With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

In this thought-provoking new book, Anthony Smith analyses key debates between historians and social scientists on the role of nations and nationalism in history. In a wide-ranging analysis of the work of historians, sociologists, political scientists and others, he argues that there are three key issues which have shaped debates in this field: first, the nature and origin of nations and nationalism; second, the antiquity or modernity of nations and nationalism; and third, the role of nations and nationalism in historical, and especially recent, social change.

Anthony Smith provides an incisive critique of the debate between modernists, perennialists and primordialists over the origins, development and contemporary significance of nations and nationalism. Drawing on a wide range of examples from antiquity and the medieval epoch, as well as the modern world, he develops a distinctive ethnosymbolic account of nations and nationalism. This important book by one of the world's leading authorities on nationalism and ethnicity will be of particular interest to students and scholars in history, sociology and politics.

The Nightlife of the Blind

Tales of an 8-Bit Kitten: A Call to Arms (Book 2)

There is something special about meeting an old acquaintance by chance. A reunion with someone you were close to a long time ago always seems a bit miraculous. But for the blind especially this is a very unlikely occurrence, as you might as well pass one another by without even knowing it. So in 1984, at the age of sixty-one, Daisy Hayes was quite thrilled to encounter her old classmate Janet, blind like her, in her doctor's waiting room. Then a disturbing fact became clear: Janet did not have such fond memories of our blind sleuth when she was a schoolgirl. She even asked, "Remember the night Vicky died? I've always wanted to know: did you push her down the stairs?" Suddenly Daisy found herself accused of murder; she was appalled, and asked herself, "Do all my old schoolmates think I pushed Vicky? How can I prove my innocence forty years after the facts?" To achieve just that, she was forced to go rooting in a distant past, with shocking results. "Two of Nick Aaron's most intriguing creations come together in a most intricate plot: the 'Anne Sullivan', Daisy's old school, and her son Jonathan, a.k.a. Johnny-John, who puts the words 'problem-child' to shame. Enjoy!" - The Weekly Banner This 60k novel is a stand-alone Blind Sleuth Mystery: I D for Daisy II Daisy and Bernard III Honeymoon in Rio IV First Spring in Paris V The Nightlife of the Blind The Blind Sleuth Mysteries Daisy Hayes was born in London in 1922. Her father was a bank manager, hoping for a son, but he had to settle for a blind daughter. Now what do you do when your child is blind since birth and you have the means to do all that is necessary to help her? You hire a private tutor to stimulate her verbal development in the first years of her life, because you realize how vital language will become for her. Then you send her to an exclusive school where everything is done to develop the minds and resourcefulness of blind girls. There they teach them all these fancy techniques of spatial orientation and mind mapping. And before you know it, your darling daughter has developed an exceptional intellect that just seems to draw murder mysteries like a magnet... The Blind Sleuth Mysteries form a portrait of the twentieth century as witnessed by this remarkable blind woman. In volume one Daisy takes us along with her through World War II. The second book brings us to 1989, the year the Berlin wall came down. At the same time these novels form the life story of Daisy Hayes. "First Spring in Paris" and "Honeymoon in Rio", for instance, take place in 1946 and 1952, and connect nicely to "D for Daisy", that ends in 1950. "The Nightlife of the Blind", on the other hand, takes place in 1984, five years before "Daisy and Bernard".

A tour-de-force by rising indy comics star Gene Yang, American Born Chinese tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits.
