Stories that take a new slant on the immigrant experience, from the Booker Prize-winning author of Paddy Clarke Ha Ha Ha Watch for Roddy Doyle's new novel, Smile, coming in October of 2017

Roddy Doyle has earned a devoted following amongst those who appreciate his sly humor, acute ear for dialogue, and deeply human portraits of contemporary Ireland. The Deportees is Doyle's first-ever collection of short stories, and each tale describes the cultural collision-of-ten funny and always poignant-between a native and someone new to the fast-changing country. From a nine-year- old African boy's first day at school to a man who's devised a test for "Irishness"to the return of The Commitments's Jimmy Rabbitte and the debut of his new multicultural band, Doyle offers his signature take on the immigrant experience in a volume reminiscent of his beloved early novels.

"Allen's Keynotes" is one of the most popular and widely read materia medica. The reason for its popularity being its preciseness and comprehensiveness. Keeping in view its usefulness for the students and practitioners of homeopathy.

In 2011, having found success in his real estate business, Aaron felt stagnant and bored in his business and life. Then one night during a month long struggle with a painful sore throat he had an epiphany. He found that by using each painful swallow as a reminder to express gratitude he was able to transcend emotional lethargy into a euphoric state of joy. A shift occurred that night in his mind which infused him with a deep enthusiasm and passion for life. Aaron discovered how to live a truly amazing life regardless of all circumstances and from then on stopped having bad days altogether. Instead, he woke up thrilled to be alive every day. This led him to create the company Truly Amazing Life, Inc. with the purpose of teaching people that This Is A Truly Amazing Life and There Is No Bad Day. Aaron's passion for living gave him the desire to help others learn to live a Truly Amazing Life also, despite any and all circumstances they find themselves in. Then on July 29, 2012, triggered by the stress of his fourth child's birth the day prior, Aaron's body was overtaken and progressively ravaged by the chronic bowel disease Ulcerative Colitis. As he experienced massive amounts of pain and suffering, every belief he had begun teaching was thrown into a furnace to be destroyed or refined. Through months of painful despair and questioning everything, Aaron's beliefs were put through the ultimate test. He lost 50 pounds in 3 months of deterioration and weighed only 128 lbs. at 6'2" tall, barely able to stand, and quickly starving to death. Will Aaron's convictions withstand this ultimate test? Can he truthfully say There Is No Bad Day?

Bestseller? Yes, after reading this text you would have learned how to write a book from scratch and how to become a bestseller author. In this book you will discover: How to write a 100 pages book in 10 hours even if you start from scratch and if you don't have any time. How to choose the right topic according to your passions, your experiences and your results. How to setup the writing process thanks to MindMaps, starting from the summary. The step-by-step plan and the copywriting techniques to write the text in a quick way. Speed writing techniques to create your book even without writing a single word. The Author Giacomo Bruno, born in 1977, electronic engineer, was named "the ebook-father" by the press for bringing ebooks to Italy in 2002, 9 years before Amazon and all the other publishers. He is the author of 27 personal growth bestsellers books and publisher of 600 books about personal and professional development. He is considered the most famous Italian "book influencer" because in a few hours every book he promotes or publishes, becomes Bestseller # 1 on Amazon. He is followed by TV, TG and by the national press. Bruno Editore: www.brunoeditore.it - Blog: www.giacomobruno.it

A driver of great courage, a young man full of life generous: Eugenio Castellotti lived just 26 years and five months - not much more than James Dean - and was a symbol of a love of motor racing, of challenge and risk. A victory of heart over reason was what they called his greatest success, the 1956 Mille Miglia win and it is to the beat of his heart that most of his brief existence is inexorably linked. Alife which, for the first time, has been reconstructed after vast detailed research and is now a new book, published simultaneously by Giorgio Nada Editore in two versions, Italian and English.The author is Cesare De Agosini, one of the best-known motor sport writers, who has also given us the biographies of Tazio Nuvolari, Gilles Villeneuve and Clay Regazzoni, three authentic best sellers. His elegant writing style, rich with poetic inflection, goes well the mere chronological reconstruction of Castellotti's life. He digs deep into the soul of the man, to enable the reader to participate not only in the facts but also the feelings, the passions, the emotions of this young man. This new book is complemented by an extraordinary collection of photographs, brought together by Gianni Cancellieri: beautiful pictures, many of them unpublished, that come from private collections and some of the most prestigious archives in Europe and America.

One of Italy's best-known writers takes a Grand Tour through her cities, history, and literature in search of the true character of this contradictory nation. There is Michelangelo, but also the mafia. Pavarotti, but also Berlusconi. The debonair Milanese, but also the infamous captain of the Costa Concordia cruise ship. This is Italy, admired and reviled, a country that has guarded her secrets and confounded outsiders. Now, when this "Italian paradox" is more evident than ever, cultural authority Corrado Augias poses the puzzling questions: how did it get this way? How can this peninsula be simultaneously the home of geniuses and criminals, the cradle of beauty and the butt of jokes? An instant #1 bestseller in Italy, Augias's latest sets out to rediscover the story-different from the history-of this country. Beginning with how Italy is seen from the outside and from the inside, he weaves a geo-historical narrative, passing through principal cities and rereading the classics and the biographies of the people that have, for better or worse, made Italians who they are. From the gloomy atmosphere of Cagliostro's Palermo to the elegant court of Maria Luigia in Parma, from the ghetto of Venice to the heroic Neapolitan uprising against the Nazis, Augias sheds light on the Italian character, explaining it to outsiders and to Italians themselves. The result is a "novel of a nation," whose protagonists are both the figures we know from history and literature and characters long hidden between the cracks of historical narrative and memory.

Our world is, increasingly, a digital one. Over half of the planet's adult population now spend more of their waking hours 'plugged in' than not, whether to the internet, mobile telephony, or other digital media. To email, text, tweet and blog our way through our careers, relationships and even our family lives is now the status quo. But what effect is this need for constant connection really having? For the first time, Tom Chatfield examines what our wired life is really doing to our minds and our culture - and offers practical advice on how we can hope to prosper in a digital century. One in the new series of books from The School of Life, launched May 2012: How to Stay Sane by Philippa Perry How to Find Fulfilling Work by Roman Krznaric How to Worry Less About Money by John Armstrong How to Change the World by John-Paul Flintoff How to Thrive in the Digital Age by Tom Chatfield How to Think More About Sex by Alain de Botton

Learn to Love Yourself From Stress to Happiness. Many of us know intellectually that we need to be good to ourselves if we want to be happy. But it feels so hard. We are simultaneously the harsh judge and the lost, scared child who wants to stop feeling judged. It becomes a vicious cycle. It only stops when we step outside ourselves and observe how we got ourselves stuck. Only then can we learn to practice gratitude and positive thinking. Joy and Peace. Lori Deschene, creator of TinyBuddha.com and the self-help journals Tiny Buddha's Worry Journal and Tiny Buddha's Gratitude Journal, shares 40 unique perspectives and insights to help you stop judging yourself so harshly. Featuring stories selected from hundreds of TinyBuddha.com contributors, Tiny Buddha's Guide to Loving Yourself provides an honest look at what it means to overcome critical, self-judging thoughts to create a peaceful, empowered life. More than a Self-Help Book. Tiny Buddha's Guide to Loving Yourself is a collection of vulnerable reflections and epiphanies from people who are learning to love themselves, just like you. In this book, you will find: • Four authentic, vulnerable stories in each chapter • Insightful observations about our shared struggles and how to overcome them • Action-oriented suggestions based on the wisdom in the stories Readers of inspirational books and spiritual books like The Book of Joy or other books by Lori Deschene such as Tiny Buddha's Worry Journal or Tiny Buddha's Gratitude Journal will love Tiny Buddha's Guide to Loving Yourself.

Are You Ready to Discover Who You Truly Are? Healthful self-belief is the single greatest determinant of success. But so many of us lack it. In The Secret Formula, Joseph Murphy, author of the groundbreaking classic The Power of Your Subconscious Mind, reveals the hidden key to bolstering your sense of self: realizing the infinite powers of your mind. The simple, persuasive, and epic pieces assembled in this collection provide a spiritual and psychological blueprint—a "secret formula"—to discovering the metaphysical power of your thoughts and your mind’s connection to the highest creative principle of the universe. When you discover this esoteric truth, you will finally know and be able to live out who you really are. This collection, part of a new series called Joseph Murphy’s Golden Lessons, is edited by popular voice of esoteric spirituality Mitch Horowitz. It includes Mitch’s short bio of Murphy and a timeline of the teacher’s life. “Your subconscious is, in large measure, your destiny,” Mitch writes in his introduction. “And your destiny can be shaped.” The methods in The Secret Formulashow you how.

New York Times bestseller "Neal combines spiritual reflection with medical facts to create lessons that are profound and eminently practical. . . an inspiring work any believer can enjoy." --Publishers Weekly In this inspired follow-up to her million-copy bestseller, To Heaven and Back, Dr. Mary Neal shares untold stories about her encounters with Jesus and powerful insights about how the reality of heaven can make each day magnificent. Dr. Mary Neal's unforgettable account of a 1999 kayaking accident that took her life, and what happened next, has riveted more than a million readers. But something happened as she shared her story in the years since. Not only did Neal realize she had more to tell, she discovered she had yet to answer the biggest question of all: How does knowing heaven is real change our lives on Earth? "I have never finished speaking at a venue, including corporate settings, without people wanting to know more," says Dr. Neal. In 7 Lessons From Heaven, Neal takes readers deeper into her experience, which includes encounters with angels, a journey to a "city of light," and what it was like to meet Jesus face-to-face. Even more, Neal shares how she was sent back with the absolute knowledge that the God we hope for--the one who knows us, loves each of us as though we are the only one, and wants us to experience joy in our daily life--is real and present. She offers practical insight and inspiration for how each of us can experience this God every day and begin living without regret, worry, anxiety, or fear.

The '67 Red Sox fulfilled a seemingly Impossible Dream, overcoming 100-to-1 odds by climbing out of ninth place to capture the pennant for the first time in 21 years. Thousands of delirious fans streamed onto the field at Fenway Park mobbing the team, dismantling the scoreboard, climbing the screen behind home plate. It truly was, in the words of Sox radio announcer Ned Martin, "pandemonium on the field." As Peter Gammons once wrote of this great season, "It wasn't always the way it is now, and might never have been but for '67." This book is a tribute to the members of the Impossible Dream team, including biographies of all 39 players that year as well as appreciations of this remarkable

season by an all-star lineup featuring Joe Castiglione, Ken Coleman, Gordon Edes, Peter Gammons, Jim Lonborg, and many more. The book also presents over 300 rare photographs and memorabilia from this special Red Sox season. A project of the Boston chapter of the Society for American Baseball Research, this volume gathers the collective efforts of more than 60 SABR members and friends of the non-profit research society. Imagine. Believe. Achieve. Many self-help books offer a lot of new age platitudes and sappy mantras: Just love yourself. See the glass as half full. Believe it and it will come. Really? That's not how it works, and you know it. A lifetime's worth of struggle is not overturned in a small moment of positive thinking. But if you have the right attitude—attitude and skills—you can and will accomplish anything and everything you want. This book gives you both, attitude and action. By its end you will have all the tools you need to change your life. No hype. No false promises. You will learn to: • Cultivate your passion and embrace your uniqueness to create a purpose-filled life . . . on your own terms. • Transform your suffering into peace, wisdom, and strength. • Work through fear, worry, shame, and negative self-talk to blast through obstacles and create self-confidence, self-esteem, and a healthy self-image. • Take powerful, informed, deliberate actions to make your dreams a reality. Forget surviving: it's your time to thrive. You do have the ability and potential to achieve unlimited health, wealth, and happiness. Getting there won't all be easy—nothing worthwhile ever is—but take this journey and your life will change dramatically. Your possibilities are unlimited, and your life is waiting for you to break free and claim it

In Breaktime, Ditto challenges Morgan to prove that literature is crap and triggers off a chain of events to alter his outlook of life forever. Ditto faces a series of charges from Morgan against literature: that all fiction is Done. Finished. Dead; a sham and a pretence. He undertakes faithfully to record a life in the week of Ditto - with all the chaos of reality thrown in - and his literary creation reveals more about himself than he originally bargained for. In Dance on My Grave, life in his seaside town is uneventful for Hal Robinson, nothing unusual, exciting or odd ever happens to him - until now that is. Until the summer of his 16th birthday when he reaches a crossroads of choices in life. He foolishly takes a friend's boat for a day's sailing, gets into difficulty and is rescued by Barry Gorman. Their ensuing relationship results in a tumultous summer for Hal as he experiences the intense emotions of his first teenage love. A major new movie - 'Summer of 85' - based on Dance on My Grave, by groundbreaking French director Francois Ozon, was released in October 2020 to much acclaim. Psycho-oncology integrates research and clinical wisdom across multiple disciplines -- including oncology, psychiatry, psychology, surgery, radiotherapy and palliative care, among others -- in the service of educating oncologists, physicians, psychiatrists and other mental health care providers, and hospital chaplains about the psychological and psychosocial challenges faced by patients with neoplastic disorders. As cancer treatment has improved, the number of patients deemed "cancer survivors" has grown, along with their more complex, long-term mental health issues. This book assists care providers in meeting the challenge presented by this population. Written by international experts in psycho-oncology, the volume offers a compact overview of the clinical elements in this field, with a primary focus on the biopsychosocial aspects of individuals with cancer as well as their families and important people in their lives. Its "bench-to-bedside" approach ensures that the techniques presented are evidence-based, practical, and effective. The following are among the book's many helpful features: The chapters are designed to stand alone, to be shared or consulted as needed, but they also develop a coherent and sequential discussion about management of the patient with cancer, as well as concerns involving the patient's family. Thus, the book as a whole serves as a comprehensive textbook in the field. The book's structure is based on psychosocial staging, much as the disease itself is staged, and progresses from discovery to initial diagnosis, treatment intervention, remission, and so forth. Each phase has its own challenges -- for patient, family, and care provider -- and supportive strategies are offered. Because identifying those patients in need of support and treatment intervention is critical, the authors provide screening techniques, as well as an entire chapter devoted to quality of life assessment, to help clinicians recognize struggling patients and alleviate their distress. A final chapter addresses developing trends in psycho-oncology and suggests that international standards of care for the cancer patient must include competent and compassionate psychosocial assessment and treatment. Concise and clinically focused, yet addressing the broad issues as well, Psycho-oncology offers cutting-edge information and invaluable assistance to physicians and mental health professionals responsible for managing patients, and the families of patients, with neoplastic disorders.
