Ever wondered how life would be if we could condition our minds to Think and Grow Rich? Author Napoleon Hill claims to have based this book on twenty years of rigorous research on the lives of those who had amassed great wealth and made a fortune.

Observing their habits, their ways of working and the principles they followed, Hill put together laws and philosophies that can be practiced in everyday life to achieve all-round success. The narrative is rich with stories and anecdotes, which not only inspire, but also show a way forward to take action. After all, riches are not just material, but also pertaining to the mind, body and spirit. Having sold more than fifteen million copies across the world, this book remains the most read self-improvement book of all times!

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive environment.

lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to

What she doesn't know is that this same spirit appeared to leaders of the Jumano Native American tribe in New Mexico 362 years earlier, and was linked to a Spanish nun capable of powers of "bilocation" or the ability to be in two places simultaneously. Meanwhile, young journalist Carlos Albert is driven by a blinding snowstorm to the little Spanish town of Ágreda, where he stumbles upon a nearly forgotten seventeenth-century convent founded by this same legendary woman. Intrigued by her rumored powers, he delves in finding out more. These threads, linked by an apparent suicide, eventually lead Carlos to Cardinal Baldi, to an American spy, and ultimately to Los Angeles, where Jennifer Narody unwittingly holds the key to the mystery that the Catholic Church, the U.S. Defense
