Persuasion is a novel written by a famous British writer Jane Austen. It is a story about the life of Anne Elliot, a middle daughter of baronet Sir Walter, a spender and bluffer. Due to these features of his character, he found himself in a difficult financial position. He has to rent a family estate Kellynch Hall in order to pay his debts. Meanwhile, his most smart and considerate daughter Anne goes to Uppercross to look after a sick sister. In the days of her youth she was mutually in love with Frederick Wentworth, but because of a fear of a poor marriage, “reasons of conscience” and on the insistence of a “family friend” Lady Russel Anne stopped her relationship with him. But now after eight years, some incredible coincidence happens. The family that rents Kellynch Hall is related to Frederick Wentworth. Is the old-time love still alive in the hearts of Anne and Frederick?

The basis for HBO’s Patria, named one of the “Best TV Shows of 2020” by The New York Times in the heart of Spain’s Basque Country, two friends, Miren and Bittori, find their worlds upended by violence. When Bittori’s husband runs afoul of the separatist organization ETA, a terrorist group of which Miren’s son, Joxe Mari, is a member, both women must choose between their friendship and their families. Moving back and forth in time and told through the eyes of a rich cast of characters from all walks of life, Fernando Aramburu’s dazzling novel probes the lasting legacy of conflict. A work of nearly unbearable suspense, Homeland is a searing examination of truth, reconciliation, and coming to terms with history.

Set in Lima, the novel tells of a love story whose participants may be the fictional characters of Don Rigoberto. With his usual sly assurance, Vargas Llosa keeps the reader guessing which episodes are real and which issue from the Don’s imagination; the resulting novel, an aggregate of reality and fantasy, is sexy, funny, disquieting, and unfliningly compelling.

Hush, Hush

Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's Frankenstein, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting. Almost three centuries have passed since the oldest manuscript of "The Thousand and One Nights" arrived in Europe. Since then, the "Nights" have occupied the minds of scholars world-wide, in particular the questions of origin, composition, language and literary form. In this book, Mulsin Mahdi, whose critical edition of the text brought so much praise, explores the complex literary history of the "Nights," bringing to fruition the search for the archetype that constituted the core of the surviving editions, and treating the fascinating story of the growth of the collection of stories that we now know as "The Thousand and One Nights."

Sixteen-year-old Maya and seventeen-year-old Lochan tell, in their separate voices, of their confusion and longing as they fall in love with one another after years of functioning as parents to three younger siblings due to their alcoholic mother's neglect. When her father leaves the Church in a crisis of conscience, Margaret Hale is uprooted from her comfortable home in Hampshire to move with her family to the north of England. Initially repulsed by the ugliness of her new surroundings in the industrial town of Milton, Margaret becomes aware of the poverty and suffering of the local mill workers and develops a passionate sense of social justice. This is intensified by her tempestuous relationship with the mill-owner and self-made man, John Thornton, as their fierce opposition over his treatment of his employees masks a deeper attraction. In North and South, Elizabeth Gaskell skillfully fuses individual feeling with social concern, and in Margaret Hale creates one of the most original heroines of Victorian literature.

The romance between Tessa and Harry continues as forces try to tear them apart. By the author of After Ever Happy and After We Fell. Original. WonderKnopf Books for Young Readers

Gerralt is a witcher, a man whose magic powers, enhanced by long training and a mysterious ellixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. He roams the country seeking assignments, but gradually comes to realize he are unremittently vile, vicious grotesques, others are the victims of sin, evil or simple naivety. One reviewer said: ‘This book is a sheer delight. It is beautifully written, full of vitality and endlessly inventive: its format, with half a dozen episodes and intervening rest periods for both the hero and the reader, allows for a huge range of characters, scenarios and action. In the least dogmatic, witty without descending to farce and packed with sword fights without being derivative. The dialogue sparkles; characters morph almost imperceptibly from semi-cliche to completely original: nothing is as it first seems. Sapkowski succeeds in seamlessly welding familiar ideas, unique settings and delicious twists of originality: his Beauty and the Beast; his Snow White seeks vengeance on all and sundry, his elves are embittered and vindictive. It’s easily one of the best things I’ve read in ages.’

It: Chapter Two—now a major motion picture! Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/01.
