

Deviations Submission

This book focuses on the subject of choice of law as a whole and provides an analysis of its various rules, principles, doctrines and concepts. It offers a conceptual account of choice of law, called "choice equality foundation" (CEF), which aims to flesh out the normative basis of the subject. The author reveals that, despite the multiplicity of titles and labels within the myriad choice of law rules and practices of the U.S., Canadian, European, Australian, and other systems, many of them effectively confirm and crystallize CEF's vision of the subject. This alignment signifies the necessarily intimate relationship between theory and practice by which the normative underpinnings of CEF are deeply embedded and reflected in actual practical reality. Among other things, this book provides a justification of the nature and limits of such popular principles as party autonomy, most significant relationship, and closest connection. It also discusses such topics as the actual operation of public policy doctrine in domestic courts, and the relation between the notion of international human rights and international commercial dealings, and makes some suggestions about the ability of traditional rules to cope with the advancing challenges of the digital age and the Internet.

*Noah and Tobias come back from Paris with a renewed contract and a deeper personal bond. Too bad things don't go as smoothly at home. When they get back, they face a crisis that might just threaten their contract, and their personal intimacy. The crisis has a ripple effect, but Tobias and Noah finally learn that they can evolve with it, instead of collapsing. They experiment with scene after scene, making them longer, deeper, which allows them to explore more than they've ever dared. They even explore moving in together. When Noah is forced to face the danger of his job, he starts to question why he became a cop. Tobias is also questioning his job. Soon enough, their external life is changing enough that they're forced to lean on each other to sustain them. Can they achieve a comfortable balance between their outside life, their scenes, and their love? Noah and Tobias, along with their friends, appear in *Deviations: Submissions*, *Deviations: Domination*, and *Deviations: Discipline*.*

*Tobias and Noah explore their relationships more deeply than they ever have, not just with their own dominance and submission, but with their friends. As Noah helps Tobias through the loss of someone dear, he finds Tobias helping him, too, leading him through some intense sexual games, breaking down the last of Noah's fears, and helping him face his biggest one. The cage. Meanwhile, Tobias' ex-lover, Phantom, becomes close friends with Noah as they discover and try to resist the simmering sexual tension between them. Their teasing turns to real support when Phantom reaches the breaking point thanks to the lack of a master in his life, something he desperately needs. While Bradford works to become that master, Tobias and Noah go to Paris, where they see the sights, go to sex clubs, and re-negotiate their contract. Returning from Paris to their own lives brings then all sorts of new difficulties, from deciding whether they should love together to trying to figure out just where Phantom belongs in their ever-changing relationship. *Deviations: Discipline* is the third book in the popular *Deviations* series, which begins with *Deviations: Submission*, and *Deviations: Dominance*. Chris Owen and Jodi Payne have another winner on their hands, a gripping, emotional tale that you won't want to miss!*

Deviations: Submission

Submission and Evaluation of Proposals for Private Power Generation Projects in Developing Countries

Administrative Report of the Directors of Depts. Under the Civil Administrative Code

Federal Register

This paper investigates the spillover effects of money market turbulence in 2007-08 on the short-term covered interest parity (CIP) condition between the US dollar and the euro through the foreign exchange (FX) swap market. Sharp and persistent deviations from the CIP condition observed during the turmoil are found to be significantly associated with differences in the counterparty risk between European and US financial institutions. Furthermore, evidence is found that dollar term funding auctions by the ECB, supported by dollar swap lines with the Federal Reserve, have stabilized the FX swap market by lowering the volatility of deviations from CIP.

Tobias is a skilled Dom, able to bring even the most hesitant submissive around. Noah is a man in need of just that. He wants to sub badly, but has yet to find someone he believes can take him where he needs to go. Through a series of encounters in the world of bondage and discipline, Noah reveals why he has trouble trusting, why he needs such a firm, steady hand. Tobias may allow himself to dominate, but he has trouble letting himself love. Still, Tobias can't resist Noah's charms, and the two of them set about making a scene for themselves, one that works for them and their unique set of problems. They learn to love, but can they stay together while they explore each others' secrets, in a world where all is laid bare and emotions run high? From authors Chris Owen, writer of the popular Bareback, and Jodi Payne, writer of String of Pearls comes a romance on the deviant side, where love is all tied up with the need to submit, the need to dominate, and the need to share a life of exploration and care. These two skilled authors create a world that's hard to resist, and a book that's even harder to put down.

Deviations: Submission

Fans of the iconic Deviations series will fondly recall Bradford as the beloved owner and Master of the elite and exclusively male BDSM club that anchors the series, and also as the wise man who introduced Tobias and Noah. Dominant Bradford's story is one defined by sudden opportunity, unimaginable heartbreak, and new-found purpose. His calling is to provide a safe and supportive environment for men in the lifestyle. Bringing Doms and subs together is his superpower, yet he feels fated to be alone himself. In this prequel to the series, you'll discover how Bradford is first drawn to Nikki, a beautiful and hungry young man living on the streets, and the unexpected ways Bradford grows and changes while helping Nikki understand a world of strange, new desires. Deviations readers already know outcome of Bradford and Nikki's journey together. Soft Limits is a deep-dive into Bradford's story, into what makes the Dom tick, and how he ended up with ownership of the club. It also introduces Nikki, the sub that tests Bradford's patience, steals his heart, and soothes his soul.

experience of state and local regulators : hearing before the Subcommittee on Energy and Air Quality of the Committee on Energy and Commerce, House of Representatives, One Hundred Seventh Congress, second session, June 5, 2002

Interpreting Deviations from Covered Interest Parity During the Financial Market Turmoil of 2007-08

Containing a Codification of Documents of General Applicability and Future Effect as of December 31, 1948, with Ancillaries and Index

The Illinois Medical Journal

In Safe Words, which picks up where the Deviations series left off, Tobias, Noah and Phan are all working on finding their place, both at Bradford's club and in their personal lives.

They're all living together, and Tobias has taken on the roll of full-time Dom, which he loves, but finds incredibly challenging. While Noah finds comfort in the new state of things and is looking forward to deeper submission, but Phan is finding it harder to strike a balance. Too many changes happening too fast are making Phan act out, and neither Tobias nor Noah are sure how to deal with it. Life is not perfect for Bradford, either, as he discovers new feelings for his sub Nikki. Can Tobias help his friend, manage his job teaching the other Doms, and his relationships with Noah and Phan, or will the house that he's built for himself fall down around their ears? The Deviations series includes: Deviations Submission, Deviations

Domination, Deviations Discipline and Deviations Bondage.
