

Diary Of A Madman And Other Stories Lu Xun

The Diary of a Madman is a short story by Guy de Maupassant. Henri Rene Albert Guy de Maupassant (5 August 1850 - 6 July 1893) was a popular 19th-century French writer, considered one of the fathers of the modern short story and one of the form's finest exponents. A protege of Flaubert, Maupassant's stories are characterized by their economy of style and efficient, effortless denouements. Many of the stories are set during the Franco-Prussian War of the 1870s and several describe the futility of war and the innocent civilians who, caught in the conflict, emerge changed. He authored some 300 short stories, six novels, three travel books, and one volume of verse. His first published story "Boule de Suif" ("Ball of Fat," 1880) is often considered his masterpiece. He delighted in clever plotting, and served as a model for Somerset Maugham and O. Henry in this respect. His stories about expensive jewellery ("The Necklace," "La parure") are imitated with a twist by Maugham ("Mr Know-All," "A String of Beads") and Henry James ("Paste"). Taking his cue from Balzac, Maupassant wrote comfortably in both the high-Realist and fantastic modes: stories and novels such as "L'Heritage" and Bel-Ami aim to recreate Third Republic France in a realistic way, whereas many of the short stories (notably "Le Horla" and "Qui sait?") describe apparently supernatural phenomena. The supernatural in Maupassant, however, is often implicitly a symptom of the protagonists' troubled minds: Maupassant was fascinated by the burgeoning discipline of psychiatry, and attended the public lectures of Jean-Martin Charcot between 1885 and 1886. This interest is reflected in his fiction. Maupassant is notable as the subject of one of Leo Tolstoy's essays on art: The Works of Guy de Maupassant. Friedrich Nietzsche's autobiography mentions him in the following text: "I cannot at all conceive in which century of history one could haul together such inquisitive and at the same time delicate psychologists as one can in contemporary Paris: I can name as a sample - for their number is by no means small ... or to pick out one of the stronger race, a genuine Latin to whom I am particularly attached, Guy de Maupassant."

A bizarre mix of broad comedy, fantasy, and social commentary, the title story offers an unforgettable depiction of a lunatic civil servant. Includes "Nevski Prospect" and "The Portrait."

The story Im about to tell is the truth as best as I can tell. The names and places have been change to protect the innocent and national security. Lets call me David Robinson and I was born November 1, 1952, in Mecklenburg County, Virginia. My parents were named Clarence and Mattie Robinson. My mother had a seventh grade education and my father had a sixth grade education. My parents expected all of us, my two sisters and me to do and go further in acquiring an education and do better in life than they did. I attended the last of the old Field Schools that was disbanded in 1963. In 1967, I was among the first to attend all integrated schools in Mecklenburg County. I grew up in the south on the taitend of jim crow era. In 1970, like blacks in the south did, I went north, because there were nothing for blacks. I went to Newark, New Jersey where I got a job working at the hospital. Every two weeks, when I get paid I faithfully sent money home to my mother to help out. I met a young Woman, with whom I thought I had feelings for. It didnt work out. Vietnam War was going on and my draft number was fast coming up.

WARNING: EXTREME GRAPHIC VIOLENCE AND SEXUAL CONTENT. "Dear Diary, Today I slit the throat of a man named Carl Bishop..." What do you do when you can't stop yourself from killing those who you believe are the scum of society? When the inside information you're receiving about your targets is coming from a mysterious source seemingly inside of law enforcement? But more importantly, how do you know if you've gone insane? **DIARY OF A MADMAN** is a suspense-filled, splatterpunk symphony of hardcore violence and sex wrapped in a tight-as-nails noir narrative about loss of self. Told in a casual first person style, **DIARY OF A MADMAN** details one man's fixation with infamous serial killers such as John Wayne Gacy, Harv "The Hammer" Carignan, The Genessee River Killer and Andrew Cunanan and his obsession with catching the serial murderer known as the "Interstate Slasher." During the day, he hides behind his bland persona as a salesman but outside of the office politics he is very serious about his "hobby." However, as he kills more victims his world begins to unravel around him and what he finds on his murder and sex-fueled journey will shock you right to the very last page. **PRAISE FOR DIARY OF A MADMAN** Undoubtedly Delicious - A Window Into the Darkness. The author/narrator truly captures the deviancy of a serial killer's mind, heart and soul. The author paints an authentic profile of a killer. It appears the author has done a commendable job on his research. As a professor of child psychology, with a strong interest in violent behavior disorders, I enjoyed peering inside the mind (while fictional) of a serial killer. Thank you, Mark. -JamesPh.D....His precise knowledge of human physiology lends an almost Tom-Clancy-like second-by-second suspense to the actual description of this murderous efficiency, which is very very chilling (Nemcoff must have some medical training... this book was an unexpected guilty pleasure, and I found myself checking my earbuds to make sure no one was overhearing his wickedly delusional narrative. -stay_a_btc I have to say the first chapter threw me for a loop. The detail of the murders and the language were a bit unsettling. After the second chapter... I have become addicted to the book. The description, from the point of view of a killer, is definitely colorful, insightful and entertaining. I would recommend this to anyone who enjoys a beautifully written thriller. -BOLESE WOW! Diary of a Madman, The Government Inspector, & Selected Stories

The book centers on the life of Poprishchin, a low-ranking civil servant and titular counsellor who yearns to be noticed by a beautiful woman, the daughter of a senior official, with whom he has fallen in love. His diary records his gradual slide into insanity. As his madness deepens, he begins to suspect two dogs of having a love affair and believes he has discovered letters sent between them. Finally, he begins to believe himself to be the heir to the throne of Spain. When he is hauled off and maltreated in the asylum, the madman believes he is taking part in a strange coronation to the Spanish throne. Only in his madness does the lowly anti-hero attain greatness.

The story centers on Akseity Ivanovich Poprishchin, a low-ranking civil servant (titular counsellor), constantly belittled and criticized for underachieving. He yearns to be noticed by a beautiful woman, Sophie, the daughter of his boss, with whom he has fallen in love. As he said in his first sight of her, just after being a beast of a civil servant himself, "A footman opened the carriage door and out she fluttered, just like a little bird." Nothing comes of this love he feels for her; Sophie is effectively unaware of him. Illuminates the Russian writer's thoughts on madness, bureaucracy, and illusion in these five tales, including "The Nose," "The Carriage," "The Overcoat," and "Taras Bulba."

It is not necessary to say much about this tailor, but, as it is the custom to have the character of each personage in a novel clearly defined, there is no help for it, so here is Petrovitch the tailor. At first he was called only Grigoriy, and was some gentleman's serf; he commenced calling himself Petrovitch from the time when he received his free papers, and further began to drink heavily on all holidays, at first on the great ones, and then on all church festivities without discrimination, wherever a cross stood in the calendar.

This edition of Lu Xun's Chinese classic A Madman's Diary features both English and Chinese side by side for easy reference and bilingual support. The Lu Xun Bilingual Study Series includes a study guide and additional materials for each book in the series. Published in 1918 by Lu Xun, one of the greatest writers in 20th-century Chinese literature. This short story is one of the most and most influential modern works written in vernacular Chinese and would become a cornerstone of the New Culture Movement. It is the first story in Call to Arms, a collection of short stories by Lu Xun. The story was often referred to as "China's first modern short story". The diary form was inspired by Nikolai Gogol's short story "Diary of a Madman, " as was the idea of the madman who sees reality more clearly than those around him. The "madman" sees "cannibalism" both in his family and the village around him, and he then finds cannibalism in the Confucian classics which had long been credited with a humanistic concern for the mutual obligations of society, and thus for the superiority of Confucian civilization. The story was read as an ironic attack on traditional Chinese culture and a call for a New Culture. The English translation is provided courtesy of the Marxists Internet Archive.

Madmen and Other Survivors: Reading Lu Xun's Fiction puts the short stories written by this outstanding Chinese writer between 1918 and 1926 into a broad context of Modernism. The fiction of Lu Xun (1881-1936) deals with the China moving beyond the 1911 Revolution. He asks about the possibilities of survival, and what that means, even considering the possibility that madness might be a strategy by which coronation to the Spanish throne. Only in his madness does the lowly anti-hero attain greatness. Reading Lu Xun's Fiction

Guy de Maupassant: The Diary of a Madman

As part of ClassicReader.com, Stephane Theroux presents the full text of the short story entitled "The Diary of a Madman." French author Guy de Maupassant (1850-1893) wrote the story. Maupassant was part of the naturalistic school and is considered one of the great French short story writers.

Author, dramatist and satirist, Nikolay Gogol (1809-1852) deeply influenced later Russian literature with his powerful depictions of a society dominated by petty beaurocracy and base corruption. This volume includes both his most admired short fiction and his most famous drama. A biting and frequently hilarious political satire, The Government Inspector has been popular since its first performance and was regarded by Nabokov as the greatest Russian play every written. The stories gathered here, meanwhile, range from comic to tragic and describe the isolated lives of low-ranking clerks, lunatics and swindlers. They include Diary of a Madman, an amusing but disturbing exploration of insanity; Nevsky Prospect, a depiction of an artist besotted with a prostitute; and The Overcoat, a moving consideration of poverty that powerfully influenced Dostoevsky and later Russian literature.

Prabhakaran weaves the nitty-gritty of everyday, small-town lives into his stories - all set in northern Kerala - that are steeped in folklore, nature, factional politics, and the intricacies of human relationships.Brilliantly translated by Jayasree Kalathil, Diary of a Malayali Madman marks the very first time this major Indian writer's work is available in English.

Illuminates the Russian writer's thoughts on madness, bureaucracy, and illusion.

As a novel-writer and a dramatist, Gogol appears to me to deserve a minute study, and if the knowledge of Russian were more widely spread, he could not fail to obtain in Europe a reputation equal to that of the best English humorists. A delicate and close observer, quick to detect the absurd, bold in exposing, but inclined to push his fun too far, Gogol is in the first place a very lively satirist. He is merciless towards fools and rascals, but he has only one weapon at his disposalIrony. This is a weapon which is too severe to use against the merely absurd, and on the other hand it is not sharp enough for the punishment of crime; and it is against crime that Gogol too often uses it. His comic vein is always too near the farcical, and his mirth is hardly contagious. If sometimes he makes his reader laugh, he still leaves in his mind a feeling of bitterness and indignation; his satires do not avenge society, they only make it angry. As a painter of manners, Gogol excels in familiar scenes. He is akin to Teniers and Callot. We feel as though we had seen and lived with his characters, for he shows us their eccentricities, their nervous habits, their slightest gestures. One lipsp, another mispronounces his words, and a third hisses because he has lost a front tooth. Unfortunately Gogol is so absorbed in this minute study of details that he too often forgets to subordinate them to the main action of the story. To tell the truth, there is no ordered plan in his works, anda strange trait in an author who sets up as a realisthe takes no care to preserve an atmosphere of probability. His most carefully painted scenes are clumsily connectedthey begin and end abruptly; often the author's great carelessness in construction destroys, as though wantonly, the illusion produced by the truth of his descriptions and the naturalness of his conversations.
