

## Days Of Panic A Post Apocalyptic Emp Survival Thriller Emp Survival Series Book 1

*?Insouciant? and ?irreverent? are the sort of words that come up in reviews of Dinty W. Moore?s books?and, invariably, ?hilarious.? Between Panic and Desire, named after two towns in Pennsylvania, finds Moore at the top of his astutely funny form. A book that could be named after one of its chapters, ?A Post-Nixon, Post-panic, Post-modern, Post-mortem,? this collection is an unconventional memoir of one man and his culture, which also happens to be our own. ø Blending narrative and quizzes, memory and numerology, and imagined interviews and conversations with dead presidents on TV, the book dizzily documents the disorienting experience of growing up in a postmodern world. Here we see how the major events in the author?s early life?the Kennedy assassination, Nixon?s resignation, watching Father Knows Best, and dropping acid atop the World Trade Center, to name a few?shaped the way he sees events both global and personal today. More to the point, we see how these events shaped, and possibly even distorted, today?s world for all of us who spent our formative years in the ?50s, ?60s, and ?70s. A curious meditation on family and bereavement, longing and fear, self-loathing and desire, Between Panic and Desire unfolds in kaleidoscopic forms?a coroner?s report, a TV movie script, a Zen koan?aptly reflecting the emergence of a fractured virtual America.*

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil,

resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

When an EMP attack plunges the nation into darkness, the days of panic have only just begun... About to leave for Army Basic Training, Peter Meier awakens to a society on the edge of collapse. But when three strangers wander onto his family's backwoods property in rural Wisconsin, a shocking turn of events plunges his world into turmoil. Meanwhile, in the nearby town of Bowman, Mayor Tom Grossman must work tirelessly to maintain a sense of calm. With no power, cars, or phones, will he be able to quell the rising tensions and keep the townsfolk composed? Or will the entire region unravel into madness in the midst of the disaster? Age of Survival is an exciting post-apocalyptic EMP survival thriller featuring regular people struggling to survive after an EMP. Perfect for fans of books by Kyla Stone, Jack Hunt, Grace Hamilton, Harley Tate, T.L. Payne, and other authors of EMP Prepper Fiction series. \*\*\* This book series contains some strong language and graphic depictions of violence. \*\*\*

The Day of the Triffids

*"A beautifully drawn study of what is at risk when you lose control of your own life. Unique, gripping, and viscerally moving—this impressive debut novel heralds the arrival of an extremely talented writer." —Jodi Picoult, New York Times–bestselling author of Leaving Time Destined to be a book club favorite, a heart-wrenching debut about two people who must decide how much they're willing to sacrifice for love. Mara Nichols is a successful lawyer, devoted wife, and adoptive mother who has received a life-shattering diagnosis. Scott Coffman, a middle school teacher, has been fostering an eight-year-old boy while the boy's mother serves a jail sentence. Scott and Mara both have five days left until they must say good-bye to the ones they love the most. Through their stories, Julie Lawson Timmer explores the individual limits of human endurance and the power of relationships, and shows that sometimes loving someone means holding on, and sometimes it means letting go. Jesse Michaels, bike messenger, Damon Miles, just out of prison, Maggie Gray, call center technician, and Elliot, who has been living on the streets, all find themselves in Times Square on New Year's Eve but instead of a celebration, all the power goes out and the city descends into chaos. The only way these four people will survive the aftermath of an EMP is if they work together to get out of New York City.*

*A comprehensive, up-to-date drug guide for nursing students and practicing nurses, Lippincott Nursing Drug Guide provides quick A-to-Z access to current, vital drug information. The book provides complete monographs for 725 common drugs, including generic and trade names, pronunciations, pregnancy risk category, controlled substance schedule (if appropriate), drug classes, therapeutic actions, indications, contraindications and cautions, available forms, dosages, pharmacokinetics, IV facts (if appropriate), adverse effects, interactions, and nursing considerations organized by nursing process steps (assessment, interventions, and teaching points). More than 20 appendices cover a wealth of additional information, from key facts on more than 200 less commonly used drugs to alternative and complementary therapies, pediatric dosages, federal drug classifications, normal lab values, topical and ophthalmic drugs, combination products, CYP450 metabolized drugs, and more. The book also includes a 32-page full-color photoguide to pills and capsules and a detailed index for quick retrieval of needed information. The electronic ancillary contains the latest FDA updates on new drugs, indications, and warnings; videos on safe drug administration; updated NCLEX-style questions; and more.*

***If you cry and laugh within one of the essays in this collection, don't be surprised. Real stories, observations, rants should evoke emotion. Ideally, they should also warrant deposit into the inner "Hmm . . . box" we all have inside our heads. The messages herein span everything from the author's first encounter***

*with God through a decision to bequeath his body to science after two unforgettable Irish wakes. In between are encounters with a pedophile priest, a remarkable homeless man who found a life of purpose in homelessness, and a man the author sent to prison. There is also an encounter with God on a golf course; time in a church cult; the inevitable mountaintops and painful tumbles from them with family; love lost and love found; death on the "installment plan" and much more. Forty Days is pointing us toward the light. The essays are points on the author's life path, but yours as well. Discover, as you look into your own heart through the author's, faith, faithlessness, hope, loss, restoration, blessing, you.*

*The Crude Truth: Do you want to know why you're paying so much at the pump these days? Raymond J. Learsy, a longtime commodities trader, explains the real facts behind today's outrageous gasoline prices by lifting the veil from the Mideast oil cartel. He shows how OPEC manipulates the oil markets with results that are destabilizing to the world's economy and threatening to America's national security. With refreshing candor and an insider's perspective, Learsy explains how OPEC: - promotes a bogus perception of oil scarcity in order to hike prices and gain political power. - is compromised by connections to Islamist terrorists, who fuel anti-American hatred with dollars from our own pockets. - keeps Third World populations in crushing poverty, despite rich oil deposits found in their countries. - became the de facto master of Iraq's newly liberated oil fields. Along with a sweeping survey of OPEC's methods of economic domination, Over a Barrel offers a well-informed strategy for busting the Mideast oil cartel and charting our nation's course towards energy independence. This resource pairs more than 250 exquisite Netter images with concise descriptions of the most current medical thinking on common diseases and conditions, diagnostics, treatments, and protocols most often encountered in obstetrics and gynecology.*

dystopian post-apocalyptic books by such authors as A. American, Steven Konkoly, or Tom Abrahams you'll like Graham's Resolution. Fans of One Second After, Lucifer's Hammer, Into the Forest and The Stand, did too.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY People ? O: The Oprah Magazine ? Financial Times ? Kansas City Star ? BookPage ? Kirkus Reviews ? Publishers Weekly ? Booklist NEW YORK TIMES BESTSELLER "A stunner."—Justin Cronin "It's never the disasters you see coming that finally come to pass—it's the ones you don't expect at all," says Julia, in this spellbinding novel of catastrophe and survival by a superb new writer. Luminous, suspenseful, unforgettable, The Age of Miracles tells the haunting and beautiful story of Julia and her family as they struggle to live in a time of extraordinary change. On an ordinary Saturday in a California suburb, Julia awakes to discover that something has happened to the rotation of the earth. The days and nights are growing longer and longer; gravity is affected; the birds, the tides, human behavior, and cosmic rhythms are thrown into disarray. In a world that seems filled with danger and loss, Julia also must face surprising developments in herself, and in her personal world—divisions widening between her parents, strange behavior by her friends, the pain and vulnerability of first love, a growing sense of isolation, and a surprising, rebellious new strength. With crystalline prose and the indelible magic of a born storyteller, Karen Thompson Walker gives us a breathtaking portrait of people finding ways to go on in an ever-evolving world. "Gripping drama . . . flawlessly written; it could be the most assured debut by an American writer since Jennifer Egan's Emerald City."—The Denver Post "Pure magnificence."—Nathan Englander "Provides solace with its wisdom, compassion, and elegance."—Curtis Sittenfeld "Riveting, heartbreaking, profoundly moving."—Kirkus Reviews (starred review) Look for special features inside. After a U.S anti-missile system in Europe malfunctions and fires upon Germany, a deadly retaliation follows in the United States with a series of coordinated attacks. Millions are killed, the electrical grid is obliterated, and the country falls into darkness. As remaining survivors are thrust into a state of panic, officers from a wilderness correctional camp in Idaho and a group of delinquents must fight to stay alive while trying to save family and community from murderous neo-Nazi skinheads.

The Postal Record

*Religious wars, global terrorism, pandemics, and genocide have all helped to usher in the Anxiety Age. Who better to lead the way out than popular psychic Sylvia Browne? In End of Days, Browne tackles the most daunting of subjects with her trademark clarity, wisdom, and serenity, answering such difficult questions as: What's coming in the next fifty years? What do the great prophecies of Nostradamus and the Book of Revelation mean? If the world is really going to end, what will unfold in our final hours? For anyone who's ever wondered where we're headed, and what—if anything—we can do to prevent a catastrophe of biblical proportions, End of Days is a riveting and insightful must-read.*

*The classic postapocalyptic thriller with "all the reality of a vividly realized nightmare" (The Times, London).*

*Triffids are odd, interesting little plants that grow in everyone's garden. Triffids are no more than mere curiosities—until an event occurs that alters human life forever. What seems to be a spectacular meteor shower turns into a bizarre, green inferno that blinds everyone and renders humankind helpless. What follows is even stranger: spores from the inferno cause the triffids to suddenly take on a life of their own. They become large, crawling vegetation, with the ability to uproot and roam about the*

country, attacking humans and inflicting pain and agony. William Masen somehow managed to escape being blinded in the inferno, and now after leaving the hospital, he is one of the few survivors who can see. And he may be the only one who can save his species from chaos and eventual extinction . . . With more than a million copies sold, *The Day of the Triffids* is a landmark of speculative fiction, and "an outstanding and entertaining novel" (*Library Journal*). "A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much." —Ramsey Campbell "One of my all-time favorite novels. It's absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery." —Joe R. Lansdale
