

Department Of Temporal Investigations Forgotten History Star Trek

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

A New York Times Notable Book: A psychologist's "gripping and thought-provoking" look at how and why our brains sometimes fail us (Steven Pinker, author of How the Mind Works). In this intriguing study, Harvard psychologist Daniel L. Schacter explores the memory miscues that occur in everyday life, placing them into seven categories: absent-mindedness, transience, blocking, misattribution, suggestibility, bias, and persistence. Illustrating these concepts with vivid examples—case studies, literary excerpts, experimental evidence, and accounts of highly visible news events such as the O. J. Simpson verdict, Bill Clinton's grand jury testimony, and the search for the Oklahoma City bomber—he also delves into striking new scientific research, giving us a glimpse of the fascinating neurology of memory and offering "insight into common malfunctions of the mind" (USA Today). "Though memory failure can amount to little more than a mild annoyance, the consequences of misattribution in eyewitness testimony can be devastating, as can the consequences of suggestibility among pre-school children and among adults with 'false memory syndrome' . . . Drawing upon recent neuroimaging research that allows a glimpse of the brain as it learns and remembers, Schacter guides his readers on a fascinating journey of the human mind." —Library Journal "Clear, entertaining and provocative . . . Encourages a new appreciation of the complexity and fragility of memory." —The Seattle Times "Should be required reading for police, lawyers, psychologists, and anyone else who wants to understand how memory can go terribly wrong." —The Atlanta Journal-Constitution "A fascinating journey through paths of memory, its open avenues and blind alleys . . . Lucid, engaging, and enjoyable." —Jerome Groopman, MD "Compelling in its science and its probing examination of everyday life, The Seven Sins of Memory is also a delightful book, lively and clear." —Chicago Tribune Winner of the William James Book Award

When forces who oppose plans to bring the rich and powerful Rigel system into the fledgling Federation capture vital information and Starfleet personnel, captains Malcolm Reed and T'Pol and their crews work to rescue the captives.

In his most extraordinary book, the bestselling author of Awakenings and "poet laureate of medicine" (The New York Times) recounts the case histories of patients inhabiting the compelling world of neurological disorders, from those who are no longer able to recognize common objects to those who gain extraordinary new skills. Featuring a new preface, Oliver Sacks's The Man Who Mistook His Wife for a Hat tells the stories of individuals afflicted with perceptual and intellectual disorders: patients who have lost their memories and with them the greater part of their pasts; who are no longer able to recognize people and common objects; whose limbs seem alien to them; who lack some skills yet are gifted with uncanny artistic or mathematical talents. In Dr. Sacks's splendid and sympathetic telling, his patients are deeply human and his tales are studies of struggles against incredible adversity. A great healer, Sacks never loses sight of medicine's ultimate responsibility: "the suffering, afflicted, fighting human subject."

Spider-Man: Drowned in Thunder

Preparing for the Psychological Consequences of Terrorism

Managing California's Water

Star Trek: Destiny #1: Gods of Night

The Ministry of Healing

From Conflict to Reconciliation

The continuing conflict between Spider-Man and crusading newspaper publisher J. Jonah Jameson continues to escalate, with Jameson exploiting a series of mysterious attacks in Manhattan to manipulate public opinion, just when Spider-Man needs every ally in his corner as he searches for the truth about the killer robots he is trying to stop. Original.

When a new threat emerges from a force so alien and hostile that negotiation seems impossible, a group of unaligned worlds turned to Starfleet for protection. Original. 60,000 first printing.

The Earth is in the crosshairs of an unrelenting Borg plague in this white-knuckled Star Trek thriller featuring Admiral Janeway and her crew. When an unstoppable Borg plague breaks out upon Earth, blame quickly falls on the newly returned crew of the U.S.S. Voyager. Did Kathryn Janeway and the others unknowingly carry this insidious infection back with them? Many in Starfleet think so, and Seven of Nine, in particular, falls under a cloud of suspicion. Now, with a little help from the U.S.S. Enterprise, Admiral Janeway must reunite her crew in a desperate, last-ditch attempt to discover the true source of the contagion and save Earth itself from total assimilation into a voracious new Borg Collective. But time is running out. Has Voyager come home only to witness humanity's end?

This book investigates the nature of aesthetic experience and aesthetic objects. Written by leading philosophers, psychologists, literary scholars and

semioticians, the book addresses two intertwined issues. The first is related to the phenomenology of aesthetic experience: The understanding of how human beings respond to artworks, how we process linguistic or visual information, and what properties in artworks trigger aesthetic experiences. The examination of the properties of aesthetic experience reveals essential aspects of our perceptual, cognitive, and semiotic capacities. The second issue studied in this volume is related to the ontology of the work of art: Written or visual artworks are a specific type of objects, containing particular kinds of representation which elicit a particular kind of experience. The research question explored is: What properties in artful objects trigger this type of experience, and what characterizes representation in written and visual artworks? The volume sets the scene for state-of-the-art inquiries in the intersection between the psychology and ontology of art. The investigations of the relation between the properties of artworks and the characteristics of aesthetic experience increase our insight into what art is. In addition, they shed light on essential properties of human meaning-making in general.

Stories of Personal Triumph from the Frontiers of Brain Science

Don't Look Behind You

Ann Rule's Crime Files #15

Democracy and Education

Living Memory

A collection of true-crime tales features individuals who are targeted by random and known perpetrators and includes the main story, "North to Alaska," in which two families are drawn into a web of intrigue by a 30-year-old murder. Original.

The Oklahoma City bombing, intentional crashing of airliners on September 11, 2001, and anthrax attacks in the fall of 2001 have made Americans acutely aware of the impacts of terrorism. These events and continued threats of terrorism have raised questions about the impact on the psychological health of the nation and how well the public health infrastructure is able to meet the psychological needs that will likely result. Preparing for the Psychological Consequences of Terrorism highlights some of the critical issues in responding to the psychological needs that result from terrorism and provides possible options for intervention. The committee offers an example for a public health strategy that may serve as a base from which plans to prevent and respond to the psychological consequences of a variety of terrorism events can be formulated. The report includes recommendations for the training and education of service providers, ensuring appropriate guidelines for the protection of service providers, and developing public health surveillance for preevent, event, and postevent factors related to psychological consequences.

An original eBook novella set in the acclaimed Typhon Pact series! An original e-novella in the acclaimed Typhon Pact series! The Enterprise-E is on a diplomatic mission to the Talarian Republic, the last holdout in the Federation's efforts to expand the Khitomer Accords in response to the emergence of the Typhon Pact. In the wake of Andor's recent secession, the Federation is more concerned than ever with strengthening its alliances. The Talarians have been a tenuous potential partner at best, given the history of conflict and mistrust between them and the Federation. But the negotiations between Picard and the Talarians are disrupted by a growing public protest of those who are demanding greater rights—and before long, it becomes clear that the dissidents are not limiting themselves to nonviolent means....

An original novel continuing the saga of the TV series Star Trek: Enterprise—featuring Captain Jonathan Archer and the crew of the Enterprise! Years ago, Jonathan Archer and T'Pol helped unearth the true writings of Vulcan's great philosopher Surak, bringing forth a new era of peaceful reform on Vulcan. But when their discovery is seemingly proven to be a fraud, the scandal threatens to undo a decade of progress and return power to the old, warlike regime. Admiral Archer, Captain T'Pol, and the crew of the U.S.S. Endeavour investigate with help from their Vulcan allies, but none of them suspect the identity of the real mastermind behind the conspiracy to reconquer Vulcan—or the price they will have to pay to discover the truth. Meanwhile, when a long-forgotten technological threat re-emerges beyond the Federation's borders, Captain Malcolm Reed of the U.S.S. Pioneer attempts to track down its origins with help from his old friend "Trip" Tucker. But they discover that other civilizations are eager to exploit this dangerous power for their own benefit, even if the Federation must pay the price!™, ®, & © 2015 CBS Studios, Inc.

The Brain That Changes Itself

I, The Constable

Department of Temporal Investigations: Watching the Clock

In a near-future world of genetically engineered super-humans inspired by classic comic book heroes, Troubleshooter Emerald Blair helps to restore order to unstable space habitats in the Asteroid Belt only to find her loyalties tested by rival factions.

An all new Star Trek e-novella featuring the fan-favorite Federation bureau the Department of Temporal Investigations! The stalwart agents of the Department of Temporal Investigations tracked down many dangerous artifacts, but now they face a greater, more personal challenge: retrieving a time-travel device stolen from their own vault by a rogue agent of the powerful, secretive group that uses its mastery of time to prevent young civilizations from destroying themselves. Blaming the Aegis itself for a tragedy yet to come, this renegade uses the stolen artifact to sabotage its efforts in the past, no matter what the cost to the timeline. Now the DTI's agents must convince the enigmatic Aegis to work alongside them in history—but they must also wrestle with the potential consequences of their actions, for preserving the past could doom countless lives in the future!

Three original novels set in the universe of Star Trek: The Original Series! This ebook bundle includes: The Rings of Time That Which Divides Department of Temporal Investigations: Forgotten History

The mysterious "missing years" of Captain Picard's life—before he commanded the Enterprise—are revealed at last in this Star Trek: The Next Generation novel! Jean-Luc Picard. His name has gone down in legend as the captain of the U.S.S. Stargazer and two starships Enterprise. But the nine years of his life leading up to the inaugural mission of the U.S.S. Enterprise to Starbase 314 have remained a mystery—until now, as Picard's lost era is finally unearthed. Following the loss of the Stargazer and the brutal court-martial that resulted, Picard no longer has a place for himself in Starfleet. Turning to his other love, archaeology, he embarks on a quest to rediscover a buried age of ancient galactic history...and awakens a living survivor of that era—a mysterious woman frozen in time since before the rise of Earth's dinosaurs. But this powerful immortal has a secret of cataclysmic proportions, and her plans will take Picard—aided by a brilliant but naive android, an insightful Betazoid, and an enigmatic El-Aurian—to the heights of passion, the depths of betrayal, and the farthest reaches of explored space.

Department of Temporal Investigations: The Collectors

Book Three

Star Trek: Deep Space Nine: Hollow Men

Rise of the Federation: Uncertain Logic

The Farther Shore

Star Trek: Mere Anarchy

The “fifth season” saga of the Star Trek: Enterprise TV series continues with this action-packed original novel! Admiral Jonathan Archer has barely settled in as Starfleet Chief of Staff when new crises demand his attention. The Starfleet task force commanded by Captain Malcolm Reed continues its fight against the deadly Ware technology, but one of the task force ships is captured, its Andorian crew imprisoned by an interstellar Partnership that depends on the Ware for its prosperity. Worse, the Partnership has allied with a renegade Klingon faction, providing it with Ware drone fleets to mount an insurrection against the Klingon Empire. Archer sends Captain T’Pol and Endeavour to assist Reed in his efforts to free the captured officers. But he must also keep his eye on the Klingon border, for factions within the Empire blame Starfleet for provoking the Ware threat and seek to take revenge. Even the skill and dedication of the captains under Archer’s command may not be enough to prevent the outbreak of the Federation’s first war!™, ®, & © 2016 CBS Studios, Inc. “Fascinating. Doidge’s book is a remarkable and hopeful portrait of the endless adaptability of the human brain.”—Oliver Sacks, MD, author of The Man Who Mistook His Wife for a Hat What is neuroplasticity? Is it possible to change your brain? Norman Doidge’s inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they’ve transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

The agents of the Department of Temporal Investigations are assigned to look into an anomaly that has appeared deep in Federation territory. It’s difficult to get clear readings, but a mysterious inactive vessel lies at the heart of the anomaly, one outfitted with some sort of temporal drive disrupting space-time and subspace. To the agents’ shock, the ship bears a striking resemblance to a Constitution-class starship, and its warp signature matches that of the original Federation starship Enterprise NCC-1701—the ship of James T. Kirk, that infamous bogeyman of temporal investigators, whose record of violations is held up by DTI agents as a cautionary tale for Starfleet

recklessness toward history. But the vessel's hull markings identify it as Timeship Two, belonging to none other than the DTI itself. At first, Agents Lucsly and Dulmur assume the ship is from some other timeline . . . but its quantum signature confirms that it came from their own past, despite the fact that the DTI never possessed such a timeship. While the anomaly is closely monitored, Lucsly and Dulmur must search for answers in the history of Kirk's Enterprise and its many encounters with time travel—a series of events with direct ties to the origins of the DTI itself. . . .

An intense “missing” tale from the beginning of the Star Trek movie era, when the crew of the U.S.S. Enterprise was first reunited and confronting issues of both nature of God and artificial intelligence. Following the events of Star Trek: The Motion Picture, the reunited crew of the Starship Enterprise revisits a loose end from their earlier adventures: the resettlement of refugee colonists from a destroyed planet, whose lives have depended so long on the godlike artificial intelligence that guided them through space, they ability to survive without it is now in doubt. At the same time, Kirk, Spock, and McCoy, back together now after almost three years, must relearn how to work together in a story that examines this iconic relationship as never before.

There 's likely no more of a thankless job in the Federation than temporal investigation. While starship explorers get to live the human adventure of traveling to other times and realities, it 's up to the dedicated agents of the Federation Department of Temporal Investigations to deal with the consequences to the timestream that the rest of the Galaxy has to live with day by day. But when history as we know it could be wiped out at any moment by time warriors from the future, misused relics of ancient races, or accident-prone starships, only the most disciplined, obsessive, and unimaginative government employees have what it takes to face the existential uncertainty of it all on a daily basis . . . and still stay sane enough to complete their assignments. That 's where Agents Lucsly and Dulmur come in—stalwart and unflappable, these men are the Federation 's unsung anchors in a chaotic universe. Together with their colleagues in the DTI—and with the help and sometimes hindrance of Starfleet 's finest—they do what they can to keep the timestream, or at least the paperwork, as neat and orderly as they are. But when a series of escalating temporal incursions threatens to open a new front of the history-spanning Temporal Cold War in the twenty-fourth century, Agents Lucsly and Dulmur will need all their investigative skill and unbending determination to stop those who wish to rewrite the past for their own advantage, and to keep the present and the future from devolving into the kind of chaos they really, really hate.

The first novel in an epic crossover trilogy uniting characters from every corner of the Star Trek universe, revealing the shocking origin and final fate of the Federation's most dangerous enemy—the Borg. Half a decade after the Dominion War and more than a year after the rise and fall of Praetor Shinzon, the galaxy's greatest scourge returns to wreak havoc upon the Federation—and this time its goal is nothing less than total annihilation. Elsewhere, deep in the Gamma Quadrant, an ancient mystery is solved. One of Earth's first generation of starships, lost for centuries, has been found dead and empty on a desolate planet. But its discovery so far from home has raised disturbing questions, and the answers harken back to a struggle for survival that once tested a captain and her crew to the limits of their humanity. From that terrifying flashpoint begins an apocalyptic odyssey that will reach across time and space to reveal the past, define the future, and show three captains—Jean-Luc Picard of the U.S.S. Enterprise, TM William Riker of the U.S.S. Titan, and Ezri Dax of the U.S.S. Aventine—that some destinies are inescapable.

In a universe where history as we know it could be wiped out at any moment, only the most disciplined, obsessive, and unimaginative government employees have what it takes to face the existential uncertainty of it all: Federation investigators Lucsly and Dulmur. The agents of the Department of Temporal Investigations are assigned to look into an anomaly that has appeared deep in Federation territory. It 's difficult to get clear readings, but a mysterious inactive vessel lies at the heart of the anomaly, one outfitted with some sort of temporal drive disrupting space-time and subspace. To the agents ' shock, the ship bears a striking resemblance to a Constitution-class starship, and its warp signature matches that of the original Federation starship Enterprise NCC-1701—the ship of James T. Kirk, that infamous bogeyman of temporal investigators, whose record of violations is held up by DTI agents as a cautionary tale for Starfleet recklessness toward history. But the vessel 's hull markings identify it as Timeship Two, belonging to none other than the DTI itself. At first, Agents Lucsly and Dulmur

assume the ship is from some other timeline . . . but its quantum signature confirms that it came from their own past, despite the fact that the DTI never possessed such a timeship. While the anomaly is closely monitored, Lucsly and Dulmur must search for answers in the history of Kirk ' s Enterprise and its many encounters with time travel—a series of events with direct ties to the origins of the DTI itself. . . .

Department of Temporal Investigations: Shield of the Gods

Agents of Influence

The Captain's Oath

Star Trek: Enterprise: Rise of the Federation: Tower of Babel

A Public Health Strategy

At the turning point of the Dominion War, Captain Benjamin Sisko of Starbase Deep Space 9 ™, facing certain defeat by the relentless forces of the Jem'Hadar and the Cardassians, went through with a secret plan to secure the aid of the Federation's longtime adversaries, the Romulans. What began as a desperate attempt to save lives became a descent into an abyss of deception, moral compromises, and outright criminal acts, as Sisko sacrificed every ideal he held dear in order to preserve the civilization that espoused those selfsame principles. Now the aftermath of that choice is revealed for the first time as Sisko is summoned to Earth to take part in the first Allied talks to come out of the Federation's new partnership with the Romulans. But Sisko's conscience weighs heavily on him, compelling him to seek some kind of penance for what he has done..while elements within Starfleet itself set in motion a scheme to use Elim Garak as a pawn against a human political dissident who may hold the key to the outcome of the war. HOLLOW MEN A TALE OF THE DOMINION WAR

An all-new Star Trek e-novella featuring the Department of Temporal Investigations! The dedicated agents of the Federation Department of Temporal Investigations have their work cut out for them protecting the course of history from the dangers of time travel. But the galaxy is littered with artifacts that, in the wrong hands, could threaten reality. One of the DTI's most crucial jobs is to track down these objects and lock them safely away in the Federation's most secret and secure facility. When Agents Lucsly and Dulmur bring home an alien obelisk of incredible power, they are challenged by a 31st-century temporal agent who insists they surrender the mysterious artifact to her. But before they know it, the three agents are pulled into a corrupted future torn apart by a violent temporal war. While their DTI colleagues attempt to track them down, Lucsly and Dulmur must restore temporal peace by setting off on an epic journey through the ages, with the future of the galaxy hanging in the balance...

Continuing the milestone 50th anniversary celebration of Star Trek—a brand-new novel of The Original Series featuring James T. Kirk, Spock, and the crew of the USS Enterprise! Investigating a series of violent raids by a mysterious predatory species, Captain James T. Kirk discovers that these events share a startling connection with the First Federation, a friendly but secretive civilization contacted early in the USS Enterprise's five-year mission. Traveling to the First Federation in search of answers, the Enterprise suddenly comes under attack from these strange marauders. Seeking refuge, the starship finds its way to the true home of the First Federation, an astonishing collection of worlds hidden from the galaxy beyond. The inhabitants of this isolated realm are wary of outsiders, and some accuse Kirk and his crew for bringing the wrath of their ancient enemy down upon them. When an attempt to stave off disaster goes tragically wrong, Kirk is held fully accountable, and Commander Spock learns there are even deeper forces that threaten this civilization. If Kirk and Spock cannot convince the First Federation's leaders to overcome their fears, the resulting catastrophe could doom them all!

An all-new Star Trek adventure set during The Original Series era and featuring James T. Kirk! The saga of James T. Kirk's historic command of the U.S.S. Enterprise is known throughout the galaxy. But one part of the legend has barely been touched upon until now: the story of Kirk's first starship command and the remarkable achievements by which Starfleet's youngest captain earned the right to succeed Christopher Pike as the commander of the famous Enterprise. From his early battles with the Klingons to the rescue of endangered civilizations, Kirk grapples with difficult questions: Is he a warrior or a peacemaker? Should he obey regulations or trust his instincts? This thrilling novel illustrates the events and choices that would shape James T. Kirk into one of the most renowned captains in Starfleet history.

Typhon Pact: The Struggle Within

The saga of the Star Trek: Enterprise TV series continues with this thrilling original novel! The time has come to act. Following the destructive consequences of the Ware crisis, Admiral Jonathan Archer and Section 31 agent Trip Tucker both attempt to change their institutions to prevent further such tragedies. Archer pushes for a Starfleet directive of non-interference, but he faces opposition from allies within the fleet and unwelcome support from adversaries who wish to drive the Federation into complete isolationism. Meanwhile, Tucker plays a dangerous game against the corrupt leaders of Section 31, hoping to bring down their conspiracy once and for all. But is he willing to jeopardize Archer's efforts—and

perhaps the fate of an entire world—in order to win?™, ®, & © 2016 CBS Studios, Inc. Star Trek and related marks are trademarks of CBS Studios, Inc. All Rights Reserved.

Department of Temporal Investigations: Forgotten History Simon and Schuster

John Dewey's Democracy and Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, Democracy and Education is regarded as the seminal work on public education by one of the most important scholars of the century.

An original novel set in the universe of Star Trek: Enterprise! A new nation has arisen from the ashes of the Romulan War: the United Federation of Planets, an unprecedented union of diverse species cooperating for the good of all. Admiral Jonathan Archer—the former captain of the Earth starship Enterprise, whose efforts made this union possible—envisions a vibrant Federation promoting galactic peace and a multispecies Starfleet dedicated to exploring strange new worlds. Archer's former crewmates, including Captain T'Pol of the U.S.S. Endeavour and Captain Malcolm Reed of the U.S.S. Pioneer, work with him to secure that bright future. Yet others within the Federation see its purpose as chiefly military, a united defense against a dangerous galaxy, while some of its neighbors view that military might with suspicion and fear. And getting the member nations, their space fleets, and even their technologies to work together as a unified whole is an ongoing challenge. When a new threat emerges from a force so alien and hostile that negotiation seems impossible, a group of unaligned worlds asks Starfleet to come to its defense, and the Federation's leaders seize the opportunity to build their reputation as an interstellar power. But Archer fears the conflict is building toward an unnecessary war, potentially taking the young nation down a path it was never meant to follow. Archer and his allies strive to find a better solution...but old foes are working secretly to sabotage their efforts and ensure that the great experiment called the Federation comes to a quick and bloody end.™, ®, & © 2013 CBS Studios, Inc. Cold Equations: The Body Electric

What are Artworks and How Do We Experience Them?

And Other Clinical Tales

Mestiko: a world on the brink of interstellar travel -- and one that is closely and discreetly monitored by the Federation. But when a rogue pulsar sweeps through the star system, threatening to destroy all life on their planet, Starfleet must mount a desperate effort to protect the planet from annihilation. Under the command of James T. Kirk, the Starship Enterprise™ is able to mitigate some of the damage -- but the world's surface is still devastated with appalling loss of life. Over the next three decades, the Enterprise and its crew revisit Mestiko -- whether to keep them from falling prey to the machinations of the Klingon Empire or to deliver a new method of replenishing the planet's ozone -- through trials and tribulations, hardship and strife, love and death. Originally published as six eBooks, Mere Anarchy is the saga of one crew's career-long relationship to one world, and the ties that bound them inextricably together.

An epic new Star Trek saga by New York Times bestselling author Dayton Ward set during the original Five-Year Mission! For years, Starfleet Intelligence agents have carried out undercover assignments deep within the Klingon Empire. Surgically altered and rigorously trained in Klingon culture, they operate in plain sight and without any direct support, while collecting information and infiltrating the highest levels of imperial power. Their actions have given Starfleet valuable insight into the inner workings of Klingon government and its relentless military apparatus. After three of Starfleet's longest serving agents fear exposure, they initiate emergency extraction procedures. Their planned rendezvous with the USS Endeavour goes awry, threatening to reveal their activities and the damaging intelligence they've collected during their mission. Tasked by Starfleet to salvage the botched rescue attempt, Captain James T. Kirk and the crew of the USS Enterprise must discover the truth behind a secret weapons experiment while avoiding an interstellar incident with the potential to ignite a new war between the Federation and one of its oldest adversaries.

An all new Star Trek e-novella from the world of Deep Space Nine, featuring the fan-favorite Federation bureau the Department of Temporal Investigations! The dedicated agents of the Federation Department of Temporal Investigations have their work cut out for them protecting the course of history from the dangers of time travel. But the galaxy is littered with artifacts that, in the wrong hands, could threaten reality. One of the DTI's most crucial jobs is to track down these objects and lock them safely away in the Federation's most secret and secure facility. As it happens, Agent Gariff Lucsly and his supervisor, DTI director Laarin Andos, are charged with handling a mysterious space-time portal device discovered by Starfleet. But this device turns out to be a Trojan horse, linking to a pocket dimension and a dangerous group of raiders determined to steal some of the most powerful temporal artifacts ever known...

Commander George Samuel Kirk was aboard the Enterprise under the command of Captain Robert April before his famous son was born. Starfleet has just been founded and the Enterprise has just been built, and is sent on its first mission. The mission takes the Enterprise into the heart of hostile Romulan territory, where cosmopolitical machinations and advanced weapons technology will decide the fate of a hundred innocent worlds.

The Seven Sins of Memory

Ex Machina

Rise of the Federation: Live by the Code

Book Three in the New York Times bestselling Cold Equations trilogy set in the expanded universe of Star Trek: The Next Generation! AT THE CENTER OF THE GALAXY... A

planet-sized Machine of terrifying power and unfathomable purpose hurls entire star systems into a supermassive black hole. Wesley Crusher, now a full-fledged Traveler, knows the Machine must be stopped...but he has no idea how. Wesley must enlist the aid of Captain Jean-Luc Picard and the Enterprise crew, who also fail to halt the unstoppable alien juggernaut's destructive labors. But they soon divine the Machine's true purpose—a purpose that threatens to exterminate all life in the Milky Way Galaxy. With time running out, Picard realizes he knows of only one person who might be able to stop the Machine in time to avert a galactic catastrophe—if only he had any idea how to find him...

An original novella set in the Star Trek: Deep Space Nine universe! With his Starfleet assignment temporarily on hold, Odo needs a distraction. He welcomes Chief O'Brien's offer to loan him some of the action-packed books that both men relish: tales about hard-boiled private eyes, threatening thugs, and duplicitous dames. Then Quark suddenly goes missing during a hastily planned trip to Ferenginar. His concerned friends on Deep Space Nine feel that Odo, as the station's former chief of security, is uniquely suited to track Quark down. But once on Ferenginar, Odo learns that Quark is trapped in the seamy underbelly of a criminal enterprise that could have been ripped from the pages of one of O'Brien's novels. To find the bartender, Odo discovers that he must rely not only on his law enforcement background, but his knowledge of all things noir....
