Don't look any further if you want to learn about Blockchain Today! Nobody likes banks and, for a lot of people, it's for good reason. You go to the teller window five minutes before closing time and she won't acknowledge you because she just wants to close up and go home. Your Paypal account is tied to the banking system and they may yank your account access simply because you got an unusually large payment for something you sold on eBay. You wonder if the homeless aren't caught in some kind of Catch-22 where they can't get access to a decent apartment without a bank account and can't get a bank account without a photo ID that includes their home address. All of these are good points that could be solved with a new digital currency called Bitcoin. Bitcoin is always open for business and won't ignore you even when you want to use it to have a pizza delivered at two in the morning. It won't shut you out simply because you received a transaction worth thousands of dollars from someone buying your car. If you want to use it, literally all you need to do is download the wallet on a laptop or tablet. This is made possible by technology that doesn't care about much of anything except whether you have a device that can link to the Internet even if it means soaking up the free Wi-Fi at the coffee shop and the ability to copy-and-paste a string of letters and numbers or scan a QR code. It's called the Blockchain, a decentralized ledger that keeps track of debits and credits for all Bitcoin users. There are many ways that the Blockchain can benefit entrepreneurs beyond the fact that it's associated with a currency that makes fraudulent chargebacks impossible. It can be used for many applications that require a reliable and tamper-resistant means of record-keeping. It can be used to give you a competitive edge in a world where the economy is becoming increasingly global and customers increasingly care about how their goods are produced and can hop from one "next big thing" to the next pretty fast. If you're looking at the Blockchain, you probably have a few questions that this book will answer for you. Here Is A Sneak Peek Of What You Will Learn What is The Blockchain? What Can The Blockchain Be Used For? The Blockchain As Part Of Future Economics Cryptocurrencies Does The Blockchain Have Any Weaknesses? And Much Much More... Do Not Wait Any Longer And Get This Book For Only \$7.99!

The purpose of this guide is to help the user find birds on Andros Island and find the habitats that are ideal for certain species of birds. This book describes in detail the best places to find approximately 150 of the most common and/or most interesting birds found on the island. It is a 'must have' for any nature lover traveling to Andros Island. The book gives tips on bird spotting, how to identify the best areas for specific types of birds, and the vegetative zones preferred by each species. The book is also full of detailed coordinates to put birders on those habitats favored by certain species. Unlike most scientific writing, this text is full of humor and is as entertaining as it is informative.

A comprehensive guidebook to the videogame Diablo III that includes such information as the hero classes, the loot system, and the many denizens of hell.

Over the past decade of creating epic personal development retreats, Daniel Eisenman has traveled around the world experiencing beautiful, exotic settings and amazing people. His one big observation is that so many people keep the lid on their growth and opportunities to thrive. This is a self-imposed limitation ... nobody tells us to do this! Daniel blows the lid off and gives you a retreat experience in a book. What's inside Breaking Normal: ReWild Your Inner Child and Set the Truth Free?"You'll get to feel what it means to be raw and vulnerable, excited and glowing with a sacred knowledge about your future. *You'll learn to communicate with others in a way that cuts through the limitations we used to let entangle us. *You'll have tools and insight for building your own tribe, be it your family or community or the world at large.

The Mortgage Math book will help real estate professionals, loan originators, and home buyers understand the math associated with the mortgage industry. There are sections on periodic interest, payments, loan-to-value, debt-to-income ratios, maximum payment, maximum price, discount points, closing costs and prepaid items, and adjustable rate mortgages (ARMs).

If you are interested in solar energy for your house or seek a energy efficient home, read this before you buy the house. This is an easy to read book on solar house for the average householder. Over 80 short tithits on solar energy, passive cooling home design and of course energy savings in appliances. The section for housing development is a must for real estate developers. Solar lawn mowers and solar handbags are mentioned as part of the homeowners possible purchases. Can be read like a magazine. Scan it read a few short sections here and there and get back to the rest later. This a great set of FAQs on solar and energy savings for householders.

The simple Sabbat is a compilation of simple and very eclectic Sabbat rituals, recipes, crafting ideas and factoids that anyone can use to celebrate the eight Pagan holidays. These are rituals and ideas that any family can use yearly and are a great way to connect the seasons in nature and the turning of the Wheel. This book can be a great teaching tool for parents to use to help teach their children these special days.

Competitive gaming and eSports among youths became a major theme these days. For an e-Athlete, having the best strategy or belonging to a team with the best skills are sometimes not enough for success. Real life tournaments are tougher than we can imagine. The Invisible Game covers the necessary mental development of eSport players. The book helps to prepare the players' minds for the challenges, both on the map and in real life.

Nowadays we overestimate the power of our thoughts, and we forget the potential of our inner wisdom. This book guides you with honest life experiences of an eSport team manager on a journey to find the mental balance for peak performance.

Change the Workgame

Research shows that diverse workgroups are more productive, creative and innovative than homogeneous groups. In a global marketplace, and with the rapidly changing racial makeup of America, having a high function, diverse workforce is imperative for your organization's success. Change the WorkGame has been designed to show you how establish a diverse workforce throughout all strata of your organization and how to sustain your progress. As a human resources executive, diversity and inclusion consultant, and a member of historically marginalized communities, I have experienced wildly unsuccessful diversity and inclusion strategies; and advised, coached, and led wildly successful diversity and inclusion initiatives. Business leaders and department heads have used the steps outlined in this how-to guide to successfully recruit and retain diverse talent. Chris, a small business owner, says, "the diversity recruitment steps listed in the book, matched with real life scenarios really helps bring to life not only how to go about recruiting and retaining a diverse workforce, but why it is important." I promise that if you follow the 7 steps outlined in Change the WorkGame, you will increase the diversity of your workforce within 6 months following the activation of the last step and you will increase employee satisfaction by enhancing your managers and the inclusivity of your workplace. Don't wait to activate your diversity initiative. Don't wait to make your workforce stronger, nimbler, more creative, and more dynamic. Don't wait to establish an inclusive work environment where everyone feels respected, appreciated and heard. Be the person to take the lead towards Change. If not you, then who!? The workforce diversity and inclusion strategies and scenarios you are about to read have been proven to create positive and long lasting results for leaders. These strategies will help ALL employees inside your organization, but will specifically help you recruit and retain underrepresented employees. Each chapter will give you new insights towards enhancing your workforce and your workplace. Let me show you how to be the Change for your company.

"The Ultimate guide to unarmed self defense covers a comprehensive combination of techniques, training methods, and strategies designed to provide practitioners with highly efficient and effective self defense skills. in addition to physical techniques, non-physical awareness and prevention are also covered in great detail. The progression of techniques and training methods are presented as they would be taught in private lessons, and hundreds of easy to follow photos with directional arows and ghost imaging make learning easier than ever" -- page [4] of cover.

What makes a game show host great? Being a game show host isn't all fun and games. It takes skill, talent, and an inherent ability to put complete strangers at ease during what may be the most exciting moment of their lives. As a corporate entertainer and voiceover artist for over 30 years, Martello has served as the announcer for some of the biggest names in the business. Here's Your Host! takes an in-depth look into the dying art of television hosting and reveals for the first time, the tricks of the trade. Featuring interviews with ten vastly talented television personalities, Andy compares and contrasts the hosting styles of well-known game show greats. From Joey Fatone to Jerry Springer, Marc Summers to Mark Walberg, and George Gray to the great Todd Newton, Martello explores the science behind game show magic and offers insights into what has kept these extraordinary talents on your television screens for decades. "You're the only person who knows the differences we all bring, which I find fascinating!" -Bob Goen

Householders Guide to Cool Solar Houses

The Best Place for Garbage is the best place to learn about composting with earthworms. Worms can easily turn your organic waste into very valuable fertilizer that you can use to make anything green grow better and stronger. Use it in your garden, on your lawn, on your houseplants, even to make the green in your wallet grow faster by selling worm compost. Whether you are new to this wonderful process or you want to expand your expertise, this comprehensive tutorial has it all. Everything is covered: from indoor and outdoor worm homes, how to feed your worms, what to feed your worms, how to harvest the castings and, most importantly, both how and why to use them. What sets this book apart is not the telling of what to do (though that part is pretty darn good!), but you will also learn why you are doing what you are doing. This makes it easy for you to figure out things on your own once you get going. There are great trouble-shooting tips and tricks to make sure you never fall victim to a smelly worm bin or worse: dead worms. There are actually many myths surrounding what worms can and cannot eat and where and how they can or cannot live. Find out the real truth in The Best Place for Garbage as you learn how these myths came to be and why they really are just urban legends (Yes, worms can eat meat. And citrus. And bananas. No, you do not need to drill holes in your bin. Really!) Told with a very heavy dose of humor and an even bigger helping of common sense, this book is perfect for anyone who gardens, anyone who recycles, anyone who eats. It is currently estimated that over a third of all waste is made up of organic matter that can be recycled. Recycling plastics and such is awesome, but in this case, you can personally make a difference and get something valuable in return. Try that with a water bottle. Also includes a bonus section of ideas for school and college level science projects.

trailerable sailboat is the ideal way to explore the country ? wherever there is water. To make the most of this exciting lifestyle, owners of trailerable sailboats need three things ? an understanding of the boat and how to use it; knowledge about the tow vehicle and trailer used to transport the boat; and a spirited sense of adventure to live the dream. #13;#13; This book will help you get started. #13;#13; #13;

Yes, you can beat the market — by a wide margin. The proof is in these five investing strategies that have already produced multi-million fortunes for real life investors who have used them. You won't hear about these strategies from Wall Street because these methods put money in your pocket, not theirs. As the old saying goes, " Wall Street needs dummies so it can make monies. " Simply knowing these strategies elevates you out of the unsuspecting crowd that Wall Street feeds on. If you're an active thinking investor — the kind who prefers real-world truths over " too good to be true " financial fantasies, then this book is for you because it's the first to compile these five proven super investing strategies in one place. Super investing strategies like... Benjamin Graham's little-known " OTHER " investing method. You won't find this in his classic works Security Analysis or The Intelligent Investor because he discovered it AFTER writing those books. Graham concluded that the method shared in this book BEAT everything he did before. PLUS, he said individual investors don't need Wall Street to implement it and get rich. The Interest Rate Market Climate Model that continually beats the market all the way BACK TO 1929! No simple timing model works longer, and you can easily duplicate it using FREE information on the internet. The Ultimate Momentum Method returning 20% per year that gets you into -- and keeps you in -- the SAFEST assets MOVING THE MOST right now. Hand your money over to one of the investment managers using this relative strength investing technique to buy and sell WORLDWIDE asset opportunities, and then forget about it. The Monthly Income Solution using options that beats dividend checks hands down, and which every stock investor desiring an extra 10-15% per year must know about in this age of zero interest rates. If you want your stocks to "work for you" generating income, you must learn this technique. The Modified Method for Seasonal Timing that puts most Wall Street fund managers to shame. It absolutely blows " Sell in May and go away " out of the water, too. It's simple. It's easy. And it BEATS THE MARKET with far less risk. This book gives you the history, the analysis, and the exact rules to follow if you want to use each of these five Super Investing strategies that humiliate passive buy and hold strategies with their returns. Plus, you get a bonus method on crisis investing during various End Games scenarios telling you exacting what to do during a sovereign debt default, bond bust, currency collapse, banking crisis, period of political unrest and upheaval, and even during deflations or hyperinflations and the destruction of fiat currencies. Most investment books never tell you how to protect your wealth during these extreme situations, but during your lifetime you are sure to live through one or more of these situations. Forget "Buy and Hold" for the next few decades if you want to protect and grow your wealth through investing. These five Super Investing techniques are the basis of the poor man's way to retire wealthy without a lot of complicated work. and they protect your wealth through all sorts of difficult economic environments. These are the historically proven ways to beat Wall Street's buy and hold performance as well as the returns of most mutual funds. Using these proven investing systems over enough time, you can see an hyper-compounding in the growth of your wealth to help achieve the goal of retiring without financial concerns. Here are the exact investing methods regular people can use to grow a "Legacy IRA" and accumulate enough funds to produce generational wealth that can be passed onto the next generation in your family or used to do great good deeds in the world.

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

The Doomsday Clock gauges the threat of nuclear war. Currently, the clock is set at six minutes before midnight. What happens after the hands reach midnight? Survivalist Leeland Dawcett finds out when he and his family are plunged into the nightmare of their country returned to a third-world state. No phones. No computers. No television. At first, Leeland thinks basic survival is the answer. Until he crosses the path of the wrong guy... Someone who wants to do more than just survive...

Making your sales and marketing more effective and more impactful is the focus of Killer Marketing Strategies by Katryna Johnson, J.D. Starting with an understanding of what it takes to actually make a profit, the book teaches the reader about powerful headlines and persuasive copywriting. The book explores the world of online marketing and social media. But online is only one channel for effective marketing. The smart marketer in today's environment uses some tried and true marketing methods like press releases, newsletters, value bundling, and more. Killer Marketing Strategies will help you take your marketing to the next level.

You're about to discover a proven strategy for how to have success on Tinder. Millions of people have joined the dating app bandwagon but have not been able to find any success. Most people realize how much of a problem their dating life has become, but are unable to change their situation, simply because they've had the wrong mindset for so long. The truth is, if you are suffering from a lack of dating success and haven't been able to overcome it, it's because you are lacking an effective strategy and understanding of how to set the odds in your favor. This book goes into the facts about online dating and dating apps, how to use Tinder effectively, the challenges you will face, and the pros and cons of using this revolutionary app in your daily life. We will also go over the mindset that you should proceed with and a step-by-step strategy that will help you meet people you actually WANT to meet!

The gladiator alternate fighter class is a robust expansion upon the gladiator archetype in standard fantasy and designed for the Pathfinder Roleplaying Game. Television series such as Spartacus(TM) have vividly inspired us and we are pleased to present 'The Ultimate Gladiator.' Total Party Kill Games' Ultimate Gladiator is an excellent adaptation, blending the exceptional Pathfinder system to a fantastic concept. We've utilized the "Talented" class framework to create a gladiator that is incredibly flexible and has the abilities to back up the strength of the concept. Our gladiator is not only a killer in the arena, but a viable character when allowed to adventure, providing valuable inspiration to his allies as he performs his feats of bravado and dash. While powerful, the gladiator is mostly limited in scope to melee combat and not well armored, preferring light armor and great mobility over heavier armors. This grants him great reflexes and their incessant combat practice allows them to take wounds that would cripple a normal hero and still keep on fighting. Within are multitudes of talents, feats, combat styles, traits, and even archetypes. Play the role of an insightful Andabata (Blind Helm Fighter), a ferocious Bestiarus (Beast Master), an acrobatic Blade Dancer, the charismatic Champion, the reviled Criminal, the massive Gigante (Giant), the alluring Gladiatrix, the unstoppable Immortal, the unflinching Ironbound, the wealthy Noble Gladiator, the deadly ranged Sagittarius, the rage-filled Barbaric Slave gladiator, and the fearsome Venator (Beast Slayer). Use 'The Ultimate Gladiator' to bring an exciting new warrior class into your Pathfinder games. Build a gladiator campaign around the multitudes of different gladiators you can build with this sourcebook. Or play a free gladiator that inspires his adventuring allies with his panache and bravado in your existing campaign. You will be entertained...
