribute to one of the most influential and admired stars in rock history.

Issued on the occasion of the exhibition: "David Bowie is," 23 March - 11 August, 2013 at the Victoria and Albert Museum, London.

Do You Feel Like I Do?

The Hundred Books that Changed David Bowie's Life

*Among the topics explored in David Bowie and Philosophy are the nature of Bowie as an institution; Bowie's work in many platforms, including movies and TV; Bowie's spanning of low and high art, and his relation to Warhol; the influence of Buddhism and Kabuki theater; the recurring theme of Bowie as a space alien, including "Space Oddity" and The Man Who Fell to Earth; the dystopian element in Bowie's thinking, displayed in "1984" and the album Outside; the role of fashion in Bowie's creativity; personal identity as preserved over various divergent personae; the aesthetics of theatrical rock and glam rock; Bowie's public identification with bisexuality and his influence within the LGBTQ community. Pervasive themes in Bowie's output include change, time, apocalypse, dancing, mind-body dualism, and spirituality. In the dualistic universe that undergirds his lyrics, body consistently wins over mind, but body is nevertheless on the hook of moral responsibility. There is thus an inherent tension: the overwhelming desires of bodily drives versus the repressive institutions such as church and the omnipresent "They" who would have us do otherwise than our body want. The emergent paradox in Bowie is that for all his alleged sexual indulgences, in the end mind trumps body.*

*Bowie & Hutch is an unusual memoir, Bowie a world superstar and Hutch a comparatively little known, semi-retired jazz guitarist living in rural East Yorkshire. John 'Hutch' Hutchinson was Bowie's musical collaborator, side-man, accompanying musician and friend, and his story should be an essential read for Bowie fans around the world. An off and on musical relationship then continued for seven years, from the Marquee Club days to the fall of Ziggy Stardust in 1973. Hutch's valuable contributions to David's music during the early years are amongst the building blocks of David Bowie's spectacular career. Looking back with good humour and affection, Hutch is able to give his first-hand account of life on the road with David Bowie. The book also covers Bowie & Hutch's musical lives in parallel from the beginnings, through the rock and roll years and up to the present day. John 'Hutch' Hutchinson is still playing regular gigs in York, Scarborough and The Yorkshire Wolds area.*

*"Glam was about make-up, mirrors and androgyny. It was narcissistic, obsessive, decadent and subversive. It was bohemian, but also strangely futuristic. It was Oscar Wilde meets A Clockwork Orange. It was a mutant bastard offspring of glitter. But while glitter was sparkling distraction, glam was anarchy in drag. It was sexy, glamorous, on the edge. It was the moment hippie finally died. It was absolutely rock'n'roll. But it was also fashion, art, theatre, lifestyle. It was gay, straight, multisexual. It was totally titillating and absolutely naughty. Everybody held hands with everybody, kissed everybody, went home with everybody. It was an age of accelerated discovery, when all the kinks of sexual yearning were flushed out. It was absolutely self-indulgent and it was ridiculously camp. It was a time we thought would never end. A time so long ago now it seems like a dream. But it wasn't and I have the pictures to prove it." Mick Rock*

*"Fellow rock stars, casual members of the public, lords and media magnates, countless thousands of people will talk of their encounters with this driven, talented, indomitable creature, a man who has plumbed the depths of depravity, yet emerged with an indisputable nobility. Each of them will share an admiration and appreciation of the contradictions and ironies of his incredible life. Even so, they are unlikely to fully comprehend both the heights and the depths of his experience, for the extremes are simply beyond the realms of most people's understanding." —from the Prologue The first full biography of one of rock 'n' roll's greatest pioneers and legendary wild men Born James Newell Osterberg Jr., Iggy Pop transcended life in Ypsilanti, Michigan, to become a member of the punk band the Stooges, thereby earning the nickname "the Godfather of Punk." He is one of the most riveting and reckless performers in music history, with a commitment to his art that is perilously total. But his personal life was often a shambles, as he struggled with drug addiction, mental illness, and the ever-problematic question of commercial success in the music world. That he is even alive today, let alone performing with undiminished energy, is a wonder. The musical genres of punk, glam, and New Wave were all anticipated and profoundly influenced by his work. Paul Trynka, former editor of Mojo magazine, has spent much time with Iggy's childhood friends, lovers, and fellow musicians, gaining a profound understanding of the particular artistic culture of Ann Arbor, where Iggy and the Stooges were formed in the mid to late sixties. Trynka has conducted over 250 interviews, has traveled to Michigan, New York, California, London, and Berlin, and, in the course of the last decade or so at Mojo, has spoken to dozens of musicians who count Iggy as an influence. This has allowed him to depict, via real-life stories from members of bands like New Order and the Red Hot Chili Peppers, Iggy's huge influence on the music scene of the '70s, '80s, and '90s, as well as to portray in unprecedented detail Iggy's relationship with his enigmatic friend and mentor David Bowie.*

Trynka has also interviewed Iggy Pop himself at his home in Miami for this book. What emerges is a fascinating psychological study of a Jekyll/Hyde personality: the quietly charismatic, thoughtful, well-read Jim Osterberg hitched to the banshee creation and alter ego that is Iggy Pop. *Iggy Pop: Open Up and Bleed* is a truly definitive work—not just about Iggy Pop's life and music but also about the death of the hippie dream, the influence of drugs on human creativity, the nature of comradeship, and the depredations of fame.

The Dangerous Glitter of David Bowie, Iggy Pop and Lou Reed

Iggy Pop: Open Up and Bleed

Out of Space: How UK cities shaped rave culture

Respected arts commentator and author Paul Morley, an artistic advisor to the curators of the highly successful retrospective exhibition 'David Bowie Is...' for the Victoria & Albert Museum in London, constructs a definitive story of Bowie that explores how he worked, played, aged, structured his ideas, influenced others, invented the future, and entered history as someone who could and would never be forgotten. Morley captures the greatest moments from across Bowie's life and career; how young Davie Jones of South London became the international David Bowie; his pioneering collaborations in the recording studio with the likes of Tony Visconti, Mick Ronson, and Brian Eno; to iconic live, film, theatre, and television performances from the 1970s, 80s, and 90s, as well as the various encounters and artistic relationships he developed with musicians from John Lennon, Lou Reed, and Iggy Pop to Trent Reznor and Arcade Fire. And of course, discusses in detail his much-heralded and critically acclaimed finale with the release of *Blackstar* just days before his shocking death in New York.

A TIMES BOOK OF THE YEAR 'Brilliant. The unwritten Bowie book that needed writing' CAITLIN MORAN 'Splendid. Provides plenty of evidence of Bowie's restless, rummaging intelligence, and his pleasure in the fact that books allow readers to slip into someone else's skin and try it on for size' THE TIMES 'A witty and enlightening analysis of Bowie's 100 essential books . . . A handy, amusing, light-touch precis' OBSERVER 'What is your idea of perfect happiness?' 'Reading.' 'What is the quality you most like in a man?' 'The ability to return books.' Three years before he died, David Bowie made a list of the one hundred books that had transformed his life – a list that formed something akin to an autobiography. From *Madame Bovary* to *A Clockwork Orange*, the *Iliad* to the *Beano*, these were the publications that had fuelled his creativity and shaped who he was. In *Bowie's Books*, John O'Connell explores this list in the form of one hundred short essays, each offering a perspective on the man, performer and creator that is Bowie, his work as an artist and the era that he lived in. Brilliantly illustrated throughout and the perfect gift for Bowie fans and book lovers, *Bowie's Books* is much more than a list of books you should read in your lifetime: it is a unique insight into one of the greatest minds of our times, and an indispensable part of the legacy that Bowie left behind.

*Out of Space* plots a course through the different UK towns and cities club culture has found a home. From Glasgow to Margate via Manchester, Sheffield and unlikely dance music meccas such as Coalville and Todmorden, this book maps where electronic music has thrived, and where it might be headed to next...

An engaging history of the surprising, poignant, and occasionally scandalous stories behind scientific names and their cultural significance, "More fun than you've ever had with taxonomy in your whole entire life!" (Diana Gabaldon, author of the *Outlander* series and PhD in Quantitative Behavioral Ecology) Ever since Carl Linnaeus's binomial system of scientific names was adopted in the eighteenth century, scientists have been eponymously naming organisms in ways that both honor and vilify their namesakes. This charming, informative, and accessible history examines the fascinating stories behind taxonomic nomenclature, from Linnaeus himself naming a small and unpleasant weed after a rival botanist to the recent influx of scientific names based on pop-culture icons--including David Bowie's spider, Frank Zappa's jellyfish, and Beyoncé's fly. Exploring the naming process as an opportunity for scientists to express themselves in creative ways, Stephen B. Heard's fresh approach shows how scientific names function as a window into both the passions and foibles of the scientific community and as a more general indicator of the ways in which humans relate to, and impose order on, the natural world.

Children of the Revolution

The Complete David Bowie (Revised and Updated 2016 Edition)

The Glam Rock Story, 1970-1975

Time Passages

David Bowie

Charles Darwin's Barnacle and David Bowie's Spider

Who better to tell the story of the gentrification of a musical genre than the man who started out as *Jungle's* most streetwise ambassador and went on to

collect an MBE from Buckingham Palace? But Goldie's uncensored, hard-hitting memoir is far more than just the story of the house-training of drum 'n' bass. As one of Britain's most influential DJs, producers, promoters, and record-label owners - whose contributions to the UK rave scene in the 1990s defined the genres jungle and urban rave, Goldie is an iconic figure. Hugely addictive, this gonzo memoir is a vertiginous thrill-ride from the darkest depths of the West Midlands care-home system to the snowiest uplands of coke-crazed international celebrity. It is an explosive story of abuse, revenge, graffiti, gold teeth, sawn-off shotguns, car crashes, hot yoga, absent fatherhood, and redemption through reality TV.

A Hugo Award-winning author and music journalist explores the weird and wild story of when rock 'n' roll met the sci-fi world of the 1970s As the 1960s drew to a close, and mankind trained its telescopes on other worlds, old conventions gave way to a new kind of hedonistic freedom that celebrated sex, drugs, and rock 'n' roll. Derided as nerdy or dismissed as fluff, science fiction rarely gets credit for its catalyzing effect on this revolution. In *Strange Stars*, Jason Heller recasts sci-fi and pop music as parallel cultural forces that depended on one another to expand the horizons of books, music, and out-of-this-world imagery. In doing so, he presents a whole generation of revered musicians as the sci-fi-obsessed conjurers they really were: from Sun Ra lecturing on the black man in the cosmos, to Pink Floyd jamming live over the broadcast of the Apollo 11 moon landing; from a wave of Star Wars disco chart toppers and synthesiser-wielding post-punks, to Jimi Hendrix distilling the "purplish haze" he discovered in a pulp novel into psychedelic song. Of course, the whole scene was led by David Bowie, who hid in the balcony of a movie theater to watch *2001: A Space Odyssey*, and came out a changed man... If today's culture of Comic Con fanatics, superhero blockbusters, and classic sci-fi reboots has us thinking that the nerds have won at last, *Strange Stars* brings to life an era of unparalleled and unearthly creativity—in magazines, novels, films, records, and concerts—to point out that the nerds have been winning all along.

A fascinating account of the music and epic social change of 1973, a defining year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, Eagles, Elvis Presley, and the former members of The Beatles. 1973 was the year rock hit its peak while splintering—just like the rest of the world. Ziggy Stardust travelled to America in David Bowie's *Aladdin Sane*. The *Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting #1. FM battled AM, and Motown battled Philly on the charts, as the era of protest soul gave way to disco, while DJ Kool Herc gave birth to hip hop in the Bronx. The glam rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and rednecks made peace in Austin thanks to Willie Nelson, while outlaw country, country rock, and Southern rock each pointed toward modern country. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's *Houses of the Holy* reflected the rise of funk and reggae. The singer songwriter movement led by Bob Dylan, Neil Young, and Joni Mitchell flourished at the Troubadour and Max's Kansas City, where Bruce Springsteen and Bob Marley shared bill. Elvis Presley's *Aloha from Hawaii via Satellite* was NBC's top-rated special of the year, while Elton John's albums dominated the number one spot for two and a half months. Just as U.S. involvement in Vietnam drew to a close, *Roe v. Wade* ignited a new phase in the culture war. While the oil crisis imploded the American dream of endless prosperity, and Watergate's walls closed in on Nixon, the music of 1973 both reflected a shattered world and brought us together.

*David Bowie: I Was There* features more than 350 eyewitness accounts from fans who saw him live in concert, from colleagues who played music and worked with him and from friends. From his early shows in Bromley - through the 182-date Ziggy Stardust Tour and the 12 other major tours across the world - this is a unique view of the David Bowie story. It places him in the context of the times he lived through and his place in the lives of those who saw him. The book features a wealth of fascinating stories, memorabilia and photographs that have never been published before - making this book a unique portrait of one of the most influential musicians of this era.

*The Age of Bowie*

*David Bowie is the Subject*

*David Bowie Changes*

*The Illustrated Story*

*All Things Remembered*

*Life on the Wild Side with David Bowie*

Few American lives are stranger, more action-packed, or wilder than that of Hunter S. Thompson. Born a rebel in Louisville, Kentucky, Thompson spent a lifetime channeling his energy and insight into such landmark works as *Fear and Loathing in Las Vegas* - and his singular and provocative style challenged and revolutionized writing. Now, for the first time ever, Jann Wenner and Corey Seymour have interviewed the Good Doctor's friends, family, acquaintances and colleagues and woven their memories into a brilliant oral biography. From Hell's Angels leader Sonny Barger to Ralph Steadman to Jack Nicholson to Jimmy Buffett to Pat Buchanan to Marilyn Manson and Thompson's two wives, son, and longtime personal assistant, more than 100 members of Thompson's inner circle bring into vivid focus the life of a man who was even more complicated, tormented, and talented than any previous portrait has shown. It's all here in its uncensored glory: the creative frenzies, the love affairs, the drugs and booze and guns and explosives and, ultimately, the tragic suicide. As Thompson was fond of saying, "Buy the ticket, take the ride."

Three years before he died, David Bowie made a list of the one hundred books that had transformed his life - a list that formed something akin to an autobiography. From *Madame Bovary* to *A Clockwork Orange*, the *Iliad* to the *Beano*, these were the publications that had fuelled his creativity and shaped who he was. In *Bowie's Books*, John O'Connell explores this list in the form of one hundred short essays, each offering a perspective on the man, performer and creator that is Bowie, his work as an artist and the era that he lived in. Brilliantly illustrated throughout and the perfect gift for Bowie fans and book lovers, *Bowie's Books* is much more than a list of books you should read in your lifetime: it is a unique insight into one of the greatest minds of our

times, and an indispensable part of the legacy that Bowie left behind.

Dylan Jones's engrossing, magisterial biography of David Bowie is unlike any Bowie story ever written. Drawn from over 180 interviews with friends, rivals, lovers, and collaborators, some of whom have never before spoken about their relationship with Bowie, this oral history weaves a hypnotic spell as it unfolds the story of a remarkable rise to stardom and an unparalleled artistic path. Tracing Bowie's life from the English suburbs to London to New York to Los Angeles, Berlin, and beyond, its collective voices describe a man profoundly shaped by his relationship with his schizophrenic half-brother Terry; an intuitive artist who could absorb influences through intense relationships and yet drop people cold when they were no longer of use; and a social creature equally comfortable partying with John Lennon and dining with Frank Sinatra. By turns insightful and deliciously gossipy, David Bowie is as intimate a portrait as may ever be drawn. It sparks with admiration and grievances, lust and envy, as the speakers bring you into studios and bedrooms they shared with Bowie, and onto stages and film sets, opening corners of his mind and experience that transform our understanding of both artist and art. Including illuminating, never-before-seen material from Bowie himself, drawn from a series of Jones's interviews with him across two decades, David Bowie is an epic, unforgettable cocktail-party conversation about a man whose enigmatic shapeshifting and irrepressible creativity produced one of the most sprawling, fascinating lives of our time.

**Rex Ray**

Rex Ray celebrates life, work, and legacy of iconic San Francisco fine artist Rex Ray (1956–2015). This comprehensive volume features more than 100 of his works on canvas, wood, and paper—including never-before-seen pieces courtesy of the Rex Ray estate. His playful painted-paper-collages and organic, abstract forms have earned him comparisons to artists like Paul Klee and Henri Matisse. • Essays by celebrated writer Rebecca Solnit, art critic Christian Frock, and Ray's gallerist and friend Griff Williams • Ray's collages and paintings are both playful and geometric. • This vibrant book pays tribute to Ray's life and work. Rex Ray was a successful and prolific fine artist whose art has been shown at major museums and galleries throughout the United States. Now, longtime collectors and new fans alike can revel in the beauty of Ray's inimitable body of work. Ray's exuberantly colorful paintings and collages are a testament to the prolific artist's joy in the creative process. • This fine art monograph is perfect for Ray's fans and collectors, as well as those discovering the power and beauty of his work for the first time. • A perfect book for lovers of pop art and modern design, museumgoers, fine art fans, artists, designers, and those interested in the San Francisco art scene and local history • Great for those who loved Rex Ray: We Are All Made of Light by Griff Williams, Kevin Killa, and Rene Paul Barilleaux; House Industries: The Process Is the Inspiration by House Industries; and Barry McGee by Aaron Rose and Barry McGee

ABOUT THE BOOK Even in the days when he was Davie (or Davy) Jones of the the Kon-Rads, King Bees or the Manish Boys (a few of his early bands) — David Bowie was, and still is, a fully formed, timeless pop artist. Although he always experimented and changed stylistically, he seems to have simply burst into this world as Ziggy Stardust, Aladdin Sane, the Thin White Duke, David Bowie, and finally just Mr. Jones — all rolled into one. He is a shimmering chimera changing to reflect what we hope to find, and what we don't expect to find: the romantic troubadour, the glammed outer space messiah, the burnt-out case from another world, the sophisticated, world-weary philosopher, the aging artist facing his own mortality. David Bowie's best known, and most groundbreaking character is Ziggy Stardust. If the trappings of Ziggy Stardust, glam-androgyn, are stripped away, what we have left is simply great pop music. The gender-smashing concept of Ziggy — as stimulating, and some would say, as freeing for society as it was — isn't a bolt out of the blue for us today as it was then. What survives is the music. So the sociological effect of David Bowie's depiction of gender with his character Ziggy Stardust isn't his most valuable contribution to pop music. The music is. Besides his popular success, part of why David Bowie is such a great contributor to late 20th century rock and roll is that the answer to who or what David Bowie is is a reflection of who we are. Like all great artists he shows us aspects of our own imaginations. And in an uncanny way, he has always managed to presage certain trends or events at a time when Western pop culture was changing in a way that in hindsight seems inevitable. At any given time, the shape of the future is unknown. An obvious observation, but one that needs restating in order to place ourselves more fully in the shoes of those who came before us. In 2004, Rolling Stone put David Bowie at number 39 on its "100 Greatest Artists of All Time" list. His friend and sometime collaborator, Lou Reed, commented that "he has a melodic sense that is just way above anyone else in rock and roll." Listen to just a few of his songs, and it becomes obvious that he is a great songwriter as well as a great performer: "Space Oddity", "Changes", "Ziggy Stardust", "Life on Mars?", "Young Americans", "Fame", "Sound and Vision", "Heroes", "Let's Dance". His music varies so much over the years — from the English music hall style of some of the songs on the 1967 album, David Bowie, to the American soul style of Young Americans, to the euro-rock, post punk sounds of the Berlin Trilogy, Heroes, Low, and Lodger, to mainstream hits of the 80s, "Let's Dance" and "Modern Love", to his late career, jazz-influenced song "Bring Me the Disco King". Despite the fact that he has varied his approach stylistically, Bowie explains his approach to his subject matter in this YouTube video of a Danish interview given at the start of his A Reality Tour of 2003. He has returned to the same themes throughout his life: "loneliness, isolation, abandonment, spirituality, and the lack thereof." He tells the interviewer that he is fundamentally the same person that he was a teenager,

except that he is three and a half inches taller. According to Bowie, he has shifted his perspective, but not his artistic preoccupations... ..buy the book to read more!
