Leaving Home—Finding Home: My Journey from Shame to Sonship through Journaling is the first book of its kind, showing how God Himself brought inner healing by speaking into one woman ' s life. In it, author Jessie Mejias shares how God counsels and heals her through journaling. The central theme of Leaving Home—Finding Home is healing through intimacy with God—an intimacy that develops as she writes out her conversations with Him. The author devotes several chapters to her background and childhood, but the heart of the book is Jessie ' s actual journal. About her decision to

share her journal verbatim, she says: "When the Lord first instructed me to write this book, my natural instinct was to transform the ramblings of my mind and heart into a nice, neat package that the reader could easily follow. However, as I prayed about His instructions, I felt very strongly that He wanted me to demonstrate how I received my healing through journaling itself." Jessie Mejias grew up in what she would have described as an "Ozzie and Harriet" kind of home—loving parents, close siblings, good schools, and a religion that dictated solid values. What she did not know was that beneath the surface lay a shaky foundation of dysfunctional family rules and generational patterns. As a young adult, Jessie watched her neat world crumble when two of her siblings succumbed to mental illness while the

family stood by helplessly. Subsequently, her family scattered and she unwittingly married an abusive, alcoholic man. Her disastrous marriage precipitated her decision to give her life to Christ. But despite her newfound faith, at age 27 she found herself a single mother of two young sons. In the ensuing years, Jessie sought and found healing and growth through studying the Bible and receiving Christian counseling. Miraculously, she and her husband were remarried after seven years of separation and divorce. She became involved in teaching and leading Bible studies within her local church and was confident that she was already experiencing the abundant life that God promised to His children. However, when she decided to return to school to earn a degree in Christian counseling, God began to show her that she was

still suffering from the traumas of her childhood, and that shame was an integral part of her life that He wanted to remove. This revelation launched her into an unprecedented time of accelerated healing that was to be the inspiration for this book. Leaving Home—Finding Home chronicles that journey from shame to sonship through one-on-one dialogue with God. Shame is a universal problem that is sometimes hard to pinpoint. We describe ourselves as embarrassed, shy, fearful, or hesitant, but we never actually understand that the source of these emotions is shame. Shame is a terrible feeling that we are a mistake; that somehow we were never supposed to exist. The author found that this feeling of shame was so deeply hidden in her heart that it was not until God began to unwrap her from her emotional chains that she

could see that this was the true source of her poor self image. Jessie vividly describes her feelings of shame: "It was as if all my life I had been living in a slum that I would leave from time to time to go the nice clean neighborhood down the block—at first for short times, then for longer and longer periods of time—but inevitably I would end up at some point back in this dump. The sight of it would make me sick, but I did not know how to leave it completely behind." God Himself initiated this unique approach to inner healing as He took Jessie back to her childhood home and school and walked with her through each traumatic event of her young life, reaching deep into her heart to show her what was hidden there.

Industrial Revolution: "A true masterpiece" and one of the Modern Library's 100 Best Nonfiction Books of the twentieth century (Tribune). During the formative years of the Industrial Revolution, English workers and artisans claimed a place in society that would shape the following centuries. But the capitalist elite did not form the working class—the workers shaped their own creations, developing a shared identity in the process. was the most important issue at stake. People on both sides of the political divide believed this was the key to victory for George W. Bush, who professes a deep and abiding faith in God. While some fervent Bush supporters see him as a man chosen by God for the White House, opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state. In fact, Gary Scott Smith shows, none of this is new. Religion has been a major part of the presidency since George Washington's first inaugural address. Despite the mounting interest in the role of religion in American public life, we actually know remarkably little about the faith of our presidents. Was Thomas Jefferson an atheist, as his political opponents charged? What role did Lincoln's religious views play in his handling of slavery and the

Civil War? How did born-again Southern Baptist Jimmy Carter lose the support of many evangelicals? Was George W. Bush, as his critics often claimed, a captive of the religious right? In this fascinating book, Smith answers these questions and many more. He takes a sweeping look at the role religion has played in presidential politics and policies. Drawing on extensive archival research, Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important. Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and, in turn, the course of our history. Arthur W. Pink has become known as a masterful expositor of the Word of God. Both his expository works and some of his doctrinal works have long been in print. His deep concern for experimental Christianity and the practical Christian life, however, is not so well known. Yet he wrote many short series and single articles on what Scripture has to say about the inner man. And in writing these articles Pink expounded the Scriptures as penetratingly as he did in his expository and doctrinal writings. His practical Christianity, then, is not a collection of pious thoughts on the Christian life or a simple outline of Scripture, but a full treatment of the subject.

We shall not waste the reader's time by entering into a discussion as to who wrote this fourth Gospel, as to where John was when he wrote it, nor as to the probable date when it was written. These may be points of academic interest, but they provide no food for the soul, nor do they afford any help to an understanding of this section of the Bible, and these are the two chief things we desire to accomplish. Our aim is to open up the Scriptures in such a way that the reader will be able to enter into the meaning of what God has recorded for our learning in this part of His Holy Word, and to edify those who are members of
