GENRE: Children's Adventure (An Unofficial Minecraft Diary Book for Kids Ages 9 - 12 (Preteen) Boris is back with a new adventure with Steve. Book 4: Night Monsters After six long months, the wolf Boris is back with his new diary. He went on a journey with his wife Susi, his cubs Tasha and Lobo, and his friends Elly and Oopa. The human Steve is his owner, and together, they saved four villages from countless Zombie attacks who were controlled by the Zombie Leader. The group rescued the Leader from the Zombies and defeated the Ender

Dragon, weakening the Zombie Hordes and putting an end to their attacks. When everything was peaceful again, new events startled the inhabitants of this peaceful world. New hordes of night monsters have been acting weird - walking in lines, spawning in great numbers, and obeying an invisible master. At one point, some of the villages are attacked by the monsters, which should not happen since only Zombies naturally attack villagers. Unaware of what or who could be behind this, Steve, his wolves and the village leaders Hori, his brother Kozu, Kami, Boko and Sole want to find out what is going on. Everyone is afraid to deal with hordes once again, but this time it won't be as simple as before. Book 5: Back to the End Boris and his pack of wolves live a great adventure with their owner Steve. Last month, the group is confronted with a new menace - hordes of various monsters who are attacking the villages. Steve has a new plan, along with the village leaders; they decide to go back to The End, where the Ender Egg resides. The leaders are afraid the Egg might have something to do with the recent events, and therefore, they ask Steve to check it out. After going to The End, Steve is surprised to see the Egg is no longer there. The group now has another quest: they need to discover what happened to the egg, and if it actually has any form of connection with the hordes. Now, Steve and his pack of wolves are going after the person or entity who stole the Ender Egg, as they try to protect the villages from the incoming attacks. Where is the Ender Egg? Who is controlling the hordes? And why are they attacking the villages once again? Book 6: An Unknown Enemy In their last adventure, the pack of Wolves and their human owner Steve faced a new enemy who threatened them that the villages would be under attack within a month. This new enemy is the Skeleton Leader - who, just like the previous Zombie Leader, is in charge of the Skeleton Spawners in the world. This Leader told the group they can expect other Monster Leaders to attack them as well: the Creeper Leader, the Spider Leader, and even a brand-new Zombie-Leader. Terrified with this bad news, the village leader Hori works really hard to figure out where the Monster Leaders are hiding. Despite his efforts, he doesn't find any real evidence of where they might be. In the meantime, Steve puts his plan in action: to connect the four villages with a long tunnel, and build a cart system where they can safely travel from one village to the other in case of an imminent attack. As Steve works on his project, the other Village Leaders continue trying to discover more about the Monsters and who could be the creature controlling them. Everyone suspects the Monster Leaders have a Boss, someone who entered The End and stole the Ender's egg. Could that mean that another human like Steve is also living in this world? Can the pack of Wolves and Steve find those powerful monsters and defeat them in time? Author's Note: This short story is for your reading pleasure. The characters in this "Minecraft Adventure Series" such as Steve, Endermen or Herobrine...etc are based on the Minecraft Game coming from Minecraft (r)/TM & (c) 2009-2013 Mojang / Notc
