Confesiones de un Psiquiatra un relato escrito en forma coloquial sin someterse a tradiciones o formatos literarios. El autor relata algunos fragmentos de su vida exitosa y azarosa en una forma sencilla a la vez que hace reflexiones sobre diversos temas que tienen alguna relacion con sus vivencias, desde aspectos muy comunes de la vida cotidiana hasta reflexiones sobre aspectos de tipo filosofico, psicologico, sociopoliticos entre otros. En sus relatos no sigue una forma cronologica exacta sino que mucha veces avanza y retrocede para comunicarse con el lector como si lo tuviera frente a el como un interlocutor valido. Siendo un libro motivador, comunica no solo experiencias conducentes al éxito sino tambien comparte situaciones de fracaso y dolor y la forma de superarlas. Lo mas característico es la transmision en forma consistente de mensajes positivos que insiste en transmitir a sus lectores haciendoles partícipes de las experiencias de un ser real y hasta cierto punto considerado reservado y enigmatico como se suele pensar de un psiquiatra. El autor vencio todas esas barreras y se revela tal como ha sido y sigue siendo a como lo haría en el sillón de un psicoterapeuta o en el confesionario. El autor esta consciente de los riesgos que puede correr un profesional de la salud mental que se destapa y desprende de todo prejuicio con la esperanza de poner a la disposicion de sus lectores un testimonio del cual pueda sustraer algo util para sus vidas y sus ocupaciones o profesiones. Habiendo enfrentado tantas situaciones de alto riesgo, el autor hace apologia del ejercito de angeles que lo han protegido y que el identifica con los seres a quien ha dado amor y respeto y que le han retribuido esos afectos en forma incondicional, tanto en su familia como en muchas personas que fue encontrando en su largo recorrido por el mundo. De formacion transcultural, el autor ha podido convivir armoniosamente con personas de diversas creencias religiosas, politicas y origen etnico. El autor ha hecho muchas renuncias excepto renunciar a vivir en libertad, lejos de los opresores de las libertades y derechos individuales, y no renuncia a la esperanza de algun dia vivir en un mundo libre de prejuicios, estereotipos y dictaduras depredadoras y brutales, ni tampoco renuncia a la esperanza de que cada ser humano pueda aprender a usar los recursos personales que todos poseemos para ser ricos, interdependientes y exitosos en vez de pobres, lastimosamente dependientes y fracasados. El mensaje que el autor intenta transmitir en sus confesiones es un mensaje de vida y prosperidad por medios eticos, repudiando enfaticamente el lema de que "los fines justifican los medios"

Este libro se enfoca en problemas de justicia social y sostiene que el gobierno, las organizaciones comunitarias, funcionarios electos, y líderes de la comunidad pueden contribuir a cambios positivos y oportunidades para nuestros jóvenes, y así mejorar nuestra sociedad. Envía un poderoso mensaje a los jóvenes para que sigan adelante.

Flying and the pilot were significant metaphors of fascism's mythical modernity. Fernando Esposito traces the changing meanings of these highly charged symbols from the 1909 air show in

Brescia, to the sky above the trenches of the First World War to the violent ideological clashes of the interwar period. The book analyzes a multitude of speakers in the aviation discourse ranging from Aby Warburg and Gabriele D'Annunzio, over the Futurists and Ernst Jünger to the Fascists proper. Esposito shows how the flyer came to symbolize not only New Man and the new eternal time the Fascists were striving for but also the conflicts underlying modernity itself.

"College Physics is written for a one-year course in introductory physics."--Preface.

**“Mi Vida...en uniforme” in English means “My Life ...in uniform” and is a sequel to my first book titled “Mi Calle, Mi Barrio ,Mi Pueblo” which again translated to English means “My Street, My Neighborhood, My Town”.**

**Each one of those books narrates a distinct phase of my life with all the anecdotes , persons , and situations that formed me as a person. Mi Vida starts where Mi Calle ends and walks the reader while having a conversation, as good friends do, through my life as a college student and then as a United States Army Officer for twenty one years which included a war , Viet Nam, and a series of very challenging and most of them rewarding tours of duty around the world. Those years were not easy but they gave me a profound insight into life and those instances ,some very happy and some very sad , are the ones that I wish to share with the reader. Take this walk with me and please feel free to join in the conversation. Un abrazo, Luis.**

“El punto de vista de María es poderoso y vital. Hace años, cuando In the Heights empezaba a presentarse en teatros off-Broadway, María corrió la voz en nuestra comunidad para que apoyáramos este nuevo musical que trataba sobre nuestros vecindarios. Ella ha sido una campeona de nuestros triunfos, una crítica de nuestros detractores y una fuerza clave para enfrentar y corregir los errores de nuestra sociedad. Cuando María habla, estoy listo para escuchar y aprender de ella.” —Lin-Manuel Miranda
La periodista ganadora de cuatro premios Emmy y presentadora de Latino USA de NPR, María Hinojosa, cuenta la historia de la inmigración en los Estados Unidos a través de las experiencias de su familia y décadas de hacer reportajes, con lo cual crea un riguroso retrato de un país en crisis. María Hinojosa es una periodista galardonada que ha colaborado con las cadenas más respetadas y se ha distinguido por realizar reportajes con un toque humano. En estas memorias escritas con gran belleza, nos relata la historia de la política de inmigración de los EE.UU. que nos ha llevado al punto en que estamos hoy, al mismo tiempo que nos comparte su historia profundamente personal. Durante treinta años, María Hinojosa ha informado sobre historias y comunidades en los Estados Unidos que a menudo son ignoradas por los principales medios de comunicación. La autora de bestsellers Julia Álvarez la ha llamado “una de las líderes culturales más importantes, respetadas y queridas de la comunidad Latinx”. En Una vez fui tú, María nos comparte su experiencia personal de haber crecido como mexicanoamericana en el sur de Chicago y documentar el páramo existencial de los campos de detención de inmigrantes para los medios de comunicación que a menudo cuestionaban su trabajo. En estas páginas, María ofrece un relato personal y revelador de cómo la retórica en torno a la inmigración no solo ha influido en las actitudes de los estadounidenses hacia los extranjeros, sino que también ha permitido la negligencia intencional y el lucro a expensas de las poblaciones más vulnerables de nuestro país, lo que ha propiciado el sistema resquebrajado que tenemos hoy en día. Estas memorias honestas y estremeecedoras crean un vívido retrato de cómo llegamos aquí y lo que significa ser una superviviente, una feminista, una ciudadana y una periodista que hace valer su propia voz mientras lucha por la verdad. Una vez fui tú es un llamado urgente a los compatriotas estadounidenses para que abran los ojos a la crisis de la inmigración y entiendan que nos afecta a todos. También disponible en inglés como Once I Was You.

Starting from the premise that children learn better when their learning community respects their families and cultures, this thought-provoking resource shows what it means—and what it takes— to include today’s diverse parents in their children’s learning. Moving readers away from out-of-date practices that can potentially marginalize and devalue the cultural assets of families, the authors provide practical, ready-to-use strategies to help schools re-envision the meaning of parental involvement and engagement. Based on the research and K–12 teaching experience of three educators, chapters address contemporary issues such as the absent parent, homework, vulnerable populations, limitations of current school-based family programs, and pedagogies of hope. “Framed by the work of critical pedagogues, such as Freire, Bourdieu, and Noddings, the authors skillfully guide educators toward disrupting fossilized educational practices while building confianza, cariño, y respeto (trust, loving care, and respect) with culturally and linguistically diverse families. This book fills a critical need and a step forward in rehumanizing education in the 21st century.” —Maria R. Coady, University of Florida “In this book Herrera and Barko-Alva invite educators to reframe and re-imagine traditional, top-down, school-centered parent involvement, and propose a new paradigm that centers family engagement as locally informed, assets-based relationship-building (‘radical kinship’) and as a process of mutual accommodation. As parent involvement has become a centerpiece of school reform, this book is a must-read for all educators, including administrators.” —Ester de Jong, University of Florida; president of TESOL International Association (2017–2018)

Business Forecasting

This top-selling book presents, in a straightforward, application-driven manner, the basic statistical techniques necessary for preparing individual business forecasts and long-range plans. The emphasis is on the application of techniques by management for decision-making. This e provides understandable coverage of several important topics, often omitted from other books, including econometrics; autocorrelation analysis and the use of Box-Jenkins techniques; judgmental forecasting techniques; and the means of selecting the correct forecasting technique.

The book also reviews statistical concepts prior to introducing material that requires an understanding of those concepts. The sixth edition of Business Forecasting has been revised to include instructions on using Excel spreadsheets and the statistical package MINITAB in forecasting.

Examine alternative strategies to resolving important Latino social issues! Latino Social Policy: A Participatory Research Model examines the failure of traditional research methods to address major social needs in Latino communities, promoting instead a participatory/action approach that is socially—and scientifically—meaningful. Experts from a variety of disciplines focus on nontraditional strategies that engage community residents in community-research projects, shortening the distance between the researcher and the “subject.” This unique book recounts lessons learned from conducting Participatory Action Research (PAR) in Latino communities using techniques based on anthropology, education, community health and evaluation, and urban planning. Latino Social Policy: A Participatory Research Model addresses non-traditional methods of reducing the reality of interaction with the subject community and the academic training structures used by researchers. The book promotes a new vision and practice of research design in which the “subject” is central to the process, advocating a participatory approach to produce quality research based on community identified problems and needs. Contributors examine the value of integrating local knowledge, language, and culture into the methodological design, the ethics of conducting research in Latino communities, and the internal conflicts Chicana/o researchers face in their profession and in the field. Topics addressed in Latino Social Policy: A Participatory Research Model include: community health and Central Americans in Los Angeles ethnography and substance abuse among transnational Mexican farmworkers identity and field research in Mexico City Coalition for a New Los Angeles (LCNLA) researcher/community partnerships and much more! Latino Social Policy: A Participatory Research Model includes case studies, ethnographies, and vignettes that illustrate participatory approaches and outcomes in Latino research. The book is an invaluable as a textbook for academics and students working in the social sciences, public policy, and urban planning, and as a professional guide for community leaders and organizations interested in developing research partnerships.
