A field of corpses, laid out in a macabre display...A serial killer who confounds even the most seasoned profilers...A doctor whose life has been shattered by crime—plunged into the heart of a shocking investigation... In this masterful new novel by Simon Beckett, #1 internationally bestselling author of *Written in Bone* and *The Chemistry of Death*, forensic anthropologist David Hunter is thrust into his first murder investigation on U.S. soil—and his most devastating case yet. In the heat of a Tennessee summer, Dr. Hunter has come to Knoxville's legendary "Body Farm"—the infamous field laboratory where law enforcement personnel study real corpses—to escape London and the violence that nearly destroyed his life. He's also here to find out if he's still up to the job of sorting through death in all its strange and terrible forms... Hunter will soon find his answer when he's called to a crime scene in a remote Smoky Mountain cabin—a scene as grisly as it is bizarre. The body is taped to a table. Everything about the crime scene—the wounds, the decomposition, the microscopic evidence—quickly short-circuits the tools and methods of forensic experts. Within days, Hunter knows he's dealing with a serial killer, someone intimately familiar with the intricacies of forensics. All around him, egos and hierarchies clash—from the boasts of a renowned criminal profiler to the dogged work of a young female investigator—but fate keeps pushing Hunter further into the heart of the manhunt. And the killer keeps coming up with surprises: booby-trapping corpses, faking times of death, swapping bodies—finally turning his sights on after Hunter himself... An electrifying race against time, a fascinating journey into the world of forensic science, and a terrifying portrait of a killer in love with death itself, *Whispers of the Dead* is a thriller of the highest order.

A terrified plane passenger is given an impossible choice: persuade the pilot to crash the plane, killing everybody on board, or your daughter dies, in the twisted new thriller from international bestseller Sebastian Fitzek.

"With evocative language, a shifting timeline and more than one unreliable narrator, Suma subtly explores the balance of power between the talented and the mediocre, the rich and the poor, the brave and the cowardly . . . To reveal more would be to uncover the bloody heart that beats beneath the floorboards of this urban-legend-tinged tale." —The New York Times *The Walls Around Us* is a ghostly story of suspense told in two voices--one still living and one dead. On the outside, there's Violet, an eighteen-year-old ballerina days away from the life of her dreams when something threatens to expose the shocking truth of her achievement. On the inside, within the walls of a girls' juvenile detention center, there's Amber, locked up for so long she can't imagine freedom. Tying these two worlds together is Orianna, who holds the key to unlocking all the girls' darkest mysteries: What really happened on the night Orianna stepped between Violet and her tormentors? What really happened on two strange nights at Aurora Hills? Will Amber and Violet and Orianna ever get the justice they deserve--in this life or in another one? PRAISE FOR THE WALLS AROUND US: "A gorgeously written, spellbinding ghost story." —Chicago Tribune "Unputdownable . . . the well-paced plot reveals guilt, innocence, and dark truths that will not stay hidden." —The Boston Globe "Suma excels in creating surreal, unsettling stories with vivid language, and this psychological thriller is no exception. Along the way, Suma also makes a powerful statement about the ease with which guilt can be assumed and innocence awarded, not only in the criminal justice system, but in our hearts--in the stories we tell ourselves. A fabulous, frightening read." —Booklist, starred review "The wholly realistic view of adolescents meeting the criminal justice system is touched at first with the slimmest twist of an otherworldly creepiness, escalating finally to the truly hair-raising and macabre. Eerie, painful and beautifully spine-chilling." —Kirkus Reviews, starred review "This haunting and evocative tale of magical realism immerses readers in two settings that seem worlds apart . . . Suma's unflinchingly honest depiction of the potentially destructive force of female friendship and skillful blending of gritty realism with supernatural elements is reminiscent of Laurie Halse Anderson's *Wintergirls*, and the eerie mood she evokes is unnervingly potent." —School Library Journal, starred review "In lyrical, authoritative prose, Suma weaves the disparate lives of [the] three girls into a single, spellbinding narrative that explores guilt, privilege, and complicity with fearless acuity. . . The twisting, ghostly tale of Ori's life, death, and redemption is unsettling and entirely engrossing." —The Horn Book Magazine, starred review "Gratifyingly disturbing . . . Suma craftily sets the two stories against one another, moving between Violet's fiercely grounded account and Amber's hauntingly destabilized one, enticing readers to figure out how the pieces go together." —Bulletin for the Center for Children's Books, starred review "Powerful . . . The compelling narrative, written in scintillating prose and featuring incredibly real characters, brings the two stories together in an explosive finale with a supernatural twist that results in a satisfying resolution." —VOYA, starred review "Gripping . . . Just try to put this down." —Shelf Awareness for Readers, starred review "A suspenseful tour de force, a ghost story of the best sort, the kind that creeps into your soul and haunts you." —Libba Bray, author of *The Diviners* and *A Great and Terrible Beauty* "Fearlessly imagined and deliciously sinister, *The Walls Around Us* is hypnotic, luring the reader deeper and deeper into its original, shocking narrative." —Michelle Hodkin, author of the *Mara Dyer* Trilogy

“Written in luscious and deliciously creepy prose not easy to forget . . . This is a story about guilt and innocence, about secrets and how deep we let people into those places within us, and it’s a story about how the past can define our present, even if we try desperately to keep that past under wraps. Put it on your radars now; this is an outstanding literary young adult novel more than worth the wait.” —Book Riot #1 Spring 2015 Kids’ Indie Next List Pick A Junior Library Guild Selection

#1 NATIONAL BESTSELLER * NEW YORK TIMES BESTSELLER “T. J. Newman has written the perfect thriller! A must-read.” —Gillian Flynn “Stunning and relentless. This is Jaws at 35,000 feet.” —Don Winslow “Falling is the best kind of thriller...Nonstop, totally authentic suspense.” —James Patterson “Amazing...Intense suspense, shocks, and scares...Chilling.” —Lee Child You just boarded a flight to New York. Heading a task force that is investigating a series of police officer murders, agent Dominick Falconetti pursues leads related to a missing gang member with drug connections.

Every year, on average 23 people disappear without a trace from cruise ships, presumed suicides or tragic accidents. No one has ever come back. Until now. Five years ago police psychologist Martin

Schwartz lost his wife and son. They were holidaying on a cruise ship when they simply vanished. A lacklustre investigation was unable to shed any light on what happened – murder-suicide was the coroner's verdict. It is a verdict that has haunted Martin ever since, blighting his life. But now he has been contacted by an elderly woman, a writer, who claims to have information regarding their fate and wants him to come on board the Sultan of the Seas immediately. She explains that his wife and son are not the only mother-and-child pair to have disappeared. Only a few months ago another mother and daughter also vanished. It appears there may be a serial killer on board. But when the missing daughter reappears – carrying Martin's son's beloved teddy bear – it becomes apparent that the truth could be much, much worse...

An unpleasant spinster meets her end on the stairs of the Belsize Park Tube station. All of the residents of the Frampton Private Hotel in Hampstead knew that Euphemia Pongleton was in the habit of walking one stop closer to the center of London to save a penny's fare on the Underground. But they hardly expected to hear that she was found on the stairs at Belsize Park, strangled to death with her terrier's leash on her way to a dental appointment. Her death sends shock waves through the boardinghouse. Betty Watson and Cissie Fain are all agog. Mrs. Daymer regards the murder as fodder for her latest psychological thriller. The landlady, Mrs. Bliss, frets about how she'll get dinner done with the maid, Nellie, crying her eyes out because the police have detained her boyfriend, Bob Thurlow. Gerry Plasher is in a tizzy because the question of whether his fiancée, Beryl Sanders, will or won't inherit her aunt's fortune depends on what vindictive Euphemia wrote in the latest version of her will. Meanwhile, Basil Pongleton, the other claimant to the family fortune, tells the police a cock and bull story about traveling to Hampstead from his own boardinghouse in Tavistock Square when he was actually in Belsize Park at the time of his aunt's death. He's so rattled by his own blunder that he seeks advice from Joseph Slocum, another Frampton tenant whom young Basil regards as a man of the world. All the while, Mr. Blend sits at his table in the living room, cutting his newspaper placidly into strips. How this band of halfwits will solve a murder will surprise, and perhaps amuse, readers of this Golden Age classic.

A grad student and his ex-girlfriend team up to solve a murder in this psychological thriller from the New York Times – bestselling author of Just Cause. Timothy “Moth” Warner, a Miami PhD student, wakes up on his ninety-ninth day of sobriety with an intense craving for alcohol. He asks his uncle Ed, a former alcoholic and now successful psychiatrist, to meet him at an AA meeting later that day. But when Ed doesn't show up, Moth bikes to his office only to find his uncle lying in a pool of blood. The police pronounce the death a suicide, but Moth can't believe it. Devastated and confused, he calls on the only person he thinks he can trust: Andrea Martine, an ex-girlfriend he has not spoken to in years. Each battling their inner demons, Moth and Andy travel into dark, unfamiliar territory, intent on uncovering the truth about Ed's death and circling ever closer to a devious mind that will flinch at nothing for revenge. The Killing Tide by Jean-Luc Bannalec is the fifth novel in the internationally bestselling Commissaire Dupin series. Deep sea fishers, dolphin researchers, smugglers, and an island shrouded in myth in the middle of the rough Atlantic ocean: Commissaire Dupin had sworn he would never again investigate on the ocean, but his fifth case takes him offshore, off the west coast of Brittany on a beautifully sunny day in June. He lands on the unique Île de Sein, populated by more rabbits than people, where the hairdresser arrives by boat and which was formerly inhabited by powerful witches and even the devil himself. In front of this impressive backdrop—between the islands of Molène, Ouessant, and the bay of Douarnenez—Dupin and his team follow a puzzling case that pushes them to their very limits.
